Oconee Animal Control

December 5, 2000

Oconee County Council

Dear Sir or Madam:

This is to Request \$20,000 to purchase a New truck for the animal control department. This is to replace truck 102.12 a 1993 Ford 150. This truck has 186,000 miles and needs to be replaced due to wear and tear. In the recent months it has been in the shop about twice a month for repairs. As our department has no spare vehicle this causes the department to fall behind in our workload. I would like to replace this vehicle also before it breaks down and leaves someone stranded. After checking with the Lee Davis at the motor pool a replacement is needed. The \$20,000 is for the cost of a new truck. having a radio and tool box installed.

Sincerely,

Leonard Smith
Animal Control Officer Supervisor

Mr. Charles E. Dalton
President and CEO
Blue Ridge Electric Cooperative, Inc.
P.O. Box 277
Pickens, SC 29671

Dear Mr. Dalton:

This past year has been a fantastic one for me as I resumed my career in the Economic Development field. I am especially blessed to have this opportunity in Oconee County and to have had the wonderful privilege to meet and work with the Blue Ridge Electric Cooperative, Inc. team on the Pine River Plastics project. It is like getting a double layer of icing on a piece of cake.

In looking forward to the many opportunities in Oconee County there are several in which I am seeking assistance. I am very proud that this office has been able to find funding to update the office with new computers, new software, a scanner, and training for using the new software. All of which allows us to be more competitive in the global market, but we still have needs.

My primary concern is obtaining a multimedia projector that will aid us in providing first-class presentations to various groups and agencies helping them understand the role of economic development in Oconee County. In the first months of 2001 we will have the opportunity to "sell" Oconee County to two major prospects. These presentations need to be of the highest quality and as you know it takes state-of-the-art equipment to make a lasting impression.

During my work as Executive Director of the Sumter County Economic Development Board I was able to secure the support of a utility provider to purchase a multimedia projector. The Development Board used the projector for prospect presentations and if my memory serves me correctly the first time we used it was during the courtship of a "small" company called Caterpillar. Although the multimedia projector was not the key to a successful romance it did make a difference.

Of special note is the fact that in using the projector for numerous presentations to diverse groups and agencies each presentation ended with the final slide featuring the company logo. We were pleased to recognize the company with their logo and our statement of thanks not only for purchasing the equipment but for also being a valuable member of the Economic Development Team.

It is my hope that the Blue Ridge Electric Cooperative, Inc. will provide the Oconee County Economic Development Commission office with a multimedia projector. Please do not consider my request presumptuous, as I am not familiar with the assistance programs of your company. However, I am aware that the Palmetto Economic Development Corporation may have such resources available through the Santee Cooper Economic Development Investment Fund. From my experience in Sumter County, I believe this request falls under a Category C program. In a recent discussion with Mr. Ralph Thomas, President of the Palmetto Economic Development Corporation, he indicated that a request for this type of economic development assistance from the Blue Ridge Electric Cooperative would probably receive favorable consideration.

My request is lengthy, but I seek the support of the Blue Ridge Electric Cooperative as a key player on the Oconee County Economic Development Team. It will be an honor to end each economic development related presentation made with the new projector with your logo and the words "Brought to you by Blue Ridge Electric Cooperative and the South Carolina Power Team."

Attached is a copy of the type of multimedia projector, remote control, and hardware we plan on purchasing. The estimated cost of the projector, accessories, shipping and tax is \$6700.00. Please call if you have any questions.

Thank you again for the fantastic support you and the Blue Ridge Electric Team has given me this year. I'm looking forward to even more exciting opportunities in the New Year.

Sincerely,

James W. Alexander

OCONEE COUNTY COUNCIL OFFICE

MEMORANDUM

TO: SUPERVISOR ORR & COUNCIL MEMBERS
FROM: OPAL O. GREEN, COUNCIL CLERK
SUBJECT: REQUESTS FOR WAIVER OF "BLUE LAWS"
DATE: 12/15/00

AS OF THIS TIME I HAVE RECEIVED THREE WRITTEN REQUESTS FOR COUNCIL TO WAIVE THE "BLUE LAWS" SUNDAY, DECEMBER 24, 2000. THEY ARE FROM: WALMART, KMART & BELKS.

I HAVE HAD THREE CALLS FROM MERCHANTS WANTING TO KNOW WHAT COUNCIL WAS GOING TO DO BUT I TOLD THEM I WOULD HAVE TO WAIT UNTIL COUNCIL TOOK ACTION BEFORE I COULD ANSWER THAT QUESTION.

I HAVE ALSO RECEIVED ONE PHONE CALL FROM MS. AUDREY LANNING FROM WESTMINSTER WHO WAS OPPOSED TO WAIVING THE "BLUE LAWS" FOR THAT DAY.

BRAD HAS EXPRESSED AN OPINION THAT IT WOULD TAKE AN ORDINANCE TO WAIVE THE BLUE LAWS, BUT HE IS GOING TO LOOK AT IT FURTHER BEFORE TUESDAY.
