ADDENDUM NO. 2

Quote NO. RFQ 22-103Q

Loader Bucket

Quote Due: October 18, 2022 @ 2:00PM

This Addendum #2 includes answers to the following question(s) and/or clarification(s) from Oconee County. **A signed copy of this Addendum #2 must also be submitted with your quote.**

Question 1: The request is for a general purpose loader bucket but then also requests bolt-on skid shoes, which are not normally a component associated with loader buckets. Does the end user possibly mean bolt-on heel plates instead?

Answer 1: Bolt-on heel plates are acceptable in the place of skid shoes.

Question 2: Do the Kawasaki 95Z and Hitachi ZW370-6 have quick couplers? If so, are they OEM or aftermarket? If they are aftermarket, please provide the make/model# of the coupler.

Answer 2: The bucket must be a pin style bucket. No wheel loader at the quarry is equipped with any quick couplers.
