15. Provide project justification to support your request for funds (i.e. explain why PRT should fund this project).

PRT stands for Parks, Recreation and Tourism. That is what the  
new brochure will stress. It will describe the unique environmental  
diversity and related outdoor activities available not only in the  
county parks but the entire county. As tourism grows, the dollars  
spent in the County and State grows.

16. Does your project's marketing include other area tourism-related activities (i.e. festivals, events, attractions, etc.) Yes  No

If yes, please list.

We have discovered that many people use our parks while attending  
Clemson football games, concerts, etc., the Walhalla Oktoberfest,  
Seneca's Country Christmas and Westminster's Apple Festival. We  
have many campers who are rafting the Chattooga River. We are  
hopeful that we will have some Olympic traffic.

17. Provide the total operating budget for your festival, event or general marketing campaign.

\$2,500.00 = total operating advertising budget

- a. What percentage of your total operating budget will be used for marketing? (Exclude overhead).

100%

- b. Estimate your project's return on investment (direct economic impact). (ROI = Revenue / Expenses). Provide the calculation used to arrive at this figure.

Revenue 1995 = \$159,637.80. Camping = \$128,714. Building  
rentals = \$14,748. Concessions & amusements = \$16,175.80

There is no way of knowing the peripheral dollars spents in Oconee  
County by people visiting our parks. Campers use the area's  
restraurants, stores, businesses, etc. We have had out-of-state  
campers who liked the area so well that they have retired to Oconee  
County.

We estimate an increase in visitation and tourism dollars spent in  
1996.
