Re: RFP No. 01-12: Public Safety Facility Comprehensive Needs Analysis,
Schematic Design Phase and Master Plan Fee Proposal

Dear Ms. Dillard:

We are pleased to present our fee proposal for the Oconee County Public Safety Facility Comprehensive Needs Analysis, Schematic Design and Master Plan. I have enclosed the proposed fee schedule as "Exhibit A" with this letter for your review.

I will be out of the office until January 2nd but will check my messages. Linda Kenner will also be in the office between the holidays if you have any additional questions or comments based on your meeting with the Commissioners. We are looking forward to working with you on the Master Plan.

Sincerely,

FreemanWhite, Inc.

Encl: Exhibit "A" - Fee Proposal for Oconee County Public Facility Master Plan

Exhibit "A": Fee Proposal for Oconee County Public Safety Facility Comprehensive Needs Analysis, Schematic Design Phase and Master Plan.

December 25, 2001

Introduction

The fee proposal for this Master Plan is based on Oconee County Request for Proposal No. 01-12, issued October 22, 2001. Oconee County has requested professional services to establish a 25-year master plan for public safety facilities to be developed on County owned land adjacent to the existing Law Enforcement Center, located at 300 South Church Street in Walhalla, South Carolina.

Agencies to be included in this Master Plan include Sheriff's Department, Emergency Management Office, Walhalla Rescue Squad, Rural Fire Marshal's Office, Emergency Medical Services Sub-Station, and the Coroner's Office.

Task 1: Preliminary Investigations: \$22,500

- 1.1 **Initial Orientation Meeting (Meeting #1):** Establish and document master plan goals and objectives, time schedule and outcomes. Requests for information, interviewing schedule and meeting dates will be established at this meeting. Participants from both the County and FreemanWhite, and each participant's role, will be identified.
- 1.2 **Data Collection/Staff Interviews:** Collect pertinent maps, drawings, records and other data from Oconee County pertinent to the Master Plan Study. Interview public safety agency managers and County administration to elicit information pertaining to physical deficiencies of current facilities, space and infrastructure needs, operational philosophy and program development priorities.
- 1.3 **Law Enforcement Center Facility and Site Reevaluation:** Inspect the existing Law Enforcement Center and site, including adjacent County owned parcels. Document the condition and location of major building systems, structural system and current space utilization. Document condition of exterior enclosure of the building and interior infrastructure such as toilets, stairs and elevators. Document current site utilization, including parking, vehicular access and utility locations. Identify potential and limitations for remodeling and expansion.
- 1.4 **Preliminary Investigations Review Meeting (Meeting #2):** Findings from Sub-tasks 1.1-1.3 will be documented and reviewed with the County before proceeding to Task 2.

Task 2: Planning Study: \$20,000

- 2.1 **Functional Analysis of Existing Operations:** Based on observation and interview with agency managers identify and evaluate current operational and security procedures. Identify operational and/or security compromises resulting from current facility conditions.
- 2.2 **Recommendations for Future Operations:** Based on information gathered in Task 1 and FreemanWhite's experience in other counties, recommendations for future operations will be made. The recommendations will include adjacencies, security, operational procedures and public interface.

- 2.3 Establish Current and Projected Space Needs: Current space utilization will be inventoried, shortfalls based on current usage will be noted. Projected staffing and other relevant data will be used to determine projected space needs. These space needs will be refined during the programming phase.
- 2.4 Current and Projected Needs Review Meeting (Meeting #3): Current and projected operations and space needs will be documented and reviewed with the County. Preliminary cost implications and implementation priorities will be established.

Task 3: Implementation Strategy: \$27,500

- 3.1 Prepare Master Space Programming for all Departments: Based on projected space needs, a master space program will be established. This will include projected twenty-five year space needs for each public safety agency with appropriate building grossing factors applied.
- 3.2 Prepare Master Site/Facility Plan: Based on the information gathered, an overall master plan site and building concept will be developed for review by the County. Building plans will be developed to 1/8" scale.
- 3.3 Establish Implementation Strategy: Phasing, schedule and related project costs for the facility master plan.
- 3.4 Implementation Strategy Review Meeting (Meeting #4): Review the schematic design and implementation strategy with the County.

Task 4: Final Report: \$9,500

- 4.1 Prepare Final Report: Based on the information established and reviewed in Tasks 1-3, Freeman White will establish a final draft report for review by the County. This report will include schematic design drawings of the preferred approach as well as the implementation strategy for executing this approach.
- 4.2 Review Meeting (Meeting #5): The final draft report will be reviewed with the County's Master Plan representatives. Comments from this review will be incorporated into the final document.
- 4.3 Presentation to County Commission (Meeting #6): After incorporation of comments from County administration, Freeman White will make a presentation to the County Commission of the final master plan.

Expenses: Travel and printing expenses are included in the total fee listed in the fee proposal.

Fee Total: \$79,500

Additional services and related expenses requested by the County shall be based on the hourly rate and expense schedule listed in Freeman White's proposal to the County.

STATE OF SOUTH CAROLINA

COUNTY OF OCONEE

ORDINANCE 2001-23

TITLE: "THE TITLE OF THIS ORDINANCE SHALL BE AN ORDINANCE TO AMEND ORDINANCE 99-15, AN ORDINANCE SETTING FORTH THE SUBSTANCE ABUSE POLICY AND PROCEDURE FOR OCONEE COUNTY"

WHEREAS, the above referenced ordinance was adopted November 2, 1999, and

WHEREAS, it is the desire of the Oconee County Council to amend Section IX, Types of Testing, Subsection B, Reasonable Suspicion Testing to include the following:

1. Employees may be asked to submit to a drug test if the County has reason to believe that an employee is abusing illegal drugs and/or prescription medications/drugs. Such belief must be based on specific objective facts and reasonable inferences drawn from these facts in light of experience. Reasonable suspicion does not require certainty; however, mere "hunches" are not sufficient to meet this standard. Only a management official will order reasonable suspicion testing.
