RE: Not exceeding \$8,000,000 Oconee County, South Carolina, General
Obligation Bonds, Series 2000

Dear Brad:

The ordinance as before County Council provides that the Bonds will be dated the first day of the month in which they are issued. Therefore, it will not be necessary to amend the ordinance in the event the Bonds are issued later in 2001 than presently contemplated.

I would suggest, however, that since County Council is now certain that the Courthouse bonds will be issued after the Lila Doyle bonds that County Council amend the Courthouse bond ordinance to provide that all references in this ordinance to Series 2000 shall be changed to Series 2001.

I look forward to seeing you this evening at the County Council meeting.

Sincerely,

Haynsworth, Marion, McKay & Guérard, L.L.P.

RE: Not exceeding \$4,115,000 Oconee County, South Carolina

Dear Brad:

Attached is the amendment to be proposed tonight regarding both the restrictions on subcontracting services at the Lila Doyle facility as well as refinancing bonds or otherwise providing for debt service at such time as Oconee Memorial Hospital's credit improves to investment grade.

As to the contracting of services, I have also added a requirement for a bond counsel opinion that such lease or contract, even if approved by County Council, will not jeopardize the tax-exemption of interest on the bonds. This is a complex area and the Internal Revenue Service continues to issue revenue procedures in this area which address the entity which it is permissible to contract with, the compensation which may be offered, and the duration of any contract.

Please let me know if you have any questions.

Sincerely,

Haynsworth, Marion, McKay & Guérard, L.L.P.

South Carolina To Be Leader In Historic Preservation

"I want South Carolina to be the Nation's leader in historic preservation and heritage tourism."

With these words, Governor Hodges announced the creation of the Governor's Task Force on Historic Preservation and Heritage Tourism. The Task Force is challenged with determining what steps must be taken to make South Carolina number one in historic preservation.

Palmetto Trust President Steve McCrae was named a member of the Governor's Task Force. "The Task Force needs to determine what impediments are hindering South Carolina's preservation movement and assist in coordinating the different preservation programs throughout state government," McCrae said.

Despite the rich heritage of our state and the potential it offers for heritage tourism, South Carolina is losing its historic buildings, structures, and landscapes at an alarming rate. With the rapid, sprawling growth that South Carolina is experiencing, we are witnessing the loss of the state's historic properties to the bulldozer. We are losing countless other historic buildings to neglect, especially in rural areas.

The census gives some indication of this loss. In 1940 there were 458,899 housing units in the state. By 1990 almost 75 percent of these residences were gone, and the rate of loss has increased with each decade. These figures don't take into account all of the commercial buildings, agricultural buildings, public buildings, industrial buildings, and archaeological sites that have been destroyed.

"Historic preservation doesn't

Governor Hodges announces the creation of the Governor's Task Force in March at the State House. Upon the creation of the Task Force, eleven public forums were held across the state to allow citizens to voice their concerns and ideas about historic preservation and heritage tourism to the Task Force members.

just preserve old buildings. It improves the quality of life of our citizens," said Bobby Lyles, chairman of the Governor's Task Force. "Historic preservation makes our communities more attractive, revitalizes our downtowns and neighborhoods, creates new jobs, and increases property values."

According to the South Carolina Department of Parks, Recreation & Tourism, the preservation of South Carolina's historic properties creates a base for heritage tourism. Heritage tourism, which is the fastest growing portion of the state's largest industry, brings 2.7 million visitors to South Carolina annually. They spend \$581 million, which directly impacts 13,570 jobs.

"Heritage Tourism is going to be the driving force of South Carolina's Tourism Industry in the near future," said Buddy Jennings, director of South

Carolina PRT and a Task Force member. "However, if we don't work to preserve our state's historic fabric now, we aren't going to have resources with which to build upon."

The Palmetto Trust, along with the South Carolina Department of Archives and History and South Carolina Parks, Recreation & Tourism, is serving as the staff for the Governor's Task Force.

Chad Lennox, Executive Director of the Palmetto Trust said, "The Task Force is a great opportunity to make preservation a statewide issue. We hope not only to identify the impediments to historic preservation but to raise the awareness of the importance of preservation."

The Governor's Task Force is scheduled to present its recommendations to Governor Hodges in late September.

RE: ROCKY GAP GRANT AGREEMENT

Enclosed is the grant agreement for the Rocky Gap Project with the USFS. Mike Crane will be on the agenda for the Council meeting October 3, 2000 at 7:00. This agreement has been reviewed by Brad Norton.

ORIGINAL

**Challenge Cost-Share Agreement
Between
USDA Forest Service, Sumter National Forest, Andrew Pickens Ranger District
And
Oconee County, South Carolina**

THIS CHALLENGE COST-SHARE AGREEMENT is hereby made and entered into by and between Oconee County, South Carolina hereinafter referred to as the Cooperator (COOP) and the U.S. Department of Agriculture Forest Service, Sumter National Forest, Andrew Pickens Ranger District, hereinafter referred to as the Forest Service (FS), under the provisions of the Interior and Related Agencies Appropriation Act, Pub. L. 102-154.

I. INTRODUCTION

Whetstone Creek has been identified as a significant contributor of sediment to the Chattooga River in Oconee County. It has also been identified as an impaired stream by the State of South Carolina. What this means is that heavy loads of sediment and organic materials are entering the creek and severely impacting the quality of water for human use and watershed health. These conditions exist as a direct result of intensive agricultural uses such as grazing, row-crop production occurring over a large portion of the watershed and to the number of miles of gravel roads used by the public and maintained by the County and the Forest Service.

The Forest Service as an agency is concentrating financial resources in the support of watershed restoration, improved water quality, and road management within National Forests. The Chattooga Watershed has recently been selected as one of twelve watersheds nationwide that will receive monies "off the top" to implement projects that will significantly contribute to improve water quality objectives. Priority will be given to projects that bring partners and other sources of monies together to accomplish these goals in a cooperative relationship. The Whetstone Creek drainage is within the Chattooga River watershed.

The Forest Service and the Cooperator have established this agreement to help one another accomplish mutually beneficial objectives related to restoring water qualities within the Whetstone Creek drainage of the Chattooga River. This will be accomplished through the reconstruction and paving of the Rocky Gap Road and other roads or portions of roads within the Whetstone Creek in Oconee County, South Carolina.

II. MUTUAL AND PUBLIC BENEFITS

Heavily used and maintained gravel roads are the number one contributor of sediment in the Whetstone Creek drainage and in the Chattooga River watershed. Road paving has

been proven to greatly reduce the amount of sediment entering streams from roads. This reduction begins immediately once paving is done and continually through time by eliminating the need for repeated grading and the addition of gravel associated with the maintenance of gravel roads. For example, Rocky Gap road is typically graded five or six times per year with the addition of about 200 tons of gravel. Paving will eliminate the need for this cycle of disturbance and allow scarce road maintenance dollars to be used elsewhere. The Cooperator and the Forest Service are both interested in improving water qualities within the Whetstone Creek drainage and, ultimately, the Chattooga River. This project will allow for these objectives to be met in a manner mutually beneficial to both.

The paving of the Rocky Gap road will significantly reduce sediment loading in Whetstone Creek. The public will benefit from this project through direct improvements in water quality and watershed health, through the benefits of a safer, more desirable driving surface, and through the increased availability of road maintenance dollars needed elsewhere.

III. THE FOREST SERVICE SHALL:

1. Reimburse for Forest Service's proportionate share (100%) of actual and direct expenses incurred for the contractual installation of an asphalt surface, and other materials, stone from Oconee County's Rock Quarry, leased equipment and outsourced services needed for preparation of this road for receipt of the asphalt surface on the Rocky Gap road not to exceed \$350,000 as shown in the incorporated Financial Plan. The Cooperator is approved to submit a lump-sum billing. The Forest Service will make payment for its share of project costs upon receipt of an invoice. Each correct invoice shall display the Cooperator's actual expenditures to date of the invoice (not just the Forest Service share of actual expenditures), displayed by separate cost elements as documented in the Financial Plan, less any other Federal and non-Federal cash contributions and previous Forest Service payments. The invoice should be forwarded as follows:

Send the original to:

Send a copy to:

IV. THE COOPERATOR SHALL:

1. Fund 100% of the in-kind labor and Cooperator owned equipment expenses for preparation of this road for receipt of the asphalt surface on the Rocky Gap road up to \$365,068 as documented in the Financial Plan.
2. Retain any right-of-ways or easements required.
3. Solicit and consider design recommendations provided by Forest Service specialists including engineers, hydrologists, archeologists, and soil scientists.
4. Design, prepare, initiate, advertise, award, and administer all contracts involved in this project.
5. Complete any roadwork, as set forth in section III and IV.1 above, needed prior to the contract paving of the Rocky Gap road.
6. Provide acknowledgment of the Forest Service and the Chattooga River Watershed Restoration Project as a Sponsor of the project in all public announcements and press or media releases.
7. Give the Forest Service or Comptroller General, through any authorized representative, access to and the right to examine all books, papers, or documents related to this agreement.
8. Forward invoices to the Forest Service for their prorated share of actual costs incurred to date, less any previous Forest Service payment(s) made on this agreement to the date of the invoice.

V. IT IS MUTUALLY AGREED AND UNDERSTOOD BY THE FOREST SERVICE AND COOPERATOR

1. The total project price may not exceed \$715,068.
2. The Cooperator will have full oversight authority for all work performed on Rocky Gap Road and adjoining private properties.
3. The Forest Service will be involved in the planning and decision making for the project whenever the outcomes will likely have indirect impacts to National Forest lands or resources.
4. Both parties will arrange for a continuing consultation to discuss the conditions covered by this agreement and agree to actions necessary to implement and further the stated goals of the project.

5. Pursuant to 31 U.S.C. 3716 and 7 CFR Part 3, Subpart B, any monies that are payable or may become payable from the United States under this agreement to any person or legal entity may be subject to administrative offset for the collection of a delinquent debt the person or legal entity owes to the United States. Information on the person's or legal entity's responsibility for a commercial debt or delinquent consumer debt owed the United States shall be disclosed to consumer or commercial credit reporting agencies.
6. Pursuant to 31 U.S.C. 3717 and 7 CFR Part 3, Subpart B, an interest charge shall be assessed on any payment due the Government not made by the payment due date. Interest shall be assessed using the most current rate prescribed by the United States Department of the Treasury Fiscal Requirements Manual (TFRM-6-8020.20). Interest shall accrue from the date the payment was due. In addition, in the event the account becomes delinquent, administrative costs will be assessed. A penalty of 6 percent per year shall be assessed on any payment overdue in excess of 90 days from the payment due date. Payments will be credited on the date received by the designated collection officer or deposit location. If the due date(s) for any of the above payments, fees, or calculation statements falls on a non-workday, the charges shall not apply until the close of business of the next workday.
7. The Cooperator shall have absolute discretion in directing the Cooperator's workforce and the Cooperator shall have absolute discretion in setting the priorities for this in-kind work to be performed by the Cooperator under this agreement, taking into account other work to be performed by the Cooperator outside the scope of this agreement.
8. Modifications within the scope of the agreement shall be made by mutual consent of the parties, by the issuance of a written modification, signed and dated by both parties, prior to any changes being performed. The Forest Service is not obligated to fund any changes not properly approved in advance.
9. Either party(s), in writing, may terminate the agreement in whole, or in part, at any time before the date of expiration. Neither party(s) shall incur any new obligations for the terminated portion of the agreement after the effective date and shall cancel as many obligations as is possible. Full credit shall be allowed for each party's expenses and all non-cancelable obligations properly incurred up to the effective date of termination.
10. The Cooperator shall comply with all Federal statutes relating to nondiscrimination and all applicable requirements of all other Federal laws, executive orders, regulations and policies. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d), which prohibits discrimination on the basis of race, color, handicap, or national origin; (b) Title IX of the Education amendments of 1972, as amended (20 U.S.C. 1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex.

11. This agreement in no way restricts the Forest Service or the Cooperator(s) from participating in similar activities with other public or private agencies, organizations, and individuals.
12. Pursuant to Section 22, Title 41, United States Code, no member of, or Delegate to, Congress shall be admitted to any share or part of this agreement, or any benefits that may arise there from.
13. Nothing herein shall be considered as obligating the Forest Service to expend or as involving the United States in any contract or other obligations for the future payment of money in excess of funding approved and made available for payment under this agreement and modifications thereto.
14. This agreement is executed as of the last date shown below and expires on September 30, 2002, at which time it will be subject to review, renewal, or expiration with the exception that if the road work to be performed by the Cooperator as set forth in paragraph IV.5 is not completed by September 30, 2002, the obligations of both parties as set forth in this Challenge Cost-Share Agreement shall remain in full force and effect.
15. It is recognized that it may not be possible for the Cooperator to begin actions on this project until the beginning of the 2001-2002 fiscal year, which begins July 1, 2001.
16. The Cooperator has the legal authority to enter into this agreement, and the institutional, managerial, and financial capability (including funds sufficient to pay non-Federal share of project costs) to ensure proper planning, management, and completion of the project.
17. Funding in the amount of \$350,000 is currently obligated for performance of this agreement through September 30, 2002. The Forest Service's obligation for performance of this agreement beyond this date is contingent upon the availability of appropriated funds from which payment can be made. No legal liability on the part of the Forest Service for any payment may arise for performance under this agreement beyond September 30, 2002, until funds are made available to the Forest Service for performance and until it receives notice of availability. Contingent upon Forest Service approval of continuance of work, a written modification to the agreement shall be issued to include funding for the subsequent performance period as described in the approved operating or financial plan, or budget.
18. The Forest Service, by written modification to the agreement, may extend the term for subsequent performance periods not to exceed a total duration of 5 years from the execution date of the agreement, including the subsequent performance periods.

19. Federal funding under this agreement is not available for reimbursement of purchase of equipment and/or supplies by the Cooperator.
20. Pursuant to the Debt Collection Improvement Act of 1996 (PL 104-134), each entity doing business with a Federal agency must furnish to that agency their taxpayer identification number. The use of the number by the Federal government will be for the purpose(s) of collecting and reporting on any delinquent amounts owed to the Federal government.
21. Federal wage provisions (Davis-Bacon or Service Contract Act) are applicable to any contract developed and awarded under this instrument where all or part of the funding is provided with Federal funds. Davis-Bacon wage rates apply on all public works contracts in excess of \$2,000 and Service Contract Act wage provisions apply to service contracts in excess of \$2,500. The Forest Service will award contracts in all situations where their contribution exceeds 50% of the costs of the contract. If a Cooperator is approved to issue a contract it shall be awarded on a competitive basis.
22. The information furnished to the Forest Service is subject to the Freedom of Information Act (5 U.S.C. 552).
23. Any Cooperator contributions made under this instrument do not by direct reference, or implication convey Forest Service endorsement of the Cooperator's products or activities.
24. The Prompt Payment Act guarantees payment of invoices within 30 days of receipt. However, payments of agreements processed at the Columbia office are coded as "pay immediately".

MEMORANDUM

Subject: 2001 State Trails Grant Program
From: Jim Schmid, State Trails Coordinator
Date: September 15, 2000

The South Carolina Department of Parks, Recreation and Tourism is in the process of accepting applications for our State Trails Grant Program. The following Press Release has been sent to newspapers, members of the General Assembly, local governmental entities and interested organizations around the state:

SCPRT SOLICITING GRANT REQUESTS FOR TRAIL FUNDS

Columbia - The South Carolina Department of Parks, Recreation & Tourism is offering \$700,000 in grants to build or improve trails across South Carolina. The funds are provided through the Recreation Trails Program of the Federal Highway Administration. Grants are available to local government, state and federal agencies and trail organizations.

Outdoor activities, such as biking, hiking, motorcycling, ATVing, and riding horses, are becoming more and more popular across the state. The South Carolina Department of Parks, Recreation & Tourism's State Trails Program encourages agencies and volunteer organizations to work together to develop and maintain trails to take advantage of this opportunity for economic development. This 80/20 grant money is available to assist trail organizations, local governments and other agencies in trail development and maintenance, trail corridor acquisition, or to improve trail access for people with disabilities.

"This is a great chance for local communities to improve the quality of life for all their citizens," said Buddy Jennings, director of SCPRT. "Trails can also have an impact on a town's economy because they attract visitors who spend their money in local restaurants and shops." Jennings said organizations applying for the grants must contribute 20 percent in matching funds or donated materials and labor.

The National Recreational Trails Fund Act of 1991 made funds available to the states for recreational trails and trails-related facilities. Projects that re-design or relocate trails in order to minimize the impact on the natural environment will receive priority status. The minimum grant amount is \$5,000 with a maximum of \$100,000.

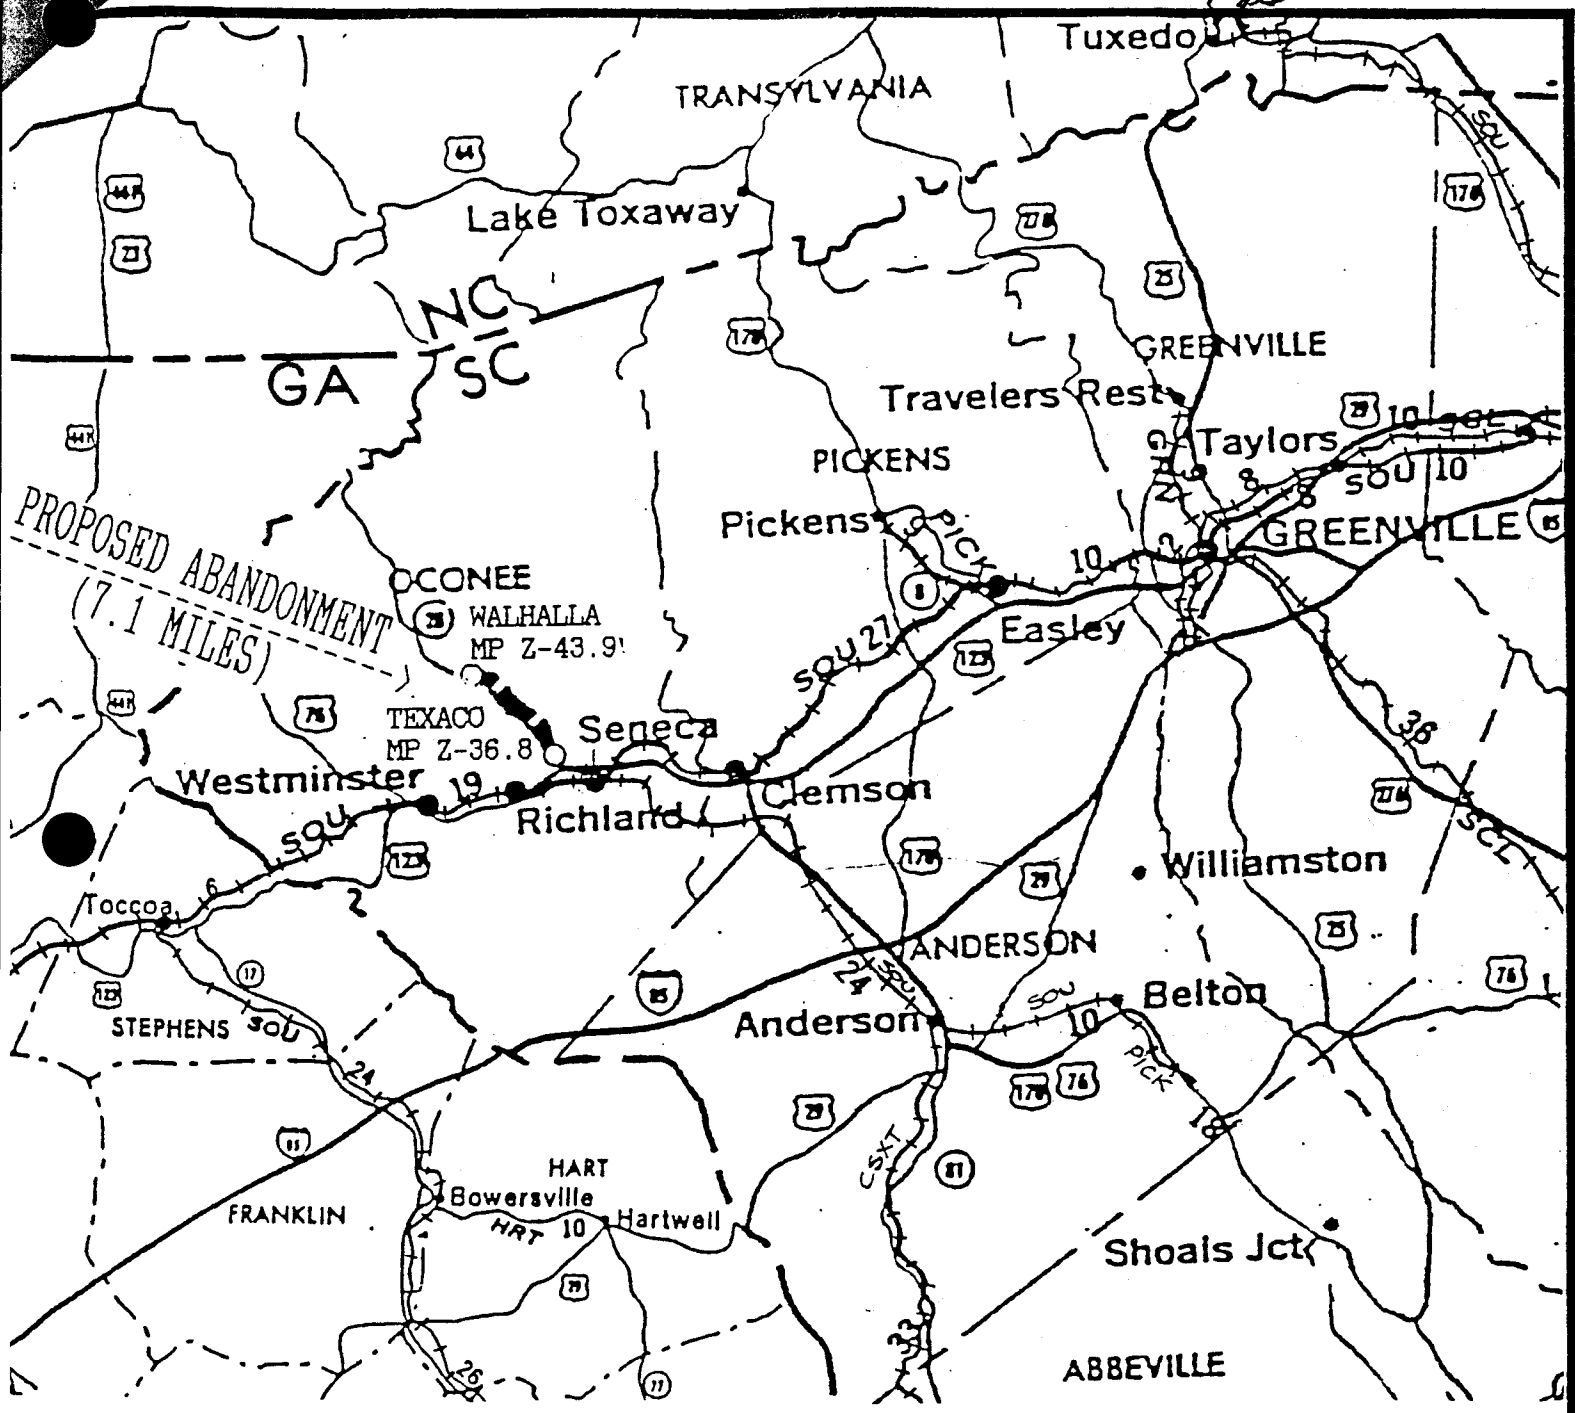

For a grant application packet please write (no phone calls, please) to State Trails Program, Recreation Grants Section, SCPRT, 1205 Pendleton St., Columbia, SC 29201. Or fax your request to 803-734-1042. Or download an application from the Trails Program website at www.SCTrails.net.

The deadline for returning completed applications to SCPRT is 3:00 P.M. October 31, 2000.

OCONEE COUNTY ATAX GRANT

FOR TOURISM RELATED PROJECTS

I. APPLICANT

A. *Name of Organization* - Westminster Chamber of Commerce

B. *Address* - P O Box 155 Westminster, SC 29693

II. FUNDS REQUESTED

A. *ATAX funds requested* - ~~\$840.00~~ 4,000⁰⁰ Am

A. *Itemized budget for ATAX funds requested* (attach on separate sheet)

B. *Funds furnished by your organization* - \$-0-

III. NARRATIVE PROJECT DESCRIPTION

A. *Project Title* - Westminster Brochure

B. *Description of project* - The Chamber of Commerce serves the City of Westminster as a resource for tourism information as well as information concerning jobs, housing and other questions related to relocating to the area. Currently the Chamber office is being manned by volunteers who return calls, process mail and mail out information packs to all who inquire. A review of the phone log over the past three months indicates that the office receives about 100 calls a month and mails out approximately 40 information packs. The telephone traffic and requests for information is much heavier during Apple Festival season and Oktoberfest.

The brochure about Westminster that is part of the information pack was produced over ten years ago. It does not include many of the tourism sites, nor does it include the Boo on Main festivities or a great deal about the Apple Festival. This grant will pay for production and printing of a new brochure about Westminster and the surrounding area. Two proposals have been obtained to cover these costs.

C. Who will benefit from this project? The merchants and citizens of Westminster as well as other towns in Oconee county will benefit from this project. Oconee County has much to offer the tourist. The information mailed to the prospective tourist at this time is outdated and not as attractive as a new brochure would be. While we currently utilize a number of promotional pieces in our mail-outs including *Discover Upcountry Visitor's Guide*, none of these put a heavy emphasis on our county.

V. APPROXIMATE DATES OF PROJECT

Beginning - October 15, 2000 Ending - October 15 , 2001

V. APPLICANT CATEGORY

Non-profit Organization: Incorporation date: 1965

VI. DEMOGRAPHIC DATA

How will the project influence tourism in Oconee County? An attractive and informative brochure would better entice visitors to our county. Promotion of local events, festivals and points of interest will encourage visitors from outside our county to visit and spend time here.

VII. AUDIT

Does your organization perform an independent audit? No.

I have read the guidelines for the Oconee County Accommodations Grant Request and do hereby agree to comply with all rules and requirements. I understand failure to comply may result in a loss of funding for the project.

A review of the phone log over the past three months indicates that the office receives about 100 calls a month and mails out approximately 40 information packs. The telephone traffic and requests for information is much heavier during Apple Festival season and Oktoberfest. This project would provide funds for a 20-hour-per-week employee to handle this work. Additionally, this person would be used to update the Westminster web site which received 7,285 hits during the month of July and 7,555 in August.

C. *Who will benefit from this project?* The merchants and citizens of Westminster as well as other towns in Oconee county will benefit from this project. The project will provide for a better information system that will bring additional people to Westminster and the surrounding area to visit and perhaps relocate. Merchants, restaurants, motels and bed and breakfast facilities within Westminster and the entire county will benefit from the traffic generated through this project.

IV. APPROXIMATE DATES OF PROJECT

Beginning - October 15, 2000 Ending - October 15 , 2001

V. APPLICANT CATEGORY

Non-profit Organization: Incorporation date: 1965

VI. DEMOGRAPHIC DATA

How will the project influence tourism in Oconee County? It is not an easy task for an organization manned solely by volunteers to successfully handle all the tourism requests received in a town with a popular, appealing location. While messages are answered and information is disbursed by board members, it would be so much more effective to have an enthusiastic person answer inquiries and tell the story of our county rather than receive a packet of information that may or may not answer all the caller wants to know. A staff person would also enable the Chamber office to stay open and available to visitors in our area. Again, an informative talk with a real person can lead to additional tourism opportunities for our county.

VII. AUDIT

Does your organization perform an independent audit? No.

Proposed Budget

75% of salary - \$7,800.00

Total - \$7,800.00

VI. DEMOGRAPHIC DATA

How will the project influence tourism in Oconee County? Oconee County has much to offer the tourist. The information mailed to the prospective tourist at this time is outdated and not as attractive as a new brochure would be. While we currently utilize a number of promotional pieces in our mail-outs including *Discover Upcountry Visitor's Guide*, none of these put a heavy emphasis on our county.

This project would also allow us to update and expand the web site we now host for Westminster and Oconee county.

VII. AUDIT

Does your organization perform an independent audit? No.

I have read the guidelines for the Oconee County Accommodations Grant Request and do hereby agree to comply with all rules and requirements. I understand failure to comply may result in a loss of funding for the project.

Dear Ms. McSwain,

I have been informed that the Westminster Chamber of Commerce is in the process of applying for the ATAX Grant in order to provide funding for office personnel for the Chamber. The Westminster Chamber of Commerce is recognized by the City Council as the official Welcome Center for the City of Westminster. Consideration for this grant would be greatly appreciated.

Respectfully,

I am interested
receiving some

your community and would appreciate
please be able to send the following:

- A local and/or regional real estate guide and your area.
- A photo real estate guide. These guides and prices of properties in your area. These are usually freely distributed at the front of local grocery stores.
- If a photo real estate guide is not published for your area, would you please enclose listing sheets with complete listings from local realtors? I am interested in purchasing several different types of property, including, but not limited to commercial, residential income, multiple unit, recreational or raw land, as well as a personal residence. As much real estate information as you could send would be greatly appreciated.
- A list of area real estate brokers, with addresses and phone numbers.
- If you are able to enclose a recent copy of the local paper, or at least the classified real estate ads within it, that would be most helpful.
- If you have an active senior community with active senior services I would appreciate receiving this information as well.

Most of my business is conducted over the phone, by mail and through the Internet, so relocation for us from San Diego to your area is definitely possible. Before making a commitment, of course, I do want to do a little research on your community and appreciate your help in this effort.

Thank you in advance for your response.

III. NARRATIVE PROJECT DESCRIPTION

- A. Description of Project: Salary support for Director of Administration & Tourism for those activities related to tourism. These activities represent approximately 75% of her job duties. Presently, the Chamber office is being manned by only one employee, Director of Administration and Tourism, who greets visitors, answers numerous telephone calls, responds to letters and mails information packets to people throughout the country. In the information packet, there is a directory containing invaluable data concerning not only the City of Seneca but also Oconee County, real estate activity, and local areas of interest to visitors. Broad numerical estimates are that over the course of a year, she receives an average of 30 phone calls a week, 20 incoming letters requesting information and 15 drop-in visitors.**

The telephone calls during the Fall are much more intense as a result of the many activities in the area such as: Clemson athletic events, Apple Festival, Oktoberfest, and Seneca's own Waterfest. The Waterfest 2000 event attracted an audience of 6,000 people and boaters from 15 other states ranging from Maine to Texas to Florida.

During major activities such as the Directory and Waterfest 2000, it is often necessary for the employee to accomplish her administrative duties at home.

In addition to the above personal attention provided by the employee, out-of-area people may access the Seneca Chamber of Commerce Website which contains large amounts of additional information relating to the area. Our Webmaster (IQ Interactive) is currently in the process of changing servers and, consequently, a detailed data analysis regarding specific hits is unavailable at this time.

B. Who Will Benefit From This Project? Anybody contacting the Seneca Chamber of Commerce in need of information regarding the area. Such people are: Involved in sightseeing; potential and/or actual relocates; attendees at events conducted by the Chamber. RE: Information Request

Ladies & Gentlemen,

My wife and I have just returned from the Up Country of South Carolina and were so impressed with the area and people that we are presently negotiating a permanent move there.

However, prior to making a final decision we are in need of the following:

- Potential employers in fields of nursing and civil engineering
- State and county taxation (income taxes, property taxes, fire/EMS, etc)
- General data on the Up Country area of interest to families relocating
- Climatological data including temperatures, rainfall and humidity
- Telephone book(s) for the area
- List of churches
- EMS, fire and law enforcement services

With the above requests in mind, we greatly anticipate your time and efforts in our behalf.

Sincerely,

John Morrey

Seneca, South Carolina,

My family and I are considering a move to the western part of South Carolina, and, as such, are interested in obtaining a relocation package from your area.

We are particularly interested in the areas cost of living structure; availability of housing; average cost of housing; area hospitals/doctors; VA hospitals in the area; tax structure; (countynd state); cultural and recreational activities; universities; and what ever else you find helpful.

GRANT AWARD AGREEMENT

In accordance with the provisions of Section 12-27-1270 of the 1976 Code of Laws of South Carolina, as amended, the South Carolina Advisory Coordinating Council for Economic Development, hereinafter called the Council, does commit and grant to Oconee County, hereinafter called the Grantee, the sum in dollars set forth in Section 3 below for the Project identified in Section 2 below. The acceptance of the Agreement creates a contract between the Council and the Grantee, legally binding the Grantee to carry out the activities and obligations set forth in the Application and this Agreement, all in accordance with the terms and conditions set forth in this Agreement and in any appendices attached hereto and any other documents or conditions referred to herein.

Section 1: DEFINITIONS:

- (a) Agreement means this Grant Award Agreement.
- (b) Application means the grant application forms submitted by the Grantee to the Council.
- (c) Company means the economic development corporate entity that is identified in the Application.
- (d) Contractor means a private contractor who undertakes all or part of the Project.
- (e) Council means the South Carolina Advisory Coordinating Council for Economic Development (CCED).
- (f) Grant means the dollars committed by the Council to the Grantee for the Project.
- (g) Grantee means the unit of government designated for the Grant and set forth above.
- (h) Project means the project identified and described in the Application.
- (i) State means the State of South Carolina and any agencies or offices thereof.

Section 2: PROJECT DESCRIPTION: The Project consists of assistance in widening a portion of Highway 11, which has been approved by the Council, and is included by reference as Project 1583 - Pine River Plastics, Inc.

DESL

Section 3: AWARD AMOUNT: The Council hereby commits an amount not to exceed \$200,000, to be used only for the Project and related costs, as described in the Application. Eligible costs that can be paid from the Grant shall include only those costs expressly set forth in the Application. The Grantee must obtain from the Council written notice to proceed prior to incurring costs against the Grant. If the Grantee needs to incur expenses prior to the Council's notification to proceed, the Grantee must submit a written request to the Council and obtain prior written approval from the Council. Otherwise, any expenditure made prior to the date of the written notice to proceed is made by the Grantee or the Company at its own risk and expense and is not eligible for payment with Grant funds.

Section 4: AMENDMENTS: Any changes in the scope of work of the Project, including change orders or cost increases, must be submitted in writing by the Grantee to the Council as a request for an award adjustment, and such request must clearly identify the need for the change or relief. Any adjustment granted by the Council shall be appended to this Agreement as an amendment.

Section 5: PERFORMANCE: By acceptance of this Grant, the Grantee warrants that it will complete or cause to be completed the Project as described in the approved Application, including any approved amendments appended hereto. Should Grantee fail to cause the completion of all or part of the Project, the Council shall be entitled to reimbursement from the Grantee of any Grant funds that were received by the Grantee for any work that was not performed.

Section 6: FUNDING OVERRUNS/UNDERRUNS: Except for relief granted under Section 4, the Grantee agrees that it will return surplus Grant funds that result from project cost underruns, and that it will commit and provide monies from its own resources for cost overruns that are required to complete the Project. This Agreement creates no obligation on the part of the Council or the State to provide funds for the cost overruns.

Section 7: AUDIT: The Grantee must include an examination and accounting of the expenditures of Grant funds in its first annual audit following the completion of the Project, and submit a copy of the audit report to the Council. The Grantee agrees that it will reimburse the Council for unauthorized and unwarranted expenditures disclosed in the audit, if so directed by the Council. Upon request of the Council, the Grantee shall make available, and cause the Company to make available, for audit and inspection by the Council and its representatives all the books, records, files and other documents relating to any matters pertaining to the Project, the Application or this Agreement. The Grantee shall have prepared an audit of Grant funds received under this Agreement that adheres to the following audit requirements, whichever is applicable:

- (a) Generally accepted auditing standards established by the American Institute of Certified Public Accountants, (AICPA);
- (b) The General Accounting Office (GAO) Standards for Audits of Governmental Organizations, Programs, Activities, and Functions, latest revised edition (yellow Book);
- (c) OMB Circular A-128; and
- (d) OMB Circular A-110, Attachment F.

Section 8: CONTRACTOR SELECTION: If the Grantee desires to select a Contractor to undertake all or any part of the scope of work of the Project, then the selection of that Contractor by the Grantee must follow applicable procurement laws, regulations and guidelines. The Grantee warrants that it will adhere to all such applicable procurement laws, regulations and guidelines in the selection of the Contractor. In addition, the Grantee may not award contracts to any Contractors who are ineligible to receive contracts under any applicable laws or regulations of the State.

Upon request, the Grantee must make available to the Grantee's auditor, the Council, and its representatives, and the public Grantee's records and other documentation of ~~the~~ procurement process and any sole source justification. If the Grantee fails to adhere to procurement procedures required by law, Council may call for repayment by the Grantee for Grant funds that were expended in a disallowable manner.

A Contractor must represent that it has, or will secure at its own expense, all personnel required in the performance of the services covered by this Agreement. Such personnel shall not be employees of, or have any contractual relationship with the Council or the Grantee.

All of the services required to complete the Project will be performed by the Grantee and/or a Contractor, or under its supervision, and all personnel engaged in the work shall be fully qualified and shall be authorized under state and local law to perform such services.

The Grantee and/or a Contractor shall be liable for and pay all taxes required by local, state, or federal governments, which may include, but not be limited to, social security, worker's compensation, and employment security as required by law. No employee benefits of any kind shall be paid by the Council to or for the benefit of the Grantee and/or a Contractor or his employee or agents by reason of this Agreement.

The Grantee warrants that it will enforce all terms and conditions of this Agreement upon its Contractors.

Section 9: CONFIDENTIAL INFORMATION: Any reports, information, data, or other documentation given to or prepared or assembled by the Grantee under this Agreement which the Council requests to be kept confidential shall not be made available to any individual or organization by the Grantee without the prior written approval of the Council.

Section 10: DISCRIMINATION: The Grantee shall not, and shall impose on its Contractors the obligation not to, discriminate against any employee or applicant for employment because of race, color, religion, age, sex, national origin, or handicap. The Grantee and any Contractor shall be required to take affirmative action to ensure that applicants for employment and employees are treated without regard to their race, color, religion, age, sex, national origin, or handicap.

Section 11: INTEREST OF CERTAIN FEDERAL OR STATE OFFICIALS: No elected or appointed State or Federal Official shall be admitted to any share or part of this Agreement or to any benefit to arise from the same.

Section 12: INTEREST OF MEMBERS, OFFICERS, OR EMPLOYEES OF GRANTEE, MEMBERS OF LOCAL GOVERNING BODY, OR OTHER PUBLIC OFFICIALS: No member, officer, or employee of the Grantee, or its designees or agents, no member of the governing body of the locality in which the Project is situated, and no other public official of such locality or localities who exercises any functions or responsibilities with respect to the Project during his tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed in connection with the Project or this Agreement. The Grantee shall incorporate, or cause to be incorporated, in all of its contracts or subcontracts relating to the Project and this Agreement this provision prohibiting such interest.

Section 13: PROHIBITION AGAINST PAYMENTS OF BONUS OR COMMISSION: The assistance and Grant funds provided under this Agreement shall not be used for the payment of any bonus or commission for the purpose of obtaining the Council's approval of the Application, or the Council's approval of Applications for additional assistance or Grant funds, or any other approval or concurrence of the Council required under this Agreement. However, the payment from Grant funds of reasonable fees for bona fide technical, consultant, managerial or other such services, other than actual solicitation, are not hereby prohibited if otherwise eligible as Project costs.

Section 14: MAINTENANCE OF RECORDS: The Grantee shall retain records for property purchased totally or partially with Grant funds for a period of three years after its final disposition. The Grantee shall maintain records relating to procurement matters for the period of time prescribed by applicable procurement laws, regulations and guidelines, but no less than three years. All other pertinent Grant and Project records including financial records, supporting documents, and statistical records shall be retained for a minimum of three years after notification in writing by the Council of the closure of the Grant. However, if any litigation, claim, or audit is initiated before the expiration of any such period, then records must be retained for three years after the litigation, claim, or audit is resolved.

Section 15: MBE OBLIGATION: The Grantee agrees to ensure that minority business enterprises, as identified in Article 21, Sections 11-35-5010 through 11-35-5270 of the 1976 Code of Laws of South Carolina, as amended, have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with funds provided under this Agreement. In this regard, the Grantee and its Contractors shall take all necessary and reasonable steps to ensure that minority business enterprises have the maximum opportunity to compete for and perform contracts. The Grantee and its Contractors shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of contracts.

Section 16: PROJECT COMPLETION: The Grantee must complete the Project within eighteen (18) months of the Date of Award of this Grant. Completion is defined as the final documentation by Grantee to Council of Grant funds expended and issuance by Council of a notification in writing of the closure of the Grant. The Council may grant extensions to this completion period requirement at its discretion.

Section 17: SANCTIONS: If the Grantee fails or refuses at any time to comply with any of the terms and conditions of this Agreement, the Council may take, in addition to any relief that it is entitled to at law, any or all of the following actions: require

repayment of all or a portion of any Grant funds provided; cancel, terminate, or suspend, in whole or in part, the Grant and this Agreement; or refrain from extending any further assistance or Grant funds to the Grantee until such time as the Grantee is in full compliance with the terms and conditions of this Agreement.

Section 18: APPLICABLE LAW: This Agreement is made under and shall be construed in accordance with the laws of the State of South Carolina, without regard to conflicts of laws principles. The federal and state courts within the State of South Carolina shall have exclusive jurisdiction to adjudicate any disputes arising out of or in connection with this Agreement.

Section 19: APPROPRIATIONS: Notwithstanding any other provisions of this Agreement, the parties hereto agree that the Grant funds awarded hereunder are payable by appropriations from the State. In the event sufficient appropriations, grants, and monies are not made available to the Council to pay the compensation and expenses hereunder for any fiscal year, this Agreement shall terminate without further obligation of the Council. In such event, the Council shall certify to the Grantee the fact that sufficient funds have not been made available to the Council to meet the obligations of this Agreement; and such written certification shall be conclusive upon the parties.

Section 20: COPYRIGHT: No material produced in whole or in part under this Grant shall be subject to copyright in the United States or in any other country. The Council shall have the unrestricted authority to publish, disclose, distribute and otherwise use, in whole or in part, any reports, data or other materials prepared under this Grant.

Section 21: TERMS AND CONDITIONS: The Council reserves the right to add or delete terms and conditions of this Agreement as may be required by revisions and additions to changes in the requirements, regulations, and laws governing the Council and any other agency of the State.

Section 22: REPORTING REQUIREMENTS: The Grantee agrees to complete and submit all reports, in such form and according to such schedule, as may be required by the Council.

Section 23: PROJECT START-UP: The project must begin within three (3) months of the Date of Award of the Grant. If the Grantee does not begin the Project within three (3) months of the Date of Award of the Grant, the Council reserves the right to rescind the Grant, require the repayment of any Grant funds provided to Grantee and terminate this agreement. For purposes of this section, Grantee shall have begun the Project once it has incurred material obligations in connection with the Project satisfactory to the Council to indicate that the Project will be timely completed.

Section 24: LIABILITY AND INDEMNIFICATION: The Grantee understands and warrants that it will defend the Council against any liability arising from the Project, the Grant or this Agreement and that the Council accepts no liability for the Project nor any responsibility other than its agreement to provide the Grantee the Grant funds for the Project in the amount shown in Section 3, insofar as such funds are expended in accordance with the terms and conditions of this Agreement. During the term of the Grant, the Grantee shall maintain tort liability insurance or shall have a self-funded and excess liability program with coverage amounts sufficient to meet the limits set forth under the SC Torts Claims Act in Section 15-78-120, as may be amended, for the purpose

of indemnifying the Council and the State up to the limits set forth in that Act from any and all claims or liabilities arising out of the Project, the Grant, or this Agreement.

Section 25: PAYMENT: The Grantee must submit to the Council a certified request for payment for work that is documented by the Grantee. The Council, upon its approval of the request for payment, shall forward such requests to the Finance Department of the South Carolina Department of Commerce. Payments are issued from the Comptroller General's office. Payment requests should be submitted to the Council no more than once a month.

The Grantee will certify, to the best of its knowledge, information and belief, that the work on the Project for which reimbursement is requested has been completed in accordance with the terms and conditions of this Agreement, and that the payment request is due and payable from Grant funds.

All requests for payment must be certified as valid expenditures by an official representative of the Grantee. Invoices and canceled checks supporting the Grantee's request for reimbursement from Grant funds must be kept on file and be available for inspection at any time.

Section 26: RESPONSIBILITY FOR MAINTENANCE: Maintenance of new roads and other improvements to the Grantee's or Company's right of way and/or property is the sole responsibility of the Grantee. Neither the Council nor the State shall have any responsibility whatsoever to maintain such roads and other improvements relating to the Project. The Grantee may assign this responsibility to any agreeable party.

Section 27: SEVERABILITY: If any provision of this Agreement is or becomes illegal, invalid, or unenforceable in any respect, the legality, validity, and enforceability of the other provisions of this Agreement shall not in any way be affected or impaired thereby.

This Agreement shall become effective, as of the Date of Award, upon receipt of one copy of this Agreement which have been signed in the space provided below. The agreement must have original signatures and must be returned within fifteen (15) days from the Date.
