INTRODUCTORY SECTION

Amanda F. Brock
County Administrator

Oconee County Administrative Offices
415 South Pine Street
Walhalla, SC 29691
(864) 638-4245

February 10, 2023

To the Members of the Oconee County Council and Citizens of Oconee County:

The Comprehensive Annual Financial Report (CAFR) for Oconee County, South Carolina, for the fiscal year ended June 30, 2022, is hereby submitted pursuant to South Carolina Code of Laws, Title 4, Chapter 9, Section 150. The CAFR is intended to present the financial activity of the County for the fiscal year and the financial condition of the County as of June 30, 2022. This CAFR provides a fair presentation of the County's financial position and changes in financial position in accordance with the standards promulgated by the Governmental Accounting Standards Board (GASB).

Management assumes full responsibility for the completeness and reliability of the information contained in this report, as well as the presentation and disclosure. Management is also responsible for establishing and maintaining a system of internal controls to safeguard assets and to provide reasonable assurance that the financial statements are free of any material misstatements. The concept of reasonable, rather than absolute, assurance recognizes that the cost of an internal control should not exceed the expected benefits. Management evaluates the costs and anticipated benefits of internal controls within this framework. We believe the County's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

In compliance with the laws of the State of South Carolina, the County's financial statements have been audited by Mauldin & Jenkins, Certified Public Accountants. The auditors issued an unmodified ("clean") opinion on Oconee County's financial statements for the year ended June 30, 2022. The independent auditors' report is located at the front of the financial section of this report.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Government

Oconee County, incorporated in 1868, is located in the northwest corner of South Carolina in the scenic Blue Ridge foothills and mountains. Five incorporated municipalities exist within the 625 square miles of the County. Oconee County is empowered to levy a property tax on both real and personal property located within its boundaries in order to provide services to a population of approximately 79,546.

Oconee County has operated under the county-administrator form of government since 2000. Policy-making and legislative authority are vested in a governing council (Council) consisting of five council members. Council members are elected by district to a four-year staggered term. The Council elects a chairman, vice chairman, and chairman pro tem at the first meeting in January. The Council appoints the County Administrator, who is responsible for carrying out the policies of Council and overseeing the day-to-day operations of the County.

Oconee County provides a full range of services, including police protection; emergency and fire services; judicial services; solid waste disposal and recycling; the construction and maintenance of highways, streets and other infrastructure; building inspections, licenses and permits; recreational and cultural activities; library services, and

support of local health and welfare services. Oconee County is also financially accountable for Keowee Fire Tax District, a special tax district, which is reported separately as a discretely presented component unit within the County's financial statements. The County approves the District's budget and tax levy and is obligated for the debt of the District. Additional information for Keowee Fire Tax District can be found in the notes to the financial statements (see Note 1, Reporting Entity section).

The Council is required to adopt a final budget for the subsequent year by no later than the close of the fiscal year. This annual budget serves as the foundation for Oconee County's financial planning and control. The budget is prepared by fund, function, (e.g., public safety), and department (e.g., Sheriff's Office). The County Administrator is authorized to transfer appropriations between departments within the same fund. County Council may transfer resources from any fund, department, activity or purpose to another by normal Council action, subject to all other applicable legal requirements.

Local Economy

Oconee County's economy continues its efforts to recover from the dip during the state shut down in early 2020. According to data published by the South Carolina Department of Employment and Workforce (SCDEW), the County's unemployment rate for October 2022 was 3.2 percent, which is below the State rate of 3.5 percent and the United States rate at 3.4 percent for the same period. At the conclusion of the 2020, it was 5.2 percent. According to SCDEW, manufacturing is the lead employment industry in Oconee County and there were approximately 1,917 job openings reported in October 2022.

Prior to the pandemic, Oconee County's per capita income was on a steady incline. A great indicator of a strong economy and economic development successes. From 2019 to 2020, the per capita income increased by 4.3% for an average income of \$47,511. All indications are this trend will continue and the strong business climate and determined citizenship within Oconee County will continue to grow.

Long-term Financial Planning and Major Initiatives

During recent years, Oconee County invested heavily in water and sewer infrastructure for necessary improvements and expansion of existing systems, including the allocation of Coronavirus Local Fiscal Recovery Funds, identified under the American Rescue Plan Act (ARPA), to local municipalities for necessary water and sewer infrastructure improvements. Oconee County also allocated funds to the Oconee Joint Regional Sewer Authority Fair Play Area Sewer Basin Plan and additional funding for sewer expansion along the I-85 corridor.

Oconee County continues improvements to the three county owned industrial parks with a focus on continuing to make sites "shovel ready" for companies seeking to expand operations. As a testament to the County's excellent business climate and community partners, Oconee County announced three existing industry expansions totaling over \$95 million capital investment. In August 2022, Impact Housing Group announced plans to establish operations at the Oconee Industry & Technology Park. The company's \$30 Million investment will create 215 new jobs over the next five years.

Oconee County has welcomed 2 new industries to the county. CurTec, which manufactures high performance packaging, and Impact Housing, which manufactures modular homes. These two new industries created over thirty million dollars in capital investment into Oconee County and created over one hundred jobs for the citizens of Oconee County.

The Oconee Economic Alliance has also seen a number of project interest into the county. We have had over 60 project inquirers to Oconee County this year. This is an increase from our project inquirers from the year 2021. These 60 projects represent a potential total capital investment of over one billion dollars and over one thousand jobs. Overall the Oconee Economic Alliance is poised to continue to capture this growth and we look forward to what 2023 will bring.

In 2022, Oconee County allocated funding for necessary improvements to the County roads, including \$4 Million for various road paving projects ranging from simple overlays to reconstruction and/or evacuation with removal. Oconee County also initiated road striping for approximately 145 center line miles of roadways.

Oconee County aims to provide maximum safety for all emergency responders and law enforcement. In February, Oconee County allocated \$2.6 Million toward the purchase of self-contained breathing apparatuses, spare cylinders and face pieces. This purchase allowed for the replacement and/or upgrade of existing units to meet the National Fire Protection Association 2018 standards.

As Oconee County contains a significant amount of public lands, in addition to 1,355 miles of lake shoreline, tourism provides a considerable contribution to the local economy, and is especially important to local small businesses. To continue building on the momentum of Destination Oconee, a plan approved in 2015 that focuses on tourism centric improvements to both existing infrastructure and new tourism capital, Oconee County Council moved forward with a dedicated capital millage for Parks, Recreation & Tourism in 2019. This millage, along with increased accommodations taxes, have provided the funds necessary to continue to drive tourism in our community and create a sense of place within our municipal downtowns.

To enhance guests' experiences within the County-operated park system, fourteen capital improvement projects were initiated and/or completed in 2022. In January, Oconee County began major upgrades to the Seneca Creek Access Area on Lake Hartwell, including the development of a new 3-lane boat ramp, fishing pier, courtesy docks, kayak launch, restroom and picnic area. The renovated access area will be under video surveillance in partnership with Clemson University and be able to park up to 50 vehicles and trailers. The Seneca Creek Access Area is expected to reopen to the public in January 2023. Parks, recreation and tourism capital projects also include the:

- Demolition and rebuild of the Chau Ram County Park shelter
- Design for a maintenance building at Chau Ram County Park;
- Design for new High Falls County Park shelter;
- Construction of a new covered deck for the High Falls recreation building;
- Paving of the High Falls patio deck and Mullins Ford Boat Ramp;
- Preservation of the Alexander-Cannon-Hill House at High Falls County Park;
- Shoreline restoration at High Falls County Park and South Union;
- Renovation of the South Cove County Park recreation building; and
- The addition of parking for pickleball courts at South Cove County Park.

Various tourism promotions and campaigns for outdoor recreation has proved Oconee County to be an extremely popular attraction resulting in another year that each of the County's parks have seen record-highs for the number of visitors.

An additional asset that provides a major boost to our tourism impact is the extension of the Palmetto Trail to Stumphouse Park and the addition of the Stumphouse Mountain Bike Trail, operated by the City of Walhalla. This trail provides bike access from both the parking area and from Oconee State Park with over 10 miles of mountain bike trails. The County continues to see revenue increases with the local accommodations tax and the municipalities have seen that same increase along with increased revenues with their hospitality taxes and business license fees. These increases provide ongoing support for maintenance and tourism capital in all areas of our community.

As part of the Oconee County Regional Airport Capital Improvement Plan, the County continued to work closely with the Federal Aviation Administration and the South Carolina Aeronautics Commission to complete terminal apron expansion and the relocation Mt. Nebo Church Road projects.

In 2022, the Federal Aviation Administration, South Carolina Aeronautics Commission and Oconee County allocated funding toward the runway pavement rehabilitation project when additional emergency repairs identified the need to expedite this airport improvement initiative. The runway pavement rehabilitation began in September with completion of constructions, painting and runway grooving anticipated in January 2023.

Depending on the timeliness of federal and state funding the next project that follows in the capital improvement plan will be the design of taxiway pavement rehabilitation and airfield lighting rehabilitation for Fiscal Year 2023-2024. Oconee County intends to submit the grant funding pre-application when requested.

In early 2020, Oconee County finished their *2020 Comprehensive Plan*. A comprehensive plan is a document designed to guide the future actions of the County. It presents a vision for the future, with long-range goals and objectives for all activities that affect the local government. This includes guidance on how to make decisions on public and private land development proposals, the expenditures of public funds, availability of tax policy, cooperative efforts and issues of pressing concern, such as farmland preservation or the rehabilitation of older neighborhood areas. The plan provides direction for future activities over a ten to twenty-year period after adoption. This process included community outreach, stakeholder meetings, elected and appointed officials and as many citizens of Oconee County that could be involved. The plan will be reviewed and updated, as needed, every five years.

Relevant Financial Policies

The Oconee County Council adopted Ordinance 2018-23 that established a general policy for maintaining and using the unassigned fund balance of the General Fund, subject to any superior ordinances or budget provisions. The Ordinance prescribes that the General Fund will be budgeted, so as to maintain an unassigned fund balance in an amount between 25 percent and 30 percent of regular general fund expenditures, which would be equivalent to 90 to 120 days of coverage. If the unassigned fund balance is below 25 percent, the Administrator will develop and recommend to Council a plan to increase the unassigned fund balance to a minimum of 25 percent of regular general fund expenditures within a time period not to exceed five years.

If the unassigned fund balance does not reach 25 percent of the General Fund within seven years of the enactment of this Ordinance, any subsequent budgets will require a supermajority vote (two-thirds of the members present and voting) of County Council to pass until the requirement is met.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Oconee County for its comprehensive annual financial report for the fiscal year ended June 30, 2021. This was the fourteenth consecutive year that the County has achieved this prestigious award. In order to receive the Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both U.S. generally accepted accounting principles and applicable program requirements.

A Certificate of Achievement is valid for a period of one year only. However, we believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated service of the entire staff of the Finance Department. We wish to express our appreciation to all of the departments who assisted and contributed to the preparation of this report. We would especially like to thank the Treasurer and Auditor along with their staff for all of their assistance during the audit. Credit must also be given to the governing council for their unfailing support for maintaining the highest standards of professionalism in the financial management of Oconee County.

The County is proud of the recognition and believes it demonstrates to the Citizens of Oconee County how committed County Council, administration, and staff are to achieving excellent financial results by properly planning and executing operational and capital plans in an orderly and professional manner.

INDEPENDENT AUDITORS' REPORT

To the County Council
of Oconee County
Walhalla, South Carolina

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of **Oconee County, South Carolina** (the "County") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund and the Miscellaneous Special Revenue Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Keowee Fire Tax District, which represents 100% of the assets, net position, and revenues of the discretely presented component unit as of June 30, 2022, and the respective changes in financial position for the year then ended. Those statements were audited by other auditors whose report have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Keowee Fire Tax District is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards (Government Auditing Standards)*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Notes 1, 6, and 7 to the financial statements, the County adopted new accounting guidance, GASBS No. 87, *Leases*, as of July 1, 2021. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the Schedule of Changes in the County's Total Other Postemployment Benefits Liability and Related Ratios, the Schedules of the County's Proportionate Share of the Net Pension Liability, and the Schedules of Employer Contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual nonmajor fund financial statements and schedules, budgetary comparison schedules, the Schedule of Expenditures of Federal Awards, as required by Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards*, and the Uniform Schedule of Court Fines, Assessments, and surcharges, as required by the State of South Carolina (collectively the "Supplementary Information") are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 10, 2023, on our consideration of Oconee County, South Carolina's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Oconee County, South Carolina's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Oconee County, South Carolina's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Required Supplementary Information
(Unaudited)

Management's Discussion and Analysis

In this section of Oconee County's (the "County") annual report, we provide a narrative overview and analysis of the County's financial performance for the fiscal year that ended June 30, 2022. Please read it in conjunction with the Administrator's Letter of Transmittal at the front of this report and the financial statements that follow this section.

Overview of the Financial Statements

This discussion and analysis provides an introduction to Oconee County's basic financial statements, which include the following parts: (1) *government-wide financial statements*, (2) *fund financial statements*, (3) *major discretely presented component unit financial statements*, and (4) *notes to the financial statements*. This annual report also contains certain *required supplementary information* and other *supplementary information* to aid in understanding the operations of the County.

Government-wide Financial Statements

The government-wide statements present a long-term view of the County's finances *as a whole*, using the *accrual-basis accounting*—the same accounting basis that most businesses use. The basic government-wide financial statements are presented on pages 18 through 19 of this report.

There are two government-wide financial statements:

Statement of Net Position: This statement presents information on *all* of the County's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in the County's net position may serve as a useful indicator of whether its financial position is improving or deteriorating. However, the statement of net position does not tell the whole story. To assess the County's overall financial health, other factors need to be considered, including the County's tax base, local economic growth, long-term debt management and the condition of its capital assets such as its buildings and infrastructure (roads and bridges).

Statement of Activities: This statement presents information showing how the County's overall net position changed during the year. The County reports a change in its net position as soon as an underlying event occurs that causes a change. The statement of activities accounts for all current-year revenues and expenses, regardless of when the County received or paid cash. Although governments compile the statement of activities using accounting methods similar to businesses, the format of this statement is quite different from the format of a business's profit and loss statement. The statement of activities helps to show how much it costs for the County to provide various services. It also indicates the extent to which each government function covers its own costs through user fees, charges, or grants. The *net revenues (expenses)* column on the far right of this statement on page 19 shows how much a particular function relies on taxes and other general revenues as opposed to program revenues to support its programs.

The government-wide statements present three different kinds of *activities*:

Governmental activities: Most of the County's basic services are included here, such as general government, public safety, transportation, public works, culture and recreation, judicial services, health and welfare, economic development, and education. Property taxes and state and federal grants provide resources to support most of these services.

Business-type activities: These activities usually recover all, or a significant portion, of the costs of their services or goods by charging fees to customers. The Rock Quarry Fund is the County's main business-type activities.

Component units: Although component units are legally separate from the County, the County's elected officials are financially accountable for them. The Keowee Fire Tax District is the County's only component unit. Some financial information for this component unit is included in this report. Complete financial statements for the Keowee Fire Tax District component unit can be obtained from the District's administrative offices (address included in Note 1 of the notes to the financial statements on page 33).

Fund Financial Statements

The fund financial statements on pages 20 through 32 of this report provide detailed information about the County's most significant funds—not the County as a whole. Funds are accounting designations that the County uses to track specific funding sources and spending for particular purposes. Oconee County, like other governments, uses fund accounting to aid financial management and to ensure and demonstrate compliance with financial related legal requirements.

The County reports three *types of funds*:

Governmental funds: The County reports most of its basic services in governmental funds. Governmental funds account for activities that the County reports as governmental activities in its government-wide statements. These funds focus on short-term inflows and outflows of expendable resources. The balances remaining at the end of the year help determine whether a fund has either more or less financial resources available to spend in the near future. Because the governmental fund statements lack the additional long-term focus of the government-wide statements, a reconciliation that explains the relationship (or differences) between the two kinds of statements is provided. By comparing the two kinds of statements and examining the reconciliation, a better understanding of the long-term impact of the County's near-term funding decisions is available. The County's General Fund and major special revenue funds that have legally adopted annual budgets require budgetary comparison schedules. Because the County uses the same generally accepted accounting principles (GAAP) basis to format the budgetary comparison report as the basic governmental financial statements, the Statement of Revenues, Expenditures and Changes in Fund Balances Budget (GAAP basis) and Actual report is presented in the Financial Section after the basic audited financial statements. The budgetary comparison report consists of the original adopted and final budgets, the actual inflows and outflows of resources, and a variance between the actuals and final budget. The General Fund's report shows the department level appropriations within each function (i.e., the Sheriff's Department within public safety).

The basic governmental fund statements and the GAAP basis budgetary comparison schedules are on pages 20 through 26 of this report.

Proprietary funds: Proprietary funds charge customers for the goods or services they provide—whether they are provided to outside customers (*enterprise funds*) or County departments and other governments (*internal service funds*). Proprietary funds use the *accrual basis of accounting* like businesses use. The County reports its two enterprise funds as *business-type activities* in the government-wide statements. The County does not have any internal service funds. The basic proprietary fund statements are on pages 27 through 30 of this report.

Fiduciary funds: Fiduciary funds consist of four types of funds: pension trust funds, investment trust funds, private-purpose trust funds, and custodial funds, of which the County only has *custodial funds*. Because the County acts as a clearing account to distribute certain financial resources to other entities, the County must report these activities separately, in custodial funds thereby demonstrating that those resources are used for and by the specific entity for which they are collected. The reports for the custodial funds are the Statement of Fiduciary Net Position and the Statement of Changes in Fiduciary Net Position. The basic fiduciary fund statements are on pages 31 and 32 of this report.

Component Unit Financial Statements

The government-wide financial statements identify the County's major discretely presented component unit under the Component Units subheading. However, the complete annual financial statements for the Keowee Fire Tax District are available upon request at the District's administrative offices.

Notes to the Financial Statements

Immediately following the financial statements are notes that provide additional and pertinent information to the financial statement amounts. The notes on pages 33 through 83 are necessary to understand fully the financial statements.

Required Supplementary Information

Governments have the option to present the mandatory budgetary comparisons as part of the basic financial statements or in the required supplementary information (RSI). The County has decided to present the budgetary comparisons for the General Fund and for each major special revenue fund, which has a legally adopted annual budget, with the basic audited financial statements instead of in the RSI. The mandatory budgetary comparison schedules are on pages 24 through 27. Additionally, the required supplementary information section includes information on the County's two pension programs, the South Carolina Retirement System and the South Carolina Police Officers' Retirement System, as well as the County's other post-employment benefits (OPEB) plan. This required supplementary information is on pages 84 through 87 of this report.

Supplementary Information

Combining and individual nonmajor governmental fund statements and budgetary comparison schedules, fiduciary fund statements, and the Uniform Schedule of Court Fines, Assessments and Surcharges information required by the State of South Carolina are presented immediately following the required supplementary information. These statements and schedules are on pages 88 through 108 of this report.

Government-wide Financial Analysis

Exhibits 1 and 2 summarize the overall financial position and results of operations of the primary government for the past two years based on information included in the government-wide financial statements.

Net Position

The largest portion of the County's net position reflects its net investment in capital assets (for example, buildings, roads, and bridges) less any related debt used to acquire those assets that is still outstanding. The County uses capital assets to provide services to citizens; consequently, they are not available for future spending. Further, the County cannot sell the capital assets to repay the related debt because the assets are used for County operations, so it must find other resources to repay the debt.

Restricted net position generally is available for future spending but is subject to external restrictions, such as bond covenants, federal government grant restrictions, or restrictions imposed by enabling County legislation. The County's largest restricted balances include capital projects and debt service.

Unrestricted net position - resources normally available for future spending without restrictions—reported a deficit balance of (\$12,302,416) at June 30, 2022. This represents an increase of net position of \$4.83 million over the prior year, which is a result of a \$5.20 million increase in charges for services, \$1.81 million in operating grants and contributions, and a \$2.84 million increase in property tax revenues. The increases in charges for services and property tax revenues were the result of airport fuel sales, federal grant assistance to combat COVID-19, and real estate sales and new construction.

The County's business-type activities reported a \$7.09 million unrestricted net position. This represents a decrease of \$600,828 from the previous fiscal year. This resulted mostly from the 2022 fiscal year realizing net revenues of \$600,072, as opposed to the \$2.39 million in the 2021 fiscal year. One reason for decrease in net revenues is the FOCUS Fund's \$934,000 bad debt expense that was recorded in 2022 when the lease of the broadband fiber optics network system was cancelled with One Tone and executed with Upcountry Fiber. In addition, the Rock Quarry had increases in expenses totaling \$1.70 million for equipment repair and maintenance parts, petroleum products, professional services, salaries and fringe, utility, and supply expenses. The COVID-19 pandemic affected supply chains worldwide driving up the costs of supplies resulting in less net revenues than the prior year. In addition, the Rock Quarry operating revenues increased by \$845,061 during the same period because of the demand for rock products used in construction and landscaping projects associated with the frenzied housing market.

Changes in Net Position

The County's total net position of its governmental activities and its business-type activities increased by \$4.83 million, or 4.0%, over the prior year. This overall improvement in the financial position of the County was primarily through increased collections from charges for services and property tax revenues and funding of operating grants and contributions within the County's governmental activities.

Governmental Activities

The net position of the County's governmental activities increased by \$4.26 million, or 4.0%. Revenue increased from last year by \$7.83 million, or 11.0%, which is comprised mostly of an increase of \$5.28 million, or 30.9%, in program revenue and an increase of \$2.56 million, or 4.7%, in general revenues. Revenues that support governmental activities are derived mostly from taxes; grants and contributions, including federal aid; and charges for goods and services. Exhibit 3 illustrates the sources of revenues that support governmental activities.

Expenses associated with governmental activities increased by \$5.18 million, or 7.4%, for the fiscal year ended June 30, 2022. These expenses were associated primarily with services provided for public safety, general government, transportation, culture and recreation, public works, and judicial services. Exhibit 4 compares the cost of these services with their program revenues - revenues derived directly from the program itself or from parties outside the County's taxpayers or citizenry. The difference between the two represents the net cost of these services and are subsidized by taxes and other general revenues financed. For the fiscal year ended June 30, 2022, the County used \$52.60 million in tax and other general revenues to offset the net cost of all services that the County's governmental activities provided. Business-type activities transferred \$66,000 to the County's governmental activities.

The following paragraphs highlight the most significant changes in revenues and expenses for governmental activities during the 2022 fiscal year:

- Charges for services increased by \$4.35 million, or 31.7%. Operating grants and contributions increased by \$1.81 million, or 29.1%, over the prior year. This was primarily due to increased airport fuel sales, solid waste recycling fees and federal funding to fight the COVID-19 pandemic.
- Property tax revenues increased by \$2.84 million, or 5.8%, and other tax and license revenues increased by \$279,118 or 16.9%. Overall tax collections increased during fiscal year 2022 due to increased real estate sales and new construction for the majority of the fiscal year 2022.
- The grants and contributions not restricted for a specific purpose decreased \$714,338, or 23.5% from the prior year due to not receiving the fourth quarter of fiscal year 2022 state aid payment \$732,681, within the revenue accrual window.
- Unrestricted investment income decreased by \$28,931, or 28.3%, from the previous fiscal year. This decrease is attributed to unrealized losses on investments. With rising interest rates in the nation's economy overall, the County's investments (at lower interest rates) have unrealized losses compared to higher interest low-risk investments in the market. However, when these investments mature, a loss of actual cash will not be realized.
- General government expenses increased by \$224,521, or 1.3% over the prior year. The increase in general government expenses was attributable to higher health insurance claims costs for employees and their family members resulting from COVID-19 related and other catastrophic illnesses during the 2022 fiscal year.
- Culture and recreation expenses increased by \$1.64 million, or 37.5% over the prior fiscal year. This increase was due primarily to a major improvement project at the Seneca Creek boat ramp and recreation area.
- Public safety expenses increased by \$1.44 million, or 4.9%, due to the 2021-2022 surge in gasoline prices and new vehicle purchases that were delayed from the prior year because of vehicle shortages.
- Transportation expenses increased by \$918,014, or 14.4%. The increase resulted from increased cost of airport fuels.

Exhibit 3
Sources of Revenues Supporting Governmental Activities
for the Fiscal Year Ended June 30, 2022

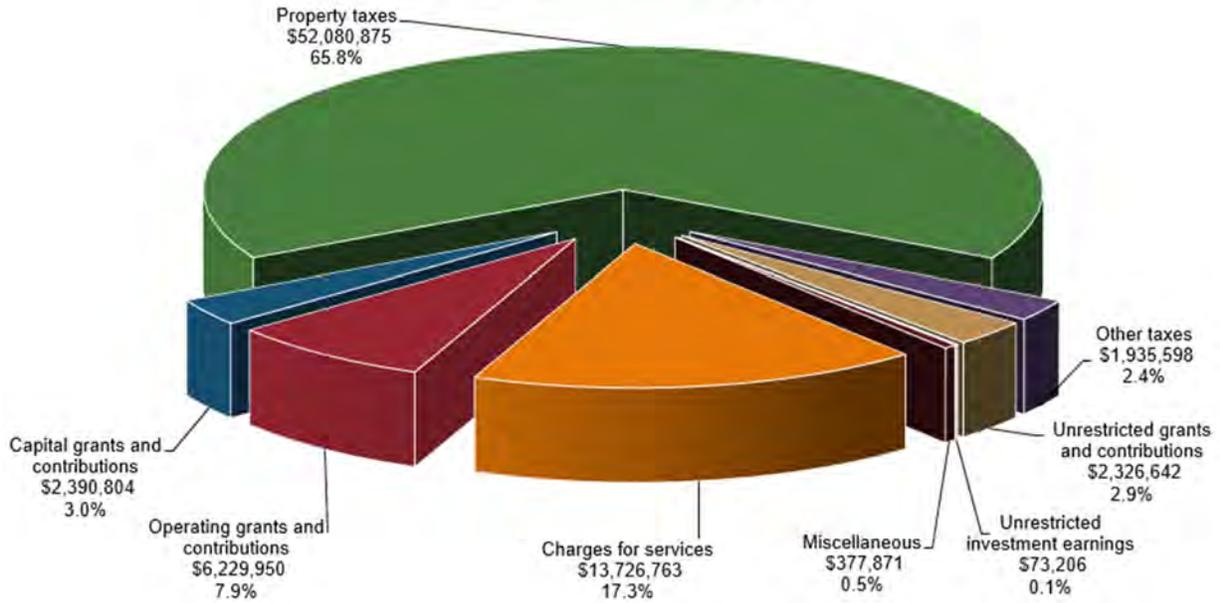

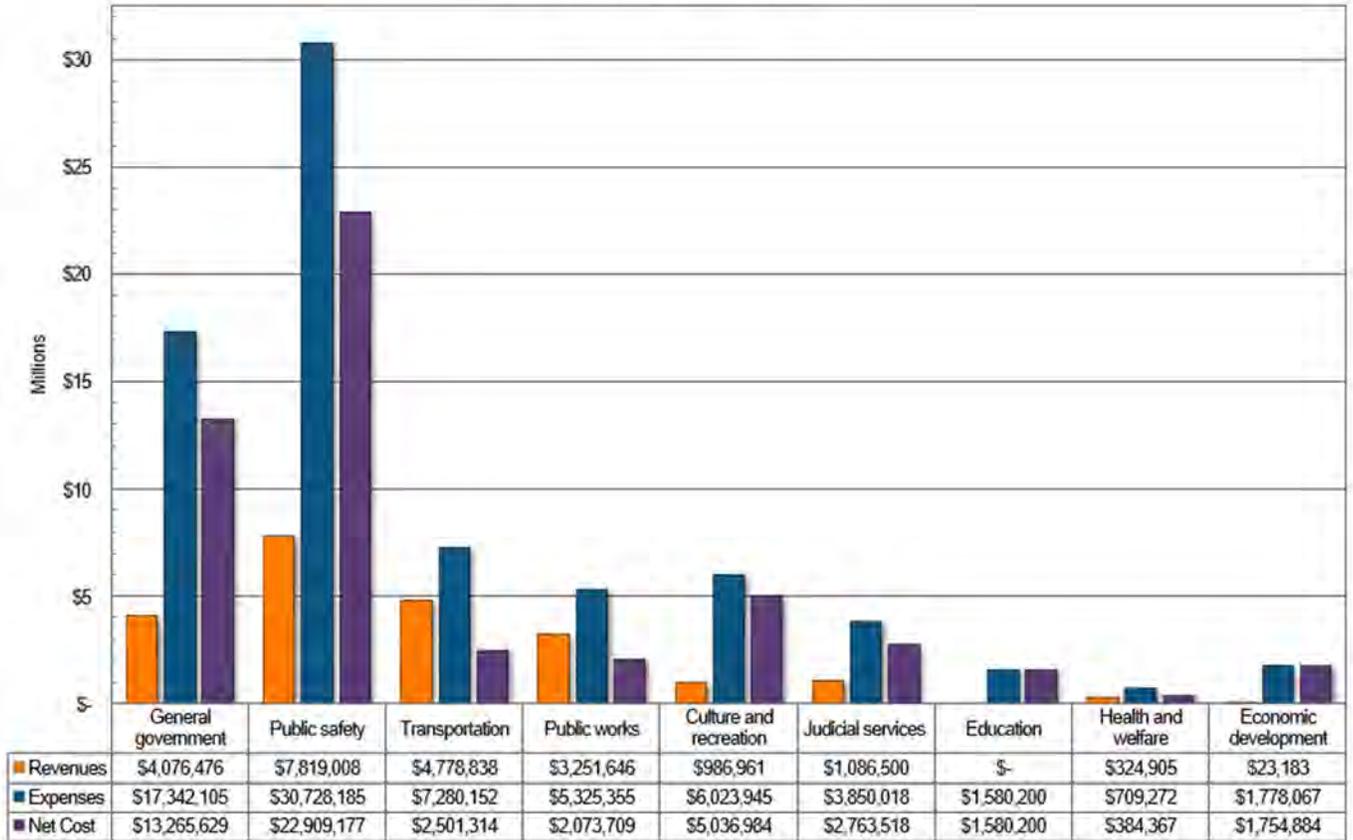

Exhibit 4
Governmental Activities
Net Cost of Services
for the Fiscal Year Ended June 30, 2022

Business-type Activities

The net position of the County’s business-type activities increased by \$565,488, or 4.0%.

Most business-type activities are intended to be self-supporting. The Rock Quarry Fund accounts for the mining operations of the County’s blue granite quarry. The Rock Quarry Fund’s net position as of June 30, 2022, was \$14.80 million, which was an increase of \$565,488, or 4.0%, from last year. The FOCUS Fund was created to account for the operations of a federally funded broadband telecommunications system. In fiscal year 2016-2017, the County leased the system to One Tone. During 2022, the County entered into a new lease agreement with Upcountry Fiber.

Operating revenues of the Rock Quarry Fund increased by \$845,061, or 12.7%, and operating expenses for the production of crushed granite increased by \$1.70 million, or 39.8%, during the 2022 fiscal year. The increases in operating revenues resulted directly from sales that were fueled by demand for building materials to keep pace with the upsurge in the housing market. Additionally, Rock Quarry expenses increased because of equipment breaks requiring specialized parts whose prices had risen steeply because of supply chain costs affecting the County and the country as a whole.

Financial Analysis of the County’s Funds

Oconee County uses fund accounting to ensure and demonstrate compliance with limitations set by the donor, grant authority, governing agency, or other individuals or organizations or by law. Within the fund financial statements, the focus is on reporting major funds.

Governmental Funds

Exhibit 5 shows the components of fund balance for the County’s various governmental funds as of June 30, 2022.

Exhibit 5
Governmental Components of Fund Balances
for the Fiscal Year Ended June 30, 2022

Fund Balance Component	General Fund	Miscellaneous Special Revenue	Coronavirus S&L Fiscal Recovery	Capital Projects	Nonmajor Governmental Funds	Total Governmental Funds

Assigned	6,318,714	88,953	-	418,159	7,006,654	13,832,480
Unassigned	11,260,698	-	-	-	(60,556)	11,200,142
Totals	\$ 26,287,618	\$ 582,548	\$ -	\$ 418,159	\$ 25,139,202	\$ 52,427,527
Change from prior year	\$ 1,612,643	\$ 1,016,829	\$ -	\$ (1,837,212)	\$ 2,449,993	\$ 3,242,253
Percentage change	6.54%	(234.14%)	-	(81.46%)	10.80%	6.59%

At June 30, 2022, total ending fund balance for the County’s governmental funds was \$52.43 million, which represents an increase of \$3.24 million, or 6.6%, from the prior year. This total contains an unassigned fund balance of \$11.20 million. The total also includes \$11.26 million reported by the General Fund as unassigned and available with no constraints for spending in the coming year. In addition, governmental funds reporting fund balances restricted by external parties or enabling legislation in fiscal year 2022 include the nonmajor governmental funds, which comprise \$18.69 million, or 35.6%, of the total fund balance. The remaining fund balance is nonspendable, committed, or assigned and is not available for future appropriation because it is not in a spendable form or is accessible only for specific purposes.

The *General Fund* is the County operating fund. This fund includes resources, such as property taxes, that pay for the services that the County traditionally has provided to its citizens. Most of the County's accounting activity occurs in the General Fund unless constraints established by enabling legislation or external parties require them to be accounted in another fund. Increases in property tax revenue of \$2.96 million, or 7.7%; charges for services of \$1.53 million, or 59.9%; and licenses, permits and fees of \$694,198, or 10.8%, from the prior year, contributed to the increases in the 2022 fiscal year's fund balance. Further, General Fund expenditures, which increased by \$3.21 million, or 5.9%, from the prior year, were below the total General Fund revenues, revealing the continued effects of the COVID-19 pandemic. Additionally, General Fund expenditures were more than prior year due to upswings in legal and professional fees and the cost of automobile and aircraft fuels, and a 6% employee pay raise.

The *Miscellaneous Special Revenue Fund* is a major special revenue fund, which accounts for multiple primarily restricted resources from grants and donations. These resources provide funding for specific projects outlined in a grant award or a donor's conditions for use. During the 2022 fiscal year, the total fund balance increased by \$1.02 million, or 234.1%, from the prior year. The increase in fund balance was primarily the result of an increase in federal grant funding of \$2.28 million, or 221.1% over the previous fiscal year. The increase in federal funding was related predominantly to two federal grants for emergency services projects, the USDA Emergency Watershed Protection Program grant and the USDHS Assistance to Firefighters grant. Mostly, this fund accounts for state and federal grants that are reimbursement-based.

The *Coronavirus State and Local (S&L) Fiscal Recovery Fund* accounts for the financial assistance provided to state and local governments to support their response to and recovery from the COVID-19 public health emergency. The County received \$7.73 million in 2021 and the same amount in 2022 for a total of \$15.45 million. In 2022, \$2.15 million was expended for premium pay for essential workers and was offset by an equal amount of revenue. The remaining balance, \$13.30 million, has been recorded as deferred revenue, which in the future will become revenue in corresponding amount to the qualifying expenditures. Because the revenues equal the expenditures, the fund balance for this fund is zero.

The *Capital Projects Fund* accounts for various capital projects. This fund accounts for capital projects funded mainly by proceeds from debt and federal airport improvement grants. The fund balance decreased by \$1.84 million, or 81.5%, during the 2022 fiscal year, leaving a fund balance of \$418,159 at the end of the fiscal year. The decrease in fund balance was a result of debt proceeds received in prior years being spent.

Nonmajor Governmental Funds are used to account for funds that are restricted for specific purposes, including emergency services; state and local accommodations taxes; property taxes for education, economic development, road maintenance, bridge and culvert maintenance, parks, recreation and tourism, and capital equipment and vehicles purchases; child support, library state aid, victims services and debt services. The \$2.45 million, or 10.8%, increase in fund balance during the 2022 fiscal year was primarily the result of a reduction of \$1.46 million, or 14.2%, in all nonmajor governmental funds expenditures and increase of \$107,000, or 76.4%, in transfers into the victims' assistance funds.

Proprietary Funds

Exhibit 6 shows the components of the net position for the County's two proprietary funds at June 30, 2022.

Exhibit 6
Proprietary Fund Net Positions
for the Fiscal Year Ended June 30, 2022

Fund Net Position	Enterprise Funds		
	Rock Quarry	FOCUS	Total Enterprise Funds
Net investment in capital assets	\$ 7,715,190	\$ -	\$ 7,715,190
Unrestricted	7,088,225	-	7,088,225
Totals	\$ 14,803,415	\$ -	\$ 14,803,415
Change from prior year	\$ 565,488	\$ -	\$ 565,488
Percentage change	3.97%	-	3.97%

The County's proprietary funds consist of two enterprise funds. Those enterprise funds are the Rock Quarry Fund and the FOCUS Fund.

Enterprise funds are reported as business-type activities in the government-wide financial statements and similarly in the enterprise fund financial statements. Furthermore, enterprise funds function much like private businesses, in that it sells goods or services primarily to customers outside of the primary government.

The net position of the *Rock Quarry Fund*, a major enterprise fund, increased by \$565,488, or 4.0%, over the prior year. As discussed in an earlier section for the government-wide net position, the Rock Quarry's operating expenses increased \$1.70 million from the prior year. In addition, the Rock Quarry operating revenues increased by \$845,061.

The *FOCUS Fund* had a net position of zero at June 30, 2022. The County is leasing the broadband system, which results in no revenues being generated or expenses incurred; therefore, FOCUS has no net position.

Budgetary General Fund Highlights

The estimated general fund revenues for the original fiscal year 2022 adopted budget were \$55.08 million. During the fiscal year, the original budget was amended to increase the revenues by \$500,000, or slightly more than 0.9%, to meet the demand for airport fuel. Actual revenues at June 30, 2022, were \$58.48 million, or 5.2%, over the final 2022 revenues budget. The final budget to actual variance in total revenue of \$2.91 million was due to increased sales building codes permits, commercial tipping fees for garbage deposited at the solid waste transfer station, and deed and other document recording fees. Real estate and personal property tax collections are the fund's major revenue source, which makes up 75.6% of the total revenues budgeted for the County.

Actual expenditures were under the amended appropriations by \$796,315. The budget included fire truck acquisitions for emergency services that could not be purchased because of the supply issues created by COVID-19.

Based on the results of operations, actual revenues exceeded expenditures by \$437,724, creating a budgetary surplus.

See the Required Supplementary Information section on pages 84 through 87 of this report for a detailed budgetary comparison schedule.

Capital Assets, Leased Assets, and Debt Administration

Capital Assets

At the end of the 2022 fiscal year, the County had \$141.06 million invested in capital assets, net of depreciation. This represented a net increase (including additions and deductions) of \$1.05 million, or 0.8%, over the previous fiscal year (see Exhibit 7-1).

Exhibit 7-1
Capital Assets, Net of Depreciation
for the Fiscal Years Ended June 30

Asset Classes	Governmental Activities		Business-type Activities		Total - Primary Government	
	2022	2021	2022	2021	2022	2021
Land and improvements	\$ 6,461,165	\$ 5,526,094	\$ 3,483,038	\$ 3,081,978	\$ 9,944,203	\$ 8,608,072
Other costs	38,523,106	37,311,827	-	-	38,523,106	37,311,827
Construction in progress	7,731,174	8,904,506	-	-	7,731,174	8,904,506
Buildings and improvements	42,713,893	44,297,387	41,925	68,200	42,755,818	44,365,587
Equipment and vehicles	9,924,600	10,032,184	8,660,451	9,293,239	18,585,051	19,325,423
Infrastructure	23,259,513	21,224,366	-	-	23,259,513	21,224,366
Other	27,152	29,621	-	-	27,152	29,621
Mineral interests	-	-	233,922	240,804	233,922	240,804
Total	\$ 128,640,603	\$ 127,325,985	\$ 12,419,336	\$ 12,684,221	\$ 141,059,939	\$ 140,010,206

Governmental activities growth in capital asset investment occurred mostly in infrastructure and construction in progress. The Roads and Bridges Department converted \$5.37 million of previous and current year construction in progress into infrastructure. The County Airport added \$1.85 million to construction in progress for runway and terminal improvement and expansion projects that receive funding from federal grants covering 90% of project cost and state grants covering 5% of project costs. The County Parks converted \$213,138 for a RV sani-dump station and added a net of \$1.25 million to construction in progress for various park renovation projects. Funding for the County Park projects comes from property taxes and local accommodations taxes (LAT). The LAT rates are 1.5% for properties located inside a municipality or 3% for unincorporated areas. These additions are part of new and on-going construction projects.

The business-type activities had a decrease in capital assets from the prior year of \$264,885, or 2.1%. Rock Quarry disposals of multiple pieces of nearly obsolete heavy equipment were trade-ins with allowances totaling \$31,500 toward the purchase of new equipment. The accumulated depreciation for the disposals was \$1.55 million. The net value of the acquisitions for replacement equipment and for the purchase of 5.51 acres of land, the transfer of a vehicle from the governmental activities, and the disposal of the old equipment decreased by \$421,709.

Leased Assets

At the end of the 2022 fiscal year, the County had \$357,316 in leased assets, net of amortization. This represents a net increase including additions and deductions of \$145,208, or 68.5%, over the previous fiscal year (see Exhibit 7-2).

Exhibit 7-2

See Note 7 in the notes to the financial statements on page 55 of this report for additional information on the County's capital and leased assets.

Debt Outstanding

At June 30, 2022, the County had a total of \$21.85 million in bonds and notes outstanding - a decrease of \$1.40 million, or a 6.0%, from the previous year (see Exhibit 8).

Exhibit 8

Financed purchases	5,968,985	5,259,473	4,704,146	5,192,162	10,673,131	10,451,635	2.12%
Special source refunding revenue bonds	909,000	1,198,000	-	-	909,000	1,198,000	(24.12%)
Total	\$ 17,146,268	\$ 18,062,282	\$ 4,704,146	\$ 5,192,162	\$ 21,850,414	\$ 23,254,444	(6.04%)

The repayment of principal on outstanding debt exceeded issuances of debt, resulting in a decrease in debt outstanding for governmental activities of \$916,014, or 5.1%.

As part of issuing new debt, credit rating assessments are reviewed by credit rating agencies. The two main credit rating agencies are Moody's Investors Service and Standard & Poor's. Each rating agency interprets the County's data slightly different resulting possibly in different ratings. On July 3, 2014, Standard & Poor's upgraded the County ratings from "AA-" to "AA", while the County rating remains at "Aa2" with Moody's Investors Service. These stable bond ratings are a clear indication of the continued sound financial condition of the County and are a primary factor in keeping interest costs low on the County's outstanding debt.

Furthermore, the State of South Carolina limits the amount of general obligation debt that a unit of government can issue, to 8% of the total assessed value of taxable property located within that government's boundaries. The legal debt margin, (amount of general obligation debt that the County could borrow without a referendum), for the County is approximately \$43.34 million, which is 11.2% increase from the prior year. The legal debt margin calculation does not apply to GO debt issued for special tax districts.

See Note 8 in the notes to the financial statements on pages 55 - 59 of this report for additional information about the County's long-term debt.

Economic Factors and Next Year's Budget

Forecasted Budgetary General Fund Revenues for Fiscal Year 2022-2023

In June 2022, County Council approved the Ordinance 2022-1 for the fiscal year 2022-2023 annual budget. The General Fund's budgetary revenue estimate was \$60.61 million. Less than two months later, the General Fund was amended to approve coverage of airport grant match expenditures totaling \$384,056. The General Fund amended budgetary revenues are \$61.00 million. At the end of the first quarter of fiscal year 2021-2022, the General Fund revenue collections were \$ 3.3 million, or 6%. The first quarter of fiscal year 2022-2023 had General Fund revenues collections of \$5.17 million, or 8.8%

Economic Conditions

With COVID-19 relenting and the growth from the housing market boom, the 2022-2023 revenue forecasts are slightly above target. Budgetary General Fund revenue collections for the first three months of fiscal year 2023 were 57.2% more than the same period in the prior fiscal year of \$3.29 million. In the General Fund, property taxes are the main source of funding.

Figure 9 below provides a graph of the budget and actual for the General Fund property taxes. During the COVID-19 fiscal years, 2020 through 2022, the actual collections were down as compared to the budget. For 2023, the collections are anticipated to realign with the budget. The return of unemployment rates to levels experienced in the pre-COVID-19 years (Exhibit 9-2) and the increase in the housing market of list prices (Exhibit 9-3) support the budgetary forecasts of 2023.

OCONEE COUNTY, SOUTH CAROLINA
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE
SHEET TO THE STATEMENT OF NET POSITION
JUNE 30, 2022

Total fund balances for governmental funds:		\$ 52,427,527
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets (including right-to-use leased assets) used in governmental activities are not financial resources and, therefore, are not reported in the funds.		128,997,919
Other long-term assets are not available to pay for current period expenditures and, therefore, are deferred in the funds.		2,397,680
Certain long-term liabilities are not due and payable in the current period and are therefore not reported in the funds. All liabilities, both current and long-term, are reported in the Statement of Net Position net of issuance premiums, discounts, and refunding deferral amounts.		
General obligation bonds	\$ (10,268,283)	
Lease payable	(365,603)	
Financed purchase obligations	(5,968,985)	
Special source revenue bonds	(909,000)	
Other post-employment benefits, net of related deferred outflows and deferred inflows of resources	(10,965,066)	
Post-closure care liabilities	(2,784,287)	
Compensated absences payable	(1,582,533)	
Net pension liability, net of related deferred outflows and deferred inflows of resources	<u>(39,032,034)</u>	
		(71,875,791)
Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due.		<u>(96,781)</u>
Net position of governmental activities		<u>\$ 111,850,554</u>

The accompanying notes are an integral part of these financial statements.

OCONEE COUNTY, SOUTH CAROLINA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

Net change in fund balances - total governmental funds \$ 3,242,253

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation or amortization expense.

Capital outlay	\$	8,694,490	
Amortization expense		(149,446)	
Depreciation expense		<u>(6,208,388)</u>	
			2,336,656

The net effect of various miscellaneous transactions (i.e., sales and donations) is to decrease net position. (883,425)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. (1,123,419)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. Also, the refunding deferral amount, which is the difference in the amount that is sent to the paying agent to be escrowed for payment of refunded debt and the principal amount of debt refunded, is amortized as an adjustment of interest expense in the Statement of Activities. The effects of these items are as follows:

Repayment of the principal of long-term debt	\$	2,421,127	
Issuance of long-term debt		(1,654,388)	
Amortization of premium on long-term debt		<u>2,375</u>	
			769,114

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. The following amounts represent the net liability changes using the full accrual method of accounting:

Pension liability	\$	491,441	
Landfill post-closure liability		(377,878)	
Compensated absences		48,605	
Accrued interest on long-term debt		(2,737)	
Other postemployment benefits liability		<u>(240,199)</u>	
			<u>(80,768)</u>
			<u>\$ 4,260,411</u>

NOTES TO THE FINANCIAL STATEMENTS

OCONEE COUNTY, SOUTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Oconee County (the "County") operates under a council-administrator form of government. For financial statement purposes, the County has divided its operations into the functions of the general government, public safety, transportation, public works, culture and recreation, judicial services, education, health and welfare and economic development.

The primary government financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

Reporting Entity

Oconee County, South Carolina - the primary government - is a political subdivision of the State of South Carolina. A five-member council elected from single-member districts governs it. These financial statements present all the fund types of the County. Component units may be presented by two different methods. Blended component units, although legally separate entities, are, in substance, part of the County's operations. Discretely presented component units are reported in a separate column in the combined financial statements to emphasize that they are legally separate from the County. The component unit discussed below is included in the County's reporting entity because of the significance of their operational or financial relationship with the County.

The Keowee Fire Tax District (the "District") is a discretely presented component unit, which was established by Oconee County Ordinance 2003-12 in August 2003. The District is governed by five elected commissioners that serve staggered terms. The District is fiscally dependent upon the primary government in that the County approves the District's budget and the District's tax levy. Additionally, a financial benefit/burden relationship exists between the County and the District in that the County is obligated for the debts of the District. The District has a June 30 year-end. Separate financial statements for the District can be obtained from the District's administrative office at 115 Maintenance Road, Salem, SC 29676.

The County has no blended component units.

Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities and fund financial statements, which provide a more detailed level of financial information.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

Government-wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the County as a primary government. These statements include the financial activities of the primary government, except for fiduciary funds and component units that are fiduciary in nature. For the most part, the effect of interfund activity has been removed from the statements. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The Statement of Net Position presents the financial condition of the governmental and business-type activities for the County at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient for the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

Fund Financial Statements

During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

The County reports the following governmental fund types:

General Fund - The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

Fund Financial Statements (Continued)

Special Revenue Funds - The special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted, committed or assigned to expenditures for specified purposes other than capital projects or debt service.

The County reports the following major Special Revenue Funds

The **Miscellaneous Special Revenue Fund** accounts for monies collected from various sources. Such monies are restricted for their specific purpose.

The **Coronavirus S&L Fiscal Recovery Fund** accounts for monies collected from the U.S. Department of Treasury for COVID-19 relief.

Capital Projects Funds - The capital projects funds are used to account for and report financial resources that are restricted, committed or assigned for the acquisition of capital assets or construction of major capital facilities.

The County reports the following major Capital Projects Funds:

The **Capital Projects Fund** is used to account for funds to be used for the acquisition of capital equipment or construction of major capital facilities.

Debt Service Fund - The debt service fund is used to account for and report financial resources that are restricted, committed or assigned for the payment of general long-term debt principal and interest and related costs.

Enterprise Funds - The enterprise funds are used to account for those operations that are financed and operated in a manner similar to private business or where the Council has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

The County reports the following major enterprise funds:

The **Rock Quarry Fund** accounts for the activities of the County's rock quarry operations.

The **FOCUS Fund** accounts for the activities of the County's broadband operations.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

Fund Financial Statements (Continued)

Fiduciary Funds - Fiduciary fund reporting focuses on net position and changes in net position. The County's fiduciary fund category includes custodial funds for education, clerk of court, family court, property taxes, magistrates and others.

Measurement Focus and Basis of Accounting

Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources management focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. All assets and liabilities associated with the operation of the County are included on the statement of net position.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's enterprise funds functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include: (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, leases and claims and judgments, are recorded when payment is due.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus and Basis of Accounting (Continued)

Fund Financial Statements (Continued)

With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared.

Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify funds.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of changes in net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Custodial funds are also accounted for on a flow of economic resources measurement focus.

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue and in the presentation of expenses versus expenditures.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus and Basis of Accounting (Continued)

Revenue - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the County, available means expected to be received within 60 days of fiscal year-end.

Non-exchange transactions, in which the County receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlement and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: delinquent taxes, sales tax, grants, interest, and fees and charges for services.

Unearned Revenue

The County reports unearned revenue on its statement of net position and governmental funds balance sheet. In both the government-wide and governmental fund statements, resources received that are "intended to finance" a future period are reported as unearned revenue. In subsequent periods, the liability for unearned revenue is removed from the statement of net position and governmental funds balance sheet and revenue is recognized.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus and Basis of Accounting (Continued)

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration. Encumbrances outstanding at year-end are reported as assigned fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year. The assigned fund balance for subsequent year's budget totaled \$7,598,786 for the year ended June 30, 2022.

Assets, Liabilities and Net Position or Equity

Cash and Investments

Cash includes demand deposits as well as cash equivalents and short-term investments with a maturity date within three months of the date acquired by the County.

Investments with a readily determined fair value are stated at fair value, which approximates cost. State statutes authorize the County to invest in obligations of the United States and its agencies, general obligations (not revenue obligations) of the State of South Carolina and its political subdivisions, savings and loan associations to the extent of federal insurance, certificates of deposits collaterally secured, repurchase agreements secured by the foregoing obligations, and the South Carolina Local Government Investment Pool (LGIP). The LGIP is an investment mechanism authorized by the South Carolina State Legislature and is not registered with the SEC as an investment company. There is no regulatory oversight of the pool. The pool's primary objective is to acquire maximum returns on investments by pooling available funds with funds from other political subdivisions. The total fair value of the investment pool is apportioned to the entities with funds invested on an equal basis for each share owned, which are acquired at a cost of \$1. Investments in the pool are stated at fair value, which approximates cost. The County's investments in mutual funds are reported at fair value based on quoted market prices. The remaining investments of the County are reported at fair value.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (Continued)

Receivables

All trade and property taxes receivable are shown net of an allowance for uncollectibles.

Intergovernmental Receivable

Amounts due from federal grants represent reimbursable costs, which have been incurred by the County but have not been reimbursed by the grantor agency. Costs under grant programs are recognized as expenditures in the period in which they are incurred by the County.

Inventories and Prepaid Assets

The County's inventories consist of consumable supplies and processed rock. The inventory valuation methods used approximate cost based on the average cost method. The costs of inventories are recorded as expenditures when consumed rather than when purchased or produced.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Prepaid items are accounted for using the consumption method.

Capital Assets

Capital assets, which include property, equipment, and infrastructure assets (e.g., roads, bridges and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years.

Such assets are recorded at historical cost or estimated historical cost, if purchased or constructed. Donated capital assets are recorded at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as the projects are constructed.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (Continued)

Capital Assets (Continued)

All reported capital assets except land and site preparation are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Assets</u>	<u>Years</u>
Infrastructure	25 - 45
Buildings and improvements	15 - 40
Right-to-use lease buildings	15 - 40
Equipment and vehicles	2 - 25
Right-to-use lease equipment and vehicles	2 - 25

Leases

Lessee

The County is a lessee for noncancellable leases of land, buildings, equipment, and vehicles. The County recognizes a lease liability and an intangible right-to-use lease asset in the government-wide financial statements. The County recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the County initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset.

Key estimates and judgments related to leases include how the County determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments:

- The County uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the County generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option prices that the County is reasonably certain to exercise.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (Continued)

Leases (Continued)

Lessee (Continued)

The County monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term liabilities on the Statement of Net Position.

Lessor

The County is a lessor for noncancellable leases of buildings and airport hangars. The County recognizes a lease receivable and deferred inflow of lease receipts in the Governmental and Proprietary Funds Balance Sheet and the government-wide financial statements. The County recognizes lease receivables with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the County initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments related to leases include how the County determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments:

- The County uses the stated interest rate as the discount rate. When the interest rate is not provided, the County generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease receivable are composed of fixed payments and purchase option prices that the lessee is reasonably certain to exercise.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (Continued)

Leases (Continued)

Lessor (Continued)

The County monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Deferred inflows of lease receipts are reported with deferred inflows of resources and lease receivables are reported with assets on the Statement of Net Position and the Governmental Funds Balance Sheet.

Compensated Absences

It is the County's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. No liability is reported for unpaid accumulated sick leave. Vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Deferred Inflows/Outflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for *deferred outflows of resources*. This separate financial statement element represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has five (5) items that qualify for reporting in this category. These five (5) items relate to the County's pension and other postemployment benefits (OPEB) plans and are reported in the government-wide and proprietary fund Statements of Net Position. (1) Experience gains result from periodic studies by the County's actuary, which adjust the net pension liability and total OPEB liability for actual experience for certain trend information that was previously assumed, for example the assumed dates of retirement of plan members. These experience gains are recorded as deferred outflows of resources and are amortized into pension expense over the expected remaining service lives of the plan members. (2) Changes in actuarial assumptions adjust the net pension liability and total OPEB liability and are amortized into pension and OPEB expense over the expected remaining service lives of plan members. (3) The changes in the County's proportionate share of the collective net pension liability and differences between actual employer contributions and proportionate share of the total plan employer contributions are specific to cost-sharing multiple employer defined benefit pension plans and represent the current period amortized portions of these deferred outflows.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (Continued)

Deferred Inflows/Outflows of Resources (Continued)

(4) Any contributions made by the County to the pension plan before year-end but subsequent to the measurement date of the County's net pension liability are reported as deferred outflows of resources. (5) Any contributions made by the County to the OPEB plan before year-end but subsequent to the measurement date of the County's total OPEB liability are reported as deferred outflows of resources.

In addition to liabilities, the Statement of Net Position and the Governmental Funds Balance Sheet reports a separate section for *deferred inflows of resources*. This separate financial statement element represents an acquisition of net assets that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has nine (9) types of items that qualify for reporting in this category, four of which arise only under a modified accrual basis of accounting. Accordingly, the items, *unavailable revenue*, are reported only in the Governmental Funds Balance Sheet. The governmental funds report unavailable revenues from (1) property taxes, (2) seized property, (3) intergovernmental grant revenues, and (4) forfeited land commission and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available. The fifth (5) item is deferred inflows from lease receipts and they are reported in the Government Funds Balance Sheet as well as the government-wide Statement of Net Position. The other items relate to the County's pension and OPEB plans and are reported in the government-wide and proprietary fund Statements of Net Position. (6) Certain experience losses (discussed on the previous page) are deferred and amortized against expense over a five-year period, resulting in recognition as deferred inflows of resources. (7) The differences between projected investment return on pension investments and actual return on those investments are deferred and amortized against pension expense over a five-year period. (8) Additionally, the changes in the County's proportionate share of the collective net pension liability and differences between actual employer contributions and proportionate share of the total plan employer contributions (discussed in the previous paragraph) are specific to cost-sharing multiple employer defined benefit pension plans and represent the current period amortized portions of these deferred inflows. (9) Finally, changes in actuarial assumptions (discussed in the previous paragraph) adjust the total OPEB liability and are amortized against OPEB expense over the expected remaining service lives of plan members.

Interfund Transactions

Transactions among the County's funds that would be treated as revenues and expenditures or expenses if they involved organizations external to County government are accounted for as revenues and expenditures or expenses in the funds involved.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (Continued)

Interfund Transactions (Continued)

Transactions, which constitute reimbursements to a fund for expenditures initially made from it, which are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the reimbursed fund.

Transactions, which constitute the transfer of resources from a fund receiving revenues to a fund through which the revenues are to be expended, are separately reported in the respective fund's operating statements.

Activities between funds that are representative of lending/borrowing arrangements at the end of the fiscal year are referred to as "due to/from other funds" in the fund financial statements. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Noncurrent portions of long-term interfund loan receivables are reported as advances within the governmental and proprietary funds and are reported as nonspendable fund balance in the governmental funds.

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the lives of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when incurred. In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

Fund Equity

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (Continued)

Fund Equity (Continued)

Nonspendable - This classification includes amounts that cannot be spent because they are either a) not in spendable form or b) are legally or contractually required to be maintained intact. The County has classified assets held for development, inventories, prepaid items, and long-term portions of receivables and advances as being nonspendable as these items are not expected to be converted to cash or are not expected to be converted to cash within the next current fiscal year.

Restricted - This classification includes amounts for which constraints have been placed on the use of the resources through being either a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation.

Committed - This classification includes amounts that can only be used for specific purposes pursuant to constraints determined by a formal action of the government's highest level of decision-making authority, the County Council, through passage of an ordinance. These amounts cannot be used for any other purpose unless the County Council removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

Assigned - This classification includes amounts that are constrained by the County's intent to be used for a specific purpose but are neither restricted nor committed. Through resolution, this intent can be expressed by the County Council or by an official or body to which the County Council delegates authority. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.

Unassigned - This classification includes the residual fund balance for the General Fund. The unassigned classification also includes negative residual fund balances of any other governmental fund that cannot be eliminated by the offsetting of assigned fund balance amounts.

The County would typically use restricted fund balances first, followed by committed resources and the assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first and to defer the use of these other classified funds.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (Continued)

Fund Equity (Continued)

County Council has established a policy to maintain a General Fund unassigned fund balance between 25% and 30% of regular budgeted General Fund expenditures for the subsequent year. At June 30, 2022, the County did not attain the minimum fund balance due to the fiscal years 2012 through 2018 shortfall attributable to the long-term advances to the FOCUS fund and amounts assigned for the subsequent year's budget.

Proprietary fund equity is classified the same as in the government-wide statements.

Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, laws, or regulations of other governments.

Restricted Resources

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, and then unrestricted resources as needed, but County Council reserves the right to selectively spend unrestricted resources first and to defer the use of the restricted funds.

Use of Estimates

The financial statements include estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenditures/expenses. Actual results could differ from these estimates.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

County Council adopts annual budgets for General Fund, Miscellaneous Special Revenue, Economic Development, Emergency Services Protection District, Road Maintenance, 911 Communications, Sheriff's Victims' Assistance, Solicitor's Victims' Assistance, Tri-County Tech, Debt Service, Capital Vehicle and Equipment, Parks, Recreation and Tourism Fund, and Bridges and Culverts Capital Project Funds revenue and expenditures prior to the beginning of each fiscal year. The adopted budgets specify expenditure limits appropriated to each County department. The County Administrator can approve transfers within departments. County Council must approve transfers between departments or funds. The budgets are prepared on a consistent basis of accounting with actual financial statement results, including significant accruals, to provide meaningful comparisons. The other special revenue funds are budgeted as grants are awarded and are budgeted on a project basis; therefore, some grants span several years. The other capital projects funds are budgeted on a project basis and some projects span several years.

Excess of Expenditures Over Appropriations

For the year ended June 30, 2022, expenditures exceeded appropriations as follows:

Fund	Excess
General Fund	
Non-departmental expenditures	\$ 3,137,356
Registration and elections	34,176
Administrator's office	22,703
County airport	293,112
Clerk of Court	32,801
Magistrate Office	370,909
Debt service	147,754
Miscellaneous Special Revenue Fund	
General government	71,092
Public safety	1,422,714
Public works	18,235
Transportation	105,117
Health and welfare	300,874
Culture and recreation	37,340
911 Communications Fund	
Public safety	261,181
Economic Development Fund	
Culture and recreation	44,083
Capital outlay	18,617
Bridges and Culverts Capital Projects Fund	
Capital outlay	677,582
Sheriff's Victims Assistance	
Public safety	3,051
Solicitor's Victims Assistance	
Public safety	898

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3. CASH AND INVESTMENTS

Total deposits and investments at June 30, 2022, are summarized below:

As reported in the *Statement of Net Position*:

Primary government	
Cash and cash equivalents	\$ 52,721,383
Investments	17,737,021
Custodial Fund - cash and cash equivalents	26,052,274
	\$ 96,510,678
Cash deposited with financial institutions	\$ 46,796,051
SC Local Government Investment Pool	31,977,606
Certificates of deposit	9,774,327
U.S. Agency securities	7,962,694
	\$ 96,510,678

Custodial credit risk – Cash. This is the risk that in the event of bank failure, the County's deposits may not be returned to it. The County's policy regarding cash custodial credit risk is to require the banks with which the County maintains deposits to collateralize or insure the County's funds. As of June 30, 2022, the carrying amount of the County's deposits was \$46,796,050 and the bank balance was \$47,404,514. All of the County's deposits at year-end were covered by federal depository insurance or by collateral held in the pledging financial institutions' trust departments in the County's name. Petty cash funds of \$9,960 are reflected as cash.

As of June 30, 2022, the County has the following investments:

Investment Type	Fair Value	Investment Maturities (in years)		
		Less than 1	1-5	6-10
SC Local Government Investment Pool	\$ 31,977,606	\$ 31,977,606	\$ -	\$ -
Certificates of deposit	9,774,327	1,964,105	6,099,130	1,711,092
U.S. Agency securities	7,962,694	-	7,485,166	477,528
	\$ 49,714,627	\$ 33,941,711	\$ 13,584,296	\$ 2,188,620

Fair Value Measurements. The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3. CASH AND INVESTMENTS (CONTINUED)

The County has the following recurring fair value measurements as of June 30, 2022.

Investment	Level 1	Level 2	Level 3	Fair Value
Investments by Fair Value Level				
U.S. Agency securities	\$ 1,196,613	\$ 6,766,081	\$ -	\$ 7,962,694
Total investments by fair value level	<u>\$ 1,196,613</u>	<u>\$ 6,766,081</u>	<u>\$ -</u>	<u>\$ 7,962,694</u>

The investment in U.S. Agencies classified as Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those investments. The investment in U.S. Agencies classified as Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. The County has no investments classified in Level 3 of the fair value hierarchy.

The investments in CDs are reported at amortized cost which approximates fair value. The LGIP is an investment pool, which does not meet the criteria of GASB Statement No. 79 and is thus valued at fair value in accordance with GASB Statement No. 31. As a result, the County does not disclose investment in the LGIP within the fair value hierarchy.

Credit risk. This is the risk that an issuer of an investment will not fulfill its obligations to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The County's policy is to invest in only those securities allowed by state statutes and that are highly rated. The County's investments in the U.S. Government Agencies, including the Federal Farm Credit Banks (FFCB), were rated AA+ by Standard & Poor's and AAA by Moody's Investor Services. As of June 30, 2022, the County owned \$7,962,684 of government sponsored entity (GSE) debt securities. The investments are either directly or indirectly guaranteed by the U.S. Treasury. The County is invested in certificates of deposit with varying maturity dates and the LGIP. The County's certificates of deposit are properly collateralized for those deposits that are in excess of federal depository insurance. The LGIP is not rated, but generally, investments in this pool are collateralized by debt securities in corporate obligations, state or political subdivision obligations of investment grade or higher quality and in federal agency securities.

Interest Rate Risk. This is the risk that the fair value of securities in the portfolio will fall due to changes in the market interest rates. The County's policy is to minimize interest rate risk by investing operating funds in primarily shorter-term securities, money market funds or similar investment pools and limiting the average maturity in accordance with the County's cash requirements.

Concentration of credit risk. This is the risk of loss attributable to the magnitude of the County's investment in a single issuer. The County's policy is to minimize the concentration of credit risk by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized, although there is no formal limit on the amount the County may invest in any one issuer.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3. CASH AND INVESTMENTS (CONTINUED)

Custodial credit risk. This is the risk that, in the event of a failure of the counterparty, the County may not be able to recover the value of investments or collateral securities that are in possession of an outside party. The County's policy is to minimize custodial credit risk by limiting investments to the types of securities allowed by law and pre-qualifying the financial institutions, broker/dealer, intermediaries and advisors with which the County will do business.

NOTE 4. RECEIVABLES AND PROPERTY TAXES

Property taxes are levied on the assessed value of real and personal property, excluding automobiles, as of December 31 of the calendar year preceding the fiscal year. The levy date for automobiles is the first day of the month in which the vehicle license expires and the tax is due by the end of the same month. Liens attach to the property at the time taxes are levied. Taxes are due without penalty, for real and personal property excluding automobiles, through January 15. After that time, penalties are added depending on the date paid as follows:

January 16 through February 1	3% of tax
February 2 through March 16	10% of tax
March 17 and thereafter	15% of tax plus cost

Property tax revenues are recognized when due or past due and collectible within the current period or soon enough thereafter (defined as 60 days) to pay liabilities of the current period. The County bills and collects its own property taxes and collects taxes for the Keowee Key Fire District and the Oconee County School District. Collections of the County taxes and remittance of them to the Districts are accounted for in the custodial funds. Also, the County collects taxes for surrounding municipalities. Unavailable property tax revenue represents that portion of property taxes which is deemed not available to pay current expenditures.

Receivables related to governmental activities as of June 30, 2022, including the applicable allowances for uncollectible accounts, are as follows:

	General	Miscellaneous Special Revenue	Capital Projects	Nonmajor Governmental	Total
Taxes receivable	\$ 903,298	\$ -	\$ -	\$ 212,592	\$ 1,115,890
Accounts receivable	516,728	-	-	145,814	662,542
Due from other governments	994,436	1,516,917	935,780	225,806	3,672,939
Lease receivable	43,010	-	-	-	43,010
Less: Allowance	(107,599)	-	-	(5,540)	(113,139)
Net receivables	\$ 2,349,873	\$ 1,516,917	\$ 935,780	\$ 578,672	\$ 5,381,242

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4. RECEIVABLES AND PROPERTY TAXES (CONTINUED)

Receivables related to business-type activities as of June 30, 2022, including the applicable allowances for uncollectible accounts, are as follows:

	Rock Quarry	FOCUS	Total
Accounts receivable	\$ 158,018	\$ 58,802	\$ 216,820
Less: Allowance	(37,134)	-	(37,134)
Net receivables	\$ 120,884	\$ 58,802	\$ 179,686

NOTE 5. LEASE RECEIVABLE

During 2017, the County entered into a lease agreement as lessor to lease the assets of the FOCUS Fund, including infrastructure and equipment. This agreement qualifies as a capital lease for accounting purposes and, therefore has been recorded at the present value of the future minimum lease payments as of the date of inception. Further, this lease qualifies as a sales-type capital lease. Annual installments are to be made through the County's fiscal year ended 2036. The agreement does not include a provision for interest. The agreement resulted in no unguaranteed residual value accruing to the County. Additionally, there is no related liability to the County as a result of the agreement and no contingent rentals for the year ended June 30, 2022. During the year ended, June 30, 2022, the lessee sold the lease to another party.

The following is a schedule of the future minimum payments under the agreement, and the present value of the net minimum payments at June 30, 2022.

Year Ending June 30,	Total Minimum Lease Payments
2023	\$ 500,000
2024	250,000
2025	250,000
2026	10,000
2027	10,000
2028 - 2033	50,000
2034 - 2036	3,530,001
	\$ 4,600,001

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6. CAPITAL ASSETS

Capital asset activity for the County's governmental activities for the year ended June 30, 2022, was as follows:

Governmental activities	Balance June 30, 2021	Additions	Deletions	Transfers	Balance June 30, 2022
Capital assets not being depreciated					
Land	\$ 5,526,094	\$ 935,071	\$ -	\$ -	\$ 6,461,165

The General Fund has typically been used in prior years to liquidate the liability for lease liability, net pension liability, compensated absences and the total other postemployment benefit liability for all governmental funds.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 8. LONG-TERM LIABILITIES (CONTINUED)

General Obligation Bonds: During the year ended June 30, 2019, the County issued series 2019 general obligation bonds in the amount of \$511,500. The bond proceeds were used to: (1) defray the costs of acquisition of a rescue pumper fire truck for the Keowee Fire Tax District and (2) pay the costs of issuance of the 2019 bonds. General obligation bonds outstanding at June 30, 2022, are as follows:

<u>Purpose</u>	<u>Interest Rate</u>	<u>Term</u>	<u>Due Date</u>	<u>Original Amount</u>	<u>Outstanding Amount</u>
2019 General Obligation Bonds	2.51%	10 years	2029	<u>\$ 511,500</u>	<u>\$ 370,525</u>

During the year ended June 30, 2013, the County issued taxable series 2013 general obligation bonds in the amount of \$2,600,000. The bond proceeds were used to: (1) defray all or a portion of the costs of design, acquisition, construction, and installation, as applicable, of improvements and infrastructure serving the Echo Hills Commerce Park and (2) pay the costs to issue the 2013 series general obligation bonds. General obligation bonds outstanding at June 30, 2022, are as follows:

<u>Purpose</u>	<u>Interest Rate</u>	<u>Term</u>	<u>Due Date</u>	<u>Original Amount</u>	<u>Outstanding Amount</u>
2013 General Obligation Bonds	3 - 3.6 %	15 years	2028	<u>\$ 2,600,000</u>	<u>\$ 1,190,000</u>
		Plus unamortized premium			7,758
					<u>\$ 1,197,758</u>

During the year ended June 30, 2017, the County issued series 2016B general obligation bonds in the amount of \$3,300,000. The bond proceeds were used to defray the costs of land preparation (including grading), infrastructure costs (including roads, curbs, drainage and storm water facilities, intersection improvements, and internal utilities), civil design, and site work relating to the Oconee County Workforce Development Center. General obligation bonds outstanding at June 30, 2022, are as follows:

<u>Purpose</u>	<u>Interest Rate</u>	<u>Term</u>	<u>Due Date</u>	<u>Original Amount</u>	<u>Outstanding Amount</u>
2016B General Obligation Bonds	1.7%	10 years	2026	<u>\$ 3,300,000</u>	<u>\$ 1,530,000</u>

NOTES TO THE FINANCIAL STATEMENTS

NOTE 8. LONG-TERM LIABILITIES (CONTINUED)

General Obligation Bonds (Continued)

During the year ended June 30, 2020, the County issued series 2020 general obligation-refunding bonds in the amount of \$8,000,000. The bond proceeds were used to: (1) refund outstanding principal of the series 2011 general obligation bonds, (2) acquiring, constructing, equipping, or rehabilitating various capital projects including a fire engine and related equipment, and (3) pay the costs of issuance of the 2020 bonds. The refunding transaction resulted in a decrease in total debt service payments over the next 10 years by approximately \$790,000 and resulted in an economic gain of approximately \$773,000. General obligation refunding bonds outstanding at June 30, 2022, are as follows:

Purpose	Interest Rate	Term	Due Date	Original Amount	Outstanding Amount
2020 General Obligation					
Refunding Bonds	1.49%	11 years	2031	\$ 8,000,000	\$ 7,170,000

The annual requirements to amortize all general obligation bonds as of June 30, 2022, including interest payments, are as follows:

Year Ending June 30,	General Obligation Bonds		
	Principal	Interest	Total
2023	\$ 1,352,078	\$ 182,723	\$ 1,534,801
2024	1,379,310	158,215	1,537,525
2025	1,402,573	133,106	1,535,679
2026	1,429,867	107,536	1,537,403
2027	1,059,194	80,649	1,139,843
2028-2031	3,637,503	136,259	3,773,762
	<u>\$ 10,260,525</u>	<u>\$ 798,488</u>	<u>\$ 11,059,013</u>

Debt service funds of \$2,037,867 are available to service the general obligation bonds.

The general obligation bonds are secured by a pledge of the full faith, credit and taxing power of the County.

There are a number of limitations and restrictions contained in the various debt instruments. The County is in compliance with all significant limitations and restrictions including the legal debt limit imposed by Article X, Section 15 of the Constitution of the State of South Carolina, 1895, as amended.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 8. LONG-TERM LIABILITIES (CONTINUED)

Financed Purchases

The County has entered into agreements for financing the acquisition of equipment. These agreements qualify as financed purchases for accounting purposes and, therefore, have been recorded at the present value of the future minimum payments as of the date of their inception.

Governmental Activities

The following is a schedule of the future minimum payments under these financed purchases, and the present value of the net minimum payments at June 30, 2022:

Fiscal Year Ending June 30,	Governmental Funds
2023	\$ 1,031,266
2024	1,035,419
2025	992,512
2026	530,916
2027	536,172
Thereafter	2,386,038
Total Minimum Payments	6,512,323
Less: Amount Representing Interest	(543,338)
	\$ 5,968,985

Business-type Activities

The following is a schedule of the future minimum payments under these financed purchases, and the present value of the net minimum payments at June 30, 2022:

Fiscal Year Ending June 30,	Business-type Activities
2023	\$ 702,452
2024	702,452
2025	702,452
2026	702,452
2027	702,452
2028-2030	2,107,356
Total Minimum Payments	5,619,616
Less: Amount Representing Interest	(915,470)
	\$ 4,704,146

NOTES TO THE FINANCIAL STATEMENTS

NOTE 8. LONG-TERM LIABILITIES (CONTINUED)

Leases

The County has entered into multiple noncancellable leases as the lessee for various right-to-use assets. The incremental borrowing rate varies from 0.1442% to 1.1875%. As of June 30, 2022, the County has \$365,603 outstanding in leases payable.

The annual requirements to amortize all leases payable as of June 30, 2022, including interest payments are as follows:

Year Ending June 30,	Leases		
	Principal	Interest	Total
2023	\$ 170,126	\$ 6,521	\$ 176,647
2024	61,219	4,481	65,700
2025	58,457	2,743	61,200
2026	46,352	1,348	47,700
2027	29,449	295	29,744
	<u>\$ 365,603</u>	<u>\$ 15,388</u>	<u>\$ 380,991</u>

Special Source Refunding Revenue Bonds

During 2014, the County issued special source refunding revenue bonds in the amount of \$2,933,000 to redeem the 2010 series special source revenue bonds, which were issued to finance the Pointe West project. These bonds are limited obligations of the County and are payable solely from the fee in lieu of tax revenues. The bonds are payable in annual installments through 2025 and have an annual interest rate of 2.85%. The refunding transaction resulted in an economic gain of \$223,847 and a difference in debt service required between the refunded bonds and the refunding bonds of \$263,876.

Annual debt service requirements to maturity for the special source revenue bonds are as follows:

Year Ending June 30,	Special Source Refunding Revenue Bonds		
	Principal	Interest	Total
2023	\$ 294,000	\$ 25,907	\$ 319,907
2024	303,000	17,528	320,528
2025	312,000	8,892	320,892
	<u>\$ 909,000</u>	<u>\$ 52,327</u>	<u>\$ 961,327</u>

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9. LANDFILL CLOSURE AND POST-CLOSURE CARE COSTS

Federal and state laws require the County to place a final cover on their landfills when closed and perform certain maintenance and monitoring functions at the landfill site for 30 years after closure. The County has recorded a liability in the government-wide statement of net position for the total estimated closure and post-closure care costs for the portion of the landfills filled at June 30, 2022, calculated as follows:

	MSW	C&D I	C&D II	Total
Total estimated current closure and post-closure care cost	\$ 1,475,768	\$ 1,356,740	\$ 2,966,700	
Percentage of landfill capacity used to date	100%	91%	2%	
Reported liability for closure and post-closure care cost	\$ 1,475,768	\$ 1,235,777	\$ 72,742	\$ 2,784,287
Total estimated current closure and post-closure care cost remaining to be recognized	\$ -	\$ 120,963	\$ 2,893,958	
Landfill's approximate remaining life in years	-	2.3	80	

The County will recognize the remaining estimated cost of closure and post-closure care costs as the remaining capacity is filled.

The estimated total current cost of the landfill closure and post-closure care is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor, and maintain the landfills were acquired as of June 30, 2022. However, the actual cost of closure and post-closure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10. RETIREMENT PLAN

Overview:

The South Carolina Public Employee Benefit Authority (PEBA), created July 1, 2012, is the state agency responsible for the administration and management of the various Retirement Systems and retirement programs of the state of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the state's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' five defined benefit pension plans. PEBA has an 11-member Board of Directors, appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee and co-fiduciary of the Systems and the assets of the retirement trust funds. The Retirement System Investment Commission (Commission as the governing body, RSIC as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds' assets. The Commission, an eight-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority (SFAA), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems. For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with generally accepted accounting principles (GAAP). For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value. PEBA issues an Annual Comprehensive Financial Report (ACFR) containing financial statements and required supplementary information for the South Carolina Retirement System's Pension Trust Funds. The ACFR is publicly available through the Retirement Benefits' link on PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and therefore, retirement trust fund financial information is also included in the ACFR of the state.

Plan Description:

The South Carolina Retirement System (SCRS), a cost-sharing multiple-employer defined benefit pension plan, was established July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits for teachers and employees of the state and its political subdivisions. SCRS covers employees of state agencies, public school districts, higher education institutions, other participating local subdivisions of government and individuals newly elected to the South Carolina General Assembly at or after the 2012 general election.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10. RETIREMENT PLAN (CONTINUED)

Plan Description (Continued):

The South Carolina Police Officers Retirement System (PORS), a cost-sharing multiple-employer defined benefit pension plan, was established July 1, 1962, pursuant to the provisions of Section 9-11-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits to police officers and firefighters. PORS also covers peace officers, coroners, probate judges and magistrates.

Membership:

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is described below.

South Carolina Retirement System

Generally, all employees of covered employers are required to participate in and contribute to the SCRS as a condition of employment. This plan covers general employees, teachers and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election. An employee member of the SCRS with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the SCRS with an effective date of membership on or after July 1, 2012, is a Class Three member.

South Carolina Police Officers Retirement System.

To be eligible for PORS membership, an employee must be required by the terms of his employment, by election or appointment, to preserve public order, protect life and property, and detect crimes in the state; to prevent and control property destruction by fire; be a coroner in a full-time permanent position; or be a peace officer employed by the Department of Corrections, the Department of Juvenile Justice, or the Department of Mental Health. Probate judges and coroners may elect membership in PORS. Magistrates are required to participate in PORS for service as a magistrate. PORS members, other than magistrates and probate judges, must also earn at least \$2,000 per year and devote at least 1,600 hours per year to this work, unless exempted by statute. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

Benefits:

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation. A brief summary of benefit terms for each system is presented on the following page.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10. RETIREMENT PLAN (CONTINUED)

Benefits (Continued):

South Carolina Retirement System (Continued).

A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

South Carolina Police Officers Retirement System.

A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 55 or with 25 years of service regardless of age. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension at age 55 or with 27 years of service regardless of age. Both Class Two and Class Three members are eligible to receive a deferred annuity at age 55 with five or eight years of earned service, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. Accidental death benefits are also provided upon the death of an active member working for a covered employer whose death was a natural and proximate result of an injury incurred while in the performance of duty. The retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10. RETIREMENT PLAN (CONTINUED)

Contributions:

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, SCRS and PORS contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability (UAAL) over a period that does not exceed the number of years scheduled in state statute. Legislation in 2017 increased, but also established a ceiling for SCRS and PORS employee contribution rates. Effective July 1, 2017, employee rates were increased to a capped rate of 9.00 percent for SCRS and 9.75 percent for PORS. The legislation also increased employer contribution rates beginning July 1, 2017, for both SCRS and PORS by two percentage points and further scheduled employer contribution rates to increase by a minimum of one percentage point each year in accordance with state statute. However, the General Assembly postponed the one percent increase in the SCRS and PORS employer contribution rates that was schedule to go into effect beginning July 1, 2020. If the schedule contributions are not sufficient to meet the funding periods set in state statute, the Board shall increase the employer contribution rates as necessary to meet the funding periods set for the applicable year. The maximum funding period of SCRS and PORS is scheduled to be reduced over a ten-year schedule from 30 years beginning fiscal year 2018 to 20 years by fiscal year 2028.

Additionally, the Board is prohibited from decreasing the SCRS and PORS contribution rates until the funded ratio is at least 85 percent. If the most recent annual actuarial valuation of the Systems for funding purposes shows a ratio of the actuarial value of system assets to the actuarial accrued liability of the system (the funded ratio) that is equal to or greater than 85 percent, then the Board, effective on the following July 1, may decrease the then current contribution rates upon making a finding that the decrease will not result in a funded ratio of less than 85 percent. If contribution rates are decreased pursuant to this provision, and the most recent annual actuarial valuation of the system shows a funded ratio of less than 85 percent, then effective on the following July 1, and annually thereafter as necessary, the Board shall increase the then current contribution rates until a subsequent annual actuarial valuation of the system shows a funded ratio that is equal to or greater than 85 percent. For the year ended June 30, 2022, the County contributed \$2,265,129 to the SCRS plan and \$1,876,227 to the PORS plan.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10. RETIREMENT PLAN (CONTINUED)

Contributions (Continued):

Required employee contribution rates for the year ended June 30, 2022, are as follows:

South Carolina Retirement System

Employee Class Two	9.00% of earnable compensation
Employee Class Three	9.00% of earnable compensation

South Carolina Police Officers Retirement System

Employee Class Two	9.75% of earnable compensation
Employee Class Three	9.75% of earnable compensation

Required employer contribution rates for the year ended June 30, 2022, are as follows:

South Carolina Retirement System

Employee Class Two	16.41% of earnable compensation
Employee Class Three	16.41% of earnable compensation
Employer incidental death benefit	0.15% of earnable compensation

South Carolina Police Officers Retirement System

Employee Class Two	18.84% of earnable compensation
Employee Class Three	18.84% of earnable compensation
Employer incidental death benefit	0.20% of earnable compensation
Employer accidental death program	0.20% of earnable compensation

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10. RETIREMENT PLAN (CONTINUED)

Net Pension Liability:

The June 30, 2021 (the measurement date) total pension liability, net pension liability, and sensitivity information were determined by the consulting actuary, Gabriel, Roeder, Smith and Company (GRS) and are based on the July 1, 2020, actuarial valuations, as adopted by the PEBA Board and Budget and Control Board, which utilized membership data as of July 1, 2020. The total pension liability was rolled-forward from the valuation date to the plan's fiscal year ended June 30, 2021, using generally accepted actuarial principles. Information included in the following schedules is based on the certification provided by GRS. The net pension liability is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB No. 67, less that system's fiduciary net position. As of June 30, 2021 (measurement date of June 30, 2021), the net pension liability amounts for the County's proportionate share of the collective net pension liabilities associated with the SCRS and PORS plans are as follows:

<u>System</u>	<u>Total Pension Liability</u>	<u>Plan Fiduciary Net Position</u>	<u>Employer's Net Pension Liability</u>	<u>Plan Fiduciary Net Position as a Percentage of the Total Pension Liability</u>	<u>County's Proportionate Share of the Collective Net Pension Liability</u>
SCRS	\$ 63,731,554	\$ 38,714,446	\$ 25,017,108	60.7%	0.115599%
PORS	\$ 54,053,561	\$ 38,039,539	\$ 16,014,022	70.4%	0.622408%

Actuarial Assumptions and Methods:

Actuarial valuations of the plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Systems was most recently issued for the period ending June 30, 2019.

The June 30, 2021 (the measurement date) total pension liability, net pension liability, and sensitivity information were determined by the consulting actuary, Gabriel, Roeder, Smith and Company (GRS) and are based on the July 1, 2020, actuarial valuations, as adopted by the PEBA Board and Budget and Control Board, which utilized membership data as of July 1, 2020. The total pension liability was rolled-forward from the valuation date to the plan's fiscal year ended June 30, 2021, using generally accepted actuarial principles. There was no legislation enacted during the 2021 legislative session that had a material change in the benefit provisions for any of the systems. In FY 2021, the Board adopted updated demographic assumptions. Also, the General Assembly permitted the investment return at July 1, 2021 to decrease from 7.25% to 7.00%, as provided by Section 9-16-335 in South Carolina State Code.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10. RETIREMENT PLAN (CONTINUED)

Actuarial Assumptions and Methods (Continued):

The following table provides a summary of the actuarial assumptions and methods to calculate the TPL as of June 30, 2021.

	SCRS	PORS
Actuarial cost method	Entry Age Normal	Entry Age Normal
Actuarial assumptions:		
Investment rate of return	7.00%	7.00%
Projected salary increases	3.0% to 11.0% (varies by service)	3.5% to 10.5% (varies by service)
Includes inflation at	2.25%	2.25%
Benefit adjustments	lesser of 1% or \$500 annually	lesser of 1% or \$500 annually

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumption, the 2020 Public Retirees of South Carolina Mortality table (2020 PRSC), was developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using 80% of Scale UMP projected from the year 2020.

Former Job Class	Males	Females
General Employees and Members of the General Assembly	2020 PRSC Males multiplied by 97%	2020 PRSC Females multiplied by 107%
Public Safety and Firefighters	2020 PRSC Males multiplied by 127%	2020 PRSC Females multiplied by 107%

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rates of return represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market-based inputs. Expected returns are net of investment fees.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10. RETIREMENT PLAN (CONTINUED)

Actuarial Assumptions and Methods (Continued):

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2021 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the table below. For actuarial purposes, the 7 percent assumed annual investment rate of return used in the calculation of the TPL includes a 4.75 percent real rate of return and a 2.25 percent inflation component.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table.

Allocation/Exposure	Policy Target	Expected Arithmetic Real Rate of Return	Long-term Expected Portfolio Real Rate of Return
Public equity	46.0%	6.87%	3.16%
Bonds	26.0%	0.27%	0.07%
Private equity	9.0%	9.68%	0.87%
Private debt	7.0%	5.47%	0.39%
Real assets	12.0%		
Real estate	9.0%	6.01%	0.54%
Infrastructure	3.0%	5.08%	0.15%
	100.0%		
		Total expected real return	5.18%
		Inflation for actuarial purposes	2.25%
		Total expected nominal return	7.43%

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10. RETIREMENT PLAN (CONTINUED)

Discount Rate:

The discount rate used to measure the total pension liability was 7 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS and PORS will be made based on the actuarially determined rates based on provisions in the South Carolina State Code of Laws. Based on those assumptions, the County's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The following table presents the sensitivity of the net pension liabilities to changes in the discount rate.

Sensitivity of the Net Position Liability to Changes in the Discount Rate			
	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
County's portion - SCRS	\$ 32,769,297	\$ 25,017,108	\$ 18,573,436
County's portion - PORS	\$ 23,234,297	\$ 16,014,022	\$ 10,099,511

Pension Expense:

For the year ended June 30, 2022, the County recognized its proportionate share of collective pension expense of \$1,826,782 and recognition of deferred amounts from changes in proportionate share and differences between employer contributions and the proportionate share of total plan employer contributions of (\$366,378) for a total of \$1,460,404 for the SCRS plan. Additionally, for the year ended June 30, 2022, the County recognized its proportionate share of collective pension expense of \$1,751,937 and recognition of deferred amounts from changes in proportionate share and differences between employer contributions and the proportionate share of total plan employer contributions of \$392,812 for a total of \$2,144,749 for the PORS plan. Total pension expense for both plans amounted to \$3,605,153 for the year ended June 30, 2022.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10. RETIREMENT PLAN (CONTINUED)

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

At June 30, 2022, the County reported deferred outflows of resources and deferred inflows of resources related to the SCRS and PORS pension plans, respectively, from the following sources:

SCRS	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u> </u>	<u> </u>
Differences between expected and actual experience	\$ 426,138	\$ 33,764
Changes of assumptions	1,369,354	-
Net difference between projected and actual earnings on pension plan investments	-	3,634,064
Changes in proportionate share and differences between employer contributions and proportionate share of total plan employer contributions	2,954,201	3,193,411
Employer contributions subsequent to the measurement date	<u>2,265,129</u>	<u>-</u>
Total	<u>\$ 7,014,822</u>	<u>\$ 6,861,239</u>
PORS	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u> </u>	<u> </u>
Differences between expected and actual experience	\$ 544,783	\$ 49,873
Changes of assumptions	1,142,196	-
Net difference between projected and actual earnings on pension plan investments	-	3,590,272
Changes in proportionate share and differences between employer contributions and proportionate share of total plan employer contributions	2,024,477	1,752,963
Employer contributions subsequent to the measurement date	<u>1,876,227</u>	<u>-</u>
Total	<u>\$ 5,587,683</u>	<u>\$ 5,393,108</u>

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10. RETIREMENT PLAN (CONTINUED)

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued):

County contributions subsequent to the measurement date of \$2,265,129 and \$1,876,227 for the SCRS plan and the PORS plan, respectively, are deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	SCRS	PORS
2023	\$ 1,030,099	\$ 532,916
2024	(1,487,311)	(519,951)
2025	(294,515)	(426,171)
2026	(1,359,819)	(1,268,446)

Pension Plan Fiduciary Net Position:

Detailed information regarding the fiduciary net position of the plans administered by PEBA is available in the separately issued ACFR containing financial statements and required supplementary information for SCRS and PORS. The ACFR of the Pension Trust Funds is publicly available on PEBA's Retirement Benefits' website at www.retirement.sc.gov, or a copy may be obtained by submitting a request to PEBA, P.O. Box 11960, Columbia, SC 29211-1960.

Deferred Compensation Plan

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457, which is administered and controlled by the State of South Carolina. The plan, available to all government employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

Great-West Retirement Services, P.O. Box 173764, Denver, CO 80217-3764, (under state contract) is the program administrator of the 457 plan and 457 Roth plan as well as the 401(k) plan and 401(k) Roth plan which are also available to County employees at their option.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 11. OTHER POSTEMPLOYMENT BENEFITS

Plan Description. In addition to providing pension benefits through the South Carolina Retirement System, the County, authorized by its County Council, provides certain healthcare benefits for employees hired before July 1, 2005, who retire from service or who terminate with at least 20 consecutive years of service who meet one or more of the eligibility requirements for retirement with the SCRS or PORS plans. Employees hired after June 30, 2005, are not eligible to participate in the Oconee County Retiree Health Care Plan (the “Plan”), a single employer defined benefit plan, upon their retirement. Benefits are effective at date of retirement or when the employee is eligible for retirement benefits.

SCRS and PORS retirement eligibility requirements are described in the following tables.

Normal (unreduced) Retirement Requirements

	Class Two Employees
SCRS	Any age with 28 years of service; or at age 65 with at least 5 years of service
PORS	Any age with 25 years of service; or at age 55 with at least 5 years of service

Early (reduced) Retirement Requirements

	Class Two Employees
SCRS	Age 60 with at least 5 years of service; or at age 55 with at least 25 years of service

Class Two employees are those employees hired prior to July 1, 2012.

Employees terminating before meeting the retirement eligibility conditions are not eligible for retiree health care benefits. Grandfathered employees are defined as employees of the County who had at least twenty consecutive years of full-time employment for the County as of December 31, 2013. Eligible non-Medicare retirees may elect health insurance coverage through the Oconee County Employee Health Plan at a reduced cost to the retiree. County health insurance coverage for retirees shall cease when the covered retiree or spouse, respectively, becomes Medicare eligible.

For grandfathered employees, the County will provide a subsidy towards the purchase of a Medicare Supplement insurance plan through the County. Non-grandfathered employees will not receive this subsidy when they become Medicare eligible.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 11. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Plan Description (Continued). Dental and vision coverage are provided to retirees. The premiums for non-Medicare retirees include dental and vision coverage. Medicare retirees are required to pay separate dental and vision premiums. Life insurance coverage is not provided.

Surviving dependents of deceased active employees are not eligible for retiree health care benefits. Spouses of grandfathered retirees are eligible for the same retiree health care benefits as the retiree provided the spouse is on the employee's plan at retirement. Spouses of deceased grandfathered retirees may continue to receive retiree health care benefits, including the County's Medicare subsidy.

Should coverage on the spouse be terminated at any time after the date of retirement of the retired employee, the spouse will not be eligible for re-enrollment; however, COBRA continuation coverage may be available. Spouses of non-grandfathered retirees are not eligible for retiree health coverage.

Retirees may choose to decline coverage under the Plan at any time, but they will not be allowed to re-enroll in the Plan in the future (with the exception of two prior grandfathered employees with special circumstances).

Retirees may not convert the benefit into an in-lieu payment to secure coverage under independent plans. The cost of these benefits is recognized as an expenditure of the General Fund and the Rock Quarry Fund on a pay-as-you-go basis as provided for in the annual budget ordinance. These benefits will cease if funds are not available for appropriation.

The subsidy the County provides to grandfathered employees toward the purchase of a Medicare Supplement insurance plan will increase annually by the lower of the CPI-U (Consumer Price Index All Urban Consumers) on a September over September comparison basis or 3.0% per year.

Plan Membership. The Plan has 169 covered members for the year ended June 30, 2022; 96 members are retirees receiving benefits and 73 are active participants and dependents.

Funding Policy and Contributions. The County currently pays for other post-employment benefits on a pay-as-you-go basis. For the year ended June 30, 2022, the County paid \$622,547 toward the cost of retiree health insurance for eligible retired employees. The County's obligation to contribute to the Plan was established and may be amended by the County Council. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 and a separate report was not issued for the plan.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 11. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Total OPEB Liability. The County's total OPEB liability was measured as of June 30, 2021, and was determined by an actuarial valuation as of June 30, 2021.

Actuarial Assumptions. The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Discount rate:	1.92% as of June 30, 2021
Healthcare cost trend rate:	7.00% - 4.25%, Ultimate Trend after 13 years
Inflation rate:	2.50%
Salary increase:	3.50% - 10.50% for PORS eligible employees and 3.00% - 9.50% for SCRS eligible employees per annum
Participation rate:	85.00% of all eligible employees

For healthy retirees, the 2020 Public Retirees of South Carolina Mortality Table for Males and the 2020 Public Retirees of South Carolina Mortality Table for Females are used with fully generational mortality projections based on Scale AA from the year 2020. The following multipliers are applied to the base tables: 97% for male SCRS members, 107% for female SCRS members, 127% for male PORS members, and 107% for female PORS members.

Discount Rate. The discount rate used to measure the total OPEB liability was 1.92% as of June 30, 2021. This rate was determined using an index rate of 20-year, tax-exempt general obligation municipal bonds with an average rating of AA or higher – which was 1.92% as determined by the Bond Buyer 20-Bond GO Index Rate as of June 30, 2021.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 11. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Changes in the Total OPEB Liability. The changes in the total OPEB liability of the County for the years ended June 30, 2022, were as follows:

	Total OPEB Liability
Balances beginning of year	\$ 11,684,636
Changes for the year:	
Service cost	165,299
Interest	283,606
Difference between actual and expected experience	321,143
Assumption changes	897,501
Benefit payments and implicit subsidy	(383,044)
Net changes	1,284,505
Balances end of year	\$ 12,969,141

The required schedule of changes in the County's total OPEB liability and related ratios immediately following the notes to the financial statements presents multiyear trend information about the total OPEB liability.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following presents the total OPEB liability of the County as of June 30, 2022 (June 30, 2021 measurement date), as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

Oconee County Health Care Plan		
Sensitivity of the Total OPEB Liability to Changes in the Discount Rate		
1% Decrease (0.92%)	Current Discount Rate (1.92%)	1% Increase (2.92%)
\$ 14,216,886	\$ 12,969,141	\$ 11,885,183

NOTES TO THE FINANCIAL STATEMENTS

NOTE 11. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates. The following presents the total OPEB liability of the County as of June 30, 2022 (June 30, 2021 measurement date), as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

<u>Oconee County Health Care Plan</u>		
<u>Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate</u>		
	Current Healthcare	
1% Decrease (6.00% decreasing to 3.25%)	Cost Trend Rates (7.00% decreasing to 4.25%)	1% Increase (8.00% decreasing to 5.25%)
<u>\$</u>	<u>\$</u>	<u>\$</u>
11,791,374	12,969,141	14,337,996

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revisions as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of June 30, 2022, and the current sharing pattern of costs between employer and inactive employees.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. For the year ended June 30, 2022, the County recognized OPEB expense as follows:

<u>Description</u>	
Service cost	\$ 165,299
Interest on the total OPEB liability	283,606
Recognition of outflow (inflow) of resources due to liabilities	409,285
Amortization of prior year outflow (inflow) of resources due to liabilities	(138,647)
	719,543
Total OPEB expense	\$ 719,543

NOTES TO THE FINANCIAL STATEMENTS

NOTE 11. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued). At June 30, 2022, the County reported deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 213,286	\$ 305,817
Changes of assumptions	1,031,637	17,650
Employer contributions subsequent to the measurement date	622,547	-
Total	<u>\$ 1,867,470</u>	<u>\$ 323,467</u>

County contributions subsequent to the measurement date of \$622,547 are deferred outflows of resources and will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2023. Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Oconee County Health Care Plan

Year ended June 30:

2023	\$ 415,987
2024	505,469

NOTES TO THE FINANCIAL STATEMENTS

NOTE 12. SELF-INSURED HEALTH INSURANCE

The County is self-insured for health and dental claims incurred by employees and/or their dependents and retirees, if they are enrolled in the plan. The plan establishes a "Stop Loss" of \$85,000 per person per contract year through April 30, 2023. The estimated maximum annual cost to the County is \$6,630,112. At June 30, 2022, claims due and payable totaled approximately \$852,597 and are recorded as a liability in the respective funds with employees receiving this benefit. The following amounts were recorded as liabilities of the respective funds as of June 30, 2022: General Fund - \$822,667; and Proprietary Fund - Rock Quarry \$29,930.

Effective January 1, 2013, the County revised the retiree health benefits for individuals who are qualified for Medicare. As a result, retirees eligible for health care began receiving a defined contribution towards the purchase of a Medicare Supplement Plan through Hartford Life. This resulted in 71 retirees no longer participating in the County's self-insured health insurance plan. As outlined in the plan document, all employees hired before July 1, 2010, are eligible for plan benefits given they meet the 20 years of continuous service requirement and ultimately retire from the County. As of June 30, 2022, approximately 192 employees were hired prior to July 1, 2010, and could ultimately benefit from the health insurance plan.

Active retirees as of December 31, 2013, who had not yet attained the age of 65 or otherwise qualified for Medicare, are eligible for plan benefits if they meet the service requirements as outlined in the plan document. Once eligible for Medicare, these individuals will be automatically enrolled into the Medicare Supplement Plan through Hartford Life.

Active employees, who had attained 20 years of service on December 31, 2013, will be eligible for participation in the self-insured health plan until becoming eligible for Medicare. Once eligible for Medicare, these individuals will be removed from the self-insured health plan and automatically enrolled in the Medicare Health Plan through Hartford Life. Employees in the category who become retirees will receive the same stipend as active retirees in each category (pre-Medicare and Medicare eligible). All contributions are accounted for in the County's Retiree Health Reimbursement account. Contributions can only be used in accordance with the plan document.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 12. SELF-INSURED HEALTH INSURANCE (CONTINUED)

The following indicates claims versus premiums for the past five fiscal years:

For the Year Ended June 30	Beginning Liability	Current Year Claims and Changes in Estimate	Claim Payments	Ending Liability
2022	\$ 784,510	\$ 7,335,846	\$ 7,267,759	\$ 852,597
2021	255,917	5,461,589	4,932,996	784,510
2020	593,663	4,540,858	4,878,604	255,917
2019	547,644	4,787,456	4,741,437	593,663
2018	439,202	6,717,547	6,609,105	547,644

NOTE 13. INTERFUND ASSETS AND LIABILITIES

The balances of the interfund receivables and payables at June 30, 2022, were as follows:

Receivable Fund	Payable Fund	Amount
General Fund	Nonmajor Governmental Funds	\$ 174,144
General Fund	Miscellaneous Special Revenue	467,957
		<u>\$ 642,101</u>

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. These balances normally clear within one to two months.

The balances of the interfund advances to/from at June 30, 2022, were as follows:

Receivable Fund	Payable Fund	Amount
General Fund	FOCUS Fund	<u>\$ 6,173,939</u>

Advances are used for long-term interfund loans. The General Fund had one outstanding advance at June 30, 2022. The advance to the FOCUS Fund was to finance construction and operations. This is expected to be repaid in the coming years in accordance with scheduled payments from proceeds receivable from a capital lease.

Any transactions to transfer revenues from the fund budgeted to receive them to the fund budgeted to expend them are reported as transfers from and to other funds.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 13. INTERFUND ASSETS AND LIABILITIES (CONTINUED)

Total transfers during the year ended June 30, 2022, consisted of the following individual amounts:

Transfer in Fund	Transfer Out Fund	Amount
General Fund	Rock Quarry Fund	\$ 1,000,000
General Fund	Miscellaneous Special Revenue Fund	44,144
General Fund	Nonmajor Governmental Funds	50,456
Miscellaneous Special Revenue Fund	General Fund	37,275
Nonmajor Governmental Funds	General Fund	247,000
Capital Projects Fund	General Fund	500,490
FOCUS Fund	General Fund	934,000
Nonmajor Governmental Funds	Miscellaneous Special Revenue Fund	3,986
Miscellaneous Special Revenue Fund	Nonmajor Governmental Funds	38,664
Capital Projects Fund	Nonmajor Governmental Funds	3,069
		\$ 2,859,084

The transfers noted above were used to: (1) provide operational funds, (2) provide salary subsidies, and/or (3) provide funds for the construction costs associated with infrastructure for economic development for the Golden Corner Commerce Park. All were made in accordance with budgetary authorizations.

NOTE 14. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the County carries insurance through the State Fiscal Accountability Authority Office - Insurance Reserve Fund. The County pays premiums to the Fund for its general insurance coverage. The agreement for formation of the Fund provides that the Fund will be self-sustaining through member premiums and will reinsure through commercial companies for each insured event. Additionally, the County participates in a self-funded program to provide workers' compensation insurance through the South Carolina Association of Counties, which works in a similar way as the Insurance Reserve Fund. The County continues to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 15. OTHER COMMITMENTS

Construction commitments at June 30, 2022, totaled approximately \$9,716,337.

NOTE 16. ECONOMIC DEPENDENCY

Duke Energy Corporation provides a major source of property tax revenues. During the year ended June 30, 2022, the company paid property taxes in the amount of \$37.5 million based on assessed property values of \$125.6 million. This represents approximately 29.84% of the 2021 levy. Approximately \$22.6 million of the amount collected was appropriated for the School District of Oconee County and Tri-County Technical College.

NOTE 17. CONTINGENT LIABILITIES

The County participates in a number of federal and state assisted grant programs. These programs are subject to audits by grantors or their representatives. The audits of these programs for or including the year ended June 30, 2022, have not yet been conducted. Therefore, the County's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures, which may be disallowed, cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

NOTE 18. LITIGATION

The County is party to a number of lawsuits arising in the course of operations. It is the opinion of management, in consultation with legal counsel, that it cannot be determined whether resolution of the other pending cases will have a material adverse effect on the financial condition of the County.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 19. TAX ABATEMENTS

The County, acting through its County Council, negotiates property tax abatement agreements on an individual basis under several programs in accordance with the provisions of Chapter 44 of Title 12, Code of Laws of South Carolina 1976, as amended. Local governments may enter into tax abatement agreements in accordance with South Carolina state law as follows:

1. *Fee in lieu of tax for economic development properties* – any industry or business whereby the industry or business would pay fees in lieu of taxes with respect to certain properties which constitute “economic development properties” through which powers the industrial development of the State of South Carolina will be promoted and trade developed by inducing manufacturing and commercial enterprises to locate or remain in the State and thus utilize and employ the manpower, products, and resources of the State and benefit the general public welfare of the County by providing services, employment, recreation, or other public benefits not otherwise provided locally. At the time of termination, the sponsor shall pay to the County an additional fee equal to the difference between the total amount of property taxes that would have been paid by the sponsor had the project been taxable, taking into account exemptions from property taxes that would have been available to the sponsor, and the amount of fee payments actually made by the sponsor. Abatement agreements under the Economic Development Program equal a 100% reduction in property taxes during the exemption period as outlined in the agreement. A fee in lieu of tax (FILOT) is to be paid within the following parameters: the sponsor shall pay to the County an annual fee payment in connection with the economic development property which has been placed in service, in an amount not less than that the property taxes that would be due on the economic development property if it were taxable but using (1) an assessment ratio of not less than 6%; (2) a millage rate this is either fixed for the life of the fee or is allowed to increase or decrease every fifth year in step with the average cumulative actual millage rate applicable to the project based upon the preceding five-year period; or (3) a fair market value for the economic development property.
2. *Special Source Revenue and Infrastructure Tax Credits* – In addition to the program defined in item one above, the County, in accordance with South Carolina state law, may issue special source and infrastructure tax credits to effectively reduce the assessed value of certain qualifying properties. Such credits are approved via the State of South Carolina Department of Revenue and the Oconee County Auditor provided that the project sponsor expands its operations to levels outlined in state law. Provisions for recapturing abated tax revenues are specific to each agreement.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 19. TAX ABATEMENTS (CONTINUED)

3. *Fee in lieu of tax for residential properties* – Similar to the previously noted programs, property taxes are abated under this program by the County, in accordance with state law, to effectively reduce the assessment of qualifying properties. In order to qualify for this program, project sponsors developing residential or multi-use properties must meet a minimum investment threshold. Unlike the previous programs, this program does not provide for a provision for recapturing abated tax revenues.

For the year ended June 30, 2022, the County abated taxes totaling \$12,020,898 under the programs previously noted, including the following individual tax abatement agreement that exceeded 10% of the total amount abated under the programs:

- An approximate 11% property tax abatement to a manufacturing company for development of a multi county industrial park for which the abated amount was \$1,277,928.
- An approximate 12% property tax abatement to a manufacturing company for development of a multi county industrial park for which the abated amount was \$1,324,350.
- An approximate 14% property tax abatement to a commercial company for development of a multi county industrial park for which the abated amount was \$1,544,518.
- An approximate 11% property tax abatement to a commercial company for development of a multi county industrial park for which the abated amount was \$1,191,670.

Commitments made by the County and other governments are negotiated individually for each agreement. Various commitments have been made by the County and the State of South Carolina as a part of the agreements; however, no commitments were made by either the County or other governments relative to the three individual agreements noted above.

The 2016 Public Retirees of South Carolina Mortality Tables for Males and Females, both projected at Scale AA from the year 2016. Male rates multiplied by 125% and female rates are multiplied by 111%.

OCONEE COUNTY, SOUTH CAROLINA

REQUIRED SUPPLEMENTARY INFORMATION SCHEDULE OF CHANGES IN THE COUNTY'S TOTAL OPEB LIABILITY AND RELATED RATIOS FOR THE FISCAL YEARS ENDED JUNE 30,

Total OPEB liability	2022	2021	2020	2019	2018
Service cost	\$ 165,299	\$ 235,203	\$ 209,941	\$ 215,068	\$ 248,022
Interest on the total OPEB liability	283,606	344,181	407,055	396,354	341,632
Difference between actual and expected experience	321,143	(26,623)	(1,302,809)	(32,716)	-
Assumption changes	897,501	509,656	869,259	(58,917)	(672,181)
Benefit payments	(383,044)	(512,750)	(376,250)	(436,023)	(498,359)
Net change in total OPEB liability	1,284,505	549,667	(192,804)	83,766	(580,886)
Total OPEB liability - beginning	11,684,636	11,134,969	11,327,773	11,244,007	11,824,893
Total OPEB liability - ending	\$ 12,969,141	\$ 11,684,636	\$ 11,134,969	\$ 11,327,773	\$ 11,244,007
Covered-employee payroll	\$ 3,404,562	\$ 6,079,730	\$ 6,079,730	\$ 6,579,189	\$ 6,579,189
Total OPEB liability as a percentage of covered-employee payroll	380.93%	192.19%	183.15%	172.18%	170.90%

The above schedule will present 10 years of information once it is accumulated.

The County is not accumulating assets in a trust fund that meets the criteria in paragraph 4 of GASB Statement No. 75 for payment of future OPEB benefits.

The discount rate changed from 3.56% as of June 30, 2018, to 3.62% as of June 30, 2019.

The discount rate changed from 3.62% as of June 30, 2019, to 3.13% as of June 30, 2020.

The discount rate changed from 3.13% as of June 30, 2020, to 2.45% as of June 30, 2021.

The discount rate changed from 2.45% as of June 30, 2021, to 1.92% as of June 30, 2022.

The assumptions used in the preparation of the above schedule are disclosed in Note 11 to the financial statements.

COMBINING STATEMENTS AND SCHEDULES

OCONEE COUNTY, SOUTH CAROLINA

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes.

The **Emergency Services Protection District Fund** accounts for tax monies collected for the County special tax district for emergency services protection. Such monies are restricted for public safety expenditures.

The **Road Maintenance Fund** accounts for the tax levied to provide funding for maintenance of County roads.

The **911 Communications Fund** accounts for 911 communication fees that are received from the State of South Carolina, various wireless carriers, and AT&T. Such monies are restricted for improvements and expansion of the County's emergency 911 system.

The **State Accommodations Tax Fund** accounts for accommodation tax monies received from the State. The first \$25,000 and 5% is transferred to the General Fund. The remainder is restricted for culture and recreation.

The **Local Accommodations Tax Fund** accounts for the 3% local accommodation tax monies collected on behalf of the County. These monies are restricted for culture and recreation.

The **Sheriff's Victims' Assistance Fund** accounts for monies collected by the Magistrate's Office through summary assessments and surcharges. Such monies are restricted for public safety expenditures.

The **Solicitors' Victims' Assistance Fund** accounts for monies collected by the Clerk of Court's office through general sessions, assessments and surcharges. Such monies are restricted for public safety expenditures.

The **Duke Energy Fixed Nuclear Facility Fund** accounts for the grant revenues from Duke Energy Corporation. These funds aid in offsetting the cost of the preparation and evaluation of radiological response plans and preparedness in support of the Duke Energy power plant located in the County as required by the Nuclear Regulatory Commission.

The **Clerk of Court Federal Child Support Fund** accounts for federal grant funds received by the Clerk of Court from the State restricted to child support enforcement expenditures.

The **Library State Aid Fund** accounts for State aid monies received that provide additional funding for the County's public libraries allowing them to provide basic levels of service to citizens of South Carolina. These monies are restricted for culture and recreation expenditures.

The **Tri-County Tech Fund** accounts for tax revenues collected for support of the Tri-County Technical College. These monies are restricted for education expenditures.

OCONEE COUNTY, SOUTH CAROLINA

NONMAJOR GOVERNMENTAL FUNDS

DEBT SERVICE FUND

The **Debt Service Fund** accounts for the resources used for the payment of the County's principal and interest on various debt obligations.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities for the County's governmental funds.

The **Parks, Recreation and Tourism Fund** is used to account for the acquisition and construction of facilities or infrastructure for the promotion of culture and recreation within the County.

The **Economic Development Fund** is used to account for the acquisition and construction of facilities or infrastructure for the promotion of economic development within the County.

The **Bridge and Culvert Capital Projects Fund** accounts for the taxes levied specifically to fund repairs and construction of the County's bridge and culvert infrastructure. These monies are restricted for capital projects.

The **Capital Vehicle and Equipment Fund** accounts for the taxes levied specifically to fund the acquisition and repairs of capital vehicles and equipment. These monies are restricted for capital projects.

OCONEE COUNTY, SOUTH CAROLINA

FIDUCIARY FUNDS

CUSTODIAL FUNDS

The **SCDOC General Fund** accounts for revenues collected by taxes on behalf of the School District of Oconee County for their operations.

The **SCDOC Debt Retirement Fund** accounts for revenues collected by taxes on behalf of the School District of Oconee County for their Debt Service.

The **Family Court Fund** accounts for State's portion of monies collected by the Clerk of Court from fines, fees, and surcharges related to Family Court.

The **Clerk of Court Fund** receives funds per a court order. Most orders will refer to the power of eminent domain and S.C. Code Section 28-2-0, which allows the funds to be held in an interest-bearing account. The Clerk of Court also collects certain fines.

The **Municipal Tax Fund** accounts for revenues collected by taxes on behalf of the Municipalities

The **Keowee Fire Tax District Fund** accounts for revenues collected by special assessment through taxes on behalf of Keowee Fire District.

The **Magistrate Cash Bond/Juror Fund** is used to account for fines and fees of the County Magistrates. The funds are forwarded to the State Treasurer or County Treasurer for disbursement.

The **Delinquent Tax Fund** is used to account for monies collected at delinquent tax sales.

The **Sheriff's Office Fund** accounts for seizures and forfeitures.

The **Probate Judge Fund** accounts for fees retained by the Probate Court.

The **Solicitor's Worthless Check Program Fund** accounts for Solicitor's retained portion of bad check collections.

The **Pickens County Fund** accounts for tax monies collected for an economic development tool through a Multicounty Business Park.

The **Anderson County Fund** accounts for tax monies collected for an economic development tool through a Multicounty Business Park.

The **Community Development Fund** accounts for monies held in Escrow for Subdivision development.

STATISTICAL SECTION

This part of the County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, required supplementary information, and supplementary information says about the County's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends	109 - 114
<i>These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.</i>	
Revenue Capacity	115 - 118
<i>These schedules contain information to help the reader assess the County's most significant local revenue sources.</i>	
Debt Capacity	119 - 123
<i>These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.</i>	
Demographic and Economic Information	124 - 127
<i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.</i>	
Operating Information	128 - 133
<i>These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.</i>	

Sources: Unless otherwise noted, the information in these schedules is derived from the County's financial reports for the relevant year.

Debt Service as a Percentage of Noncapital Expenditures*	7.34%	165.00%	9.28%	22.36%	8.71%	6.73%	5.48%	4.88%	5.24%	3.92%

* Noncapital expenditures are total expenditures less capital outlay (to the extent capitalized for the government-wide statement of net position) and expenditures for capitalized assets included within the functional expenditure categories. This formula adds "functional" and "principal" and divides them by the "total expenditures" minus the "capital outlay."

Note:

Overlapping rates are those of local and county governments that apply to property owners within Oconee County, South Carolina. Not all overlapping rates apply to all Oconee County, South Carolina property owners (e.g., the rates for the city or special district apply only to the portion of the government's property owners whose property is located within the geographic boundaries of the city or special district).

¹ See the table for Demographic and Economic Statistics for personal income and population data used for these calculations.

Notes:

Prior to fiscal year ended June 30, 2013, the County had used the straight line method to amortize bond issue premiums/discounts. Generally accepted accounting principles require the use of the effective interest method of amortization. Beginning fiscal year ended June 30, 2013, the County started using the effective interest method for amortization of all bond issue premiums/discounts so as to comply with accounting principles generally accepted in the United States of America.

The Oconee County General Obligation Bond, Series 2007 for the Keowee Key Fire Special Tax District was not included above until fiscal year 2013. In fiscal year 2017-2018, this bond was refunded with General Obligation Current Refunding Bond, Series 2017. Since this bond was issued for a special tax district, it does not impact the debt limit of the County.

Details regarding the County's outstanding debt can be found in the notes to the financial statements.

¹ In fiscal year 2008-2009, Rural Fire was merged into Emergency Services.

² During fiscal year 2007-2008, Solid Waste was reclassified from an enterprise fund to the General Fund under the General Government function.

³ During fiscal year 2009-2010, Solid Waste was reclassified from the General Government function to the Public Works function.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**To the County Council
of Oconee County
Walhalla, South Carolina**

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the **Oconee County, South Carolina** (the “County”) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the County’s basic financial statements and have issued our report thereon dated February 10, 2023. Our report also includes a reference to other auditors who audited the financial statements of the Keowee Fire Tax District, as described in our report on the County’s financial statements. This report does not include the results of the other auditors’ testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. Our report includes a reference to an emphasis of matter relative to the change in accounting principle resulting from the implementation of GASB Statement No. 87, *Leases*.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County’s internal control. Accordingly, we do not express an opinion on the effectiveness of the County’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER
COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF
FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE**

**To the County Council
of Oconee County
Walhalla, South Carolina**

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited **Oconee County, South Carolina's** (the "County") compliance with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2022. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Oconee County, South Carolina complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the audit requirements of Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

Auditor's Responsibility for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However material weaknesses or significant deficiencies may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

OCONEE COUNTY, SOUTH CAROLINA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2022

NOTE 1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Oconee County, South Carolina (the "County"), and is presented on the modified accrual basis of accounting for governmental fund types and the accrual basis of accounting for the proprietary fund types. The County reporting entity is described in Note 1 to the County's basic financial statements.

The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in the Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 2. DE MINIMIS INDIRECT COST RATE

The County chose not to use the ten percent de Minimis indirect cost rate for the year ended June 30, 2022.

NOTE 3. NON-CASH AWARDS AND LOANS

There were no federal awards expended in the form of noncash assistance during the fiscal year. There were also no loans or loan guarantees outstanding at year end.

OCONEE COUNTY, SOUTH CAROLINA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022
