Program Narrative Oconee County Regional Airport

The Oconee County Regional Airport is an integral part of the local economy. Many of the local businesses and industries utilize the current airport facilities. However, there are many others that cannot use the existing facility due to length of runway, pavement strength, limited approach, etc. The projects included in this application begin to address these issues and provide vital improvements necessary to help make our Airport a success. The projects included in this preapplication will include the Construction for Runway 7-25 Overlay, Widening, and Extension, and Apron Rehabilitation and Overlay; and Runway 7-25 Safety Area Improvements. Plans and specifications for these projects have been completed under a previous grant and are ready to bid. The need for these projects has been previously documented. These construction projects will enable us to improve our service to our clients and provide a safer operating environment for aircraft utilizing our facilities. The projects included are as follows:

Runway 7-25 Safety Area Improvements

Project includes all necessary grading to bring existing/proposed Runway Safety Areas into full compliance of the applicable regulations. The project addresses safety/grading issues at both ends of the runway.

Runway Overlay, Widening, and Extension

Project includes widening and extending the current runway to 4,400' x 100'. The existing runway is being lengthened by 244' and widened by 25' and will receive a nominal 3" overlay. This project will bring the existing runway strength up to 30,000 pounds.

Apron Rehabilitation and Overlay

Project involves the reconstruction of the original apron located directly in front of the terminal building and an overlay of the apron area located to the east of the terminal building. The reconstructed section will provide a pavement strength of 60,000 pounds, and the overlaid apron will provide a pavement strength of 30,000 pounds.

Oconee County
County Administrator

Dear Administrator:

Please find enclosed a "Memorandum of Agreement," for the secure detention in the Department of Juvenile Justice's Juvenile Detention Center of juveniles who commit crimes within the unincorporated areas of your county. If signed, this Agreement will be effective on March 15, 2000 and will continue through the end of FY 1999-2000 (June 30, 2000).

For this period, the "per diem" charge to local governmental entities for use of our facility will be \$76.18 per day. This fee constituting two-thirds the daily cost of operating DJJ's Detention Center for FY 98-99 at an average daily population of 104 juveniles. While this is an increase over the previous per diem charge of \$63.39 per day (which had been the per diem charged for the past year), any increase to your budgets should be partially offset by changing the way local entities are billed for the cost of outside medical services provided to detained youth. These expenses are now being incorporated into the overall operating costs for our facility. Formally these expenses were billed back to local entities as these costs were incurred.

As always, this Agreement, if signed, will not cost you anything unless you choose to, or are ordered to, securely detain a juvenile, while awaiting trial or sentencing.

In order to avoid any last minute confusion, please have the enclosed contract signed and returned to the Department of Juvenile Justice, Attention: Mr. Aaron B. McCorkle, Jr., Facility Administrator, by March 1, 2000.

It is my hope that all local entities that wish to utilize our Detention facility will enter into contracts with us, as well as keep their accounts current, and that in doing so we will all benefit from a more efficient and effective operation of this State's juvenile detention system.

Sincerely,

A handwritten signature in cursive script that reads "Gina E. Wood".

This fee constituting 2/3rds the daily cost of operation of DJJ's Detention Center for FY 98-99 based upon an average daily population, over that period, of 104 juveniles. MEMORANDUM OF AGREEMENT

9. DJJ's Juvenile Detention Center shall have the right to refuse admission when a juvenile is presented for placement without an appropriate detention order signed by the Court or detention referral papers, completed and signed by a DJJ employee or screening agent. DJJ's Juvenile Detention Center shall also have the right to refuse admission when a juvenile is deemed inappropriate by the Center for placement due to psychological/psychiatric problems, age, history, not meeting referral/admissions criteria, indications of alcohol or other drug intoxication, or for any other reason which puts the Center at risk, should such a juvenile be accepted.
10. Either party may cancel this Agreement upon thirty (30) days written notice.
