Note: Expenditures are based on the amounts received during the year. The fund balance that is remaining at year end is "rolled-over" to the next year and disbursed in accordance with State and County requirements.

Oconee County's share of these State funds is equal to the first \$25,000 plus 5% of the remaining revenue.

The remaining amount is split 65% to the ATAX Committee to allocate and 30% is allocated to the Oconee Tourism Committee.

Chapter 4, of Title 6 the South Carolina Code of Laws provides for the allocation of the Accommodations Tax revenues collected by a county or municipality and provides that a portion of the Accommodations Tax be allocated by the municipality or county for a special "Tourism-Related Fund" to be used for "tourism related expenditures."

The 65% Tourism-Related Fund revenue must be used for tourism-related expenditures. This revenue provides for a two-year carry-forward. If 65% Tourism-Related revenue is not spent within two years of receipt, it must be committed for a specific project or program, and must have the approval of the Tourism Expenditure Review Committee. An ATAX Advisory Committee serves to make recommendations on the expenditure of all 65% Tourism-Related Fund expenditures. All recommendations are forwarded to council for final approval.

The 30% Advertising and Promotion Fund revenue must be given to an organization or organizations that have an existing, on-going tourism promotion program, and must be used for advertising and promotion of tourism to develop and increase tourist attendance through the generation of publicity. The 30% fund revenue must be distributed immediately upon receipt to the organization or organizations so designated.

Chapter 1, of Title 6 the South Carolina Code of Laws and Oconee County Council Ordinance 2002-14 and Amendment 2007-12 provides for the collection and allocation of the Local Accommodations Tax revenues. These taxes are collected from all transient accommodations providers within the County. Local Accommodations Taxes are to be used for tourism related capital projects and for the support of tourism and tourist services in a manner that will best serve the tourists from whom it was collected. The Local Accommodations Tax is split between the Arts & Historical Commission (25%) and the Parks, Recreation, & Tourism Commission (75%).

The 25% Arts and Historical Fund must be used for grants that increase the ability of the grant recipient to provide for tourists as described in Ordinance 2007-12. These grants are awarded on an annual cycle.

The 75% Parks, Recreation, & Tourism Commission Fund must be used for the promotion of the Oconee County PRT Department as described in Ordinance 2007-12.

Note: 2009 revenue estimate was not allocated between the Sheriff and Solicitor's Offices. In practice revenue is allocated as follows - Magistrate and Municipality collections are allocated to the Sheriff's Office and the General Sessions collections are allocated to the Solicitor's Office. Budget year 2010 estimates are based on the 2009 collections to date. The budget year 2009 estimate was allocated between the offices at the same percentages as the 2010 estimates. In 2009 it was estimated that expenditures over revenues for the Victim Assistance revenues would be funded through a transfer from the General Fund.
