MEMBERS, OCONEE COUNTY COUNCIL

District I - VACANT
Mr. Harry R. Hamilton, District III
Mr. Charles R. "Chuck" Timms, District IV
Mr. J. Harold Thomas, District II
Mrs. Ann H. Hughes, District IV

MINUTES, OCONEE COUNTY COUNCIL MEETING

The regular meeting of the Oconee County Council was held Tuesday, April 7, 1998 at 7:00 pm in Council Chambers with all Council Members except Mr. Hamilton present. The County Attorney was also present.

Members of The press notified (by mail):
Journal Tribune, Keowee Courier, Westminster News, Anderson Independent, Greenville News, WGOG Radio, WSNW Radio, WCCP Radio, WPEK Radio, The Times Upstate, Northland Cablevision, WYFF TV, WSPA TV & WLOS TV.

Press

Members of the press present: Dick Mangrum - WGOG Radio, Kim Davis - Greenville News & Brian Fulkerson - Journal Tribune.

The meeting was called to order by Supervisor -Chairman Orr who welcomed the guests and media.

Call to Order

The invocation was given by Mr. Timms.

Invocation

Mrs. Hughes made a motion, seconded by Mr. Thomas, approved 3 - 0 (Mr. Hamilton absent) that the minutes of regular meeting held March 17, 1998 be adopted as printed.

**Minutes
(3/17/98)**

Mr. Thomas made a motion, seconded by Mrs. Hughes, approved 3 - 0 (Mr. Hamilton absent) that the minutes of the special meeting held March 10, 1998 be adopted as printed.

**Minutes
(3/10/98)**

First on the agenda was a public hearing to receive written and/or oral comments regarding Ordinances 98-3 & 98-4, (titled below). There was no one present with either written or oral comments regarding these two ordinances.

Public Hearing

Mr. Thomas made a motion, seconded by Mrs. Hughes, approved 3 - 0 (Mr. Hamilton absent) that Ordinance 98-3, "AN ORDINANCE AUTHORIZING THE EXECUTION AND DELIVERY OF A LEASE AGREEMENT BETWEEN OCONEE COUNTY, SOUTH CAROLINA, AS LESSOR, AND PARKWAY PRODUCTS, INC., AS LESSEE; AND OTHER MATTERS RELATING THERETO INCLUDING, WITHOUT LIMITATION, PAYMENT OF A FEE IN LIEU OF TAXES" be adopted on second reading.

Ord. 98-3

Mr. Thomas made a motion, seconded by Mrs. Hughes, that Ordinance 98-4, "AN ORDINANCE TO DEVELOP A JOINTLY OWNED AND OPERATED INDUSTRIAL/BUSINESS PARK TO BE GEOGRAPHICALLY LOCATED IN OCONEE COUNTY AND ESTABLISHED PURSUANT TO SOUTH CAROLINA CODE OF LAWS OF 1976, 4-1-170, ET SEQUITUR, AS AMENDED: TO PROVIDE FOR A WRITTEN AGREEMENT WITH PICKENS COUNTY PROVIDING FOR THE EXPENSES OF THE PARK, THE PERCENTAGE OF REVENUE APPLICATION AND THE DISTRIBUTION OF FEES IN LIEU OF AD VALOREM TAX TO THE COUNTIES AND RELEVANT TAXING ENTITIES; AND, TO PROVIDE THAT JOBS TAX CREDITS ALLOWED BY LAW BE PROVIDED FOR INDUSTRIES LOCATING IN SAID PARK, AND TO PERMIT A USE FEE IN LIEU OF AD VALOREM TAXATION" be adopted on second reading.

Ord. 98-4

Mr. Thomas made a motion, seconded by Mr. Timms, approved 3 - 0 (Mr. Hamilton absent) that the motion be amended to change the title to: "AN ORDINANCE TO DEVELOP A JOINTLY OWNED AND OPERATED INDUSTRIAL/BUSINESS PARK IN CONJUNCTION WITH PICKENS COUNTY, SUCH INDUSTRIAL/BUSINESS PARK TO BE GEOGRAPHICALLY LOCATED IN OCONEE COUNTY AND ESTABLISHED PURSUANT TO SOUTH CAROLINA CODE OF LAWS OF 1976, 4-1-170, ET SEQUITUR, AS AMENDED; TO PROVIDE FOR WRITTEN AGREEMENT WITH PICKENS COUNTY PROVIDING FOR THE EXPENSES OF THE PARK, THE PERCENTAGE OF REVENUE APPLICATION, AND THE DISTRIBUTION OF FEES IN LIEU OF AD VALOREM TAX TO THE COUNTIES AND RELEVANT TAXING ENTITIES; AND, TO PROVIDE THAT JOBS TAX CREDITS ALLOWED BY LAW BE PROVIDED FOR INDUSTRIES LOCATING IN SAID PARK, AND TO PERMIT A USER FEE IN LIEU OF AD VALOREM TAXATION".

**Amendment
Ord. 98-4**

The motion, as amended, was then adopted 3 - 0 (Mr. Hamilton absent).

Mr. Thomas read Resolution 98-7, "A RESOLUTION HONORING THE MEMBERS OF THE CIVILIAN CONSERVATION CORPS" which was adopted March 17, 1998 into the record.

Res. 98-7

Mr. Tommy Abbott, Chairman, Planning Committee, informed Council that the committee had only held one meeting in which an ordinance regulating adult entertainment clubs in the county had been discussed and would probably have to have two more work sessions before having a recommendation for Council.

**Ord. Reg.
Adult
Clubs**

Mr. Cain, County Attorney, advised Council to wait until the Planning Commission made a recommendation before taking any action.

Upon recommendation of Mr. Jack McLane, ATAX Committee, Mr. Timms made a motion, seconded by Mrs. Hughes, approved 3 - 0 (Mr. Hamilton absent) that an ATAX Grant in the amount of \$3,000 to the Fair Oak Youth Center be adopted.

**ATAX
Grants**

Further, upon recommendation of Mr. McLane, Mr. Thomas made a motion, seconded by Mr. Timms, approved 3 - 0 (Mr. Hamilton absent) that an ATAX Grant in the amount of \$3,050 for the Walhalla Auditorium Restoration Committee be adopted.

Upon request of Mr. Jack Hist, Solid Waste Director, Mr. Timms made a motion, seconded by Mr. Thomas, approved 3 - 0 (Mr. Hamilton absent) that the attached 1999 Solid Waste Reduction Grant Application in the amount of \$2,509 be adopted. Mr. Hirst informed Council these funds would go toward the purchase of a can densifier.

**Solid
Waste
Grant**

Mr. Hirst reminded Council of the increase in landfill rates beginning May 1, 1998.

**Landfill
Rates**

At this time Mr. Thomas presented Resolution 98-7, "A RESOLUTION HONORING THE MEMBERS OF THE CIVILIAN CONSERVATION CORPS" to Mr. Spec Jamison who served in the corps.

Res. 98-7

Upon request of Mr. Marion Lyles, Airport Manager, Mrs. Hughes made a motion, seconded by Mr. Thomas, approved 3 - 0 (Mr. Hamilton absent) that \$900 be taken from contingency and placed in line item 10 007 00110 00710 for overtime for the Aeronautics Department for the remainder of the 1997-98 fiscal year.

**Airport
(Overtime)
(Cont'cy)**

Further, upon request of Mr. Lyles, Mr. Timms made a motion, seconded by Mr. Thomas, approved 3 - 0 (Mr. Hamilton absent) that \$4,800 be taken from contingency and placed in line item 10 009 00150 00025 to obtain the services of a geotechnical laboratory to obtain pavement cores to determine the condition of the airfield pavement. (See attached letter)

**(Airfield)
(Cont'cy)**

Upon request of Mr. Tommy Crumpton, Rock Crusher Director, Mr. Thomas made a motion, seconded by Mrs. Hughes, approved 3 - 0 (Mr. Hamilton absent) that \$10,000 be taken from contingency and placed in line item 10 007 00110 00710 for overtime for the Rock Crusher for the remainder of the 1997-98 fiscal year.

**Rock
Crusher
(Overtime)
(Cont'cy)**

Mr. Timms presented a draft noise control ordinance to Council study.

**Noise
Ordinance**

Mr. Timms made a motion, seconded by Mrs. Hughes, approved 3 - 0 (Mr. Hamilton absent) that \$576 be taken from contingency and placed in line item 10 017 00130 00014 to establish non member service for an employee. (See attached)

SC Ret.
Comm.
(Cont'cy)

Mr. Thomas made a motion, seconded by Mrs. Hughes, approved 3 - 0 (Mr. Hamilton absent) that Mr. Ernest M. Riley's resignation from the Planning Commission be regretfully accepted and he be sent a letter of appreciation.

Planning
Res.

Upon recommendation of Mr. Lee Davis, Motor Pool Foreman, & Ms. Marianne Dillard, Purchasing Agent, Mr. Thomas made a motion, seconded by Mr. Timms that the bid process be waived and Blanchard Machinery be engaged to repair the engine on the 3306 Catapillar as per Section B: Formal Bid Process, Subsection 4: When in the Purchasing Agent's judgement, and with concurrence of County Council , it is to the advantage of the County's interest to do so at a cost of \$14,236.97. (See attached)

CAT
Grader

Mrs. Hughes made a motion, seconded by Mr. Thomas, approved 3 - 0 (Mr. Hamilton absent) that the motion be amended to authorize the expenditure of an additional \$5,250 for a block core and \$1,869 for a cylinder head core if necessary to repair the engine.

The motion, as amended, was then adopted 3 - 0 (Mr. Hamilton absent).

Mrs. Hughes made a motion, seconded by Mr. Thomas, approved 3 - 0 (Mr. Hamilton absent) that Council to into executive session for contractual matters and pending litigation.

Executive
Session

During executive session, Council received a briefing regarding a proposed administrative consent order with DHEC concerning the construction and demolition landfill. Mr. Thomas made a motion, seconded by Mr. Timms, approved 3 - 0 (Mr. Hamilton absent) that the administration proceed to negotiate a revised order for consideration and possible approval by Council.

Open
Session
(Landfill)

Council also received a briefing relating to certain contractual matters relating to the administration of the county's self-insured health plan. The county currently contracts with Carolina Benefit Administrators for administration of the plan. Mrs. Hughes made a motion, seconded by Mr. Timms, approved 3 - 0 (Mr. Hamilton absent) that the Purchasing Agent be authorized to obtain proposals for administration of the plan from the other companies available through Integrity Insurance Underwriters.

(Health
Insurance)

Minutes, Oconee County Council Meeting
Tuesday, April 7, 1998 - 7:00 pm
Page 5

Further, Council received a briefing concerning **(Bond Funds)** funds remaining in the solid waste bond fund. These funds have been placed in yield restricted accounts per the advice of Bond Counsel and in accordance with applicable law. Mr. Timms made a motion, seconded by Mr. Thomas, approved 3 - 0 (Mr. Hamilton absent) that the expenditure of these funds be approved as shown on the list submitted to Council by the Finance Director and approved by Bond Counsel.

ORDINANCE

AN ORDINANCE AUTHORIZING THE EXECUTION AND DELIVERY OF A LEASE AGREEMENT BETWEEN OCONEE COUNTY, SOUTH CAROLINA, AS LESSOR, AND PARKWAY PRODUCTS, INC., AS LESSEE; AND OTHER MATTERS RELATING THERETO INCLUDING, WITHOUT LIMITATION, PAYMENT OF A FEE IN LIEU OF TAXES

WHEREAS, Oconee County, South Carolina (the "County"), acting by and through its County Council (the "County Council"), is authorized and empowered under and pursuant to the provisions of Title 4, Chapter 12, Code of Laws of South Carolina, 1976, as amended (the "Act"), to acquire, or cause to be acquired, properties (which such properties constitute "projects" as defined in the Act) and to enter into agreements with any industry to construct, operate, maintain and improve such projects; to enter into or allow financing agreements with respect to such projects; and, to accept any grants for such projects through which powers the industrial development of the State of South Carolina and will be promoted and trade developed by inducing manufacturing and commercial enterprises to locate and remain in the State of South Carolina and thus utilize and employ the manpower, agricultural products and natural resources of the State and benefit the general public welfare of Oconee County by providing services, employment, recreation or other public benefits not otherwise provided locally; and

WHEREAS, the County is authorized by the Act to execute a lease agreement, as defined in the Act, with respect to such project; and

WHEREAS, Parkway Products, Inc., a corporation organized and existing under the laws of the State of Ohio (the "Company"), has requested the County to participate in executing an Inducement Agreement and Millage Rate Agreement, and a Lease Agreement (Parkway Products, Inc. Project) pursuant to the Act for the purpose of authorizing and of acquiring, by construction and purchase, certain land, a building or buildings, and machinery, apparatus, and equipment, for the purpose of manufacturing custom-molded plastic and elastomeric components (the "Project"), all as more fully set forth in the Lease Agreement attached hereto; and

WHEREAS, the County has determined that the Project would benefit the general public welfare of Oconee County by providing service, employment, recreation or other public benefits not otherwise provided locally; and, that the Project gives rise to no pecuniary liability of the County or incorporated municipality or a charge against the general credit or taxing power of either; and, that the purposes to be accomplished by the Project, i.e., economic development, creation of jobs, and addition to the tax base of the County, are proper governmental and public purposes; and, that the inducement of the location or expansion of the Project within the County and State is of paramount importance; and, that the benefits of the Project will be greater than the costs; and

WHEREAS, the County has determined on the basis of the information supplied to it by the Company that the Project would be a "project" as that term is defined in the Act and that the Project would subserve the purposes of the Act; and

WHEREAS, the County Council has previously determined to enter into and execute the aforesaid Inducement Agreement and Millage Rate Agreement, and a Lease Agreement and to that end has, by its Resolution adopted on March 3, 1998, authorized the execution of an Inducement Agreement, which included a Millage Rate Agreement, and, by separate County Council Ordinance, a Lease Agreement containing a fee-in-lieu of tax agreement; and

WHEREAS, the County Council has caused to be prepared and presented to this meeting the form of the Lease Agreement by and between the County and the Company which includes the Agreement for payment of a Fee-in-Lieu of Tax; and

WHEREAS, it appears that the instrument above referred to, which is now before this meeting, is in appropriate form and is an appropriate instrument to be executed and delivered by the County for the purposes intended;

NOW, THEREFORE, BE IT ORDAINED by Oconee County, South Carolina, as follows:

Section 1. In order to promote industry, develop trade and utilize and employ the manpower, agricultural products and natural resources of the State of South Carolina by assisting the Company to locate an industrial facility in the State of South Carolina, the acquisition by the County and the subsequent lease to the Company of land, a building or buildings, and various machinery, apparatus, and equipment, all as a part of the Project to be utilized for the purpose manufacturing of custom-molded plastic and elastomeric components is hereby authorized, ratified and approved.

Section 2. It is hereby found, determined and declared by the County Council, as follows:

(a) The Project and the payments in lieu of taxes set forth herein are beneficial to the County;

(b) Subject to the terms of the Lease Agreement and the requirements of the Act, the real and personal property contained in the Project shall receive an assessment rate of 6% and the millage rate used to compute the fee in lieu of tax shall be fixed for the term of the Lease Agreement at the millage rate in effect for each of the taxing districts as of June 30, 1997.

(c) The Project will benefit the general public welfare of Oconee County by providing service, employment, recreation or other public benefits not otherwise provided locally;

(d) The Project gives rise to no pecuniary liability of the County or incorporated municipality or a charge against the general credit or taxing power of either;

(e) The purposes to be accomplished by the Project, i.e., economic development, creation of jobs, and addition to the tax base of the County, are proper governmental and public purposes;

(f) The inducement of the location or expansion of the Project within the County and State is of paramount importance; and,

(g) The benefits of the Project will be greater than the costs.

(h) The Project will be in excess of \$5,000,000.

Section 3. The form, terms and provisions of the Lease presented to this meeting and filed with the Clerk of the County Council be and they are hereby approved and all of the terms, provisions and conditions thereof are hereby incorporated herein by reference as if the Lease were set out in this Ordinance in its entirety. The Supervisor/Chairman of the County Council and the Clerk of the County Council be and they are hereby authorized, empowered and directed to execute, acknowledge and deliver the Lease Agreement in the name and on behalf of the County, and thereupon to cause the Lease Agreement to be delivered to the Company and cause the Lease Agreement to be recorded in the Office of the Register of Mesne Conveyances for Oconee County. The Lease Agreement is to be in substantially the form now before this meeting and hereby approved, or with such minor changes therein as shall be approved by the officials of the County executing the same, their execution thereof to constitute conclusive evidence of their approval of any and all changes or revisions therein from the form of Lease Agreement now before this meeting.

Section 4. The Supervisor/Chairman of the County Council and the Clerk of the County Council, for and on behalf of the County, are hereby each authorized and directed to do any and all things necessary to effect the execution and delivery of the Lease and the performance of all obligations of the County under and pursuant to the Lease.

Section 5. The provisions of this Ordinance are hereby declared to be separable and if any section, phrase or provisions shall for any reason be declared by a court of competent jurisdiction to be invalid or unenforceable, such declaration shall not affect the validity of the remainder of the sections, phrases and provisions hereunder.

Section 6. All orders, resolutions, ordinances and parts thereof in conflict herewith are, to the extent of such conflict, hereby repealed and this Ordinance shall take effect and in full force from and after its passage and approval.

Passed and approved this ___ day of _____, 1998.

ORDINANCE NO.

AN ORDINANCE TO DEVELOP A JOINTLY OWNED AND OPERATED INDUSTRIAL/BUSINESS PARK IN CONJUNCTION WITH PICKENS COUNTY, SUCH INDUSTRIAL/BUSINESS PARK TO BE GEOGRAPHICALLY LOCATED IN OCONEE COUNTY AND ESTABLISHED PURSUANT TO SOUTH CAROLINA CODE OF LAWS OF 1976 §4-1-170, ET SEQUITUR, AS AMENDED; TO PROVIDE FOR A WRITTEN AGREEMENT WITH PICKENS COUNTY PROVIDING FOR THE EXPENSES OF THE PARK, THE PERCENTAGE OF REVENUE APPLICATION, AND THE DISTRIBUTION OF FEES IN LIEU OF AD VALOREM TAX TO THE COUNTIES AND RELEVANT TAXING ENTITIES; AND, TO PROVIDE THAT JOBS TAX CREDITS ALLOWED BY LAW BE PROVIDED FOR INDUSTRIES LOCATING IN SAID PARK, AND TO PERMIT A USER FEE IN LIEU OF AD VALOREM TAXATION.

WHEREAS, Oconee County and Pickens County (jointly the "Counties") are authorized under Article VIII, Section 13 of the South Carolina Constitution to jointly develop an industrial or business park within the geographical boundaries of one or more of the member counties; and

WHEREAS, in order to promote the economic welfare of the citizens of the Counties by providing employment and other benefits to the citizens of the Counties, Oconee County proposes to enter into an agreement with Pickens County to develop jointly an industrial and business park as provided by Article VIII, Section 13 of the South Carolina Constitution and in accordance with Section 4-1-170 of the Code of Laws of South Carolina, 1976, as amended, (the "Act").

NOW, THEREFORE, BE IT ORDAINED BY THE OCONEE COUNTY COUNCIL:

SECTION I: Oconee County (the "County") is hereby authorized to execute and deliver a written agreement to develop jointly an industrial and business park (the "Park") with Pickens County. The Park is to be located within the boundaries of Oconee County. The form of the joint industrial park agreement (the "Agreement") is attached hereto and all terms of the Agreement are hereby incorporated herein. The form, terms and provisions of the Agreement presented to this meeting and filed with the Clerk of the County Council be and they are hereby approved and all of the terms, provisions and conditions thereof are hereby incorporated herein by reference as if the Agreement were set out in this Ordinance in its entirety. The Supervisor/Chairman of County Council and the Clerk to County Council be and they are hereby authorized, empowered and directed to execute, acknowledge and deliver the Agreement in the name and on behalf of the County. The Agreement is to be in substantially the form now before this meeting and hereby approved, or with such minor changes therein as shall be approved by the officials of the County executing the same, their execution thereof to constitute conclusive evidence of their approval of any and all changes or revisions therein from the form of Agreement now before this meeting.

SECTION II. The maximum tax credits allowable by South Carolina Code of Laws of 1976 Section 12-7-1220, as amended, will apply to any business enterprise locating in the Park.

SECTION III. Any business enterprise locating in the Park shall pay a fee-in-lieu of ad valorem taxes as provided for in the Agreement, Article VIII Section 13 of the South Carolina Constitution and the Act. The user fee paid in lieu of ad valorem taxes shall be paid to the county treasurer for the county in which the premises is located. That portion of the fees from the Park premises located in Oconee County and allocated pursuant to the Agreement to Pickens County shall be paid by the Oconee County Treasurer to the Pickens County Treasurer within five business days following the end of the calendar quarter of receipt for distribution, which distribution shall be made in accordance with the Agreement. Payments shall be made by a business or industrial enterprise on or before the due date for taxes for a particular year. Penalties for late payment will be at the same rate and at the same times as for late tax payment. Any late payment beyond said date will accrue interest at the rate of statutory judgment interest. The Counties, acting by and through the county tax collector for the county where the premises is located, shall maintain all liens and rights to foreclose upon liens provided for counties in the collection of ad valorem taxes.

SECTION IV. The administration, development, promotion, and operation of the Park shall be the responsibility of Oconee County.

SECTION V. In order to avoid any conflict of laws or ordinances between the Counties, the Oconee County ordinances will be the reference for such regulations or laws in connection with the Park premises. Nothing herein shall be taken to supersede any state or federal law or regulation. Oconee County, in which the premises is located, is specifically authorized to adopt restrictive covenants and land use requirements for the Park at that County's sole discretion.

SECTION VI. The Sheriff's Department for Oconee County will have initial jurisdiction to make arrests and exercise all authority and power within the boundaries of the Park premises. Fire, sewer, water and EMS service will be provided by the service district or other political unit within whose jurisdiction the Park premises are located.

SECTION VII. Should any section of this Ordinance be, for any reason, held void or invalid, it shall not affect the validity of any other section hereof which is not itself void or invalid.

SECTION VIII. The Agreement may not be terminated except by concurrent ordinances of Pickens County Council and Oconee County Council. In any event, this Ordinance shall terminate twenty-five (25) years from the date of its execution by both parties.

SECTION IX. Oconee County hereby designates that the distribution of the fee-in-lieu of ad valorem taxes pursuant to the Agreement received by Oconee County from the Oconee portion of the Park premises be paid to each of the taxing entities in Oconee County which levy

an ad valorem property tax in any of the areas comprising the Oconee portion of the Park in the same percentage as is equal to that taxing entity's percentage of the millage rate being levied in the then current tax year for property tax purposes, provided that Oconee County may, from time to time, by ordinance, amend the distribution of the fee-in-lieu of tax payments to all taxing entities. A portion of the fee in lieu of ad valorem taxes which Oconee County receives pursuant to the Agreement for Park premises may be, from time to time and by ordinance of Oconee County Council or its successor, designated for the payment of Special Source Revenue Bond. Designated payments for a special source bond shall be made prior to the distribution of the remaining fee in lieu of ad valorem taxed to the various taxing entities.

SECTION X. This Ordinance shall be effective after third and final reading and publication.

STATE OF SOUTH CAROLINA
OCONEE COUNTY COUNCIL
RESOLUTION NO. 98-

“A Resolution honoring the members of the Civilian Conservation Corps”

WHEREAS, in 1933 the United States Congress, at the request of President Franklin D. Roosevelt, established the Civilian Conservation Corps as a New Deal program to combat unemployment in the United States during the Depression of the 1930's; and

WHEREAS, the Civilian Conservation Corps provided public works employment for 2.6 million people between 1933 and 1942; and

WHEREAS, those persons enlisted to work in the Civilian Conservation Corps helped to provide for conservation and resource-development projects such as soil conservation, flood control, the protection of forests and wildlife and the building of infrastructure; and

WHEREAS, those members of the Civilian Conservation Corps included residents of Oconee County, South Carolina as well as others who performed work in Oconee County, South Carolina for the benefit of future generations to continue to enjoy the projects constructed and completed by the Corps in Oconee County, South Carolina;

NOW THEREFORE, be it resolved by the Oconee County Council in session, duly assembled, with a quorum present and voting that those members of the Civilian Conservation Corps are hereby recognized, honored and applauded for their work and determination to the betterment of future generations.

Adopted on first and final reading this 7th day of April, 1998 by a vote of 3 Yes to 0 No.

The Fair-Oak Youth Center needs these funds for a fence for our Ballfield we have franchised with Little League Baseball for the kids of our four communities. This will bring in teams from all over the State of S.C. also puts us to where we can Host Tournament's in OCONEE COUNTY from all over the State. We are a non-profit organization all volunteer operated most of our funds are raised by donations or Community fund raiser's. This Ballfield will bring people from all parts of the State during the weekend TOURNAMENT's for years to come.

THANK YOU FOR ANY FUNDS YOU CAN HELP US WITH.

THANK YOU;

Randy Baker

A. Regular Season Games (12 minimum – 20 maximum)

- Games will be against the above teams, who are all out of the county. We are also planning to play Lavonia, GA and possibly Hartwell, GA which will bring create inter-state activity in our area.
- The average game will draw about **100 – 150 people**. On a typical Saturday of at least four games, the **potential will be 400 – 500 people in attendance**.

B. The fields will also be utilized by the Easley teams to help relieve their space problem. All in attendance at those games will be from outside of Oconee County.

C. District Tournaments

1. Each member of the District may field one all-star team for each eight regular season team for each of the age groups.
2. Tournaments are double-elimination
3. Games will draw approximately 300 people each game giving a **potential of 3600 – 4000 in attendance** for a tournament duration
4. Hosting of a tournament is assigned on a rotating basis by age group. ...we will have an opportunity this year

D. State Tournaments

1. Each district will field two teams for each age group
2. Tournaments are double-elimination
3. Games will draw approximately 500 people each game giving the **potential of 7,000 – 10,000 in attendance** for a tournament duration
4. Hosting of a tournament is rotated among the districts and members by age grouping.

II. Expanded Athletics

- A. Men's softball (this year)
- B. Women's softball (this year)
- C. Soccer (next 2-3 years)
- D. Football (next 3-5 years)

Forest H. Thomas
SC Dist 1 Administrator
112 Merri Ln.
Easley, SC 29642 269-4345-11
269-4047-11

To Whom It May Concern

Please be advised that I am the District Administrator for Little League Baseball representing South Carolina. Fair Oak Little League has applied for and been approved for a charter in Little League. The approved paperwork has been sent and we should have that any day now.

Should you need additional information, please do not hesitate to call.

Sincerely,

Forest H. Thomas
SC Dist 1 Administrator

HOUSTON, TX RUEL

travel greater distances than others, a mileage allowance may be paid before distributing the pergame shares.

- 4. Mail completed financial report to the Regional Director within ten (10) days following final game of each level of tournament.

NOTE: 9-10 Year Old Division advances to state level only.

Physical Conditions

It is essential that the best possible playing conditions be provided at every level of the tournament. The following conditions are recommended for tournament games:

1. Facilities:
 - a. Grass outfield (Regional, Divisional, State and Sectional Tournaments); Grass infield (Regional, State and Divisional Tournaments)
 - b. Outfield fences should be a maximum of 225 feet from home plate, with 200 feet recommended.
 - c. Outfield fences of safe-type construction, a minimum of 4 feet in height, maximum of 6 feet.
 - d. Batter's eye 24 feet wide minimum at center field.
 - e. Backstop not less than 20 feet from home plate.
 - f. Backstop of 6 x 8 feet of canvas in back of home plate if no press box is in that position.
 - g. Two foul poles at least 6 feet above the top of the fence.
 - h. A protective screen in front of dugouts.
 - i. Lights, if used, must meet minimum Little League standards.
 - j. Only conventional dirt pitching mounds are approved for tournament play.
2. Groundskeeper's services:
 - a. Grass cut to proper height. No holes or other unsafe conditions.
 - b. Infield dragged and in playable condition.
 - c. Markings according to regulations.
 - d. Bases must be regulated size and properly secured.
3. Additional Facilities:
 - a. Public address system and announcer.
 - b. Scoreboard and operator(s).
 - c. Adequate seating (Sectional — 300; Divisional/State — 1,000; Regional — 1,500 minimum).
 - d. Adequate parking.
 - e. Policing. Local police departments should be advised of the event and requested to cooperate with league personnel.
 - f. First aid, medical and ambulance services available.
 - g. Rest rooms.
 - h. Baseballs (if not otherwise provided by Tournament Director).
 - i. Adult volunteer insurance should be provided by each league involved.

NOTE 1: 9-10 Year Old Division advances to state level only.

NOTE 2: Host leagues may retain concession income.

Assistants and Committees

To assure a successful tournament, it is desirable that the director (particularly at sectional, divisional, state and regional levels) appoint assistants and committee chair-

men

men to undertake the various functions which are essential. The following are suggested:

1. Finance: To solicit donations, supervise concessions at games, sale of advertising and programs, etc. Host leagues may not conduct fund raising projects unless approved by the Tournament Director.
2. Housing: Players may be housed in homes where it is possible and offers no conflict. Committee should screen and select homes, brief "hoster parents" on feeding, recreation, curfew, religious requirements and time of arrival for practice and games as desired by the managers. Players, managers, coaches and umpires may be provided hotel or motel accommodations and food allowance.
3. Publicity: Obtain and make available to all news media names of teams, players, time of games and sites, results of games, and other information essential to news media in the interest of promoting the tournament. Addresses and/or telephone numbers of players must not be released to anyone for any purpose.
4. Transportation: Arrangements for meeting teams upon arrival and delivery to points of departure. Arrange for transportation of managers and coaches.
5. Program: When authorized by Tournament Director as a fund raising project, Program Chairman should work with Finance Chairman to assemble material, set ads, etc. Program should not be published unless self-supporting.
6. Parking and Police: If deemed necessary, arrange for traffic control, parking and related functions.
7. Medical: Have names and phone numbers of doctors, nurses, ambulance and hospital available and arrangements made for their services, if required. If possible, a doctor or nurse should be in attendance.
8. Ceremonies: Arrange for flag raising, welcome, introductions, etc. These should be brief and meaningful.
9. Umpires: Recommended minimum of two, a maximum of six. Services on a voluntary basis. Normal expenses may be provided.
10. Official scorers/keepers.

Expenses

Tournament Directors are authorized to pay from tournament income the following costs:

1. Championship pennant
2. Approval Little League pins for players, managers, coaches (all teams) and umpires.
3. Postage, telephone and out-of-pocket expenses.
4. Housing and food allowance for players, managers, coaches and umpires.

NOTE: Tournament Director should secure, at no cost to the tournament, baseballs (or provided by host league), umpires, scorers/keepers and housing for players.

Radio

Broadcasting of tournament games is permitted with authorization from the Tournament Director. Commercial sponsorship must be consistent with Little League policies. Fees or donations paid for the broadcasting rights must accrue to the tournament at that level.

1999 Solid Waste Reduction Grant Application

South Carolina Department of Health and Environmental Control
Office of Solid Waste Reduction and Recycling

2600 Bull St.

Columbia, SC 29901

803/896-4221

**Solid Waste Grant Application
Applicant Checklist**

To be completed by applicant:

- All questions have been answered
- All signatures have been obtained
- Original and nine copies are included
- Verifications from county have been obtained (municipal governments only)
- Program budget matches program description
- Project goal matches grant objective
- County has submitted Solid Waste Plan to DHEC
- County has submitted Annual Solid Waste Report to DHEC
- County has met Full Cost Disclosure requirements
- Site maps are included of all collection centers
- If equipment is requested, appropriate descriptive literature is included
- Justification for all funds requested is included in project description.

SOUTH CAROLINA DEPARTMENT OF HEALTH AND
ENVIRONMENTAL CONTROL OFFICE OF SOLID WASTE
REDUCTION AND RECYCLING

Grant Program
2600 Bull Street
Columbia, South Carolina 29201
896-4227

1999 LOCAL GOVERNMENT
SOLID WASTE REDUCTION GRANT APPLICATION

Name of Applicant: **Oconee County**

Federal ID Number: **57-6000391**

Name, address, phone and fax of Contact Person: **Jack M. Hirst,
Solid Waste Director
208 Booker Drive
Walhalla, SC 29691
(864) 888-1440 phone
(864) 888-1444 fax**

Name, address, phone and fax of Recycling Coordinator: **Same as above**

Name, address, phone and fax of Financial Officer: **Phyllis Lombard, Finance Director
208 Booker Drive
Walhalla, SC 29691
(864) 638-4236 phone
(864) 638-4241 fax**

Name, title, address, phone and fax of the Authorized Representative:
**Harrison E. Orr, Supervisor
208 Booker Drive
Walhalla, SC 29691
(864)638-4242 phone
(864) 638-4241 fax**

Address to which reimbursements should be mailed: **208 Booker Drive
Walhalla, SC 29691**

Areas to be serviced under this grant:

- a. **Seneca, Walhalla, Westminster, West Union and Salem**
- b. **Population -- approximately 64,472**
- c. **Area descriptions: farmland -- 16.4%, forest -- 69.3%, water-- 8.1%, public land-- 26.9%**
- d. **Square mileage of service area -- 680.63 square miles**

Description of current recycling program: **Oconee County currently has ten (10) Manned Convenience Centers operating twelve (12) hours each day, six (6) days a week, including most holidays. The municipalities of Seneca, Walhalla, Westminster, and West Union have some form of curbside program.**

Oconee County accepts the following items for recycling:

| | | |
|--------------|-------------------------------|------------------------------|
| *aluminum | *glass -- clear, brown, green | *scrap metal/white goods |
| *antifreeze | *mixed paper | *textiles |
| *batteries | *newspaper | *tires |
| *cardboard | *plastic -- HDPE, PET | *used oil & used oil filters |
| *cooking oil | and oil bottles | *yard waste |

They are processed for shipment at our Materials Recovery Facility located on Wells Highway in Seneca, SC.

Description of recycling education efforts: **Oconee County's Education Program includes personal visits to schools, churches, civic organizations, government functions and other gatherings. We use brochures to tell what can be recycled and how to prepare these items. We also distribute coloring books, recycling worksheets, and FYF sheets for children and FYI sheets for adults. An eight (8) minute video that we produced is shown to answer questions and promote reduction, reuse and recycling. We run ads in local newspapers to promote our program and we have used radio spots. All of this, along with personal appearances by Oconee County's recycling mascot, "Chippy Chipmunk" have enabled us to realize significant growth in our recycling program.**

Description of the project for which grant funding is being requested: **We would like to put these grant funds with other funds to purchase a densifier for steel and aluminum cans. The cost estimate is \$30,000.00 for this equipment. Please see descriptive literature attached.**

This project will contribute to the overall success of our solid waste program by **allowing us to process steel cans for recycling. We have had to landfill these up to this point because we have not had the equipment to process them. We project that we could decrease the amount of steel cans being landfill in an amount of sixteen (16) tons annually. This would be in addition to approximately fourteen (14) tons of aluminum recycled annually with this equipment.**

Timetable for the development and implementation of the solid waste management project for the term of the grant:

- **July 1998: Specifications for equipment already prepared, equipment put out for bid, and the bid awarded.**
- **August 1998: Equipment installed and operating.**
- **September 1998: Request reimbursement.**

The following individuals will be involved in the implementation of each phase of the project:

- **Jack M. Hirst, Solid Waste Director - prepare specifications and oversee each phase of this project.**
- **Marianne Dillard, Purchasing Agent - advertise and award bid.**
- **Sandra Smith, Secretary, Solid Waste - prepare requisition and purchase densifier.**
- **Company receiving award - install and train employees in the use of equipment.**
- **Tim White, Material Recovery Facility Supervisor - operate equipment and prepare steel and aluminum for market.**

Anticipated vendor(s) for the steel and aluminum:

**Cumbaa Enterprises, Blountstown, FL
Industrial Metal Processing, Inc., Lyman SC**

DAC 1200 DIRECT CHARGE DENSIFIER FOR STEEL & ALUMINUM CANS

DENS-A-CAN
INTERNATIONAL

DAC 1200 DENSIFIER with optional conveyor/separator

DAC 1200 DENSIFIER without optional conveyor/separator

DENS-A-CAN DAC 1200 densifier is specifically designed to densify *ALUMINUM* and *STEEL* food or beverage containers into high density interlocking biscuits that meet the aluminum and steel industry requirements. The DAC 1200 will also process full beverage containers, trim stock, aerosol cans and like materials.

Along with the high density biscuits, the DAC 1200 will process tin food containers into low density biscuits approved by the refiners. The process of switching from the high density biscuit to the low density biscuit is done by simply turning a switch on the control panel.

Being direct charge makes the DAC 1200 well suited for a surge/storage hopper, in which the DAC 1200 is placed directly beneath a surge hopper. The 1200 may be purchased with an optional separator.

The DAC 1200 has proven itself in large buy back operations and material recovery facilities, and like all DENS-A-CAN equipment, it is simple to operate, highly reliable, and easy to maintain.

"STATE-OF-THE-ART" ENGINEERING:

- Fully automatic with manual override switches.
- Two convenient density setting options from the control panel: one for aluminum, the other for steel cans.
- Automatic biscuit size control, automatically adjusts for whole, mixed, or flat cans.
- Agitator system breaks up can bridging even from the largest of surge hoppers.
- Thermostat controlled heater and self contained cooler/filtration system.
- High and low oil temperature protection.
- Latest electronic and hydraulic controls utilizing tie rod cylinders.
- TEFC motors and sealed electrical enclosures.
- Reinforced heavy duty compression chamber with tongue and groove tracking system eliminates cylinder rod lift.
- Four edged hardened tool steel cutter bar.
- All components are easily accessible with fewer moving parts and sensing components. Wear areas are bolted for ease of service.

The DAC 1200 Direct Charge densifier is designed for the large Buy Back Operation or processor. It's a natural for Curbside Operation - municipalities and independent contractors alike!

LOCATION & DIRECTIONS

11. Describe the project for which grant funding is being requested. Include a complete description of the goods or services being requested and cost estimates for facilities, equipment, education, administrative, contractor and other direct costs (note: cost estimates must match budget pages). **Please include descriptive literature for all equipment requested.**
12. Explain how this project contributes to the overall success of your solid waste program. Specifically, will this project reduce the amount of a materials being landfilled, increase the amount of material being recycled, or decrease the amount of waste material being generated? Please include estimates of tonnages.
13. Provide a timetable for the development and implementation of the solid waste management project for the term of the grant (one year).
14. List separately each individual involved in the implementation of each phase of the project. List each team member and describe his or her area of responsibility (i.e. who is responsible for each phase of the project?)
15. List the anticipated and available markets (names of vendors) or uses for materials collected through the local government recycling programs.

- e. Public information costs may be requested for material that promotes the grantee's program or for educational material that promotes general waste reduction. is eligible. **Copy for all printed material must be preapproved by the office, PRIOR to being printed. The Office reserves the right to deny reimbursement for any material that has not been preapproved.**
 - f. Other direct costs, not to include personnel costs, may be allowable as determined by the grant panel and Solid Waste Advisory Council.
4. Original applications and nine copies may be submitted by mail or in person by 5:00 p.m. on the first Friday in April. Applications postmarked after the application deadline will not be considered.
 5. Applications will be reviewed by a grant panel consisting of DHEC staff and outside technical advisors. Panel recommendations will be presented to the SWAC. The SWAC will vote to approve or disapprove the recommendations.
 6. All existing public recycling infrastructure shall be fully used to the extent possible when planning and implementing the local government or region solid waste management programs. Funds shall not be used for duplicating existing public recycling programs unless the applicant demonstrates that such existing programs cannot be integrated into the planned solid waste management programs or recycling education programs.
 7. All recycling projects must be consistent with the county or region plan.
 8. All facilities constructed, equipment purchased and educational material produced with grant funds must credit the DHEC Office of Solid Waste Reduction and Recycling Grant Program and be preapproved by the Office.
 9. Grant awards are made for one fiscal year.
 10. The grantees shall not provide any DHEC grant funds to private sector recycling programs unless specifically contracting for goods or services.
 11. Applicants shall provide the Office with a copy of any new or revised recycling technology accomplished as a direct or indirect result of the grant.
 12. Revenues generated from the project, including interest, must be reinvested in the project.
 13. Local governments must have submitted the appropriate reports as required under the guidelines of the Solid Waste Policy and Management Act of 1991 to participate in the program. Specifically, the county must have submitted to DHEC a complete Solid Waste

I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief such information is true, accurate and complete. I further certify that I possess the authority to apply for this grant on behalf of the applicant.

Management Plan, an annual report, a full cost disclosure report and annual oil report.

14. Office staff may perform site inspections at any time during the term of the grant. The inspection will be conducted during regular business hours and with 24-hour notification to the Grantee.
15. The Office shall have the right to terminate a grant award and demand refund of grant funds for non-compliance with federal, state or local regulations, the terms of the grant award or these guidelines. The Office shall declare the local government or region ineligible for further participation in the program until the local government or region complies with the regulations, the terms of the grant award or these guidelines.
16. Aggrieved parties may apply within 30 days of the decision to the SWAC for a review of that decision. Within 45 days of the original grant decision, the Office will inform the aggrieved party of the hearing date, place and time. Within 60 days the SWAC will render a final decision.

Grant Guidelines

1999 Solid Waste Reduction Grant Program

1. Grants shall not be provided to any local government, region or local government that does not demonstrate a good faith effort to meet the requirements of the Solid Waste Policy and Management Act of 1991.
2. Solid Waste Management Grants are made available to:
 - a. Any county in South Carolina. The maximum amount awarded shall be determined by population.
 - b. Any local government that provides solid waste services. Local governments must submit a verification statement signed by a county official verifying that the host county has reviewed the application.
 - c. Regional applications may be submitted by any group of counties or local governments that has submitted to DHEC a regional solid waste management plan.
3. Solid Waste Management grants are to be used to promote recycling, volume source reduction, composting and market development for recyclable materials.
Solid Waste Management grants may be used to fund:
 - a. Collection, transportation and processing equipment. Project must directly promote source reduction and/or recycling. Implementation of project must meet all federal, state and local regulations.
 - b. Construction of, or improvements to, facilities to include Materials Recovery Facilities, sorting facilities and convenience centers. Facility construction will include buildings, paving, fencing, signs, lighting/electricity, etc. Facilities must meet all federal, state and local regulations and be directly related to source reduction and/or recycling.
 - c. Contractual costs. Contractual costs for one-time only services are allowable, provided the project itself is approved. The first year of a recurring cost may be allowable if future funding from other sources can be assured.
 - d. Travel. Up to \$500 may be requested by the recycling coordinator or other solid waste management personnel for travel to conferences or seminars related to solid waste reduction. Travel must be preapproved.

B. CONTRACTOR COSTS

DAC 1200

HIGH CAPACITY Direct Charge DENSIFIER

DENS-A-CAN built the first commercially operated aluminum can densifier in 1981. In 1984, DENS-A-CAN engineered and marketed the original *Direct Charge* Densifier. Models DAC 300 and 500.

In 1990 DENS-A-CAN introduced the DAC 1200 a specially designed *Direct Charge* Densifier for processing food tin/steel cans in two distinct densities: one for remelt, the other for detinning. This is in addition to its typical function of producing premium priced aluminum biscuits that meet Alcoa's specifications. This densifier has been the choice for many municipalities, material recovery facilities and larger buy back operations.

DAC 1200 without conveyor - Side View

DAC 1200 with conveyor/separator-Side View

DAC 1200 with conveyor/separator-Top View

SPECIFICATIONS

Description:

The DAC 1200 is fully automatic and will run continuously as long as cans are being fed. It features an automatic shut-off when empty.

Direct Charge is the processing of cans without the need for any preprocessing like pre-weighing. The DAC 1200, like all DENS-A-CAN densifiers, can be placed directly beneath a surge storage system. Can bridging is eliminated by the use of an agitator. The agitator rotates when the single compression ram is retracting, the rotating agitator breaks bridging and forces the cans into the compression chamber. Biscuit size and density are determined by a specifically engineered system that consists of a minimal four sensors. This system has proven itself in the dirty and harsh environment of material recovery facilities.

The DAC 1200 features two pressure settings that can be selected by turning the switch at the control panel. The High Setting is for densifying aluminum or steel cans for remelting. The Low Setting is for compacting steel cans for detinning or lighter weight biscuits for remelting.

All service areas of the DAC 1200 have ample access to them. All Wear components are bolted and designed for easy replacement.

| Capacity in pounds/hour: | Aluminum | Aluminum Flat | Ferrous |
|--------------------------|----------|---------------|---------|
| Up to | 1200 | 2000 | 2500 |

Biscuit Description:

Typical Size: 11"x13"x9" with integral banding grooves.

Weight and density of typical biscuit:

Aluminum cans - 32/34 lbs. each or 42/46 lbs./cu. ft. typical

Ferrous cans - 60/70 lbs. each or 81/93 lbs./cu. ft. typical, high density

Ferrous cans - 40 lbs. each or 53 lbs./cu. ft. typical, low density

Banded Bundle typical size and weight:

96 biscuits, 44"x52"x54", no skid or pallet needed.

Aluminum beverage cans - 3072 pounds

Ferrous cans - 6720 pounds high density

Ferrous cans - 3840 pounds low density

Standard Power: 20 HP, 240 V, 3-phase, 70 amps, or 480 V, 3-phase, 35 amps.

Options: 208 V, 3-phase, 70 amps, or 575 V, 3-phase, 30 amps.

Other Specifications:

Thermostat controlled heater and self-contained cooler/filtration standard.

Available with or without conveyor/magnetic head pulley.

Weight in pounds: with conveyor without conveyor

4460 4160

Hydraulic Reservoir Capacity - 90 Gallons

Specifications subject to change without notice. Shipped FOB Greensburg PA.

NOTICE

TO: Solid Waste Recycling Grant Applicants

FROM: Jana White

RE: Solid Waste Grants

DATE: January 30, 1998

Regulations dictate that Solid Waste Recycling Grants be distributed according to population. Enclosed is a grant application including a population chart showing the amounts for which counties are eligible. Municipal governments that provide solid waste services may apply, however, their portion is deducted from the amount available to the county.

Solid Waste Management grants are to be used to promote recycling, volume source reduction, composting and market development for recyclable materials.

Solid Waste Management grants may be used to fund:

- a. Collection, transportation and processing equipment.
- b. Facility improvement or construction to include Materials Recovery Facilities, sorting facilities and convenience centers.
- c. Contractual costs for one-time only services.
- d. Travel for authorized personnel to recycling related events.
- e. Public information costs.

TALBERT & BRIGHT

March 19, 1998

Mr. Marion E. Lyles, Airport Manager
Oconee County Airport Commission
Oconee County Airport
365 Airport Road
Seneca, SC 29678

RE: Clemson-Oconee County Airport
Airfield Pavement Rehabilitation/Strengthening
TBI No. M3401-F

Dear Marion:

As we have discussed, I recently had a lengthy meeting with Paul Werts regarding the condition of the existing airfield pavement at your facility. It is my and Paul's belief, from visual inspection, that your airfield pavement is in dire need of rehabilitation/strengthening. This, of course, is not a surprise and has been forecast for several years.

Paul has recommended that we obtain the services of a geotechnical laboratory to obtain pavement cores and additional subsurface information to determine the existing pavement condition/strength and the extent of rehabilitation/strengthening needed. We have obtained an estimate from Geotechnologies, Inc., for \$4,800 for this effort and Request your approval to proceed with this. Geotechnologies, Inc., is very familiar with the Clemson-Oconee County Airport, as well as it's soil and pavement conditions and we feel will provide the most comprehensive pavement analysis.

Upon completion and receipt of the results of the field investigation, Talbert & Bright, Inc., shall prepare a detailed FAA Preapplication for Federal Assistance (at no cost to Oconee County) for submission to the FAA and SCDOA for their funding consideration. Please call if you have any questions and I look forward to hearing from you.

Yours truly,

J.T. Talbert, III, P.E.

208 Booker Drive, Walhalla, S.C. 29691

Dear Mr. Abbott,

Due to my election to the City Council of Seneca, I feel that I should resign my seat as a member of the Oconee County Planning Commission representing County Council District 3, effective March 16, 1998.

I have enjoyed working with you, Mr. Boggs, Mr. Honea, Mr. Nelson, Ms. Allen and Commission secretary Kathy Lusk.

I believe that there no finer people in Oconee County than you all. I know that you all will continue to do the important work of the Planning Commission and I pledge my support for your Activities. God Bless all of you.

Sincerely Yours,

Ernest M. Riley

|--------------|--------------|

A. Regular Season Games (12 minimum – 20 maximum)

- Games will be against the above teams, who are all out of the county. We are also planning to play Lavonia, GA and possibly Hartwell, GA which will bring create inter-state activity in our area.
- The average game will draw about **100 – 150 people**. On a typical Saturday of at least four games, the **potential will be 400 – 500 people in attendance**.

B. The fields will also be utilized by the Easley teams to help relieve their space problem. All in attendance at those games will be from outside of Oconee County.

C. District Tournaments

1. Each member of the District may field one all-star team for each eight regular season team for each of the age groups.
2. Tournaments are double-elimination
3. Games will draw approximately 300 people each game giving a **potential of 3600 – 4000 in attendance** for a tournament duration
4. Hosting of a tournament is assigned on a rotating basis by age group. ...we will have an opportunity this year

D. State Tournaments

1. Each district will field two teams for each age group
2. Tournaments are double-elimination
3. Games will draw approximately 500 people each game giving the **potential of 7,000 – 10,000 in attendance** for a tournament duration
4. Hosting of a tournament is rotated among the districts and members by age grouping.

II. Expanded Athletics

- A. Men's softball (this year)
- B. Women's softball (this year)
- C. Soccer (next 2-3 years)
- D. Football (next 3-5 years)

Forest H. Thomas
SC Dist 1 Administrator

Easley, SC 29642 269-4345-11
269-4047-11

To Whom It May Concern

Please be advised that I am the District Administrator for Little League Baseball representing South Carolina. Fair Oak Little League has applied for and been approved for a charter in Little League. The approved paperwork has been sent and we should have that any day now.

Should you need additional information, please do not hesitate to call.

Sincerely,

Forest H. Thomas
SC Dist 1 Administrator

HOUTSPERG, G. KUELL

travel greater distances than others, a mileage allowance may be paid before distributing the pergame shares.

- 4. Mail completed financial report to the Regional Director within ten (10) days following final game of each level of tournament.

NOTE: 9-10 Year Old Division advances to state level only.

Physical Conditions

It is essential that the best possible playing conditions be provided at every level of the tournament. The following conditions are recommended for tournament games:

1. Facilities:
 - a. Grass outfield (Regional, Divisional, State and Sectional Tournaments); Grass infield (Regional, State and Divisional Tournaments)
 - b. Outfield fences should be a maximum of 225 feet from home plate, with 200 feet recommended.
 - c. Outfield fences of safe-type construction, a minimum of 4 feet in height, maximum of 6 feet.
 - d. Batter's eye 24 feet wide minimum at center lead.
 - e. Backstop not less than 20 feet from home plate.
 - f. Back drop of 6 x 8 feet of canvas in back of home plate if no press box is in that position.
 - g. Two foul poles at least 6 feet above the top of the fence.
 - h. A protective screen in front of dugouts.
 - i. Lights, if used, must meet minimum Little League standards.
 - j. Only conventional dirt pitching mounds are approved for tournament play.
2. Groundskeeper's services:
 - a. Grass cut to proper height. No holes or other unsafe conditions.
 - b. Infield dragged and in playable condition.
 - c. Markings according to regulations.
 - d. Bases must be regulated size and properly secured.
3. Additional Facilities:
 - a. Public address system and announcer.
 - b. Scoreboard and operator(s).
 - c. Adequate seating (Sectional — 300; Divisional/State — 1,000; Regional — 1,500 minimum).
 - d. Adequate parking.
 - e. Policing. Local police departments should be advised of the event and requested to cooperate with league personnel.
 - f. First aid, medical and ambulance services available.
 - g. Rest rooms.
 - h. Baseballs (if not otherwise provided by Tournament Director).
 - i. Adult volunteer insurance should be provided by each league involved.

NOTE 1: 9-10 Year Old Division advances to state level only.

NOTE 2: Host leagues may retain concession income.

Assistants and Committees

To assure a successful tournament, it is desirable that the director (particularly at sectional, divisional, state and regional levels) appoint assistants and committee chair-

men

men to undertake the various functions which are essential. The following are suggested:

1. Finance: To solicit donations, supervise concessions at games, sale of advertising and programs, etc. Host leagues may not conduct fund raising projects unless approved by the Tournament Director.
2. Housing: Players may be housed in homes where it is possible and offers no conflict. Committee should screen and select homes, brief "hoster parents" on feeding, recreation, curfew, religious requirements and time of arrival for practice and games as desired by the managers. Players, managers, coaches and umpires may be provided hotel or motel accommodations and food allowance.
3. Publicity: Obtain and make available to all news media names of teams, players, time of games and sites, results of games, and other information essential to news media in the interest of promoting the tournament. Addresses and/or telephone numbers of players must not be released to anyone for any purpose.
4. Transportation: Arrangements for meeting teams upon arrival and delivery to points of departure. Arrange for transportation of managers and coaches.
5. Program: When authorized by Tournament Director as a fund raising project, Program Chairman should work with Finance Chairman to assemble material, set ads, etc. Program should not be published unless self-supporting.
6. Parking and Police: If deemed necessary, arrange for traffic control, parking and related functions.
7. Medical: Have names and phone numbers of doctors, nurses, ambulance and hospital available and arrangements made for their services, if required. If possible, a doctor or nurse should be in attendance.
8. Ceremonies: Arrange for flag raising, welcome, introductions, etc. These should be brief and meaningful.
9. Umpires: Recommended minimum of two, a maximum of six. Services on a voluntary basis. Normal expenses may be provided.
10. Official scorers/keepers.

Expenses

Tournament Directors are authorized to pay their tournament income the following costs:

1. Championship pennant
2. Approval Little League pins for players, managers, coaches (all teams) and umpires.
3. Postage, telephone and out-of-pocket expenses.
4. Housing and food allowance for players, managers, coaches and umpires.

NOTE: Tournament Director should secure, at no cost to the tournament, baseballs (or provided by host league), umpires, scorers/keepers and housing for players

Radio

Broadcasting of tournament games is permitted with authorization from the Tournament Director. Commercial sponsorship must be consistent with Little League policies. Fees or donations paid for the broadcasting rights must accrue to the tournament at that level.

1999 Solid Waste Reduction Grant Application

South Carolina Department of Health and Environmental Control
Office of Solid Waste Reduction and Recycling

2600 Bull St.

Columbia, SC 29901

803/896-4221

Solid Waste Grant Application Applicant Checklist

To be completed by applicant:

- All questions have been answered
- All signatures have been obtained
- Original and nine copies are included
- Verifications from county have been obtained (municipal governments only)
- Program budget matches program description
- Project goal matches grant objective
- County has submitted Solid Waste Plan to DHEC
- County has submitted Annual Solid Waste Report to DHEC
- County has met Full Cost Disclosure requirements
- Site maps are included of all collection centers
- If equipment is requested, appropriate descriptive literature is included
- Justification for all funds requested is included in project description.

SOUTH CAROLINA DEPARTMENT OF HEALTH AND
ENVIRONMENTAL CONTROL OFFICE OF SOLID WASTE
REDUCTION AND RECYCLING

Grant Program
2600 Bull Street
Columbia, South Carolina 29201
896-4227

1999 LOCAL GOVERNMENT
SOLID WASTE REDUCTION GRANT APPLICATION

Name of Applicant: **Oconee County**

Federal ID Number: **57-6000391**

Name, address, phone and fax of Contact Person: **Jack M. Hirst,
Solid Waste Director
208 Booker Drive
Walhalla, SC 29691
(864) 888-1440 phone
(864) 888-1444 fax**

Name, address, phone and fax of Recycling Coordinator: **Same as above**

Name, address, phone and fax of Financial Officer: **Phyllis Lombard, Finance Director
208 Booker Drive
Walhalla, SC 29691
(864) 638-4236 phone
(864) 638-4241 fax**

Name, title, address, phone and fax of the Authorized Representative:
**Harrison E. Orr, Supervisor
208 Booker Drive
Walhalla, SC 29691
(864)638-4242 phone
(864) 638-4241 fax**

Address to which reimbursements should be mailed: **208 Booker Drive
Walhalla, SC 29691**

Areas to be serviced under this grant:

- a. **Seneca, Walhalla, Westminster, West Union and Salem**
- b. **Population -- approximately 64,472**
- c. **Area descriptions: farmland -- 16.4%, forest -- 69.3%, water-- 8.1%, public land-- 26.9%**
- d. **Square mileage of service area -- 680.63 square miles**

Description of current recycling program: **Oconee County currently has ten (10) Manned Convenience Centers operating twelve (12) hours each day, six (6) days a week, including most holidays. The municipalities of Seneca, Walhalla, Westminster, and West Union have some form of curbside program.**

Oconee County accepts the following items for recycling:

| | | |
|--------------|-------------------------------|------------------------------|
| *aluminum | *glass -- clear, brown, green | *scrap metal/white goods |
| *antifreeze | *mixed paper | *textiles |
| *batteries | *newspaper | *tires |
| *cardboard | *plastic -- HDPE, PET | *used oil & used oil filters |
| *cooking oil | and oil bottles | *yard waste |

They are processed for shipment at our Materials Recovery Facility located on Wells Highway in Seneca, SC.

Description of recycling education efforts: **Oconee County's Education Program includes personal visits to schools, churches, civic organizations, government functions and other gatherings. We use brochures to tell what can be recycled and how to prepare these items. We also distribute coloring books, recycling worksheets, and FYF sheets for children and FYI sheets for adults. An eight (8) minute video that we produced is shown to answer questions and promote reduction, reuse and recycling. We run ads in local newspapers to promote our program and we have used radio spots. All of this, along with personal appearances by Oconee County's recycling mascot, "Chippy Chipmunk" have enabled us to realize significant growth in our recycling program.**

Description of the project for which grant funding is being requested: **We would like to put these grant funds with other funds to purchase a densifier for steel and aluminum cans. The cost estimate is \$30,000.00 for this equipment. Please see descriptive literature attached.**

This project will contribute to the overall success of our solid waste program by **allowing us to process steel cans for recycling. We have had to landfill these up to this point because we have not had the equipment to process them. We project that we could decrease the amount of steel cans being landfill in an amount of sixteen (16) tons annually. This would be in addition to approximately fourteen (14) tons of aluminum recycled annually with this equipment.**

Timetable for the development and implementation of the solid waste management project for the term of the grant:

- **July 1998: Specifications for equipment already prepared, equipment put out for bid, and the bid awarded.**
- **August 1998: Equipment installed and operating.**
- **September 1998: Request reimbursement.**

The following individuals will be involved in the implementation of each phase of the project:

- **Jack M. Hirst, Solid Waste Director - prepare specifications and oversee each phase of this project.**
- **Marianne Dillard, Purchasing Agent - advertise and award bid.**
- **Sandra Smith, Secretary, Solid Waste - prepare requisition and purchase densifier.**
- **Company receiving award - install and train employees in the use of equipment.**
- **Tim White, Material Recovery Facility Supervisor - operate equipment and prepare steel and aluminum for market.**

Anticipated vendor(s) for the steel and aluminum:

**Cumbaa Enterprises, Blountstown, FL
Industrial Metal Processing, Inc., Lyman SC**

DAC 1200 DIRECT CHARGE DENSIFIER FOR STEEL & ALUMINUM CANS

DENS-A-CAN
INTERNATIONAL

DAC 1200 DENSIFIER with optional conveyor/separator

DAC 1200 DENSIFIER without optional conveyor/separator

DENS-A-CAN DAC 1200 densifier is specifically designed to densify *ALUMINUM* and *STEEL* food or beverage containers into high density interlocking biscuits that meet the aluminum and steel industry requirements. The DAC 1200 will also process full beverage containers, trim stock, aerosol cans and like materials.

Along with the high density biscuits, the DAC 1200 will process tin food containers into low density biscuits approved by the refiners. The process of switching from the high density biscuit to the low density biscuit is done by simply turning a switch on the control panel.

Being direct charge makes the DAC 1200 well suited for a surge/storage hopper, in which the DAC 1200 is placed directly beneath a surge hopper. The 1200 may be purchased with an optional separator.

The DAC 1200 has proven itself in large buy back operations and material recovery facilities, and like all DENS-A-CAN equipment, it is simple to operate, highly reliable, and easy to maintain.

"STATE-OF-THE-ART" ENGINEERING:

- Fully automatic with manual override switches.
- Two convenient density setting options from the control panel: one for aluminum, the other for steel cans.
- Automatic biscuit size control, automatically adjusts for whole, mixed, or flat cans.
- Agitator system breaks up can bridging even from the largest of surge hoppers.
- Thermostat controlled heater and self contained cooler/filtration system.
- High and low oil temperature protection.
- Latest electronic and hydraulic controls utilizing tie rod cylinders.
- TEFC motors and sealed electrical enclosures.
- Reinforced heavy duty compression chamber with tongue and groove tracking system eliminates cylinder rod lift.
- Four edged hardened tool steel cutter bar.
- All components are easily accessible with fewer moving parts and sensing components. Wear areas are bolted for ease of service.

The DAC 1200 Direct Charge densifier is designed for the large Buy Back Operation or processor. It's a natural for Curbside Operation - municipalities and independent contractors alike!

LOCATION & DIRECTIONS

11. Describe the project for which grant funding is being requested. Include a complete description of the goods or services being requested and cost estimates for facilities, equipment, education, administrative, contractor and other direct costs (note: cost estimates must match budget pages). **Please include descriptive literature for all equipment requested.**
12. Explain how this project contributes to the overall success of your solid waste program. Specifically, will this project reduce the amount of a materials being landfilled, increase the amount of material being recycled, or decrease the amount of waste material being generated? Please include estimates of tonnages.
13. Provide a timetable for the development and implementation of the solid waste management project for the term of the grant (one year).
14. List separately each individual involved in the implementation of each phase of the project. List each team member and describe his or her area of responsibility (i.e. who is responsible for each phase of the project?)
15. List the anticipated and available markets (names of vendors) or uses for materials collected through the local government recycling programs.

- e. Public information costs may be requested for material that promotes the grantee's program or for educational material that promotes general waste reduction. is eligible. **Copy for all printed material must be preapproved by the office, PRIOR to being printed. The Office reserves the right to deny reimbursement for any material that has not been preapproved.**
 - f. Other direct costs, not to include personnel costs, may be allowable as determined by the grant panel and Solid Waste Advisory Council.
4. Original applications and nine copies may be submitted by mail or in person by 5:00 p.m. on the first Friday in April. Applications postmarked after the application deadline will not be considered.
 5. Applications will be reviewed by a grant panel consisting of DHEC staff and outside technical advisors. Panel recommendations will be presented to the SWAC. The SWAC will vote to approve or disapprove the recommendations.
 6. All existing public recycling infrastructure shall be fully used to the extent possible when planning and implementing the local government or region solid waste management programs. Funds shall not be used for duplicating existing public recycling programs unless the applicant demonstrates that such existing programs cannot be integrated into the planned solid waste management programs or recycling education programs.
 7. All recycling projects must be consistent with the county or region plan.
 8. All facilities constructed, equipment purchased and educational material produced with grant funds must credit the DHEC Office of Solid Waste Reduction and Recycling Grant Program and be preapproved by the Office.
 9. Grant awards are made for one fiscal year.
 10. The grantees shall not provide any DHEC grant funds to private sector recycling programs unless specifically contracting for goods or services.
 11. Applicants shall provide the Office with a copy of any new or revised recycling technology accomplished as a direct or indirect result of the grant.
 12. Revenues generated from the project, including interest, must be reinvested in the project.
 13. Local governments must have submitted the appropriate reports as required under the guidelines of the Solid Waste Policy and Management Act of 1991 to participate in the program. Specifically, the county must have submitted to DHEC a complete Solid Waste

I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief such information is true, accurate and complete. I further certify that I possess the authority to apply for this grant on behalf of the applicant.

Management Plan, an annual report, a full cost disclosure report and annual oil report.

14. Office staff may perform site inspections at any time during the term of the grant. The inspection will be conducted during regular business hours and with 24-hour notification to the Grantee.
15. The Office shall have the right to terminate a grant award and demand refund of grant funds for non-compliance with federal, state or local regulations, the terms of the grant award or these guidelines. The Office shall declare the local government or region ineligible for further participation in the program until the local government or region complies with the regulations, the terms of the grant award or these guidelines.
16. Aggrieved parties may apply within 30 days of the decision to the SWAC for a review of that decision. Within 45 days of the original grant decision, the Office will inform the aggrieved party of the hearing date, place and time. Within 60 days the SWAC will render a final decision.

Grant Guidelines

1999 Solid Waste Reduction Grant Program

1. Grants shall not be provided to any local government, region or local government that does not demonstrate a good faith effort to meet the requirements of the Solid Waste Policy and Management Act of 1991.
2. Solid Waste Management Grants are made available to:
 - a. Any county in South Carolina. The maximum amount awarded shall be determined by population.
 - b. Any local government that provides solid waste services. Local governments must submit a verification statement signed by a county official verifying that the host county has reviewed the application.
 - c. Regional applications may be submitted by any group of counties or local governments that has submitted to DHEC a regional solid waste management plan.
3. Solid Waste Management grants are to be used to promote recycling, volume source reduction, composting and market development for recyclable materials.
Solid Waste Management grants may be used to fund:
 - a. Collection, transportation and processing equipment. Project must directly promote source reduction and/or recycling. Implementation of project must meet all federal, state and local regulations.
 - b. Construction of, or improvements to, facilities to include Materials Recovery Facilities, sorting facilities and convenience centers. Facility construction will include buildings, paving, fencing, signs, lighting/electricity, etc. Facilities must meet all federal, state and local regulations and be directly related to source reduction and/or recycling.
 - c. Contractual costs. Contractual costs for one-time only services are allowable, provided the project itself is approved. The first year of a recurring cost may be allowable if future funding from other sources can be assured.
 - d. Travel. Up to \$500 may be requested by the recycling coordinator or other solid waste management personnel for travel to conferences or seminars related to solid waste reduction. Travel must be preapproved.

DAC 1200

HIGH CAPACITY Direct Charge DENSIFIER

DENS-A-CAN built the first commercially operated aluminum can densifier in 1981. In 1984, DENS-A-CAN engineered and marketed the original *Direct Charge* Densifier. Models DAC 300 and 500.

In 1990 DENS-A-CAN introduced the DAC 1200 a specially designed *Direct Charge* Densifier for processing food tin/steel cans in two distinct densities: one for remelt, the other for detinning. This is in addition to its typical function of producing premium priced aluminum biscuits that meet Alcoa's specifications. This densifier has been the choice for many municipalities, material recovery facilities and larger buy back operations.

SPECIFICATIONS

Description:

The DAC 1200 is fully automatic and will run continuously as long as cans are being fed. It features an automatic shut-off when empty.

Direct Charge is the processing of cans without the need for any preprocessing like pre-weighing. The DAC 1200, like all DENS-A-CAN densifiers, can be placed directly beneath a surge storage system. Can bridging is eliminated by the use of an agitator. The agitator rotates when the single compression ram is retracting, the rotating agitator breaks bridging and forces the cans into the compression chamber. Biscuit size and density are determined by a specifically engineered system that consists of a minimal four sensors. This system has proven itself in the dirty and harsh environment of material recovery facilities.

The DAC 1200 features two pressure settings that can be selected by turning the switch at the control panel. The High Setting is for densifying aluminum or steel cans for remelting. The Low Setting is for compacting steel cans for detinning or lighter weight biscuits for remelting.

All service areas of the DAC 1200 have ample access to them. All Wear components are bolted and designed for easy replacement.

|--------------------------|----------|---------------|---------|
| Capacity in pounds/hour: | Aluminum | Aluminum Flat | Ferrous |
| Up to | 1200 | 2000 | 2500 |

Biscuit Description:

Typical Size: 11"x13"x9" with integral banding grooves.

Weight and density of typical biscuit:

Aluminum cans - 32/34 lbs. each or 42/46 lbs./cu. ft. typical

Ferrous cans - 60/70 lbs. each or 81/93 lbs./cu. ft. typical, high density

Ferrous cans - 40 lbs. each or 53 lbs./cu. ft. typical, low density

Banded Bundle typical size and weight:

96 biscuits, 44"x52"x54", no skid or pallet needed.

Aluminum beverage cans - 3072 pounds

Ferrous cans - 6720 pounds high density

Ferrous cans - 3840 pounds low density

Standard Power: 20 HP, 240 V, 3-phase, 70 amps, or 480 V, 3-phase, 35 amps.

Options: 208 V, 3-phase, 70 amps, or 575 V, 3-phase, 30 amps.

Other Specifications:

Thermostat controlled heater and self-contained cooler/filtration standard.

Available with or without conveyor/magnetic head pulley.

Weight in pounds: with conveyor without conveyor

4460 4160

Hydraulic Reservoir Capacity - 90 Gallons

Specifications subject to change without notice. Shipped FOB Greensburg PA.

NOTICE

TO: Solid Waste Recycling Grant Applicants
FROM: Jana White
RE: Solid Waste Grants
DATE: January 30, 1998

Regulations dictate that Solid Waste Recycling Grants be distributed according to population. Enclosed is a grant application including a population chart showing the amounts for which counties are eligible. Municipal governments that provide solid waste services may apply, however, their portion is deducted from the amount available to the county.

Solid Waste Management grants are to be used to promote recycling, volume source reduction, composting and market development for recyclable materials.

Solid Waste Management grants may be used to fund:

- a. Collection, transportation and processing equipment.
- b. Facility improvement or construction to include Materials Recovery Facilities, sorting facilities and convenience centers.
- c. Contractual costs for one-time only services.
- d. Travel for authorized personnel to recycling related events.
- e. Public information costs.

TALBERT & BRIGHT

March 19, 1998

Mr. Marion E. Lyles, Airport Manager
Oconee County Airport Commission
Oconee County Airport
365 Airport Road
Seneca, SC 29678

RE: Clemson-Oconee County Airport
Airfield Pavement Rehabilitation/Strengthening
TBI No. M3401-F

Dear Marion:

As we have discussed, I recently had a lengthy meeting with Paul Werts regarding the condition of the existing airfield pavement at your facility. It is my and Paul's belief, from visual inspection, that your airfield pavement is in dire need of rehabilitation/strengthening. This, of course, is not a surprise and has been forecast for several years.

Paul has recommended that we obtain the services of a geotechnical laboratory to obtain pavement cores and additional subsurface information to determine the existing pavement condition/strength and the extent of rehabilitation/strengthening needed. We have obtained an estimate from Geotechnologies, Inc., for \$4,800 for this effort and Request your approval to proceed with this. Geotechnologies, Inc., is very familiar with the Clemson-Oconee County Airport, as well as it's soil and pavement conditions and we feel will provide the most comprehensive pavement analysis.

Upon completion and receipt of the results of the field investigation, Talbert & Bright, Inc., shall prepare a detailed FAA Preapplication for Federal Assistance (at no cost to Oconee County) for submission to the FAA and SCDOA for their funding consideration. Please call if you have any questions and I look forward to hearing from you.

Yours truly,

J.T. Talbert, III, P.E.

Mr. Tommy Abbott
Chairman, Oconee Planning Commission
208 Booker Drive, Walhalla, S.C. 29691

Dear Mr. Abbott,

Due to my election to the City Council of Seneca, I feel that I should resign my seat as a member of the Oconee County Planning Commission representing County Council District 3, effective March 16, 1998.

I have enjoyed working with you, Mr. Boggs, Mr. Honea, Mr. Nelson, Ms. Allen and Commission secretary Kathy Lusk.

I believe that there are no finer people in Oconee County than you all. I know that you all will continue to do the important work of the Planning Commission and I pledge my support for your activities. God Bless all of you.

Sincerely Yours,

Ernest M. Riley
