

Oconee County Regional Airport

Directors Report: September 19, 2017

AIRFIELD:

- Slope mowing is complete for this year. State 75%, County 25%. I am still working with the State on our goat project.
- REILS. The Runway End Identifier Light System has been in operation for 30 years. Because we continually have issues, I have gotten the State to support us in getting new LED REILS. The State put the grant in as a maintenance issue so the split is 75/25.
The new ones are \$31,300.00. State will pay \$23,475 and the County will pay \$7,825.00.
- I am in the process of getting a quote on our large storm water detention pond clearing. (Explain)
- We weathered the storm, only one issue with hangar C door.(Explain)

Operations:

- We have implemented through Mr. Moulder and the county an Airport Game Day Shuttle Service. (Explain)
- We are considering a Temporary Tower during big CU game days. (Explain)

SAFETY/SECURITY:

- N/A

FBO FINANCIALS:

- See attached
 - Retail Sales- July/August
 - Avgas/Jet-A Gallons- July/August
 - Kent State/Auburn- Numbers

CAPITAL PROJECTS:

- Will cover this during our Primary section of the agenda.

TERMINAL/FACILITIES:

- Long Term Parking Pavement project is complete.
- Fire Chief Inspection Items are all complete:
 - *Emergency lights in terminal
 - *Emergency lights in Maintenance Hangar
 - *Exit signs in Maintenance Hangar
 - *Big rolling fire extinguisher at self-serve pump
- We are in the process of beautifying the islands in the parking lot with plants. We have decided to dedicate the first island - as you enter the parking lot to Riley Stevens. (Explain)
- We have a plan for the space in hangar E. The work is almost complete. (Explain)

PERSONNEL:

- We have hired our full-time employee - Daniel Coury. He has been a member of our team since 8-8-2017. I have asked Mr. Moulder to allow us to use Anthony Wayland - our part-time Airport Attendant - during football games since he has the necessary experience. This has worked well and we are glad we can enlist his help for special events.

Events:

- Oconee Economic Alliance 2017 Solar Eclipse Investor Luncheon was a huge success. We had one hundred and ten aircraft (110) on the field. We sold Two Thousand gallons of Jet-A and Six Hundred gallons of Avgas. We offered food and viewing glasses to all visitors - and I believe our airport truly excelled.
