

9/21/04

PENDLETON DISTRICT WORKFORCE INVESTMENT BOARD

"A Partnership That Works"

August 30, 2004

received
9-1-04

Mr. Harry Hamilton, Interim-Supervisor
Oceane County Council
415 South Pine Street
Walhalla, SC 29691

Dear Mr. Hamilton:

The Pendleton District Workforce Investment Board was filed and certified by the Governor August 15, 2000. It is the responsibility of the County Councils to appoint all members of the Workforce Investment Board.

Board terms are for three years. The following individual's term expired June 30, 2004. He has agreed to be reappointed for another three-year term:

Mr. Russell Karpick
Manager, Human Resources
Square D Company
1990 Sandifer Blvd.
Seneca, SC 29678

Additionally, the following individuals have agreed to fill existing vacancies:

Melvin Martin (One-Stop Partner)
Community Relations
SC Regional Housing No. 1
417 Tribble Street
Seneca, SC 29678

Debra Desilette (Private Sector)
Human Resource Manager
Home Depot
718 Tall Oak Trail
Seneca, SC 29678

Alena Dotson (Private Sector)
HR Specialist
Sealed Air Corp. -Cryovac
PO Box 1157
Seneca, SC 29679

STATE OF SOUTH CAROLINA

COUNTY OF OCONEE

PROCLAMATION

Whereas, existing industry is fundamental to the future prosperity of OCONEE COUNTY;

Whereas, OCONEE COUNTY'S existing businesses demonstrate industry leadership in creating opportunity for our community;

Whereas, South Carolina's existing businesses contributed 89% of all new capital investment and 76% of all new jobs;

Whereas, large and small companies from throughout South Carolina are engaged in breakthrough research, application and production; and

Whereas, collaborative efforts between education, the community and the company mean more competitive and healthy companies;

Now, Therefore, I, Frank Ables, Chairman of the Oconee County Council do hereby this 21st day of September, 2004 Proclaim the week of September 20-24, 2004 as **INDUSTRY APPRECIATION WEEK** and urge all residents to salute our industries and their employees for their many contributions to our community.

Dated this 21st day of September, 2004

*Il. Frank Ables Jr., Chairman
District V, Oconee County Council*

*Sirone R. Moore
District I, Oconee County Council*

*Kenneth E. Johns, Jr.
District II, Oconee County Council*

*Bill Rinehart
District III, Oconee County Council*

*Marion E. Lyles
District IV, Oconee County Council*

Approved Budget/Ordinance amount for bid items \$380,000.00

I hereby certify that to the best of my knowledge
the tabulation of bids is accurate.

Marianne Dillard
Procurement Director

Re: Wheel Loader Bid

Dear Marianne:

If reference to bid #04-01, we respectfully decline to accept the bid submitted by Powell Brothers Tractor, Inc. on a Hyundai HL7803A. This decision was made following numerous discussions between myself, Ray Brooks, Quarry Plant Superintendent and Mickey Kerr, Quarry Shop Foreman.

We feel this machine would not serve the best interest of the Oconee County Rock Quarry for the following reasons. It does not meet specifications in two major areas as well as some other areas. We requested bids on a 14-liter engine, the Hyundai has an 11-liter engine. The fuel tank is located in the rear of the machine, which is a safety factor and influences the counter weight. The Hyundai does not offer stick steering. We are concerned about the limited number of machines placed in any application and none in a granite quarry.

Mitchell Distributing Company submitted the next lowest bid on a Komatsu WA500. We also feel we must reject this bid based on the following factors. It has a single Z-bar linkage, we feel that the dual Z-bar linkage offers much better visibility and greater safety. The fuel tank is located in the rear of this machine, which is also a safety factor and influences the counter weight. They declined to install a CB radio, which we requested. Komatsu offers a Komatsu engine, which would be the only one of its kind at the quarry requiring a new computer program to run diagnostic test on the engine.

We recommend accepting the bid offered by Interstate Equipment Company on the Kawasaki 952V for the following reasons. It meets all specifications. We already own two Kawasaki machines from which we have experienced great service. If any problem has occurred, both the dealer and the manufacturer have proven their commitment to stand behind the warranty. There is a manufacturing facility located in Atlanta, Georgia that provides parts in one day.

Sincerely,

Thomas S. Crumpton, Jr.
Quarry Plant Manager

RE: Fire Truck for Heritage Center

Dear Mr. Hamilton:

In the past, a 1962 Chevrolet C65 fire truck, Oakway 1, serial number 2C6520123778 was set aside for the Heritage Center but no action was ever taken. This truck was the first truck used to provide fire protection to the entire county.

Ronald Butts, Rural Fire Marshal, approves giving this truck to the Heritage Center if they are going to restore it. But if they are not going to restore it, Ronald recommends giving the Heritage Center Engine #11, a 1965 Chevrolet fire truck, serial number C653B103855 and Rural Fire would like to keep and restore the first fire truck.

Sincerely,

Marianne Dillard
Procurement Director

STATE OF SOUTH CAROLINA
COUNTY OF OCONEE
ORDINANCE 2004-19

OCONEE COUNTY EXPOSURE CONTROL PLAN ORDINANCE

(Updated 08/10/04)

The Oconee County Government is committed to providing a safe and healthful work environment for our entire staff. In pursuit of this goal, the following exposure control plan (ECP) is provided to eliminate or minimize occupational exposure to blood borne pathogens in accordance with OSHA standard 29 CFR 1910.1030, "Occupational Exposure to Blood Borne Pathogens."

The ECP is a key document to assist our organization in implementing and ensuring compliance with the standard, thereby protecting our employees. This ECP includes:

- Determination of employee exposure
- Implementation of various methods of exposure control including:
 - Universal precautions
 - Engineering and work practice controls
 - Personal protective equipment
 - Housekeeping
- Hepatitis B vaccination
- Post-exposure evaluation and follow-up
- Communication of hazards to employees and training
- Record keeping
- Procedures for evaluating circumstances surrounding exposure incidents. Implementation methods for these elements of the standard are discussed in the subsequent pages of this ECP.

PROGRAM ADMINISTRATION

- The Human Resources Department is responsible for the implementation of the ECP and will maintain, review, and update at least annually, and whenever necessary to include new and modified tasks and procedures. Contact location/phone number: 415 South Pine Street, Walhalla, SC 29691 / (864) 638-4252.
- Those employees who are determined to have occupational exposure to blood or other potentially infectious materials (OPIM) must comply with the procedures and work practices outlined in this ECP.

- The Individual County Departments will provide all necessary personal protective equipment (PPE), engineering controls (e.g., sharps containers), labels and red bags as required by the standard. The Human Resources Department will ensure that the individual departments will provide adequate supplies of the aforementioned equipment are available in appropriate sizes. Contact location/phone: 415 South Pine Street, Walhalla, SC 29691 / (864) 638-4252.
- The Human Resources Department will be responsible for training, documentation of training and making the written ECP available to employees and OSHA representatives. Contact location/phone number: 415 South Pine Street, Walhalla, SC 29691 / (864) 638-4252.

EMPLOYEE EXPOSURE DETERMINATION

The following is a list of all job classifications and departments at our establishment in which all employees have occupational exposure.

DEPARTMENT	JOB TITLE
Sheriff Department	Deputy I & II, Master & Senior Deputy, Process Server, Sergeant, Corporal, Lieutenant, Community Services Officer, Training Officer, School Resource Officer, Investigator & Victim Services Coordinator, Captain, Chief & Sheriff
Rural Fire	Fire Chief, Deputy Fire Chief, Training Officer & Mechanic
Vehicle Maintenance	Maintenance Superintendent, Assistant Shop Foreman, Auto & Diesel Mechanic, Apprentice Mechanic, Tire Repairer, Auto Servicer, Senior Auto Diesel Mechanic, Automobile Service
Animal Control	Animal Control Officers I & II, Animal Control Supervisor, Animal Shelter Supervisor, Animal Shelter Tech. & Account Clerk I
Parks & Recreational	PRT Director, Senior Park Superintendent, Park Superintendent, Park Ranger, Park Tech., Athletic Director, Secretary II & Summer Employees
Coroner	Coroner, Deputy Coroner
Public Buildings	Building Maintenance Supervisor, Maintenance Mechanic I & II
Environmental Services	Environmental Services Supervisor, Custodian I & II
Emergency Management	Emergency Management Director, Administrative Assistant, Secretary I & Rescue Squad Coordinator/Trainer
Solid Waste	Solid Waste Director, Convenience Center Clerk, MRF Supervisor, Equipment Operator I, II & III, Tire Handler, Landfill Site Monitor, Recycling Coordinator & Convenience Center Supervisor
Magistrates	Chief Magistrate, Magistrates & Deputy Magistrate
Law Enforcement	Correctional Officers I & II, Major, Sergeant, Corporal, Nurse, Sergeant Training Officer & Master Correctional Officer
Rural Fire Volunteers	All Rural Fire Volunteers
First Responders	All First Responders

* With the exception of secretarial and clerical employees in these departments.

These same standards apply to all part-time, temporary, contract and per diem employees in the departments listed above.

METHODS OF IMPLEMENTATION AND CONTROL:

Standard/Universal Precautions:

Treat all Blood and bodily fluids as if infected with HIV or Hepatitis B, C, D & E

Exposure Control Plan:

Use appropriate PPE to prevent contact with skin, or splattering into face.

Employees covered by the blood borne pathogens standard receive an explanation of this ECP during their initial training session. It will also be reviewed in their annual refresher training. All employees have an opportunity to review this plan at any time during their work shifts by contacting the Human Resources Department (864) 638-4252. If requested, an employee will be provided with a copy of the ECP free of charge. These copies will be available in each department listed above.

The Human Resources Department is responsible for reviewing and updating the ECP annually or more frequently if necessary to reflect any new or modified tasks and procedures, which affect occupational exposure, and to reflect new or revised employee positions with occupational exposure.

Engineering Controls and Work Practices:

Engineering controls and work practice controls will be used to prevent or minimize exposure to blood borne pathogens. The specific engineering controls and work practice controls used are listed below:

TASKS PERFORMED	MEANS OF TRANSMITTAL	PERSONAL PROTECTIVE EQUIPMENT
Cleaning around dumpster	Touch, Stick Or puncture wound from Contaminated Broken glass, sharp object or needle	Heavy gloves Gown
Touch/Carry Trash/Waste	Spill, Stick, Touch: Blood Body Fluid	Heavy Gloves Gown
Bathroom Facility	Touch, Blood, Splash	Latex-free disposable Gloves, glasses, gown
Bathroom Maintenance	Immersion, Urine &	Latex-free disposable

	Feces	Gloves, Glasses, gown
Cleaning Around Landfills after unloading of vehicles at MCC	Touch, Stick	Latex-free disposable gloves, Goggles
Assisting Injured Person As result of accident	Touch, Bite, Urine, Spit, blood puncture wound from sharp object	Latex-free disposable gloves, Gown & Goggles
Transport of Prisoner	Bite, Saliva, Urine, Feces & Blood	Latex-free disposable gloves, Face Shield Glasses
Fights/ Assaults	Touch, Blood, Bite, Saliva, Urine & Feces	Latex-free disposable gloves, Goggles, Change Clothing if contaminated with bodily fluids
Body Cavity Search	Touch, Stick, Puncture Wound	Latex-free disposable gloves
Securing or Handling of Evidence	Touch, Puncture Wound	Latex-free disposable gloves
Deceased Persons Body Removal Amputated Body Parts	Touch, Spinal	Latex-free disposable gloves, Goggles, Gown & Body Bag
Resuscitation	Blood, regurgitation, Spit	Latex-free disposable gloves, Resuscitation Equipment, Ambubag or Ventilation Device
Equipment Repair/Maintenance	Touch, Splash, Puncture Wound	Latex-free disposable gloves,

Personal Protective Equipment (PPE):

PPE is provided to our employees at no cost to them. Training is provided by the Individual Department Heads in the use of the appropriate PPE for the tasks or procedures employees will perform.

The types of PPE available to employees are as follows: Latex-free gloves, Safety glasses, Masks, Disposable gowns.

PPE may be obtained through the Employee's Individual Department.

All Employees using PPE must observe the following precautions:

NOTE: When provision of hand washing facilities is not feasible, the employer shall provide either an appropriate antiseptic hand cleanser in conjunction with clean cloth/paper towels or antiseptic towelettes. When antiseptic hand cleansers or towelettes are used, hands shall be washed with soap and running water as soon as feasible.

Remove PPE after it becomes contaminated, and before leaving the work area.

Used PPE must be disposed of in red biohazard bags.

Wear appropriate gloves when it can be reasonably anticipated that there may be hand contact with blood or OPIM, and when handling or touching contaminated items or surfaces; replace gloves if torn, punctured, contaminated, or if their ability to function as a barrier is compromised.

Utility gloves may be decontaminated (use 1 part bleach to 10 parts water) for reuse if their integrity is not compromised; discard utility gloves if they show signs of cracking, peeling, tearing, puncturing or deterioration.

Never wash or decontaminate disposable gloves for reuse.

Wear appropriate face and eye protection when splashes, sprays, sputters, or droplets of blood or OPIM pose a hazard to the eye, nose or mouth.

Remove immediately or as soon as feasible any garment contaminated by blood or OPIM in such a way to avoid contact with the outer surface.

The procedure for handling used PPE is as follows: After being bagged, it is taken to the central collection point at the Sheriff's Department.

PPE and engineering controls are reviewed annually by individual departments and per employee request. Employees are involved in selecting and evaluating PPE and engineering controls for their specific departments.

Housekeeping:

Regulated waste is placed in containers which are closable, constructed to contain all contents and prevent leakage, appropriately labeled or color-coded (see labels), and closed prior to removal to prevent spillage or protrusion of contents during handling.

The procedure for handling sharps disposal container is: The sharps are labeled and placed in household trash containers at the convenience centers.

The procedure for handling other regulated waste is: Bag the waste in biohazard bags and transport to the central location at the Sheriff's Department. The biohazard bags will then be disposed of by the SC Department of Transportation and EPA regulations.

Contaminated Sharps are discarded immediately or as soon as possible in containers that are closable, puncture-resistant, leak proof on sides and bottoms, and labeled or color-coded appropriately. Sharps disposal containers are available in the PPE kits.

All contaminated surfaces (counter-tops, tools, etc.) are to be cleaned and decontaminated as soon as feasible after visible contamination, with one part bleach.

Broken glassware, which may be contaminated, is picked up using mechanical means, such as a brush and dustpan.

Laundry:

If a uniform or personal clothing item becomes contaminated with blood or bodily fluids, it must be placed in a bio-hazard bag and taken to **KING'S CLEANERS, 100 W. North First Street, SC 29678**, and will be cleaned at The County's expense. Biohazard bags can be obtained from Human Resources if necessary.

The following requirements must be met:

Wear the following PPE when handling contaminated clothing articles: Gloves.

Labels:

The following labeling method(s) is used in this facility:

<u>EQUIPMENT TO BE LABELED</u>	<u>LABEL TYPE</u>
(e.g., specimens, contaminated Laundry, etc.)	(red bag, biohazard label, etc)

The head of each department will ensure warning labels or red bags are used as required if regulated waste or contaminated equipment is brought into the facility. Employees are to notify their department head immediately if they discover regulated waste containers, refrigerators containing blood or OPLM, contaminated equipment, etc. without proper labels.

HEPATITIS B VACCINATION:

The Human Resources Department will provide training to employees on hepatitis B vaccinations, addressing the safety, benefits, efficacy, methods of administration and availability.

The hepatitis B vaccination series is available at no cost prior to performing any tasks that put them at risk and within ten (10) days of initial assignment to employee identified in the exposure determination section of this plan. Vaccination is encouraged unless: 1) documentation exists that the employee has previously received the series, 2) antibody-testing reveals that the employee is immune, or 3) medical evaluation shows that vaccination is contraindicated.

However, if an employee chooses to decline vaccination, the employee must sign a declination form. Employees who decline may request and obtain the vaccination at a later date at no cost. Documentation of refusal of the vaccination is kept in the Human Resources Department.

Oconee Family Practice at 12016 N. Radio Station Rd. Seneca, SC, will provide vaccination.

Following hepatitis B vaccinations, the health care professional's written opinion will be limited to whether the employee requires the hepatitis vaccine, and whether the vaccine was administered.

POST EVALUATION AND FOLLOW-UP:

Workers Please Note:

If you experienced a needle stick or sharps injury or were exposed to the blood or other body fluid of a patient during the course of your work, immediately follow these steps:

Following the initial first-aid:

- Wash needle sticks and cuts with soap and water.
- Flush splashes to the nose, mouth, or skin with water.
- Irrigate eyes with clean water, saline, or sterile irrigants.
- Report the incident to your supervisor.
- Should an exposure incident occur, contact the Human Resources Department at (864) 638-4252.

POST EXPOSURE EMPLOYER FOLLOW-UP

Document the routes of exposure and how the exposure occurred.

Identify and document the source individual (unless the employer can establish that identification is infeasible or prohibited by state or local law).

Obtain consent and make arrangements to have the source individual tested as soon as possible to determine HIV, HVC, or HBV infectivity; document that the source individual's test results were conveyed to:

Dr. Peter Kwofie, M.D.
Keowee Primary Care & Internal Medicine, P.C.,
109 Omal Drive, Suite B
Seneca, SC 29678

If the source individual is already known to be HIV, HVC and/or HBV positive, new testing need not be performed.

Assure that the exposed employee is provided with the source individual's test results and with information about applicable disclosure laws and regulations concerning the identity and infectious status of the source individual (e.g. laws protecting confidentiality).

After obtaining consent, collect exposed employee's blood as soon as feasible after exposure incident and test blood for HBV and HIV serological status.

If the employee does not give consent for HIV serological testing during collection of blood for baseline testing, preserve the baseline blood sample for at least ninety days; if the exposed employee elects to have the baseline sample tested during this waiting period, perform testing as soon as feasible.

ADMINISTRATION OF POST EXPOSURE EVALUATION AND FOLLOW-UP

The Human Resources Department ensures that health care professional(s) responsible for employee's hepatitis B vaccination and post-exposure evaluation and follow-up are given a copy of OSHA's blood borne pathogens standard.

The Human Resources Department ensures that Keowee Primary Care & Internal Medicine, P.C. receives the following post exposure incident:

- A copy of the regulation
- A description of the employee's job duties relevant to the exposure incident.
- Route(s) of exposure.
- Circumstances of exposure
- If possible, results of the source individual's blood test
- Employee's medical records, relevant to appropriate treatment, including vaccination status.

Dr. Peter Kwafie, M.D., will provide the employee with a copy of a written opinion within fifteen (15) days after completion of the evaluation.

PROCEDURES FOR EVALUATING THE CIRCUMSTANCES SURROUNDING AN EXPOSURE INCIDENT:

The Health Care Professional will review the circumstances of all exposure incidents to determine:

- ❖ Engineering controls in use at the time
- ❖ Work Practices Followed
- ❖ A description of the device being used
- ❖ Protective equipment or clothing that was used at the time of the exposure incident (Gloves, eye shields, etc.)
- ❖ Location of the incident

- ❖ Procedure being performed when the incident occurred
- ❖ Employee training

If it is determined that revisions need to be made, the Human Resources Department will ensure that appropriate changes are made to this Exposure Control Plan.

EMPLOYEE TRAINING:

The Human Resources Department will conduct pre-exposure training for all employees who have occupational exposure to blood borne pathogens. Dr. Peter Kwofie, M.D., will provide post-exposure training for all employees.

All employees who have occupational exposure to bloodborne pathogens receive training on the epidemiology, symptoms, and transmission of bloodborne pathogen diseases. In addition, the training program covers, at a minimum, the following elements:

A copy and explanation of the standard

An explanation of our Exposure Control Plan and how to obtain a copy.

An explanation of methods to recognize tasks and other activities that may involve exposure to blood and OPIM, including what constitutes an exposure incident.

An explanation of the use and limitations of engineering controls, work practices, and Personal Protective Equipment.

An explanation of the basis for Personal Protective Equipment selection.

Information on the Hepatitis B vaccine, including information on its efficacy, safety method of administration, the benefits of being vaccinated, and that the vaccine will be offered free of charge.

Information on the appropriate actions to take and persons to contact in an emergency involving blood or OPIM.

An explanation of the procedure to follow if an exposure incident occurs, including the method of reporting the incident and the medical follow-up that will be made available.

Information on the post-exposure evaluation and follow-up that the employer is required to provide for the employee following an exposure incident.

An explanation of the signs and labels and/or color-coding required by the standard and used by the county.

An opportunity for interactive questions and answers with the person conducting the training session.

Training materials for Oconee County are available in the Human Resources Department.

RECORD KEEPING:

Training Records:

Training records are completed for each employee upon completion of training. These documents will be kept for at least three (3) years in the Human Resources Department.

The training records include:

- Dates of Training Sessions
- Contents or Summary of Training Sessions
- Names & qualifications of Persons conducting training
- Names & job titles of all persons attending training sessions

Employee training records are provided upon request to the employee or the employee's authorized representative within fifteen (15) working days. Such requests should be addressed to the Human Resources Department.

Medical Records:

Medical records are maintained for each employee with occupational exposure in accordance with 29CFR 1910.20, "Access to Employee Exposure and Medical Records".

The Human Resources Department is responsible for maintenance of the required medical records. The confidential records are kept in the Oconee County Human Resources Department, 415 South Pine Street, Walhalla, SC 29691 for at least the duration of employment plus thirty (30) years. Employee medical records are provided upon request of the employee or to anyone having written consent of the employee within fifteen (15) working days. Such requests should be sent to the Human Resources Department, 415 South Pine Street, Walhalla, SC 29691.

OSHA Record Keeping:

An exposure incident is evaluated to determine if the case meets OSHA's Record Keeping Requirements (29 CFR 1904). The determination and the record activities are done by the Human Resources Department, 415 South Pine Street, Walhalla, SC 29691.

STATE OF SOUTH CAROLINA

COUNTY OF OCONEE

ORDINANCE 2004-

AN ORDINANCE CREATING THE OCONEE COUNTY RURAL FIRE DEPARTMENT

WHEREAS, the Oconee County Rural Fire Department has existed for a number of years; and

WHEREAS, the Oconee County Rural Fire Department is a member of the South Carolina State Firemen's Association; and

WHEREAS, no Oconee County Ordinance exists which creates the Oconee County Rural Fire Department;

NOW, THEREFORE, be it Ordained as follows by Council in session duly assembled:

Section I

The Oconee County Rural Fire Department is hereby established.

Section II

The Oconee County Rural Fire Department shall consist of the following rural fire departments:

Being a part of Oconee County Rural Fire Departments shall not prevent any individual rural fire department from being a member of the South Carolina State Firemen's Association and receiving funds under South Carolina Code Section 29-9-330, et al.

Section III

The Oconee County Rural Fire Department will be managed by the Fire Chief of the Oconee County Rural Fire Department.

STATE OF SOUTH CAROLINA

COUNTY OF OCONEE

ORDINANCE 2004-

AN ORDINANCE CREATING A BOARD OF TRUSTEES OF THE FIREMEN'S
INSURANCE AND INSPECTION FUND

WHEREAS, as Oconee County receives funds pursuant to South Carolina Code Section 23-9-310, et seq; and

WHEREAS, South Carolina law requires the establishment of a Board of Trustees of Firemen's Insurance and Inspection Fund for the distribution of funds under South Carolina Code Section 27-9-310, et seq;

NOW, THEREFORE, BE IT ORDAINED as follows by Council in session duly assembled:

SECTION I

The Board of Trustees of Firemen's Insurance and Inspection Fund for the Oconee County Rural Fire Department is hereby established.

The Board of Trustees shall consist of six (6) members. The Treasurer of Oconee shall be a member of the Board of Trustees. The five (5) remaining members shall be appointed by the Oconee County Treasurer upon recommendation of County Council. Each County Council member shall recommend a person to the Treasurer to serve on the Board of Trustees. Each member of the Board of Trustees shall serve a term of four (4) years and they shall serve until their successors are appointed and qualify for office. The Treasurer shall act as the Treasurer of the Board of Trustees and shall be the custodian of all funds received pursuant to South Carolina Section 23-9-310, et seq.

SECTION II

The Board of Trustees of Firemen's Insurance and Inspection Fund shall perform the duties set out in the South Carolina Code Section 27-9-310, et seq.
