## GOOD CONVENIENCE CENTERS

- We have some convenience centers that are well operated for the convenience of the public. These next two photos show examples.

## Old Clemson Salem Convenience Center

Multiple containers. Several can  
unload at SAME time.

## Old Clemson MCC

Seven folks can unload at SAME  
time - Old Clemson MCC

## A POORLY OPERATED CENTER

- These next slides show an example of a convenience center which is not operated for public convenience.

## Long line of cars for available space

Let's see now. How difficult and time consuming can we make this place work? Cars lined up, fuel wasted, time wasted.

### Multiple parking close to dumpster not in use

Note the MULTIPLE close to dumpster, spaces NOT being utilized.  
I'll guess Mr Moulder don't have covered parking at H/S office.

### Does it take two to watch trash?

Does it REALLY take TWO attendants to watch the trash? How come the OTHER guy don't have a stool to sit around on?
