A respondent’s submittal of a statement of qualification in response to this RFQ does not create any right in or expectation to a contract with Oconee County. Oconee County reserves the right to add to, delete, modify or enlarge this RFQ, including any specifications and/or statement of work, the terms and conditions, and any subsequently executed engagement or contract.

Failure to submit all required information may be determined as a non-responsive statement of qualification. Oconee County will be the sole judge as to whether a statement of qualification has or has not satisfactorily met the requirements of this RFQ.

This solicitation does not commit Oconee County to prequalify any respondent, to engage a respondent to perform engineering or consultant services, to award a contract, to pay any cost incurred in the preparation of a statement of qualification, or to procure a contract for this solicitation. Oconee County reserves the right to accept or reject any or all statements of qualification received as a result of this solicitation, to negotiate with all qualified respondents, or to cancel – in part or in its entirety – this solicitation, if it is in the best interest of Oconee County to do so. Oconee County reserves the right to interview any, all, or none of the respondents.

Additional information shall be a separate section of the statement of qualification, and shall be clearly identified as such.

Amendments, Withdrawals, and Mistakes. Offers, amendments or withdrawal requests must be received by the time advertised for RFQ closing. The respondent may withdraw a statement of qualification prior to, but not after, the time set for RFQ closing. Mistakes may be crossed-out and corrections inserted adjacent thereto, and shall be initialed, in ink, by the person signing the statement of qualification.

Confidential Information. The respondents must clearly mark as "*Confidential*" each part of their statement of qualification which they consider to be proprietary information that could be exempt from disclosure under the South Carolina Freedom of Information Act (SCFOIA) as set forth in Chapter 4, Title 30, of the South Carolina Code of Laws, 1976, as amended. Oconee County reserves the right to determine whether this information should be exempt from disclosure and no legal action may be brought against Oconee County or its agents for its determination in this regard.

Selection for Prequalification Lists. Oconee County will evaluate each responsive statement of qualification submitted. Oconee County intends to create a Prequalification List of three (3) to five (5) qualified respondents, but Oconee County may, in its sole discretion, adjust that number. To be selected for inclusion on the Prequalification List, respondents must clearly demonstrate that the respondent has sufficient qualifications and experience. Selection for the Prequalification List will be based solely upon the judgment of Oconee County in selecting respondents that will serve the best interests of Oconee County.

Rejection or Acceptance of Statements of Qualification; Waiver of Technicalities and Irregularities. The County shall reserve the unqualified right to reject any and all statements of qualification or accept such statements of qualification, as appears in the County's own best interest. The County shall reserve the unqualified right to waive technicalities or irregularities of any kind in solicitations made pursuant to this RFQ. In all cases, the County shall be the sole judge as to whether a respondent's statement of qualification has or has not satisfactorily met the requirements to solicitations made pursuant to this RFQ. The County may reject any statement of qualification that

fails to conform to the essential requirements of the RFQ.

Posting of the Prequalification List. The Prequalification List will be posted on the Oconee County Procurement website at www.oconeesc.com/procurement.

Protest Procedure. Any prospective respondent, who is aggrieved in connection with this RFQ shall protest in writing to the Procurement Director within ten (10) calendar days of the date of issuance of the RFQ or other solicitation document, whichever is applicable, or any amendment thereto, if the amendment is at issue. A protest shall be in writing, submitted to the Procurement Director, and shall set forth the specific grounds of the protest with enough particularity to give notice of the issues to be decided.

Contract. If a multi-year contract is awarded as a result of this RFQ, the successful respondent will be required to execute a general engineering/consulting based contract with the County. In addition, for each work element (project) performed under the contract, a detailed scope of work and fee shall be agreed to by both parties, such agreement to be an approved work authorization or supplement to the contract. The contract shall be subject to approval by Oconee County Council, with concurrence from the Federal Aviation Administration and SCDOA.

Right to Perform Additional Procurement. Some of the services set forth in Section 3, Scope of Services, may not be required and Oconee County reserves the right to initiate additional procurement action for any of the services included in this procurement.

Negotiation of Fee in Multi-Year Contract. If and when this RFQ results in a multi-year contract, the contract will be limited to the services covered by the negotiated fee. The negotiation of the fee for subsequent services, i.e., services included in the procurement action but not in the initial contract, must occur at the time those services are needed. A fee estimate will be performed for each of these negotiations. (See paragraph 2-12 of the Federal Aviation Administration Advisory Circular Number 150/5100-14E for information on fee estimate.) If a fee cannot be agreed upon between Oconee County and the successful respondent, then negotiations shall be terminated with that firm for such services.

Any attempt of the respondent to assign, sublet, or transfer the prequalification or any engagement resulting from this RFQ or any engagement without the written consent of the Procurement Director shall be void and without effect.

Non-appropriation Clause. If and when this RFQ results in a multi-year contract, the contract shall include a provision that allows cancellation without penalty if funds are not appropriated or otherwise made available to support continuation of performance in subsequent fiscal years. Any contract approved by Oconee County shall be conditioned by a "non-appropriation clause" containing the following or similar language:

"This contract is approved and funded contingent upon annual appropriations being established by the local governing body of Oconee County to provide funding necessary to meet the requirements of the contract. Such funding is approved on a fiscal year basis

with the fiscal year commencing July 1st and terminating June 30th of the following year. In order for the contract to remain in effect, such appropriation must be approved on an annual basis throughout the term of the contract scheme. In the event that an annual appropriation is not approved, Oconee County shall not be held responsible for any liabilities beyond the remaining annual term prior to the new budget year.”

The respondent shall not have the right to include Oconee County's name in its published list of customers without prior approval of Oconee County. With regard to news releases, only the name of Oconee County, type and duration of contract may be used and then only with prior approval of Oconee County. SECTION 2 INTRODUCTION & BACKGROUND

Oconee County (the “County”) is soliciting statements of qualifications for professional services to provide multi-disciplinary engineering services, planning and general consulting services for the Oconee County Regional Airport (the “Airport”) for a contract period of five (5) years. Qualified firms must be able to offer or partner with firms that offer civil, mechanical, structural, electrical, geotechnical, and other related engineering specialties. Responses shall be prepared and submitted in accordance with the requirements described in this RFQ.

The required services include, but are not limited to, engineering services for planning, preliminary design, design, bidding, and construction phases, including incidental special services, for airfield, terminal and landside related projects funded under the Federal Aviation Administration (FAA) Airport Improvement Program (AIP), and may include projects funded by Oconee County. The services may also include, but are not limited to, land acquisition, road relocation, obstruction analysis/removal; runway, taxiway, and apron construction/improvements, airfield lighting/signage, NAVAIDS, hangars and terminal improvements, master planning; engineering studies, environmental analysis, and other related work. The consultant services may also include airport planning, estimating, bidding and procurement within Oconee County and FAA guidelines, construction administration, preparation of funding grant applications for the South Carolina Division of Aeronautics (SCDOA) and/or the Federal Aviation Administration (FAA), development of justification to document the need for federal and state funds, assistance in project funding, technical assistance and advice concerning airport needs, future development, project priorities and strategies for funding and project implementation. Services will be provided with close interaction with Oconee County Regional Airport staff and Oconee County.

The specific work will follow the Capital Improvement Plan (CIP) and Airport Layout Plan adopted (or as may be amended) for the Airport. The work may be constructed beginning in 2016 and must meet FAA AIP standards for a commercial service airport. Attached as Attachment 3 is a list of five-year CIP projects.

County and Airport Information. The County is located in extreme western South Carolina in the region known as the piedmont. The County was formed in 1868 from a portion of Pickens County. The County has an area of 625 square miles and a population of approximately 75,000 residents. The Oconee County Airport - ICAO ID “CEU” - is one of the busier general aviation airports in South Carolina due to its proximity to Clemson University, two large lakes (Keowee and Hartwell), and the Blue Ridge mountains 25 miles north. There are currently 75 based aircraft at the airport with runway dimensions of 5000 feet by 100 feet. The airport is serviced by NDB and precision GPS approaches to both runways. There are over 35,000 annual operations at the Oconee County airport with a significant number of seasonal operations during the summer and fall months.

Evaluation. An Evaluation Committee will be formed to review each statement of qualification for compliance to the RFQ. Submissions will be evaluated to identify the firm(s) best qualified to meet the County’s needs. The County reserves the right to request interviews of any, all or none of the respondents. The Evaluation Committee may, in the discretion of the Evaluation Committee, create a Prequalification List that will include qualified respondents determined to be in the best interest of Oconee County. Oconee County intends to create a Prequalification List of three (3) to five (5) qualified respondents, but Oconee County may, in its sole discretion, adjust that number. A qualifications-based selection process conforming to FAA Advisory Circular 150/5100-14E will be

utilized. Selection criteria will include: recent experience with airport projects at commercial service airports operating under FAR Part 139; ability to provide or partner with firms that can provide multi-disciplinary engineering services; demonstrated ability to meet schedules within budget, quality of previous airport projects undertaken; interest shown; and other qualifications as set forth in Section 5.

After Pre-Qualification. The Evaluation Committee will seek a general project proposal from each of the firms on the Pre-Qualification List, by issuing a Request for Proposal (“RFP”) to each engineer/consultant on the Pre-Qualification List. The RFP will include a description of the proposed scope of services required. The County intends to provide selection criteria, including their relative importance that will be used to evaluate the proposals, to each of the firms on the Pre-Qualification List. The Evaluation Committee may then conduct interviews with each engineer/consultant on the Pre-Qualification List, or in the County’s discretion, the Evaluation Committee may bypass the interview process ranking the firms on the Pre-Qualification List based on submitted material. The Evaluation Committee may then use the selection criteria developed for the project to rank the qualified engineer/consultants in order of preference. The Evaluation Committee may then initiate discussion with the first-ranked engineer/consultant to fully define the scope of work and services to be provided. After an agreement on a detailed scope of services has been reached, the Evaluation Committee will have the engineer/consultant submit cost proposals together with a detailed project proposal. The Evaluation Committee will then negotiate with the engineer/consultant to reach a fair and reasonable fee. The Evaluation Committee will make their recommendation to the Oconee County Council. The County Council has the right to accept or refuse the Evaluation Committee’s recommendation.

Awarding Policy. If a multi-year contract is awarded pursuant to this RFQ and subsequent procurement activities, the award shall be made in accordance with provisions of the Code of Ordinances of Oconee County, South Carolina, to the responsive, responsible Respondent whose proposal is determined to be the most advantageous to the County based on the criteria discussed in this RFQ and any subsequent procurement activities. However, the County reserves the right to reject any and all statements of qualifications and proposals received, and in all cases, the County shall be the sole judge as to whether a Respondent’s statement of qualification or proposal has or has not satisfactorily met the requirements of this RFQ or any subsequent RFP. Oconee County will be the sole judge as to whether a statement of qualification or proposal has or has not satisfactorily met the requirements of this RFQ or a subsequent RFP, if any. The document that will form the contract shall include this entire solicitation, all applicable amendments, and the successful Respondent’s statement of qualification and proposal.

For general information about Oconee County, visit www.oconeesc.com.
