2. **VENDOR'S RESPONSIBILITY:** Each vendor shall fully acquaint himself with conditions relating to the scope and restrictions attending the execution of the work under the conditions of this RFQ. It is expected that this will sometimes require on-site observation. The failure or omission of a vendor to acquaint himself with existing conditions shall in no way relieve him of any obligation with respect to this RFQ or to the contract.
3. **PAYMENT TERMS:** Equipment, Goods, and Services – Payment shall be made within 30 days after receipt of equipment, goods and services that are complete and meet all specifications of the RFQ. The County will not make “pre-payments” for any goods or services and partial payments shall be at the discretion of the Procurement Director.
4. **COMPETITION:** This solicitation is intended to promote competition. If any language, specifications, terms and conditions, or any combination thereof restricts or limits the requirements in this solicitation to a single source, it shall be the responsibility of the interested vendor to notify the Procurement Office in writing within seven (7) calendar days after receipt of RFQ. The solicitation may or may not be changed, but a review of such notification will be made prior to the award.
5. **DEVIATIONS FROM SPECIFICATIONS:** Any deviation from specifications indicated herein should be clearly pointed out; otherwise, it will be considered that items offered are in strict compliance with these specifications. Deviations should be explained in detail on separate attached sheet(s). The listing of deviations, if any, is required but will not be construed as waiving any requirements of the specifications. Deviations found in the evaluation of the quote and not listed may be cause for rejection. Vendors offering substitute or equal items should provide information sufficient enough to determine acceptability of item offered.
6. **"OR APPROVED EQUAL":** Certain processes, types of equipment or kinds of material are described in the specifications and/or on the drawings by means of trade/brand names and catalog numbers. In each instance where this occurs, it is understood and inferred that such description is followed by the words "or approved equal". However, the County reserves the right to select the items which, in the judgment of the County, are best suited to the needs of the County based on price, quality, service, availability and other relative factors. Vendors should indicate brand name, model, model number, size, type, weight, color, etc., of the item quoted, if not exactly the same as the item specified. Vendor's stock number or catalog number is not sufficient to meet this requirement. If any vendor desires to furnish an item different from the specifications, vendor shall submit along with the quote, the information, data, pictures, designs, cuts, etc., of the item they plan to furnish so as to enable the County to compare the item specified; and, such item shall be given due consideration. The County reserves the right to insist upon, and receive items as specified if the submitted items do not meet the County's standards for acceptance.
7. **UNIT PRICES:** When applicable, unit prices will govern over extended prices unless otherwise stated in this RFQ. All quotes shall remain effective for a minimum of 60 days, unless otherwise stated.
8. **INTERPRETATIONS OR ADDENDA:** No oral changes shall be made to any vendor regarding the RFQ or any part thereof. Every request for an interpretation shall be made in writing via email or fax to the Buyer as indicated in the RFQ. The Addendum will also be emailed to all Vendors who have contacted the Procurement Office and asked to be placed on the Bidder's List. It shall be the vendor's responsibility to make inquiries as to the Addenda issued. All such Addenda shall become part of the RFQ and all vendors shall be bound by such Addenda, whether or not received by the vendors.

9. **REJECTION OR ACCEPTANCE OF QUOTES; WAIVER OF TECHNICALITIES AND IRREGULARITIES:**
The County shall reserve the unqualified right to reject any and all quotes or accept such quotes, as appears in the County's own best interest. 10. **AWARD:** The contract shall be awarded to the lowest responsible and responsive vendor(s) whose quote meets the requirements and criteria set forth in the RFQ. Oconee County reserves the right to waive any technicalities and informalities, and accept or reject any quote as deemed in the best interest of the County. 15. **FORCE MAJEURE:** The Contractor shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without fault or negligence of the contractor. Such causes may include, but are not restricted to acts of God or of the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case the failure to perform must be beyond the control and without the fault or negligence of the contractor. LAW CLAUSE:** Upon award of a contract under this RFQ, the person, partnership, association or corporation to whom the award is made must comply with the laws of South Carolina which require such person or entity to be authorized and/or licensed to do business within the State. Notwithstanding the fact that applicable statutes may exempt or exclude the Contractor from requirements that it be authorized and/or licensed to do business in this State, by submission of this signed RFQ, the Contractor agrees to subject himself to the jurisdiction and process of the courts of the State of South Carolina as to all matters and disputes arising or to arise under the contract and the performance thereof, including any questions as to the liability for taxes, licenses, or fees levied by the State.

If state or federal guidelines prohibit or otherwise limit local preference, then the County shall not use local preference in awarding the contract. If there are multiple responsible and responsive vendors who meet the local preference guidelines as set forth in this section, the County shall use standard procurement practice and procedure to determine the priority of selection. The local preference as set forth in this section does not waive or otherwise abrogate the County's unqualified right to reject any and all quotes or accept such quotes, as appears in the County's own best interest.

MINIMUM SPECIFICATIONS

Oconee County is seeking competitive quotes from qualified licensed contractors to install new electrical service, provide and set new switch for mobile mine duty crushing plant at the Oconee County Rock Quarry.

The Oconee County Quarry is a granite quarry owned and operated by Oconee County and has been in operation at the present location, 686 Rock Crusher Road, Walhalla, SC 29691, for approximately forty three (43) years. Mine property consists of approximately ninety (90) acres. The Quarry has blasted an average of 482,000 tons per year for the past five (5) years.

The current crushing plant utilizes multiple components to produce over ten different products. The main components are the Jaw, conveyor belts; two Cone Crushers and two Screen Decks. The Quarry produces about 300 tons of crushed stone per hour and sells approximately 530,000 tons annually. When running at full capacity the existing stationary plant is unable to produce the quantity of product needed for the current customer base and meet demand for products. After considerable research and discussion, The County and Quarry staff felt it was in the County's best interest to purchase a Mobile Mine Duty Crushing Plant to increase production.

The plant is expected to be delivered and installed by Sandvik Mining & Construction, LLC in or around October 2019. The electrical upgrade must be completed prior to the delivery of the equipment.
