May 25, 2010

The Solicitor's Office by actual head count handled 840 people this past year, May 2009 to May 2010. Of that total, the Public Defender's office represented 756.

At the present time there are 666 pending criminal cases(Defendants) in Oconee County. The Public Defendant has pending 409 General Sessions cases(Defendants), 43 Juvenile cases, and, 143 probation/parole violation cases.

Our office consists of two full time attorneys and two full time and one part time support personnel. Until June, we have two contract attorneys to handle cases in General Sessions and in the Magistrate and Municipal courts. Because of a lack of funding, after June we will not be able to continue the contract attorneys, and, the General Sessions cases will be picked up by the two attorneys in the office, for the most part, some to be assigned to outside counsel because of conflicts. We will no longer be able to provide representation in Magistrate and Municipal courts. The Solicitor has three full time attorneys, an investigator, and four full time and one part time support personnel, and, this year will receive additional funding for a fourth attorney to handle Magistrate Court cases.

The Solicitor is appropriated \$536,000.00 annually, while the Public Defender office is appropriated \$150,000.00. The Solicitor is provided almost one-half of the first floor of the courthouse, provided phone services and all utilities. Because the Courthouse was not designed to accommodate the Public Defender office, the Public Defender is required to provide its own facilities, phones, and utilities, presently costing approximately \$1,400.00 per month, and, must provide its own equipment and office supplies.

Along with the aforementioned cases, the Public Defender also handled 43 juvenile cases in Family Court, 165 violation of probation cases, and, 178 magistrate and municipal court cases.

I am not asking that you provide equal funding with the Solicitor's Office, only that the funding be more on par with the case load ratio. The Public Defender office handles approximately 90% of the cases that come through the Court system, which includes General Sessions(Circuit Court), Magistrate and Municipal(when the Defendant asks for a jury trial or representation), Juvenile cases(Family Court), and violation of probation/parole cases(Circuit Court).

We are requesting an additional amount of \$66,192 in general funding for the public Defender Office and \$138,000.00 to provide representation in the Magistrate and Municipal Courts.

Without the additional funding, we are fast approaching the time when we will not be able to provide the services for the people we are required to represent.

Thank you.

Robert Gamble
Chief Public Defender
Tenth Judicial Circuit

Comments to Council at Public Hearing for 2010-11 Budget

by Bo Horne 5/25/2010

[Page 1 Both, overtax surpluses]

Over budgeting has gone on since 1996. It has led to both underspending and overtaxing. You've used it to accumulate County Katties and move them around at will to fund pet projects like the Westminster Firehouse.

From data on your website, we see you've accumulated surpluses totaling \$54M since 1996, and \$39M since 2008. More about this later.

It is simply unbelievable that you have millions to give friends at HighPointe, yet you strangle essential services people depend on and where lives are in jeopardy, like rural fire protection and law enforcement.

The Sheriff, for instance, has only 32 patrol officers for the entire county. That is not 32 at any given time, but 32 deputies to call on, 24 hours a day, 7 days a week, 365 days a year. They must take time off occasionally. At best, only 8 are on patrol at any given time.

When one is out sick, or for any reason, we have even fewer patrolling. You are down two deputies right now. They are on paid administrative leave due to the terrible episode at Burnt Tarnyard. Some months back, an officer was called to a drunken party. Several people were involved in a knife fight. The nearest backup was 45 minutes away, but fortunately the deputy held them off until backup arrived.

Our patrol deputies are staffed at only 63% of the national per capita average. The Sheriff has asked for more deputies for 7 years. It's all in the budget request you received. Your budget shows he has been denied once again. You need to make investments in essential services, not investments that bail out friends. Create jobs now by supporting essential services the public needs.

Your special interest investments are risking lives. Find the money to meet the Sheriff's request for more patrol deputies and to install cameras in all cars. Failure to do so will prove, once again, that you don't listen to the people, and you don't care about anything except special interests.

[Page 2 Both, fire map areas]

A similar problem exists with rural fire protection. You've been asleep at the switch. You've even admitted "overlooking" it. All the talk about the involvement of cities in county fire protection seems to indicate neither you nor the cities even understand the real problem.

Refer to the map.

We are talking about the county system. The three cities are independent, they don't even pay the county tax. They are simply paid contractors. Their bills are always paid first, as they should be. But, you are allocating the lion's share of the entire 2.9 mil tax, paid by the rest of the entire county, to those hills.

The predisposition of the council, and the cities, to think the cities are the county system is wrong. The county system is the rural volunteer system. It consists of far more area than the 5 mile rings around the three cities. Much of the area being ignored includes million dollar lake homes where owners expect this essential service.

The present situation is **not** acceptable. You **cannot** continue taxing the entire county outside those three cities at 2.9 mils, then use most of it plus more from other budgets, to subsidize fire protection for those rings. That is what you are doing. Look at the map. Forgive me if the cross-hatched area is not exact. The county doesn't make this map available.

You are using fire tax from 14 rural districts, plus the three rings, to subsidize fire protection inside the 3 rings. The rural fire protection issue is not about the cities. It is about the money paid by 14 fire districts when needs are ignored while their taxes are used to subsidize the rings. It's about lake areas paying millions in taxes to subsidize the rings, but not getting the expected and promised improvements in fire protection. It's about the volunteers who provide their service **at no cost**, then have to sell hot dogs to put a roof on a firestation. Ask Troy McCurry if you don't believe me.

The only decision the cities need to make is their lowest bids for covering the rings around them. The most important decision makers in the county system are not the cities or County Emergency Mgt, but the rural volunteers who built the system, who staff the system at zero cost, and who risk their lives on every call. The council already screwed it up once, and they parked their trucks outside. You won't get a third chance, you must get it right this time.

Your special interest investments are risking lives. Find money in this year's budget to send more of our 2.9 mils back to where it came from, so the volunteers won't have to sell hot dogs to meet compelling needs in their stations. Once again, failure to do so will prove you aren't listening, and don't care about anything except special interests.

[Page 3 Beth, Capital Library]

Let's talk about a deceptive capital budget.

Who are you kidding? We have a lot of major, built-up liabilities, and you created more this year. The capital budget bears no resemblance to reality. Prior conservative capital financing methods in Oconee County seem to have become just as highly leveraged as HighPointe-PoateWest and banking deals that caused the meltdown. Have you seen what is happening in the stock markets and Europe? Debt is killing us around the globe.

What is the impact of HighPointe on the budget? It's \$3.5M, we think much more.

What about the library? You've promised it. It's \$6.1M.

[Page 4 Beth, Capital Bridges]

Why did you approve only \$150K for bridges and culverts when you charge as a full mil, \$5M? With so many deficient bridges everywhere, it's hard to believe we have no need for the balance. Again, you can create jobs now by supporting essential services, the public needs instead of gifting to friends for risky projects.

[Page 5 Beth, Capital Econ Dev]

What about the GCCP sewer plant? It's \$6.6M. You keep saying you want to move forward. Have you given up, because of lawsuits?

What about the England farm? Why are you negotiating to buy it? Because only half of the GCCP is actually usable? We have a half empty Industrial Park now. The company that bought the last spec building is about to move out. I know, nobody wants used buildings. But, think outside the box. Get creative. Buy an almost new, used spec building, for half price. Then, go find a good tenant like Anderson did with its \$1B project. Save a cool three million, and bring in jobs much sooner.

What about the jail? What about the courthouse? That's \$15-20M. How will we pay for that?

You keep pouring money into the airport, but Clemson is working hard to annex it, along with HighPointe, Keowee River, and area almost up to Oconee Nuclear Station. When they take it over, they will control it, and Oconee loses control of a major and costly asset. How does this land grab impact the budget?

Where will all the capital money come from?

We want an honest accounting of how you plan to handle these compelling needs and nice-to-have proposals; what you plan to do for the next year, how it will be paid for, and what the impact will be on reserves and millage, even if the impact doesn't hit until 2012. These are big ticket items, too big to overlook for another year.

You only have three options:

- a. Sales tax - Mr. Corbeil clearly told the entire county Thursday night the sales tax won't be on the ballot in November, so this option is gone.

b. Reserves - Tell us which county kitties you'll use, for which projects, and when.

c. Bonds - They cause millage increases, and they will be substantial. Tell us which projects will be funded with bonds, how much the millage increase will be, and when it will hit us. The public deserves to know your plan, and how much tax impact is being hidden and pushed out to 2012.

d. Oops, there's a fourth option. Tax increases in a new time of global financial panic. Better not depend on this one. Tax caps severely limit it, and taxpayers will go ballistic.

You promised an 8% spending cut. Occasionally, you've actually called it a tax cut. Regardless of what you intended, the people heard tax cut and they're expecting one. You aren't delivering.

[Page 6 Beth, budget-adv]

You haven't even cut spending the promised 8%. You advertised 9%, showing revenues will be down \$4M, \$46M for 2010, actual I assume, versus projected 2011 of \$42M. You've been projecting a \$1 to 2M surplus for 2010. Now, it looks like we have another big fat \$2M surplus coming this year, but you don't reflect the higher 2010 income for 2011.

[Page 7 Beth, budget-detail]

Note the 2011 approved budget is \$42.1M vs \$42.7M for 2010.

Total general fund spending is really down only 1.4% from this year's budget, and it fails to reflect the constant annual income increase due to growth. I see two more huge surpluses coming for 2010 and 2011.

[Page 8 Beth, budget-direct]

You show an 8% reduction in the spending detail for direct departments. But that is only because you played games with the \$1.2M you're spending for outside help with reassessment. Remove that distortion and you have achieved an actual spending reduction of less than \$100k, only .3%, far less than you imposed on elected officials and indirect areas for essential services.

[Page 9 Beth, overtaxed]

Budget gimmicks used over the years created the issue of underspending vs. overtaxing. Guess what. It's actually both. Your own figures don't lie.

\$54M in cumulative surpluses since 1996. Tax collections exceeded revenues in 9 of 14 years, by a total of \$6.8M. You under spent by a whopping total of \$47.2M. All this adds up to an average surplus of 12.5% every year since 1996. How many governments in the entire nation can claim that? Yet, you never have enough for essential services, where lives are on the line, and for other things people need. But, you always have plenty of money for pet projects like the Westminster firestation, HighPointe spec buildings, and the GCCP.

The last few documents show the same practices that created the \$54M cumulative surplus from 1996-2009, and endless County Kitties for pet projects as needed, will leave us with more fat surpluses and kitties for 2010 and 2011 as well.

The council has mislead the public with budget gimmicks long enough. I know other Councils started it, but its your job to fix it. You haven't. And, it can't be tolerated much longer.

It is time for you to listen to the people, before the ship runs aground.

Provide honest, fully transparent and understandable budgets.

Thank you.

Conclusions

- They need a local option sales tax???
- This is how "County Kitties" are created, how they can always find money, or move money around between Kitties, for pet projects like:
 - \$2.5 M for Westminster Fire Station
 - \$5.5 M for HighPointe / Pointe West
- Why can't they come up with more money for things people know are needed?
 - Sheriff's uniforms?
 - Sheriff's patrol vehicles?
 - Sheriff's deputies?
 - To help rural Fire Department volunteers?
 - To improve rural Fire Departments ISO ratings?
 - Longer library hours?
 - Reopening Married Convenience Centers on Wednesdays?
 - Jail needs?
 - Courthouse repairs?

Conclusions

- They need a local option sales tax???
- This is how "County Kitties" are created, how they can always find money, or move money around between Kitties, for pet projects like
 - ◊ \$2.5 M for Westminster Fire Station
 - ◊ \$5.5 M for HighPointe / Pointe West
- Why can't they come up with more money for things people know are needed?
 - ◊ Sheriff's uniforms?
 - ◊ Sheriff's patrol vehicles?
 - ◊ Sheriff's deputies?
 - ◊ To help rural Fire Department volunteers?
 - ◊ To improve rural Fire Departments ISO ratings?
 - ◊ Longer library hours?
 - ◊ Reopening Manned Convenience Centers on Wednesdays?
 - ◊ Jail needs?
 - ◊ Courthouse repairs?

Public Hearing
Proposed Oconee County Budget 2010-2011

May 25, 2010

FROM: Susie Cornelius
170 Old Mill Lane
Mountain Rest, SC 29664

This is a complaint that the Council Council continues to fund capital for county fire and emergency services, and to fund city contracts for fire services, without first having set up a fire plan that is generally acceptable to the public. The existing funding of fire service outside city limits is seriously flawed in distribution around the county.

Furthermore, this is a complaint that County Council has advertised a county budget to the public that contains a proposal for capital project(s), which budget does not show a source of revenue for the proposal. It is unreasonable to expect the public to accept a "budget" showing consideration for a project(s) that does not indicate the source of revenue.

State Code provides for the following

"SECTION 4-9-130. Public hearings on notice must be held in certain instances:

Public hearings, after reasonable public notice, must be held before final council action is taken to: adopt annual operational and capital budgets; etc. . . ."

Administrative staff has advised me that the state code allows for Council to skip the step of adopting annual operations and capital budgets under state law code Sec. 6-1-80 by giving notice of a public hearing in lieu of the requirements of above in Sec. 4-9-130.

Such a blatant disregard for openness of government by the state legislature in promulgating the Sec. 6-1-80 loophole setting aside transparency does not absolve County Council of responsibility for open government and full disclosure of a proposed budget, including sources of revenue outside the general tax revenue stream.

I object to a budget that proposes projects for which there is no revenue source shown.

Please read these comments into the record and include them in the minutes of this public hearing.

Thank you,

Oconee County Fire Chief's Association

Walhalla, SC 29691-2145

Council Members,

A motion was made, and approved, during our meeting on May 24, 2010, that we feel the need to inform you of. The motion was as follows;

We the Fire Chiefs of Oconee County Rural Fire strongly recommend to the Oconee County Council at large, that the contract which is currently being negotiated with the City of Seneca, to provide fire protection in the rural areas of Seneca, SC should not exceed the total amount of the 2.9 millage paid by the residents that live in said rural area. If the city of Seneca refuses this offer, then the rural areas that border the city limits of Seneca are prepared to provide coverage up to the incorporated area of Seneca until the County can provide a better solution for this problem in the days to come. This in no way should reflect poorly on the service which is currently being provided by the brotherhood of Firemen currently employed by the city of Seneca. This is the only fair way to divide tax money that is paid by the entire rural areas of Oconee County. Several alternate forms of financial revenue was discussed up to, but not excluding the City of Seneca forming a "Special Tax District" to provide the extra revenue they feel is needed to provide the current level of protection. We hope the City of Seneca will understand that to take tax money from other unincorporated areas of the county and give this revenue to them to provide paid protection in their rural coverage area and not provide the same paid protection to all rural areas of Oconee County, is just not equitable.

Rural Fire Chief's in attendance representing Stations 1, 3, 4, 5, 8, 9, 11, 12, 13, 14, 15, 16 and 21. A roll call vote was taken, and the motion was passed, eleven yea, one nay with one station abstaining from voting.

We the undersigned hope this recommendation will clarify our position and wishes as the current negotiations draw to a close.

Sincerely,

Larry C. Wilkerson
Larry Wilkerson, President
Oconee Fire Chief's Association

INTERIM PLAN

Until a permanent plans adopted, the following can be put in to place within 5 working days.

- * Use the current Station 21 personnel and relocate to the unincorporated fire district around the City limits of Seneca.
- * Through the ongoing mutual cooperation between Emergency Services and the Oconee Medical Center's Emergency Medical System (Ambulance Service); place 1 of the 2 Oconee County owned Fire Engines that will be returned to the County in the EMS truck bay and house the above OCES personnel at the EMS station. Oconee County has and is making accommodations for the EMS in County buildings.
- * Extend the surrounding 7 fire districts that border the unincorporated Seneca fire district (Fire districts 16, 11, 3, 12, 13, 1 and 6) to absorb that district. Stationing the OCES staff in a location in the district to be absorbed will maintain response to calls and a station within 5 driving miles of a fire station. This will maintain the integrity of Emergency Services purpose to be a support agency to the volunteers of Oconee County. (This will avoid the forming of a new district and will only be extending the existing districts)
- * A formal letter would need to be sent to the Oconee Medical Center's Board for formal approval. A contract already exist between Seneca and the hospital separate from mutual aid for \$1,000 a year established in 2006.
- * All funds that are not used for the Contract can be used to improve support to the other unincorporated districts.

| | |
| TOTAL.. | \$ 51,671,811 |

Appropriations for each department in the general fund have been detailed by the County Council into a line-item budget by department. The line-item budget and the budget provisos are hereby incorporated herein, by reference, as fully as if set forth verbatim herein, and adopted as part of this Ordinance.

SECTION 2.

A tax of sufficient millage to fund the aforesated appropriations for the Oconee County Budget for the fiscal year beginning July 1, 2010 and ending June 30, 2011, after crediting against such appropriations all other unrestricted revenue anticipated to accrue to Oconee County and any fund balance budgeted to be used during said fiscal year, is hereby directed to be levied upon all taxable property, eligible to be lawfully taxed for such purposes, in Oconee County. The Auditor of Oconee County is hereby requested to

recommend to the Oconee County Council, for approval by Oconee County Council, a sufficient millage levy and the Treasurer of Oconee County is herein directed to collect sufficient millage on taxable property in Oconee County to provide for the aforesated operations appropriations and direct expenditures of Oconee County for the fiscal year beginning July 1, 2010 and ending June 30, 2011. The Auditor and Treasurer of Oconee County are hereby directed to fund such bond repayment sinking fund(s) as are necessary to provide for an orderly and timely payment of the debt service of Oconee County and to satisfy any debt covenants.

SECTION 3.

A tax of 2.1 mills to provide funding for the Tri-County Technical College Special Revenue Fund is hereby levied on all taxable property, eligible to be lawfully taxed for such purposes, in Oconee County. The revenue from this levy, not to exceed \$1,029,151 is hereby appropriated for support of Tri-County Technical College. The Auditor of Oconee County is hereby requested to levy and the Treasurer of Oconee County is herein directed to collect the millage on taxable property in Oconee County to provide for the aforesated appropriations of the Tri-County Technical College Special Revenue fund for the fiscal year beginning July 1, 2010 and ending June 30, 2011. To the extent such levy results in revenues in excess of the amount appropriated above, all such revenues shall be retained and accounted for in the Tri-County Technical College Special Revenue Fund and shall be carried forward from year to year as fund balance in this fund to be appropriated by Oconee County Council through future budget adoption or budget amendments.

SECTION 4.

A tax of 2.9 mills to provide funding for the Emergency Services Protection Special Revenue Fund is hereby levied on all taxable property within the special tax district, eligible to be lawfully taxed for such purposes, in Oconee County. The revenue from this levy, not to exceed \$1,278,874 is hereby appropriated for the Emergency Services Protection Special Revenue Fund. The Auditor of Oconee County is hereby requested to levy and the Treasurer of Oconee County is herein directed to collect the millage on taxable property within the special tax district in Oconee County to provide for the aforesated operations appropriations and direct expenditures of the Emergency Services Protection Special Revenue Fund for the fiscal year beginning July 1, 2010 and ending June 30, 2011. To the extent such levy results in revenues in excess of the amount appropriated above, all such revenues shall be retained and accounted for in the Emergency Services Protection Special Revenue Fund and shall be carried forward from year to year as fund balance in this fund to be appropriated by Oconee County Council through future budget adoption or budget amendments.

SECTION 5.

Oconee County receives certain recurring revenues that are restricted for certain purposes. These revenues are accounted for in various special revenue funds including the Victim Services-Sheriff's Office, Victim Services-Solicitor's Office, Accommodations Tax, Local Accommodations Tax, 911 Fund, and Library State Aid special revenue funds. Any surplus in these funds of the County or any moneys accruing therefrom shall be retained and accounted for in these funds and shall be carried forward from year to year as fund balances in such funds.

SECTION 6.

Oconee County receives federal, state and local grants for specified purposes. Oconee County is hereby authorized, absent any other factor, to apply for, receive, and expend all such grants for which no local match is required or for which such funds are budgeted herein, in addition to all other authority elsewhere given, and in accordance with all other policies and directives of Oconee County. These grants, including any local match, are deemed budgeted for the specified purposes upon acceptance of such grants. These grants are budgeted for on a project basis in accordance with the grantor's terms and conditions instead of an annual basis and as such, unexpended appropriations for uncompleted grant projects are carried forward as a part of the budget authorized by this ordinance.

SECTION 7.

All appropriations made by prior year budget ordinances for which the respective monies have been obligated or encumbered are hereby carried forward and reappropriated, as of July 1, 2010, as a part of the budget authorized by this Ordinance.

SECTION 8.

Capital projects are budgeted on a project basis instead of an annual basis and as such, unexpended appropriations for uncompleted capital projects are carried forward as a part of the budget authorized by this ordinance.

SECTION 9.

All unexpended appropriations as of June 30, 2010, except for those noted in Section 6, Section 7, and Section 8 of this ordinance shall lapse and expire and the monies involved shall revert to the fund balance of the fund from which the appropriation originated.

SECTION 10.

The County Administrator, as required by state law, shall oversee and supervise the day-to-day implementation of this budget ordinance, including the execution and delivery, on behalf of the County, of all contractual documents necessary or required for the expenditure of funds authorized by this budget ordinance, for the purposes for which such funds are so authorized. Subject to the procurement policies of the County, the County Administrator is hereby authorized to contact and enter into contracts on behalf of the County for purposes, activities and matters budgeted for herein.

SECTION 11.

The fees authorized for all county departments to charge for services of the county and to use for operations of the county are as set forth in a schedule of fees. This schedule of fees is included as part of the line item budget and is incorporated herein, by reference, as fully as if set forth verbatim herein, and adopted as part of this Ordinance and the fees are hereby approved to be charged by the appropriate county departments.

SECTION 12.

If any clause, phrase, sentence, paragraph, appropriation, or section of this Ordinance shall be held invalid for any reason, it shall not affect the validity of this Ordinance as a whole or the remaining clauses, phrases, sentences, paragraphs, appropriations, or sections hereof, which are hereby declared separable.

SECTION 13.

All other orders, resolutions, and ordinances of Oconee County, inconsistent herewith, are, to the extent of such inconsistency only, hereby revoked, rescinded and repealed.

SECTION 14.

This Ordinance shall become effective upon approval on third reading and enforced from and after July 1, 2010.

Adopted in meeting duly assembled this _____ day of June, 2010.

ORDINANCE 2010-11

Section 1

The appropriations made herein shall not be exceeded without proper authority or amendment by Oconee County Council. Any officer incurring indebtedness on the part of the County in excess of the appropriations herein made shall be liable upon his official bond.

Section 2

The Finance Director and Treasurer of Oconee County shall prepare such separate records and books of account as may be required by the United States Government or any of its agencies or by the State of South Carolina or any of its agencies, reflecting the receipt and disposition of all funds.

Section 3

All purchasing and contracting for the acquisition of goods and services for County purposes shall be in accordance with procedures outlined in the County Procurement Ordinance, as codified. Subject to the provisions of Oconee County policies, whenever possible and practical, goods and services shall be purchased from firms and individuals located in Oconee County whenever goods and services of equal quality and specifications are available from local suppliers at prices less than or equal to prices submitted by nonresident suppliers.

Section 4

No bills or claims against Oconee County shall be approved for payment and no check will be issued for same unless such bills or claims are properly itemized showing the goods purchased or services rendered, dated as of the date of delivery of said goods and/or services and signed by the person receiving said goods or services.

Section 5

No officer, elected official or employee of Oconee County shall furnish any services or sell any materials or supplies to the County for pay, except upon open quote or bid in accordance with the County Procurement Ordinance, as codified.

Section 6

Petty Cash Funds are hereby authorized if such are necessary to effectively conduct County business. Such funds must be approved by and periodically audited under the direction of the County Finance Director.

Section 7

The County Council may transfer funds from any fund, department, activity or purpose to another by normal Council action, subject to all other applicable legal requirements. The County Administrator shall be authorized to transfer appropriations between object classifications within departmental budgets. All transfers authorized by this section are subject to the overall appropriation limits of this Ordinance.

Section 8

The County Administrator shall be authorized to expend up to five thousand dollars (\$5,000) from the contingency accounts for a special purpose not anticipated when the original budget appropriation was approved. County Council must approve any single expenditure in excess of five thousand dollars (\$5,000) from the contingency accounts. The County Administrator shall be authorized to allocate funds from the gas and diesel contingency accounts as needed.

Section 9

Neither the Administrator, nor any Department Head, may establish or fund a new position without the consent of the County Council.

Section 10

For any equipment, vehicle or any other item that is approved in the budget as a replacement for existing items, the item being replaced will be relinquished to the Procurement Director for disposal or reassignment.

Section 11

The standard mileage rate reimbursed to County employees for use of their personal vehicles will be equal to the amount set, as the authorized rate, by the Internal Revenue Service, at any given time.

Section 12

Oconee County will pay County employees a per diem for meals while traveling on County business, including travel related to training. No per diem will be paid for meals that are included in registration fees. The rates will be \$8 for breakfast, \$12 for lunch and \$15 for dinner. Per Diem for breakfast will be reimbursed if the employee is required to leave home before 7:30 a.m. Per Diem for dinner will be reimbursed if the employee returns home after 6 p.m.
