Re: 2000-2001 Sewer Commission Budget

Dear Mr. Orr:

Attached find a copy of the Oconee County Sewer Commission's Proposed 2000-2001 budget for your review. This budget should be approved by the Sewer Commission at the June 5, 2000 meeting. We plan to present this budget at the County Council meeting on June 6, 2000.

Please note that:

- A) The total budget is down \$1,546,361 overall, below the 1999-00 approved budget.
- B) The Commission plans to transfer \$381,580 from Gross Revenue reserves to the revenue side of this budget.
- C) The Contingency Fund will remain at \$95,000 for 2000-2001.
- D) The user fee to the cities is projected to decrease by \$9,241 for 2000-2001.

The Sewer Commission requests that County Council approve the proposed 2000-2001 budget; and with this approval, allow the Sewer Commission to make adjustments to line items and transfer from Contingency within the total budget. (Tim Cain letter attached.)

Please review this information; and if you have questions or comments, please call.

Sincerely,

Howard S. Adams
Commission Chairman

Re: Request For Opinion

Dear Bob:

This letter is in response to your request for a written opinion concerning whether or not the Sewer Commission is authorized to make reappropriations between line items in order to keep line items from exceeding their allocated amounts.

Your attention is invited to Oconee County Ordinance No. 78-2, which provides for the creation of the Oconee County Sewer Commission. Section 5(b) of this Ordinance states that "the Commission shall be charged with the responsibility of operating the facilities of the Oconee County Wastewater Treatment Program." This section goes on to state that "the Commission shall prepare or cause to be prepared, annually, a budget for the operation of the facilities and of the program, and shall provide Oconee County Council and each of the major users with a copy of such proposed budget in compliance with the contract entered into between the County and the three municipal major users. The Commission will hire the necessary personnel to operate the system, PROVIDED, HOWEVER, all acts of the Commission contractually binding on Oconee County and involving the expenditure of funds and the hiring of personnel shall be subject to review and approval by Oconee County Council.

Enclosed please find a copy of the relevant portions of the Minutes of the October 5, 1993 Meeting of the Oconee County Council which indicates that the Oconee County Council, by a vote of four to one approved the request of the Sewer Commission that the Commission be given authorization to transfer money from the contingency fund within the Sewer Commission Budget when needed and that the Commission be given the authorization to make reappropriations between line items in order to keep line items from exceeding their allocated amounts.

Mr. Robert C. Winchester
April 12, 1994
Page 2

In this regard, inasmuch as the County Council has reviewed and approved the request, I have no objection to the Commission making reappropriations between line items in order to keep line items from exceeding their allocated amounts. However, any changes in the budget must be sent to the Oconee County Council and should also be sent to the Municipalities.

The approval by Council may only apply to the particular budget year in question, which I understand is fiscal year 1993-1994, therefore authorization for such transfer would only extend to that particular budget.

I trust this information sufficiently addresses your inquiry, however if additional information is needed, please do not hesitate to call upon me.

Thanking you for your attention to these matters, I remain,

Sincerely,

FEDDER & CAIN

**STATE OF SOUTH CAROLINA
COUNTY OF OCONEE
RESOLUTION 2000-07**

WHEREAS, Oconee County adopted Ordinance 97-3, "AN ORDINANCE GRANTING A CABLE TELEVISION FRANCHISE TO NORTHLAND CABLE TELEVISION, INC. ITS SUCCESSORS AND ASSIGNS, TO OPERATE AND MAINTAIN A CABLE TELEVISION SYSTEM IN THE COUNTY; SETTING FORTH CONDITIONS ACCOMPANYING THE GRANT OF THE FRANCHISE; PROVIDING FOR THE COUNTY REGULATION AND USE OF THE CABLE SYSTEM; AND PRESCRIBING PENALTIES FOR VIOLATION OF THE FRANCHISE PROVISIONS" on third and final reading April 1, 1997; and

WHEREAS, Section 6(D) of said Ordinance states: "The Grantee shall maintain, and by its acceptance of this Franchise specifically agrees to maintain throughout the term of this Franchise a surety bond from a reputable company to the County in the amount of Twenty Thousand Dollars (\$20,000) conditioned that the Grantee shall well and truly observe, fulfill and perform each term and condition of this Franchise and that in the case of any breach of condition, then there shall be recoverable, jointly and severally from the principal and surety, any damage or loss or costs suffered or incurred by the County as a result thereof, including lost revenues of the County approximately resulting from the failure to well and faithfully observe and perform any provision of this Franchise. The Grantee may be released from the within obligation to maintain a surety bond by approval of the County Council by resolution after a period of three (3) years upon reasonable proof to said Council that performance has been completed. Such termination shall not be unreasonably withheld."

NOW THEREFORE, BE IT RESOLVED THIS DATE, that the Oconee County Council, with a quorum present and voting does hereby adopt this Resolution waiving the surety bond requirement as requested by Northland Cable Television.

Re: Northland Cable Surety Bond

Distinguished Council Members,

Examining Northland Cable Television focused on three areas.

1. Licensing - Filed in order and current with Federal Communications Commission (FCC).
2. Business standards – In good standing with Better Business Bureau of the Foothills
3. Emergency Broadcast commitments – The communications director has concerns for interrupting service in times of emergencies to broadcast emergency messages. Northland does provide the ability to receive messages via phone line and computer modem to their teleprompter equipment currently. There is additional equipment Northland is considering to enhance these capabilities. Mr. Carr has indicated there is a capital funds meeting this week to review the requests of the Oconee communications director.

We see no overriding reasons why council should not approve Northland Cable's request.

Request The following named Churches + Community Clubs be granted \$50⁰⁰ for each Census Training Session held in their facilities:

FACILITY	NO. OF CLASSES	AMOUNT
CLEVELAND COMM CLUB	2	\$100 ⁰⁰
MOUNTAIN REST COMM CLUB	2	100 ⁰⁰
SALEM COMM CLUB	1	\$50 ⁰⁰
EBENEZER BAPTIST CH.	1	\$50 ⁰⁰
OPEN DOOR BAPTIST CH	1	\$50 ⁰⁰
ST LUKE METHODIST CH	1	\$50 ⁰⁰
FIRST BAPTIST CH	1	50 ⁰⁰
CROSS CREEK BAPTIST CH	6	\$300 ⁰⁰

Please note: Every effort was extended to use public facilities: without the help of the above. The Program would have fell way behind:

Please Present to the Council for a Motion and Vote: If granted: I would like to Delivery the Checks and express Thanks. To the folks. I also held application + meeting at many of the above - - - no Refey is requested for these meetings.

OCONEE CENSUS DAY - - -

I would like for the matter of payment for Mrs Lih Mills be her out of pocket funds for Oconee Census Day 02.23.00. Myself + Mrs Mills attended the Council meeting where as Chuck Timm's recommended Oconee hold a Census Awareness Day. It was to be a joint effort between the Census Bureau + the County, and city Partnership Committees. Well Myself + Mrs Mills expended at least 100 man hours that we were not paid for, to have a good program. It was first class, however, the County, City and other Partnership Committees, could not find the time to attend and share in the work efforts.

The only bit of work I observed by any Partnership person was, Chuck Timm's, ^{did} go and remove a 20 pound container of Banana Pudding from my Truck and place it on the eating table.

The comments that we thought you were only going to spend about \$50⁰⁰ is useless: what could you do with \$50⁰⁰? The Coke was over 50 Bucks, but it was donated: To date I have seen 1 only 1 vehicle with Count me in Oconee SC. Sticker on its bumper: Mrs Mills should be ~~see~~ reimbursed for her expenses. and granted a hearty Thank you.

Oconee was no 1 in mail in response in the state; also is will probably be 1st in completing the non. Responses: Every Training session, and meeting we attended stressed why Census, and the importance in making in the forms - Please Present To Councils Just advise if we can effect payment or not.

Candidate For County Supervisor

Thoughts on the Water Festival Boat Races

In February, we unanimously approved an ATAX Commission request to approve funds for the boat races proposed by the Seneca Chamber of Commerce. We have approved ATAX recommendations routinely over the years, without controversy, as investments to promote local tourism.

Maybe we should have seen the potential for the current controversy, but we didn't. Opposition from lake-shore residents and others has raised concerns that the races may cause such things as shoreline damage, adding to the litter problem and ruining the peace and quiet of residents.

On the other hand, with our February approval of ATAX funds, the Seneca Chamber of Commerce went ahead with their Water Festival plans, and proceeded to make boat race commitments that if broken will raise concerns about the financial viability of the entire event.

I understand and sympathize with the concerns on both sides, but I have not seen enough evidence from either side to make an obvious decision. This being the case, I think a reasonable course of action is:

- Our original approval of ATAX funds should be allowed to stand and the boat races should be allowed to proceed, on a one-time trial basis, and with the condition that the Chamber of Commerce agree to provide us with a full report on the results and impacts of the event, including independent input from neighboring residents.
- To ensure better decisions in the future, I am proposing that we develop and adopt a county ordinance that sets up a formal application and approval process for any public or private boating event to be based at a county park, and which includes provision for a formal public hearing before any application can be approved or denied by County Council.
- Before 1997, ATAX proposals involving county park uses were always reviewed by the PRT Commission. Its members all resigned when our Supervisor eliminated the Parks Director position. We need to refill the Parks Director position and reinstate the PRT Commission, which will also help avoid future surprises.

I am personally committed both to maintaining the quality of life on Lake Keowee and to allowing reasonable recreational use. It's not always easy to strike the proper balance, but I will always do my best.

MEMORANDUM

TO: County Directors/Coordinators
FROM: *Ron Osborne*
Ron Osborne, Chief, Response & Recovery
DATE: May 12, 2000
SUBJECT: FY 2001 Hazardous Materials Emergency Planning (HMEP) Planning and Training Grant Application Package

Enclosed is your copy of the FY 2001 HMEP Grant Application Package. The federally sponsored HMEP grant program forms the funding basis for HazMat training classes held in county locations, Local Emergency Planning Committee (LEPC) Planning Grant awards, and Training Grants for county HazMat self-training.

As in past years, the process requires completing the enclosed application package and submitting it to SCEPD by the stated deadline if you desire to participate in the program. Those applications received by June 12, 2000, will receive consideration for full funding. Any applications received after this date will be considered only after all previous requests have been funded.

Changes for this year include:

- 1.) We expect a 48% increase in grant funding which will enable a greater number of Special Project and HazMat training request approvals.
- 2.) We are deleting the Program Implementation sub-program of the Planning Grant section. This \$300.00 stipend was originally intended as "seed money" to encourage dormant LEPCs to re-activate, or to provide funds for LEPC postage, supplies, etc. These funds will be available in the Special Projects portion of the grant.

Emergency Preparedness Division
Rutledge Building 1429 Senate Street
Columbia, South Carolina 29201 (803) 734-8020
Fax (803) 734-8062

- 3.) In the past there have been isolated cases where LEPCs had projects approved, but failed to obligate any funds during the grant cycle. This resulted in those funds being returned to US DOT, thereby rendering them unavailable to another deserving LEPC. Any LEPC failing to fully obligate funds for their approved projects will receive lowest funding priority for the next grant cycle.
- 4.) Please insure LEPC obligated funds are applied against approved projects / items. Such actions as purchasing HazMat Team supplies and operational equipment, cable television for the EOC, emergency lights for response vehicles, etc., violates the intent as well as the legal basis of the grant. Therefore, SCEPD will not honor such obligations with HMEP funds. These will be examined on a case by case basis.

This is your county's opportunity to provide valuable Hazardous Materials training for your emergency responders and receive funding for hazardous materials related projects/programs which will enhance your county's HazMat capability. Please review, complete, and submit this package by June 12, 2000, to assure your county's participation. Fax copies are welcome. If you have any questions please call Jon Boettcher, SCEPD HazMat Program Manager at (803) 737-8500, Fax: (803) 737-8570, or E-Mail : jhboettc@epd.state.sc.us.

I. INTRODUCTION

Since 1987, emergency planning has been required under a Federal law entitled the "Emergency Planning and Community Right-to-Know Act," sometimes called EPCRA or Title III of the Superfund Amendments and Reauthorization Act (SARA).

Every South Carolina county established a "Local Emergency Planning Committee (LEPC)" to undertake the emergency planning process and all completed at least an initial emergency plan. Many LEPCs have not been able to maintain their planning process to the extent needed to be fully prepared for all types of hazardous materials emergencies. They have not had adequate financial and technical resources to undertake the detailed data gathering, analysis, and planning needed to ensure adequate preparedness for hazardous materials emergencies. EPCRA emphasizes planning for facilities using hazardous materials but few LEPCs have been able to completely plan for emergencies involving transportation of hazardous materials.

The Hazardous Materials Transportation Act (HMTA), as amended by the Hazardous Materials Transportation Uniform Safety Act of 1990 (HMTUSA), was enacted by the Federal government to improve the emergency planning and emergency response training that is to be done under EPCRA. Specifically, this legislation established a reimbursable grant program that would be funded by fees collected from shippers and carriers of certain hazardous materials. The annual grant program was authorized to run through fiscal year 1999, but U.S. Department of Transportation has received an extension to continue it beyond that initial authorization. During the first annual budget period, the program was known as the HMTUSA Grant Program. For the second budget period, it was renamed the HMTA Grant Program, and since the third budget period it has been named the Hazardous Materials Emergency Preparedness (HMEP) Grant Program. The upcoming budget period will run from October 1, 2000 through September 30, 2001. The grant program is divided into two sub-programs, planning and training. Through the program, LEPCs in South Carolina have an opportunity to obtain financial and technical resources to help renew or enhance their planning process and training activities. Funds are made available on an 80/20 match basis. (Matching funds can be either a hard or soft match.) This booklet explains how these planning and training grants can be used by LEPCs and provides the necessary forms to use when applying for grant funds.

In South Carolina, the HMEP Grant Program is managed by the Emergency Preparedness Division. To give all LEPCs an equal chance to have their projects funded, applications must be received by the Division no later than JUNE 12, 2000. Applications received after that date will be considered on a first come, first served basis only as long as funds are available.

II. PLANNING GRANTS

Planning grants can only be awarded to and be used effectively by LEPCs that are actively attempting to complete their responsibilities under EPCRA. Some LEPCs within the State are more active than others and in the past have received the bulk of the grant funding. Any LEPC that applies for a planning grant and is making a good faith effort to revive/expand its planning program will be considered for funding.

Beginning this grant cycle, the Program Implementation Grant will be discontinued. The intent of that sub-program was to provide "seed money" to any dormant LEPC to encourage re-activation, or to provide a stipend of no more than \$300.00 for active LEPCs to purchase postage, office supplies, etc. Low demand over the past several years has caused this program to lapse. Funds originally earmarked for this area are available in the Special Project portion of this grant program.

LEPCs may propose SPECIAL PROJECT GRANTS to complete or enhance their EPCRA planning. Examples of eligible activities include: 1) Development, improvement, and implementation of emergency plans required under EPCRA, as well as exercises which test the emergency plan; 2) An assessment to determine flow patterns of hazardous materials within a State or between a State and another State; 3) An assessment of the need for a regional hazmat emergency response team; 4) An assessment of local response capabilities; 5) Conduct of emergency response drills and exercises associated with emergency preparedness plans; 6) Provision of technical staff to support the planning effort; 7) Purchase and distribution of HazMat oriented public outreach materials; or 8) Additional activities deemed appropriate and approved by the Grant Administrator. SPECIAL PROJECT GRANTS will be provided for a one year period. NORMALLY, NO EQUIPMENT MAY BE PURCHASED UNDER THIS GRANT OTHER THAN HAZMAT EXERCISE SUPPORT ITEMS. Planning grant funds awarded to LEPCs must be obligated by July 31, 2001, be used for the applied project only, or funds will be returned to EPD to be used for a community awareness project. Also, any LEPC failing to fully obligate funds will receive low funding priority for the next grant cycle.

Attachment P-1 gives examples of projects that could be funded under HMEP Planning Grants. Attachment P-4 gives examples of costs that can be used as a soft match to satisfy the 20% local match requirement.

A SERC/EPD Grant Committee will select LEPCs for Special Projects Grants based on criteria designed to ensure that the projects most needed and beneficial to the state as a whole will be undertaken. Rating criteria include; Impact, Joint Benefit, Priority, Timing, and Cost Effectiveness.

THE HMEP GRANT APPLICATION PACKAGE

III. PLANNING GRANT APPLICATION PROCEDURES

In South Carolina, an LEPC may not receive funds directly from the State; however, a county government can. Therefore, the Emergency Preparedness Division will accept applications for planning grants from the LEPC, but will award funds to the respective county government. If the grant application is approved, the county emergency preparedness coordinator/director will be both the grant representative of the LEPC, and the person directly accountable for the expenditure of the grant funds.

The LEPC and the county coordinator/director should work together to determine which projects qualify for grant funding. Only active LEPCs and LEPCs making a good faith effort to revive/expand their programs are eligible to receive grant funding. For SPECIAL PROJECT GRANTS, complete and submit Attachments P-2 and P-3. LEPCs may request funding FOR ONE OR MORE SPECIAL PROJECTS. SUBMIT A SEPARATE ATTACHMENT P-3 FOR EACH SPECIAL PROJECT.

More than one LEPC can cooperate to conduct a joint planning project. The emergency management coordinator/director from one of the counties involved must assume the complete responsibility for the application and the expenditure of the grant funds.

The application forms should be completed as fully as possible. Assistance with project selection, form completion, or additional reference material is available from your EPD Area Coordinator and/or the HazMat Program Manager. The list of example projects in Attachment P-1 may be helpful.

Send your completed application package to: HAZMAT PROGRAM MANAGER, S.C. EMERGENCY PREPAREDNESS DIVISION, 1100 FISH HATCHERY ROAD, WEST COLUMBIA, SC 29172. Applications received by JUNE 12, 2000 will be considered on an equal basis. Applications received after that date will be considered on a first come, first served basis, as long as funds are available.

IV. TRAINING GRANTS

HMEP HazMat training has been conducted successfully by the S.C. Fire Academy since January 1994 in an on-going program of courses. The list of available courses has been modified from time-to-time. The current list of courses is at Attachment T-2.

Training requested from the S.C. Fire Academy will be presented at the location designated by the LEPC. The only requirements of the LEPC are to provide the facility for the training and a guarantee of at least 15 students per class. COURSES WILL NOT BE HELD IF THERE ARE LESS THAN 15 STUDENTS

THE HMEP GRANT APPLICATION PACKAGE

PRESENT FOR THE TRAINING. If you can not get sufficient students from your own county, you may be able to find additional students in neighboring counties.

In addition, counties may conduct their own training with qualified instructors. Again, COURSES WILL NOT BE APPROVED FOR FUNDING IF THERE ARE LESS THAN 15 STUDENTS PRESENT FOR THE TRAINING.

Both methods are encouraged and will be continued. In either case, an 80/20 match is required. Salaries of non-State employee students will usually satisfy the matching requirement. All courses approved for funding are subject to monitoring by SCEPD to ensure quality control of training. LEPCs that request courses that end up being canceled due to insufficient numbers of students risk having lower priority for future funding.

V. TRAINING GRANT APPLICATION PROCEDURES

Complete and submit Attachment T-1 for training requested from the S.C. Fire Academy. Please list at least two preferred dates for each course requested.

LEPCs may request self-training if they have the facility, instructor, and course materials necessary to conduct the course, or are willing to make all necessary arrangements. Reimbursement will normally be limited to the amount normally charged by the Fire Academy for the same course. Any requests for the International Society of Fire Service Instructors (ISFSI) courses must be handled as self-training. Complete and submit Attachment T-3 for any self-training being requested.

Although most of the training courses are geared toward the fire service, we urge all LEPCs to include law enforcement and medical responders, as well as emergency management staff and public officials in their hazmat awareness and operations level training program. EPD will give priority to requests which include a more varied student audience.

ATTACHMENT P-1: EXAMPLES OF PLANNING GRANT PROJECTS

Special Projects

- 1) Hazard, risk, or vulnerability analysis
- 2) Transportation/commodity flow study
- 3) Capability assessment
- 4) Development/review/update/enhancement of plans and procedures
- 5) Exercise of plans and procedures (some supplies and small equipment items may be purchased with prior approval, however NO operational equipment)
- 6) Survey and assessment of the need for a hazmat response team
- 7) Installation/update of CAMEO software (with prior approval; software now comes under the equipment limitations)
- 8) Development and maintenance of CAMEO databases
- 9) Development/enhancement of hazmat reference library
- 10) Verification survey of Tier II reports
- 11) Expansion of public information effort (e.g. production/distribution of brochures, fact-sheets, booklets, etc.)

NOTE: These suggested activities and projects are considered to be HIGH PRIORITY, but other projects will be given consideration for funding as well.

ATTACHMENT P-3: SPECIAL PROJECT GRANT APPLICATION

TO: HazMat Program Manager, South Carolina Emergency Preparedness Division,
1100 Fish Hatchery Road, West Columbia, SC 29172

FROM: Oconee County LEPC

Describe the Special Project by answering the following questions:

1. Briefly describe the reason a Special Project Grant is needed. What specific problem(s) will the grant funds help to solve? How many jurisdictions and organizations will be helped by the grant?

The grant is needed to defray the costs of planning and disseminating educational information to the public for the Household Hazardous Material Collection Day (HHWD) for Oconee County. This grant will also be used to conduct and critique the collection day. The grant will help to educate the general public about hazardous materials in the household and how to properly dispose of them. The citizens of Oconee County will benefit directly from the grant.

2. What are the work tasks to be included in the project?

The project will be to inform the public about the HHWD and to provide information to the public on how to properly dispose of hazardous household materials. The project will also be used to help defray some of the cost to conduct and critique the Household Hazardous Materials Day.

3. When will the work tasks be started and completed?

Planning will begin in June 2000; work on the project will be completed by November 2000.

4. Who will do the work tasks and why were they selected for the tasks?

Members of the LEPC and Oconee County Solid Waste and members of the various volunteer agencies to include fire, HAZ-MAT, rescue squads and other volunteer organizations, as well as members of the law enforcement, EMS and DHEC were selected to assist with the project and/or improve their expertise.

5. What new work products (reports, plans, maps, etc.) will the special project produce?

N/A

THE HMEP GRANT APPLICATION PACKAGE

Describe the budget for the special project by answering the following questions:

6. How many work hours will be spent on each major work task? (list by major task)

A minimum of 100 work hours will be spent in planning the project. The conduct and critique of the project will take a minimum of 500 work hours.

7. What is the total cost for the special project? \$65,000 (estimated)

8. Give the costs for each of the following (if applicable):

Direct salaries/wages: _____ Travel costs: _____

Personnel benefits: _____ Equipment/supply costs: _____

TOTAL PERSONNEL COSTS: _____

Any other costs: _____ Describe cost: The cost of printing and disseminating educational material to the general public and the cost of conducting the Household HAZ-MAT Collection Day.

9. If equipment and supplies will be purchased, list below the cost for each item:

10. Describe why equipment and supplies need to be purchased for the special project (What impact will denial of the purchase have on the project?):

11. If a contractor will be used in completing the special project, answer the following:

a. Why is a contractor needed: Oconee County does not have the resources or facilities to handle the transportation, storage and disposal of hazardous materials.

b. Who is the contractor and why was he/she selected: Contractor will be selected using standard County Procurement Procedures.

c. What work tasks will the contractor complete: The contractor will collect, categorize, pack and transport hazardous materials for proper disposal.

d. Who will supervise the contractor's work and be responsible for its completion: The Oconee County LEPC and the Oconee Solid Waste Dept.

THE HMEP GRANT APPLICATION PACKAGE

Provide the following information to help the Emergency Preparedness Division determine the priority for this special grant application:

12. Will other LEPCs or other organizations from outside the county participate in the project: and if so, describe their participation:

Representatives from Anderson Bomb Squad will also participate.

13. Will the special project grant funds be combined with other sources of funding, and if so, describe the amount and sources of other funding:

County funds of \$30,000. In addition, certain industries have been requested to donate supplies to help defray costs.

14. Describe how 20% In-Kind match will be met:

Time donated by the LEPC staff and volunteers in the planning and conduct of the project.

IF THE FUNDING REQUESTED HAD TO BE REDUCED:

15. What work tasks or purchases would be the first to be eliminated, reduced or modified:

If funding were reduced, we would look for alternative sources to complete the project.

16. How much would the project cost be decreased by the above modifications:

N/A

17. How much could the project be decreased before it is no longer a valid, worthwhile project:

N/A

TO: HazMat Program Manager, South Carolina Emergency Preparedness Division,
1100 Fish Hatchery Road, West Columbia, SC 29172

FROM: Oconee County LEPC

Describe the Special Project by answering the following questions:

1. Briefly describe the reason a Special Project Grant is needed. What specific problem(s) will the grant funds help to solve? How many jurisdictions and organizations will be helped by the grant? The Oconee County Local Emergency Planning Committee (LEPC) receives no funding for administrative expenses. Grant funds will be used for producing and mailing out of information packets to LEPC members and industries located within Oconee County, primary cost of annual update of the Emergency Operations Plan for Oconee County, publication of the Title III Notice, and other administrative and exercise costs of the LEPC.
2. What are the work tasks to be included in the project?
Same as above.
3. When will the work tasks be started and completed?
October 1, 2000 - September 30, 2001
4. Who will do the work tasks and why were they selected for the tasks?
Members of the LEPC, Rescue Squad and Emergency Prep. volunteers and the Oconee County Emergency Preparedness Agency.
5. What new work products (reports, plans, maps, etc.) will the special project produce?
Updated the Oconee County Emergency Operations Plan

THE HMEP GRANT APPLICATION PACKAGE

GRANT AWARD

Subgrantee: Oconee County
Grant Title: Oconee County Sheriff's Office School Resource Officer
Grant Period: 07/01/00 - 06/30/01 Date of Award: May 19, 2000
Amount of Award: \$38,325 Grant No.: 1F00033

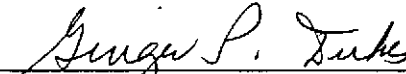

In accordance with the provisions of the Anti-Drug Abuse Act of 1988, Subtitle C - State and Local Narcotics Control and Justice Assistance Improvements of 1988, Public Law 100-690, CFDA No. 16.579 (Federal Formula Grant #2000-DB-MU-0045), and on the basis of the application submitted, the South Carolina Department of Public Safety hereby awards to the foregoing Subgrantee a grant in the federal amount shown above, for the projects specified in the application and within the purposes and categories authorized for Drug Control and System Improvement Program grants.

Payment of Funds: Grant funds will be disbursed to subgrantees (according to the project budget) upon receipt of evidence that funds have been invoiced and products received or that funds have been expended (e.g., invoices, contracts, itemized expenses, etc.). A copy of the Budget Detail Page of the grant application has been attached for the subgrantee's use in completing the Request for Payment/Quarterly Fiscal Report Forms.

The grant shall become effective, as of the date of award, upon return to the Department of Public Safety, Accounting - Grants office. The original signed copy of this form must be signed by the Official Authorized to Sign in the space provided below and returned within thirty (30) days from the above date in accordance with regulations.

Conditions: I certify that I understand and agree to comply with the general and fiscal terms and conditions of this grant including **special conditions**; to comply with provisions of the Act governing these funds and all other federal laws; that all information presented is correct; that there has been appropriate coordination with affected agencies; that I am duly authorized to commit the applicant to these requirements; that costs incurred prior to grant approval may result in the expenses being absorbed by the subgrantee; and that all agencies involved with this project understand that all federal funds are limited to a twelve month period.

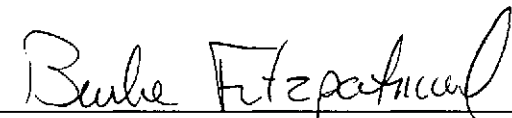

Supplantation: The Act requires that subgrantees provide assurance that subgrant funds will not be used to supplant or replace local or state funds or other resources that would otherwise have been available for law enforcement and/or criminal justice activities. In compliance with that mandate, I certify that the receipt of federal funds through the Office of Justice Programs shall in no way supplant or replace state or local funds or other resources that would have been made available for law enforcement and/or criminal justice activities.

Subject: SCDOA Project No: 00-004 Oconee County Regional Airport

Dear Mr. Orr:

We are pleased to inform you that the South Carolina Department of Commerce, Division of Aeronautics, has approved your Project Application and awarded up to \$26,347.00 for improvements at the Oconee County Regional Airport. This grant represents the state's 50 percent share of eligible funds, and 50 percent local funding of \$26,347.00 with total project costs totaling \$52,694.00.

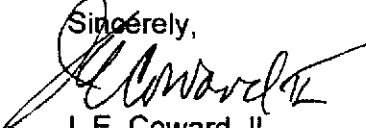

Construct stone base and asphalt surface coarse, pavement markings, and permanent grassing for hangar taxilanes including associated engineering and professional cost affiliated with paving of the taxilanes serving 14 hangar units.

This grant may be used only for the programmed items. Except for necessary project formulation costs, such as planning/engineering cost and acquisition of easements for runway approach integrity, no costs incurred prior to your execution of the grant agreement will be considered eligible for state participation without prior agreement by the Aeronautics Division. This grant was approved based on your representations of local funding availability and your ability to proceed promptly with the project.

Please execute the enclosed grant agreements and return one copy to the Division at your earliest convenience. Note that an Affidavit of Non-Collusion is included in the package. You are to keep these and have them executed by the successful bidders, then transmit them to the Division.

The South Carolina Division of Aeronautics is pleased to have the opportunity to provide this assistance. If we can be of further service, please advise.

Sincerely,

I. E. Coward, II

GRANT AGREEMENT
Part 1 - OFFER

Date of Offer: **May 17, 2000**

DOA Project No. **00-004**

TO: Oconee County Regional Airport
(herein referred to as the "Sponsor")

FROM: The State of South Carolina (acting through the South Carolina Department of Commerce/Division of Aeronautics, herein referred to as the "Division".)

WHEREAS, The Sponsor has submitted to the Division a Project Application dated December 8, 1999, a grant of State Funds for a project for development of the "Oconee County Regional Airport" together with plans and specifications for such a project, which Project Applications, as approved by the Division is hereby incorporated herein and made a part hereof:

and

WHEREAS, the Division has approved a project for development of the Airport ("herein called the "Project") consisting of the following described airport development:

Construct stone base and asphalt surface coarse, pavement markings, and permanent grassing for hangar taxilanes including associated engineering and professional cost affiliated with paving of the taxilanes serving 14 hangar units.

All as more particularly described in the property map and plans and specifications incorporated in the said Project Application:

NOW THEREFORE, pursuant to and for the purposes of carrying out the provisions of this grant and in consideration of (a) the Sponsors adoption and ratification of the acceptance of this offer and agreement, as hereinafter provided, and (b) the benefits to accrue to the State of South Carolina and the public from the accomplishment of the project and the operation and maintenance of the Airport, as herein provided.

THE STATE OF SOUTH CAROLINA ACTING THROUGH THE SOUTH CAROLINA DIVISION OF AERONAUTICS, HEREBY OFFERS AND AGREES to pay, as South Carolina's matching share of the allowable cost incurred in accomplishing the project as per the following schedule:

<u>Funding Source</u>	<u>Percent</u>	<u>Amount</u>
State	50%	\$26,347.00
Federal	0%	\$0.00
Sponsor	50%	\$26,347.00

for a total cost of **\$52,694.00** subject to the following:

1. The maximum obligation of the State of South Carolina payable under this Offer and Agreement shall be: **\$26,347.00*** which all parties to this Agreement understand may be subject to the prior and continuing approval of the South Carolina Budget and Control Board and the General Assembly and its component review committees.
2. The Division reserves the right to amend or withdraw this Offer at any time prior to its binding acceptance by the Sponsor.
3. This Offer shall expire and the State of South Carolina shall not be obligated to pay any of the allowable cost of the Project unless this Offer has been accepted by the Sponsor 60 days from the above date of Offer or such longer time as may be prescribed by the Division in writing.
4. The funds allocated by this Agreement shall be held in escrow for a period of one (1) year after the date of offer. If progress on the described project has not begun at that time, the funds will revert to the Division for reallocation to other worthwhile projects.

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application shall be evidenced by execution of Part II of this Agreement by the Sponsor. The respective obligations under this Grant Agreement shall become effective upon the Sponsor's acceptance of the Offer and shall remain in full force and effect throughout the useful life of the facilities developed under the project but in any event not to exceed twenty years from the date of said acceptance.

PART II - SPONSOR ASSURANCES

1. The Sponsor shall:
 - (a) begin accomplishment of the Project within a reasonable time after acceptance of this Offer, but no later than one year from award of this Offer;
 - (b) carry out and complete the project in accordance with the terms of this agreement, applicable policies of the Division, and applicable statutes, regulations and fiscal policies of the State of South Carolina, and any applicable local ordinances;
 - (c) carry out and complete the project in accordance with the plans and specifications and property map incorporated herein, including any revisions or modifications approved in writing by the Division. Sponsor further agrees to copy the Division as to all construction progress reports, payment applications, and completion documents and related correspondence within ten (10) days of document development or receipt.
 - (d) submit all planning documents to Division for review and approval; and
 - (e) notify the Division, in writing, of any improvements to the airport so that same may be incorporated into the South Carolina Airport System Plan.
2. The Sponsor shall operate and maintain the Airport as provided in the Project Application.
3. Any misrepresentations or omission of a material fact by the Sponsor concerning the Project or the Sponsor's authority or ability to carry out the obligations assumed by the Sponsor in accepting this Offer shall terminate the obligation of the State of South Carolina and it is understood and agreed by the Sponsor in accepting this Offer that if a material fact has been misrepresented or omitted by the Sponsor, the Division of Aeronautics, on behalf of the State of South Carolina, may demand and recover from Sponsor all grant payments made, plus interest at the legal rate prevailing at date of demand.
4. The Sponsor shall maintain the approaches to the airport in compliance with appropriate guidelines set forth in FAA Part 77 or other guidelines approved in writing by the Division. Failure on the part of the Sponsor to take appropriate action to remove any and all obstructions in the approaches may result in withholding of any payment of the funds established by this agreement for the herein described project until such time as the necessary actions are taken.
5. The Sponsor shall maintain property insurance on the project to cover any and all losses. The amount of the coverage shall, at a minimum, be equal to the total cost of the project.
6. The Sponsor's Request for Final Reimbursement must have been received within ninety (90) calendar days after the Final Inspection has been accomplished in order to close out the project in a timely manner.

PART III - ACCEPTANCE

DATE: May 31, 2000
SUBJECT: Application for Matching Funds Under the Volunteer Fire Assistance Program

Please place the attached item on the June 6, 2000 Oconee County Council meeting agenda. It is an application for matching funds under the Volunteer Fire Assistance (VFA) Program.

I understand that policy requires that all grant applications and awards be approved by our Council prior to submission or acceptance. However, I did not receive this application until Friday, May 26, 2000 and, upon my receipt, I discovered that submission had already occurred. We will work toward preventing this error in the future.

SUBJECT: VOLUNTEER FIRE ASSISTANCE MATCHING
FUNDS FOR RURAL FIRE DEPARTMENTS

The South Carolina Forestry Commission is accepting applications for matching funds under the Volunteer Fire Assistance (VFA) program. The deadline for receiving applications is May 31, 2000.

Fire departments serving a rural area or a rural community with a population of 10,000 or less are eligible. Fire departments serving a population greater than 10,000 may qualify as long as the service area includes a rural area or the population of the fire department's jurisdiction is 10,000 or less. The VFA funding must be used only for the benefit of the rural community.

Equipment and supplies which may be purchased under the program include, but are not limited to radios, nozzles, hose, self-contained breathing apparatus, hand tools, personal protective clothing, portable pumps and generators, class A foam delivery equipment and foam concentrate. Items purchased with VFA funding will have an acquisition cost of less than \$5000. Items purchased and records of purchase are subject to being reviewed by federal and state authorities.

When applying for funds, enclose the following:

1. Application: VFA Form 1
2. Fire Department Information Form
3. Map of service area and copy of charter if have not previously applied.

Please do not send copies of invoices. If you are funded, you will be notified when to send invoices. This program is for the period from October 1, 1999, through September 30, 2000.

The deadline for applications is May 31, 2000. Applications should be mailed to:

Re: Transfer request for salary

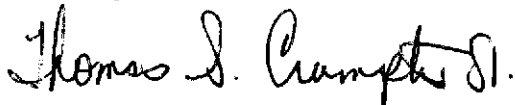

Dear Mr. Orr and Council Members:

I respectfully request that \$3,030.00 be taken from contingency and put into a salary line item in the 1999-2000 Rock Quarry budget.

This has become necessary due to the parole of an inmate laborer who has filled the position of loader operator for the past five (5) years. We depend on this position for daily operations; therefore, we will need to fill this vacancy.

Thank you for your kind consideration of this request.

Sincerely,

Thomas S. Crumpton, Jr., Director
Oconee County Rock Quarry

STATE OF SOUTH CAROLINA

COUNTY OF OCONEE

ORDINANCE 2000-08

WHEREAS, Ordinance 85-2, "OCONEE COUNTY MANUAL OF CENTRALIZED PURCHASING" was adopted on February 5, 1985; and

WHEREAS, this ordinance was amended to increase the dollar limits allowed for purchases and clarify certain procurement procedures on August 4, 1998; and

WHEREAS, it is the desire of Council to amend this ordinance again to include the following sections:

SECTION I:

- A) No current year funding shall be used to supplement purchase orders in encumbrance reserve without approval of County Council
- B) After a bid award, the Purchasing Department shall have no authority to issue change orders to the purchase order/contract in an amount to exceed \$20,000 or twenty percent (20%) of the original award amount, whichever is the lesser amount, without the approval of County Council

SECTION II:

All other terms and provisions of Ordinance 85-2, as amended by Ordinance 98-7 not modified directly or by implication shall likewise remain in full force and effect.

SECTION III:

If any portion of this ordinance shall be held to be invalid by a Court of Competent Jurisdiction, such portion shall be deemed severable and such finding shall not affect the remaining portions of this ordinance.

**STATE OF SOUTH CAROLINA
COUNTY OF OCONEE
RESOLUTION 2000-08**

WHEREAS, students of the Hamilton Career Center in partnership with several industrial sponsors created a robot and entered it into the competition of the 2000 National Robotics Championships; and

WHEREAS, the student team members are: Benny Blackwell, Ashley Burrell, Chris Lamphear, Brett Thompson, Kevin McCurry, Zander Tesolowski and David Moss; and

WHEREAS, the industrial sponsors are Compact Air Products, Duke Power Company, Schlumberger Corporation, Square D Corporation, Torrington Manufacturing Company and Atlanta CAD Services, Inc.; and

WHEREAS, they have named themselves "**Team Oconee's 2000 Crew**" or "**Metal in Motion**"; and

WHEREAS, this alliance placed second in the first Southeastern Regional Robotics Competition at Kennedy Space Center March 9 – 11, 2000 with only one point between them and the winning team; and

WHEREAS, "**2000 Crew**" received the "**Rookie All-Star Award**" in national competition at Walt Disney World's Epcot Center April 5 – 8, 2000 when one hundred, forty teams competed.

NOW THEREFORE, BE IT RESOLVED, in Council duly assembled, this date, that the Official Records and Minutes of the Oconee County Council contain the following as evidenced by the Hand of the Supervisor-Chairman and attest of the Council Clerk:

BE IT KNOWN THAT OCONEE COUNTY COUNCIL RECOGNIZES AND APPRECIATES THE TALENT, INTELLIGENCE, APTITUDE AND INGENUITY SHOWN BY THE STUDENTS OF "2000 CREW".

BE IT FURTHER KNOWN OCONEE COUNTY COUNCIL RECOGNIZES THE IMPORTANCE OF INDUSTRIAL LEADERSHIP IN OUR COUNTY AND EXPRESSES THEIR APPRECIATION TO THE INDUSTRIES WHO PARTICIPATED IN THIS PROJECT. ON BEHALF OF THEMSELVES AND ALL THE CITIZENS OF OCONEE COUNTY, THE OCONEE COUNTY COUNCIL WOULD LIKE TO EXPRESS CONGRATULATIONS TO THESE STUDENTS, THEIR TEACHERS AND SPONSORS.

The Honorable Harrison E. Orr
Supervisor-Chairman
Oconee County Council
415 South Pine Street
Walhalla, SC 29691

Dear Mr. Orr:

Night Life Ave. is a county maintained roadway (WA 95); it is approximately one tenth of a mile in length. It has become a place for illegal dumping of waste, abandoned animals and other illegal activity, two fatalities have occurred on this roadway. Therefore, I am respectfully requesting that Oconee County petition the courts to abandon this roadway. I will contact Mr. Ted Snyder, the other property owner on this roadway and ask him to send you a letter requesting abandonment also.

I will be glad to assist you in any way I can, please do not hesitate to contact me, my address is 711 Coffee Road, Walhalla, SC and my phone number is 864 638 5598.

Sincerely,

George Oakley

George Oakley

ATTN Oconee County Council

I, Doug Queen do hereby request that the road known as Friendship Way (KE 69), be dropped from county maintenance.

Mr. Edward George my adjoining neighbor also agrees to this request and has agreed to sign regarding this matter.

Only three property owners use this road, but it has become more of a nuisance concerning speeding drivers and property damage to land owners because of the thru drive.

My intentions are to close the road at my property line so access to my property across this road will be suitable for a shop I plan to build in the future.

As for the third property owner, the signature that may be required may be obtained by your office concerning Robert & Barbara Jones. Problems concerning these people which continue to exist, and use this road to continually harass myself, wife, and three kids, induce my decision for this action.

This property was purchased by me in 1997. Prior to this action the former owner Cecil Evans bought this property approx. 20 years ago. He has stated that he nor I ever signed any request for the county to maintain this road.

The other property owners have access to their property from Hwy 130. My access will be Nells Way Road.

I believe if this action is granted that it will be better for each property owner and one less road for the county to maintain.

Enclosed is a plat of my property showing this right of way. Please return this with your decision. Even if only my portion of this road can be closed, I would be grateful.

Thank You for your time and effort concerning this action.
