WRECKER SERVICE

Oconee County wishes to enter into a contract for wrecker services for a period of one year, with the option to renew for two additional one-year periods, based upon mutual agreement of the vendor and the County administration.

Bidders shall have wreckers available 24 hours a day. Response time shall be within one hour after call is placed, unless extenuating circumstances exist. Driver(s) shall be familiar with all roads within the county so as to be able to respond to a call without delay. All drivers shall possess a valid CDL license.

Price for towing shall be inside Oconee County and quoted as follows:

1. Small Duty - Cars, pickups and vans up to Ford F-350 or equivalent.
2. Medium Duty - Ford F-450 (Superduty) up to F-800 or equivalent.
Except fire trucks, which will need the heavy duty wrecker.
3. Heavy Duty - Ford F-800 to LNT9000 or equivalent.
4. Cost of second wrecker to assist on larger vehicles, as needed in special situations.

Price shall be based per tow, for up to three (3) hours of time, if needed.

Basis of award shall be to the lowest overall responsible, responsive bidder based on last year's towing records.

Out of the county tows shall be negotiated on a case-by-case basis.

In the event of tie bids, the bidders involved will be notified and given an opportunity to rebid. If there still remains a tie, award will be based on past performance of bidder, size of fleet and with respect to their responsiveness to the County's needs. Please state the number of wreckers in your fleet.

In situations where the drive shaft must be removed from the vehicle before it can be towed, the vendor shall be responsible for removal. Additional charge of \$30.00 to pull drive shaft

when necessary.
Vendor shall have capability to tow a vehicle from the rear in situations where the vehicle cannot be towed from the front. This would most likely occur in fire apparatus vehicles where there may be drive train or differential problems. Most fire apparatus vehicles cannot be towed from the rear except by the rear axle.

Dear Ms. Bowers:

The South Carolina Migrant Health Program is currently planning for the 1997-1998 agricultural season. You have previously served as a contract provider for the program and we hope you will continue to do so. Therefore, a contract is enclosed for your review, approval and signature.

The amount of funds available for your services this year, based upon our grant request, is \$100.00. Should there be a difference between this amount and the monies allotted in our notice of grant award, you will be notified.

As in previous years, contracts are not official and binding nor is the effective start date (April 1, 1997) of contract activity confirmed until the contracts are signed by the Deputy Commissioner for Administrative Services or Contract Specialist. To expedite the process, we request that you return your signed contract to this office no later than **February 20, 1997.**

Once the contract is completed and the season underway, we ask that you assist us in tracking your expenses in order to avoid exceeding the available resources. At least monthly billing of our program is expected and we will notify you when you have billed for 50% of your allocated funds. This monitoring and communication enables us to make any necessary adjustments to ensure that money is available to meet your needs.

We appreciate the commitment you have shown to serving migrant and seasonal farmworkers and their families, and we look forward to working with you again. If you have any questions or need further information, please call Cassandra M. Myers, our Business Associate at (803) 734-5800.

DATE: February 25, 1997
TO: Mr. Harrison Orr, Supervisor/Chairman

SUBJECT: Proposed Revised Fee Schedule

As it is the responsibility of the PRT Commission to advise Council on fees and charges, the following proposed fees for the 1997 season are respectfully submitted:

<u>Camping</u>	<u>Present</u>	<u>Proposed</u>
Senior Citizen/Handicap	\$ 7.00	\$ 10.00
Regular Rate	10.00	13.00
*Chau Ram would remain at present rate.		
<u>Shelter Rental</u>		
Less than 50 people	\$ 15.00	\$ 20.00
Over 50 people	30.00	40.00
<u>Recreation Building</u>		
1 - 50 people	\$ 30.00	\$ 35.00
51 - 75	50.00	55.00
76 - 100	75.00	80.00
101 - 150	105.00	110.00
151 - 200	150.00	175.00
201 - 300	250.00	275.00
301+ All Day Only	400.00	450.00
<u>Parking Fee</u>		
Daily	\$ 0.00	\$ 2.00
Daily w/trailer, bus, RV	0.00	3.00
Season pass (In county resident)	0.00	15.00
Season pass (Out of county)	0.00	20.00

The fees presented are well within market value and are actually less than most of our competition. The only new fee is for parking. This would be collected during peak use hours on Friday, Saturday and Sunday only, between Memorial Weekend and Labor Day Weekend. We have requested funds for a gatehouse and attendant for South Cove. At High Falls we would use an envelope "honor box system" enforced by our normal regular patrols. Both parks would use hangtags. Chau Ram would not be involved in this program at present.

This system would not only tap into a new revenue source, it would also help control traffic and use patterns (i.e. cruising at South Cove, move more rentals into weekdays to ease crowded parking areas, etc.). Presently a major part of our maintenance and patrol activity involves day use areas which do not contribute to our revenue. This would more equally distribute the fee structure among all park visitors.

If there are any questions, or if I can be of any assistance, please do not hesitate to contact me.

SUBJECT: Park Code Enforcement Officer Appointment

The subject of Park Code Enforcement Authority has been on hold for over a year. It is now time to again request that you take action to appoint the director, Park Superintendents, and Park Rangers as Code Enforcement Officers under the enabling legislation of State Code 4-9-145. (Refer to letter dated October 18, 1995 - Attached.) My request is the same and is just as necessary, if not more so. All previous questions or concerns have been investigated and/or answered.

I again urgently request that this matter be given your utmost attention so that we may have a program in place for the 1997 camping season. I thank you in advance for your consideration and if I can answer any questions or be of any assistance, please do not hesitate to contact me.

SUBJECT: Code Enforcement Officer Authority for Park Employees

I have researched the subject of law enforcement capabilities for park use for the past four years. As a result, and as it is a necessary function of our jobs, I am now respectfully making a request of the County Supervisor and County Council to designate the PRT Director, Park Superintendents, and Park Rangers as Code Enforcement Officers under the enabling legislation of State Code 4-9-145 "Enforcement officers; appointment; unlimited number; powers and duties." This would allow us to do our jobs in a much more professional and efficient manner without the "bluffing" and "threat" tactics we currently are forced to use to gain compliance. It is my opinion now, and always has been, that on-site law enforcement capability, in the form of the park employee, is the best deterrent to illicit or illegal activity or violations of rules and regulations.

Our designation as Code Enforcement Officers would not only greatly help our efficiency, but also that of the Sheriff's Department, which regularly has to make visits to the parks for very minor offenses that could have been handled just as effectively, if not more so, by the on-site Park Official. Training, while not mandatory, is available at no cost from the South Carolina Criminal Justice Academy. This two week course is the same one used by the S. C. State Parks personnel.

I have support for this project from both the County Attorney and Sheriff. I urgently request that this issue be given your utmost attention and consideration as it is of great importance to both park visitor and employee alike. If I can answer any questions, or be of any assistance, please do not hesitate to contact me.

Sincerely,

A business license tax ordinance was not invalid on the ground that S.C. Editor's Note—

1988 Act No. 365, Part II, § 1, provides as follows:

"The General Assembly finds that numerous changes have been made at the local levels of government in South Carolina since the early part of this century. New laws have been enacted, technological progress has been made, and the art of accounting has changed, all of which have impacted upon the reporting requirements of the local governments as well as the State. Many of the laws pertaining to property tax and local financial reporting procedures existing prior to Home Rule have become archaic, irrelevant, and cumbersome since their enactment early in this century. Many of these laws now foster inefficiency, duplication of effort, and a waste of resources. The purpose of this part is to amend and repeal those statutes as necessary in order to eliminate unnecessary procedures and reports, to eliminate waste associated with the duplication of effort, and to provide for more pertinent data from those reports found to be necessary."

Effect of Amendment—

The 1988 amendment made grammatical changes, and added the last sentence, relating to a copy of the report of audit being submitted to the Comptroller General.
