Dear Oconee County Leaders:

The Oconee Red Cross Chapter needs your help. It has recently been determined that our Chapter located at 224 E. Main Street in Walhalla has suffered termite damage. We recently spent \$1800 to have our building treated. The company stated it is not uncommon for downtown buildings such as ours to have termite infestation. We are also in need of renovations for a much needed training room in order to train our community folks in valuable life-saving skills.

As you are aware, we are a non-profit organization that responds to disasters in Oconee County. We provide hot meals and drinks to all fire department personnel and provide disaster victims with emergency assistance. We are also on call 24/7 to send emergency messages to members of our military who have families residing in Oconee County. In these difficult economic times, our work load increases as with all other humanitarian agencies. We rely totally on the kindness and generosity of our community to enable us to continue providing the assistance that we give.

We need funds to replace floor joists and sub-flooring to ½ of the left hand side of our building due to termite damage. This is the side of the building that is next to the vacant lot in downtown Walhalla. We also need funds to add a 5 ton HVAC system and new ceiling tiles upstairs to outfit for a training room upstairs.

Please, can you help us to continue helping the citizens of Oconee County?

We appreciate your consideration of this request for \$8,000 to purchase some of the necessary building materials. We estimate the cost to be \$20,000 for these 2 projects. Duke Energy has chosen us to be the recipient for a community project with a \$1000 grant and some of the labor. If you have additional questions, please feel free to contact us.

Sincerely,

A handwritten signature in black ink that reads "Kathy Rogers-Watson".

Mr. Blanchard;

I have received a letter requesting funding (\$8,000) from the local chapter of the American Red Cross for building repairs.  
Letter is attached for your review.

I check w/ Finance and we have on previous occasions supported them financially to maintain their building.

5/21/07 Council Contingency \$ 5,000 (she did not remember the reason)

5/19/05 Council Contingency \$10,000 for building repairs

Do you want to put this on the 9/9 or 9/23 agenda or do you want to bring up and have to go finance committee.  
Please let me know.  
Thanks.

**AGENDA ITEM SUMMARY  
OCONEE COUNTY, SC**

**COUNCIL MEETING DATE:** September 23, 2008  
**COUNCIL MEETING TIME:** 6:00 PM

**ITEM TITLE OR DESCRIPTION:**

An Ordinance Establishing a Program to Designate Oconee County's Scenic Highways.

**BACKGROUND OR HISTORY:**

In 2007, a citizen's group approached County Council and the Planning Commission regarding the possibility of designating a portion of SC 28 as a scenic highway. At the time, County Council took First Reading in title only, and instructed the Planning Commission to study the possibility of creating a program that would allow for the County to designate scenic highways. On September 8, 2008, the Planning Commission unanimously approved the attached draft for Council's consideration.

**SPECIAL CONSIDERATIONS OR CONCERNs:**

The draft ordinance establishes 2 categories of scenic highways: one for roads in relatively developed areas, but which still retain viewsheds worthy of consideration; and one for roads outside the primary growth areas. The second category of roads would receive priority in efforts to seek funds related to enhancement of their intrinsic scenic characteristics. It should be noted that, while the Scenic Highway Ordinance does not itself prohibit billboards on designated roads, the Billboard Ordinance does not allow signs on scenic roads.

**STAFF RECOMMENDATION:**

Adopt on Second Reading

**FINANCIAL IMPACT:**

An appropriate sign will need to be developed to identify scenic routes; however, given the stringent criteria for designation, it is anticipated the number of roads in the program will remain small.

**Section 7.1 Variances-** The Board of Zoning Appeals may grant a variance in an individual case of unnecessary hardship if the board makes and explains in writing the following findings:

- (a) there are extraordinary and exceptional conditions pertaining to the particular piece of property;
- (b) these conditions do not generally apply to other property in the vicinity;
- (c) because of these conditions, the application of the ordinance to the particular piece of property would effectively prohibit or unreasonably restrict the utilization of the property; and
- (d) the authorization of a variance will not be of substantial detriment to adjacent uses or to the public good, and the character of the district will not be harmed by the granting of the variance.
  - (i) The board may not grant a variance the effect of which would be to allow the establishment of a use not otherwise permitted or to extend physically a nonconforming use of land. The fact that property may be utilized more profitably, should a variance be granted, may not be considered grounds for a variance.
  - (ii) In granting a variance, the board may attach to it such conditions regarding the location, character, or other features of the proposed building, structure, or use as the board may consider advisable to protect established property values in the surrounding area, or to promote the public health, safety, or general welfare.

The developer shall have the burden of providing evidence to the County of compliance with the general requirements of this ordinance and the specific requirements of the applicable section. The Board of Zoning Appeals may impose whatever reasonable conditions it deems necessary to ensure that any proposed development will comply substantially with the objectives in this ordinance.

**Section 7.2 Special Exceptions-** The Board of Zoning Appeals may grant a special exception only if it finds adequate evidence that any proposed development will meet all of the following general requirements as well as any specific requirements and standards listed for the proposed use. The board shall among other things require that any proposed use and location be:

- (a) in accordance with the Comprehensive Plan and is consistent with the spirit, purposes, and the intent and specific requirements of this ordinance;
- (b) in the best interests of the County, the convenience of the community and the public welfare;

- (c) Suitable for the property in question, and designed, constructed, operated, and maintained so as to be in harmony with and appropriate in appearance to the existing or intended character of the general vicinity;
- (d) Suitable in terms of effects on highway traffic, parking and safety with adequate access arrangements to protect streets from undue congestion and hazards;

The developer shall have the burden of providing evidence to the County of compliance with the general requirements of this ordinance and the specific requirements of the applicable section. The Board of Zoning Appeals may impose whatever reasonable conditions it deems necessary to ensure that any proposed development will comply substantially with the objectives in this ordinance.

## **Article 8. Amendments and Rezoning**

### **Section 8.1 Consideration by Planning Commission and County Council**

All proposed amendments to these regulations, official zoning map, or any other part of this document shall be reviewed by the Oconee County Planning Commission, who shall issue a recommendation to County Council. Upon receipt of the Planning Commission's report, County Council shall act on the proposed amendment within sixty (60) days.

### **Section 8.2 Public Notice Requirements**

- (1) **Public Hearings-** County Council shall conduct all required public hearings for amendments and rezoning. No amendment to these regulations or official zoning map shall be considered for third and final reading until after the public notice and hearing requirements set forth in the South Carolina Code of Laws have been met.
- (2) **Notice of Hearing-** Notice of public hearing shall be published in a newspaper of general circulation at least 15 days prior to hearing. The notice shall carry an appropriate descriptive title and shall state the time, date, and place of the hearing. All interested parties shall be heard at the public hearing.
- (3) **Posting-** Pursuant to the provisions of the South Carolina Code of Laws, signs noting a proposed rezoning shall be posted on or adjacent to affected parcels along public thoroughfares. In the event less than 10 affected parcels are so situated as to share frontage along the same public thoroughfare, a sign shall be located on each parcel, provided no two (2) signs are closer than one hundred (100) feet of each other. In the event ten (10) or more affected parcels are so situated as to share frontage along the same public thoroughfare, or any number of parcels are located off of the public thoroughfare, signs shall be posted as close as is practical in a manner sufficient to insure due public notice. At a minimum, signs shall be posted at the beginning and end of any continuous shared public frontage, with no more than 1 mile between signs; at least one sign shall be visible from all directions in each intersection adjacent to a parcel for which rezoning is proposed.
- (4) **Action by Council-** After conducting a duly advertised public hearing, county council shall consider all information presented at the hearing, staff review, and the recommendation received from the Oconee County Planning Commission, prior to making their decision.

**Section 8.2 Reconsideration of Request for Amendment-** When County Council shall have denied a request for an amendment to this ordinance, it shall not consider the same or a less restrictive reclassification for an amendment affecting the same property until one year from the date of said denial. A more restrictive classification is not subject to the one year period.

**Section 8.3 Effective Date of Change-** Any ordinance affecting a change in the text of the zoning ordinance or zoning maps shall become effective upon final adoption by Council.

**Section 8.4 Methods of Initial Rezoning-** Upon adoption of this ordinance, rezoning of a parcel or group of parcels shall be initiated by one of the following methods:

**(1) Method 1- Planning District Initiated by Citizens**

A. Any group of citizens living within any planning district described within this section may petition for initial rezoning for the entirety of their district. The Planning Districts, which are based on the approximate boundaries traditionally used by local fire stations as service areas, are as follows:

- 1. Oakway District**
- 2. Salem District**
- 3. Corinth-Sbileh District**
- 4. Mountain Rest District**
- 5. Walhalla District**
- 6. Westminster District**
- 7. Seneca District**
- 8. Fair Play District**

- 13. Cross Roads District**
- 14. Picket Post-Camp Oak District**
- 15. South Union District**
- 16. West Union District**
- 17. Kenowee District**

The boundaries of each Planning District shall conform to the exterior property line of all parcels lying within; in no instance shall a single parcel lie in more than one (1) Planning District. Parcels shall be assigned to a Planning District based on the location of its centroid, which shall be determined by the Oconee County Geographic Information System (GIS). The boundaries of the various Planning Districts are shown on the Map of Planning Districts, which shall be adopted as part of these standards.

B. Petitions by citizens to initiate a rezoning of an entire Planning District shall be made in the following manner:

**1. Citizen Petition-** Citizens wishing to amend the map of their Planning District shall acquire the signatures of a minimum of fifteen percent (15%) of the owners of parcels lying within the boundaries of the said planning district. The petition shall contain the following statement of support:

"I hereby certify that I own a parcel lying within the \_\_\_\_\_ Planning District, and I support the consideration of rezoning the entire district."

- 2. Presentation to County Council-** If County Council finds the petition is within the parameters of the Zoning Enabling Ordinance, they may direct the Planning Commission and Planning Department to proceed with amending the zoning ordinance and map. Council may take first reading, in title only, on the zoning amendments at this time.
- 3. Review of Land Use Map-** The Planning Commission shall undertake a review the district's portion of the Future Land Use Map.
- 4. Initiat Zoning Meeting in District-** Following the review of the Future Land Use Map, the Planning Department will schedule a public meeting to begin working with citizens to develop a proposed zoning map. Nominations for the District Planning Advisory Committee will be called for at this time.
- 5. Appointment of District Planning Advisory Committee-** County Council will review the nominations for the District Planning Advisory Committee and appoint individuals to the committee. The Committee shall consist of seven owners of parcels lying within the district. The committee shall elect a chair who shall conduct committee meetings, call subsequent meetings as necessary, and set forth the agenda for subsequent meetings.
- 6. Creation of proposed District Zoning Map-** With assistance from planning staff, the District Planning Advisory Committee will use the Future Land Use Map as a guide in creating proposed changes to the district's portion of the Official Zoning Map. All proposed amendments shall be chosen from the zoning districts and their corresponding regulations established in this ordinance.
- 7. Planning Commission Review of proposed Zoning Map-** When completed, the Committee shall present their draft map to the Planning Commission for review. The Planning Commission shall review the changes to ensure that they are compatible with the Comprehensive Plan and forward their findings to County Council.
- 8. Report to County Council-** County Council shall consider the proposed zoning map amendments and may take second reading on the ordinance at this time.
- 9. Comment Period-** A comment period of no less than thirty (30) days shall be held at this time, during which the Planning Department shall mail a survey to all district property owners soliciting their opinion of the proposed changes.
- 10. Consideration of survey results by County Council-** Upon the completion of the comment period and Planning Department survey, the

results shall be presented to County Council, who may schedule a public hearing on the proposed amendments. Once the public hearing has been completed, County Council may take third and final reading of an ordinance to amend the Planning Districts portions of the Official Zoning Map.

**11. Failed attempts to amend the zoning ordinance-** In the event County Council formally rejects a citizen-initiated petition to amend a Planning District's portion of the Official Zoning Map for any reason, a new attempt to amend the map through citizen petition shall not be considered sooner than two years from the date of Council's decision.

### **(2) Method 2- Small Area Rezoning**

Any property owner, or group of property owners, may petition for initial rezoning, provided the parcels proposed for rezoning are contiguous and comprise no less than two hundred (200) acres in area, or shall constitute a planned subdivision with a total area of fifty (50) acres recorded in the office of the Oconee County Register of Deeds. This method of rezoning shall be initiated by a signed petition containing the signatures of a minimum of 60% of the affected property owners.

### **(3) Method 3- County Initiated**

The governing body may at any time after adoption of these standards rezone any parcel or parcels owned or maintained by Oconee County. Additionally, County Council may at any time rezone any parcel or group of parcels to bring into compliance with the goals established in the Oconee County Comprehensive Plan.

## **Section 8.5 Subsequent Rezoning**

- (1)** Subsequent to the initial change of zoning to any parcel or group of parcels following adoption of these regulations, any individual property owner may make application for rezoning of a parcel(s). All such rezonings shall be subject to the standards put forth in these regulations and South Carolina Code of Laws.
- (2)** Notwithstanding any effort to accomplish a prior rezoning, County Council may at any time rezone a parcel or group of parcels pursuant to the goals established in the Oconee County Comprehensive Plan.

## Article 9. General Provisions

### Section 9.1 Use Interpretation

- A. Each zoning district has uses permitted by right, conditional uses, and special exception uses. Lists are shown for each district placing uses under one of the three categories. Uses not expressly permitted are prohibited. The following describes the processes of each of the three categories that the uses are subject to:
  1. **Uses Permitted by Right:** Administrative review and approval subject to district provisions and other applicable requirements only.
  2. **Conditional Uses:** Administrative review and approval subject to district provisions, other applicable requirements, and conditions outlined in this ordinance.
  3. **Special Exceptions:** The Board of Zoning Appeals review and approval is subject to any and all district provisions, other applicable requirements, and conditions of approval. Some Special Exceptions may also be subject to conditions in this ordinance. Those uses currently governed by the Unified Performance Standards Ordinance of Oconee County as special exceptions shall be governed by those standards unless otherwise noted in this ordinance.
- B. A mix of two or more uses on the same lot of record is permitted as long as both uses are listed as permitted within the zoning district. The requirements for the most restricted use shall apply. For example, if "Use A" is permitted by right and "Use B" is permitted with a Special Exception, then the property requires a Special Exception.

### Section 9.2 Zoning Map Interpretation

The map entitled *Oconee County Official Zoning Map*, as adopted by the Oconee County Council establishes the official zoning districts and overlay districts. Where uncertainty exists as to the boundaries of any district shown on the Official Zoning Map, the Zoning Official shall employ the following rules of interpretation.

- A. **Centerline:** Where a boundary line lies within and follows a street or alley right-of-way, a railroad right-of-way, or utility easement, the boundary shall be construed to be the centerline of such street or alley right-of-right, railroad right-of-way, or utility easement boundary. If such a street or alley right-of-way, railroad right-of-way, or utility easement forming the boundary between two separate zoning districts is abandoned or removed from dedication, the district boundaries shall be construed as following the edge of the abandoned or vacated road bed or utility easement.
- B. **Edge Line:** Where a boundary line follows the edge of a street or alley right-of-way, a railroad right-of-way, or utility easement, the boundary shall be construed to be on the centerline of such street or alley right-of-way, railroad right-of-way, or utility easement boundary.
- C. **Lot Line:** Boundaries indicated as approximately following lot lines shall be construed as following such lot lines.
- D. **County/Municipal Limits:** Boundaries indicated as approximately following

County/Municipal limits or extraterritorial boundary lines shall be construed as following the County/Municipal limits or extraterritorial boundary lines.

- E. **Watercourses:** Boundaries indicated as approximately following the centerlines of streams, rivers, canals, lakes, or other bodies of water shall be construed to follow such center lines.
- F. **Extensions:** Boundaries indicated as parallel to or extensions of street or alley rights-of-way, utility easements, lot lines, city limits, county lines, or extraterritorial boundaries shall be so construed.
- G. **Scaling:** In a case where a district boundary does not coincide with any boundary lines as above and no distances are described by specific ordinance, the boundary shall be determined by the use of the scale appearing on the map.
- H. In the event physical features existing on the ground, or actual property lines or other man-made boundary lines used to depict zoning district boundaries, are different than those shown on the Official Zoning Map, the Zoning Board of Appeals shall have the authority to interpret Zoning district boundaries.

### **Section 9.3 Dimensional Requirements: General Provisions & Exceptions**

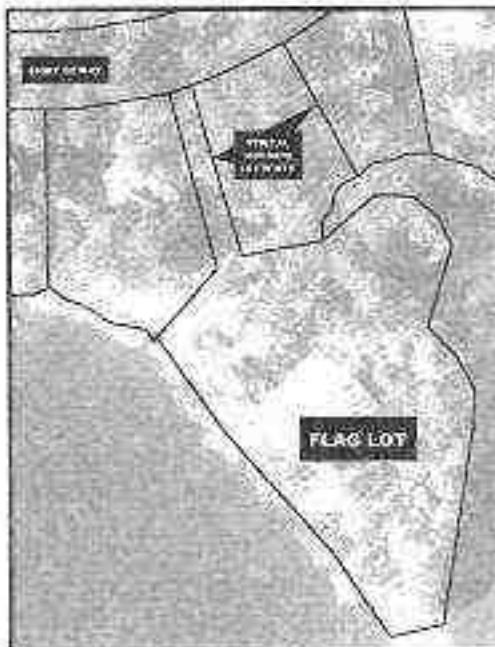

In addition to the dimensional requirements listed below and district dimensional requirements, further dimensional requirements may be set forth in Article 5 for those uses listed as conditional. The *control free district* shall be exempt from the provisions of this section.

#### **(1) Lot Size & Configuration**

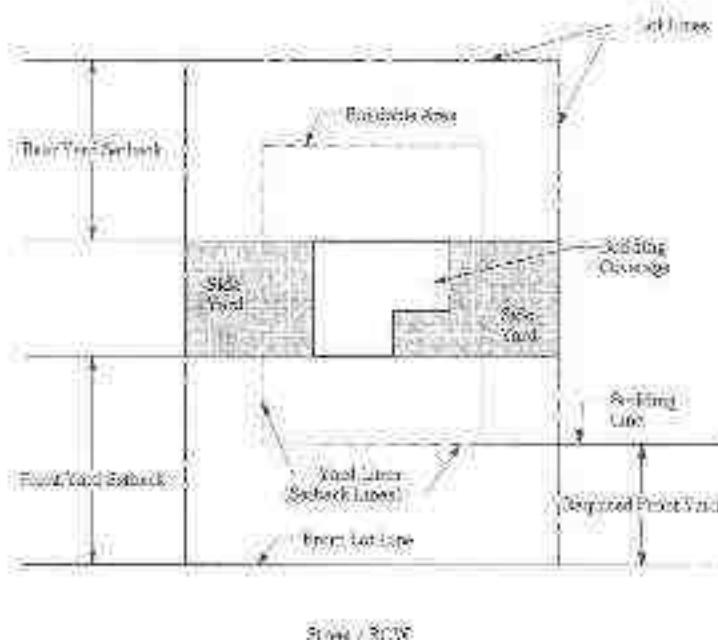

- A. Public utilities and government uses shall not be subject to the minimum lot size requirements, but shall meet the setback requirements.
- B. A flag lot shall contain no more than two (2) single-family dwellings and unincorporated accessory structures. Flag lots may be permitted under the following conditions:
  1. The maximum flagpole length shall be 300 feet;
  2. The minimum flagpole width shall be 30 feet;
  3. The front setback shall be measured from where the lot meets the district minimum width requirements;
  4. The flagpole portion of the lot shall not be used to calculate area, width, or setbacks of the lot or to provide off-street parking;
  5. There shall be no more than one (1) flag lot per each 4 lots, per subdivision or development.

#### **(2) Setbacks**

- A. The required front, side, and rear yards for individual lots shall be measured inward toward the center of said lot from all points along the respective front, side, and rear property lines of the lot. Once the yard areas of a given lot have been

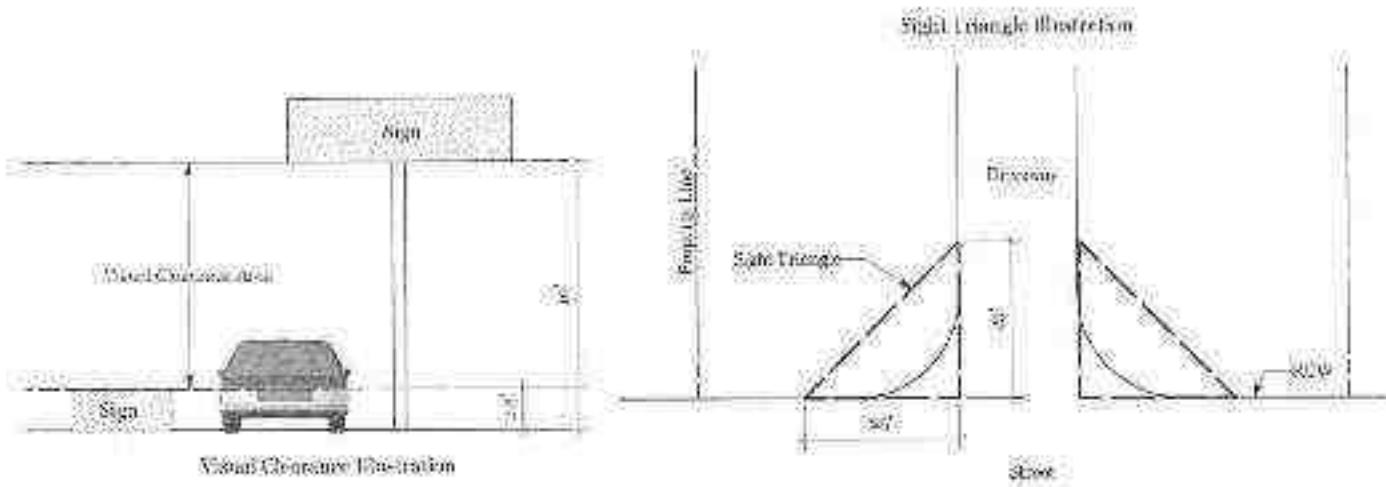

established, the remaining area of the lot which is not included in any required front, side, or rear lot shall be known as the "buildable" area within which the approved structures shall be placed.

- B. Where a property abuts a street right-of-way, the setback shall be measured from the right-of-way line.
- C. Corner lots shall be considered to have two fronts and shall meet the front setback for the district.
- D. Front yard setbacks for double frontage lots shall be provided for both streets upon which the lot has frontage, and any accessory uses(s) shall be prohibited from the required front yard setback of the street upon which the principal building fronts.
- E. The placement of any material shall not obstruct the view between access drives and streets, or the intersecting streets of a corner lot. No fence, building, wall or other structure, (excepting single trunk trees less than 12" in diameter, pruned to a height of eight (8) feet, and poles and support structures less than 12" in diameter), shall exist between a height of two and one-half (2.5) feet and eight (8) feet above the upper face of the nearest curb (or street centerline if no curb exists) and the sight triangle. For a corner lot, the sight triangle area is the area bounded (in two sides) by the street right-of-way lines, each having a length of 25 feet, and a third side connecting the two right-of-way sides. For an intersecting street and driveway, the sight triangle is formed by measuring from the point of intersection of the right-of-way and the edge of drive the distance of twenty-five (25) feet and connecting the points so established to form a triangle on the area of the lot adjacent to the street. Note that road design criteria concerning sight distances is

governed by the standards in Chapter 32, Unified Performance Standards of the Oconee County Code of Ordinances.

- F. Any garage door shall be setback a minimum of 20 feet from the property line that it faces so that vehicles may be parked in the driveway without encroaching into the right-of-way. If the district setback is greater than 20 feet, then the more restrictive setback shall prevail.
- G. The side and rear setbacks in the CCO and HCD shall not apply to the shared property line of attached buildings.
- H. The space in any required yard shall be open and unobstructed except for the ordinary projections of window sills, cornices, eaves, window air conditioning units, and other architectural features, provided that such features shall project no more than two (2) feet into any required yard.
- I. Steps and heating and cooling units may project into a required yard a distance not to exceed five (5) feet but no closer than three feet of a property line. Fences, free standing walls, hedges, and septic lines may be located in any setback, so long as they remain on the property.
- J. Any proposed new residential structure or subdivision, or commercial use which shares a property line with a parcel that contains an existing poultry house shall be set back off the property line a distance of 300 feet.

#### **Section 9.4 Height**

- A. The height of a building or structure shall be measured according to methods provided for in adopted building codes. The height of a tree shall be measured as the distance from the ground at the base to the highest point of vegetation.

B. The height limitations of this title shall not apply to the following:

1. Belfries
2. Chimneys
3. Church spires
4. Conveyors
5. Cooling towers
6. Cupolas
7. Domes
8. Elevator bulkheads
9. Fire Towers
10. Flag Poles
11. Ornamental towers and spires
12. Public monuments
13. Public utility poles
14. Silos
15. Skylights
16. Smoke stacks
17. Stage towers or scenery lifts

Such features shall be erected only to such height as is necessary to accomplish the purpose they are intended to serve and no height extension shall serve as a place for human habitation.

C. Communication towers, antennae, and water tanks shall be exempt from district height requirements in these standards, but shall instead be subject to standards provided for in the Oconee County Unified Performance Standards Ordinance; however, all other district dimensional standards shall apply as specified.

**Section 9.5 Other Requirements-** In addition to Zoning District Regulations see the following Sections for other requirements:

- A. See Article 5 for Conditional Uses
- B. See Article 7 for Special Exceptions
- C. See Appendix A for specifications on Landscaping, Buffering, Parking, Lighting, and Signage

## **Article 11. Overlay Districts**

The following overlay districts are hereby created to guide development within areas of Oconee County deemed to be of extraordinary value to its citizens. ### **Section 11.1 Lake Overlay District**

**Intent:** This overlay is intended to protect water quality, maintain natural beauty, and limit secondary impacts of new development that may negatively affect the lifestyles of those living near the lakeshore.

**Boundary:** The boundaries of the Lake Overlay District are shown on the Official Oconee County Zoning Map, and are divided into the following sub-districts:

##### **a. Keowee/Jocassee Overlay (Lakes Keowee and Jocassee)**

##### **Standards:**

###### **a. Keowee/ Jocassee Overlay (Lakes Keowee and Jocassee)-**

2. No structure constructed in the overlay shall have a building height greater than 65 feet above finished grade. In no circumstance shall the grade elevation be altered beyond that necessary to provide for structural soundness. For the purposes of this section, unless otherwise stated, all dimensions, heights, elevations and other specifications related to structures shall be measured in accordance with adopted building codes.
3. A natural vegetative buffer shall be established on all parcels for which any county-issued permit is issued, to be inspected as part of the initial inspection typically performed by County personnel. The buffer shall extend to a depth of twenty-five (25) feet measured along a perpendicular line from the full-pond contour, and shall meet all standards established for natural buffers contained in the Subdivision Regulations Chapter of the Unified Performance Standards, as amended.

A convalescent home is a home for chronic or nursing patients who, on admission, are not as a rule acutely ill and who do not usually require special facilities such as an operating room, X-ray facilities, laboratory facilities, and obstetrical facilities. A convalescent home provides care for persons who have remedial ailments or other ailments for which continuing medical and skilled nursing care is indicated; who, however, are not sick enough to require general hospital care. A major factor that distinguishes convalescent homes is that the residents will require the individualization of medical care.

Child day care does not include seasonal recreational programs operated for less than four (4) consecutive months. employment related and where the parents are on the premises or otherwise easily accessible.

**Day Care Home (Adults and Children):** a dwelling in which a permanent occupant of the dwelling provides for the care of children or adults. Those receiving care are not all related to the occupant or to each other by blood or marriage and are not the legal wards or foster children of the attendant adults. All State registration requirements and inspections shall be met.

**If children are the primary clients of the day care home the following shall apply:**

**G. Maintenance:**

All signs shall be maintained in good condition and working order, and be free of graffiti, peeling paint or paper, faded colors, weeds, vines, and/or broken and damaged materials. No internally or externally illuminated sign shall have only partial illumination for a period of more than thirty (30) days.

**3. LIGHTING STANDARDS**

The purpose of these standards is to assure that adequate exterior lighting is provided to facilitate crime prevention, security, and safe passage, and that exterior lights be shielded to reduce the impact of lighting on neighboring uses, potential safety hazards to the traveling public, and the effect on viewsheds and nightscapes.

- A.** Lighting plans shall be submitted with the zoning permit application on projects that include the installation of outdoor lighting fixtures. Prior to obtaining a zoning permit, an applicant must receive approval of a lighting plan. - E.** In order to promote safety and security in developments, lighting should be used at intersections, entrances, and in parking areas.
- F.** The overall height of lighting fixtures shall not exceed twenty (20) feet.
- G.** Blinking or flashing lights shall be prohibited unless the lights are required as a safety feature (e.g. beacons on towers). Searchlight and laser light operation for advertising / commercial purposes is prohibited.

**4. PARKING STANDARDS**

Parking areas should be designed in a manner to provide safe and efficient circulation of traffic and safe access for pedestrians. Appropriate parking design and layout should be used to reduce impacts associated with impervious surfaces.

**A. Parking Layout**

Avoid parking layouts that dominate a development. The layout of parking areas, pedestrian connections, and open space should reduce the visual impact of parking. Parking is strongly encouraged to be located to the side or rear of the building unless prevented by a physical limitation of the site.

**B. Perimeter Parking Buffer**

A perimeter parking area buffer of fifteen (15) feet shall be required on sides parallel to abutting properties or street rights-of-way. Buffers shall be planted as specified in the *Landscape Standards*.

If parking is located in the front of the building, buffer requirements will be increased to twenty-five (25) feet.

**C. Parking Striping**

Parking areas shall have parking spaces marked by surface paint lines or approved alternative traffic marking material.

**D. Wheel Stops**

Wheel stops or curbs are required where a parked vehicle encroaches on adjacent property, pedestrian access / circulation areas, right of way or landscaped areas.

**E. Planting Islands**

Parking areas shall be designed so that a planting island is provided for every ten (10) parking spaces in a continuous row. Planting islands are also required at the beginning and end of all parking bays. Planting islands shall be surrounded by curbing to prevent vehicular damage to plantings. Minimum size for required planting islands is 9' x 15' (inside of curb). Islands shall be planted as specified in the *Landscape Standards*.

**F. Stormwater**

Parking areas shall be designed to convey and / or preferably infiltrate stormwater on-site. Stormwater shall not contribute to the subsidence, erosion, or sedimentation of the development site or off-site areas.

**G. Paving**

Parking areas shall be paved unless otherwise approved by the Planning Commission. Alternative paving materials that increase permeability such as pervious concrete, pervious asphalt, pavers, grid pavers, or any other approved pervious paving materials are encouraged.

**5. LANDSCAPE STANDARDS**

Trees and landscaping contribute to the public health, safety, and welfare. Among the benefits of landscaping are: screening of undesirable views; aesthetic enjoyment; climate modification; reduction of glare, noise, odors and dust; reduction of storm water runoff and flooding; buffers between land uses; shelter and food for wildlife; and improved air quality. All of these benefits contribute to a higher quality of life and enhance property values within the county.

**A. Landscape Plan**

The landscape plan shall be submitted with the zoning permit application. Prior to obtaining a zoning permit, an applicant must receive approval of a landscape plan. The landscape plan shall be prepared by a landscape architect licensed by the state of South Carolina. The landscape plan must contain all information necessary to show that the planned use, structure, or development complies with the standards set forth. This shall include utility information, irrigation plans, existing trees used for credit, and tree protection plans, if applicable.

**B. Installation**

No certificate of occupancy shall be issued until the landscaping is completed as certified by an on-site inspection. If the season or weather conditions prohibit planting of trees, the developer may provide a bond, an irrevocable letter of credit, or other financial surety in an amount equal to one hundred twenty-five (125%) percent of the cost of installing the required plantings to guarantee the completion of the required planting within two hundred seventy (270) days. The financial surety shall be canceled and / or returned upon completion of the required landscaping. If the required landscaping is not

completed within the time allowed, the owner shall forfeit the guarantee and the county shall use such funding to complete the required landscaping.

#### C. Maintenance

The plantings that constitute a landscape area must be properly maintained in order for the landscape area to fulfill the purposes for which it is established. The owner of the property shall be responsible for the maintenance of all plant material within the landscaped areas. This includes keeping landscaped areas free of litter and debris and keeping plantings healthy and orderly in appearance. Tree staking shall be removed within eight months after installation to prevent permanent damage. All dead or diseased vegetation shall be removed. Additionally, any required vegetation that dies or becomes diseased shall be replaced.

#### D. Minimum Material Size

All required trees shall be a minimum size of 3 1/2" caliper measured 6 inches above ground at the time of installation. All required shrubs shall be a minimum size of three (3) gallons at the time of installation. Reference the American Landscape and Nursery Association (ALNA) publication *American Standard for Nursery Stock* (ANSI Z60.1-2004) for plant material quality specifications. All plant material shall be mulched with an organic mulch or other approved material.

#### E. Water Source

A permanent water source (hose bib, etc.) shall be provided not more than one-hundred (100) feet from any required landscaping.

#### F. Foundation Landscaping

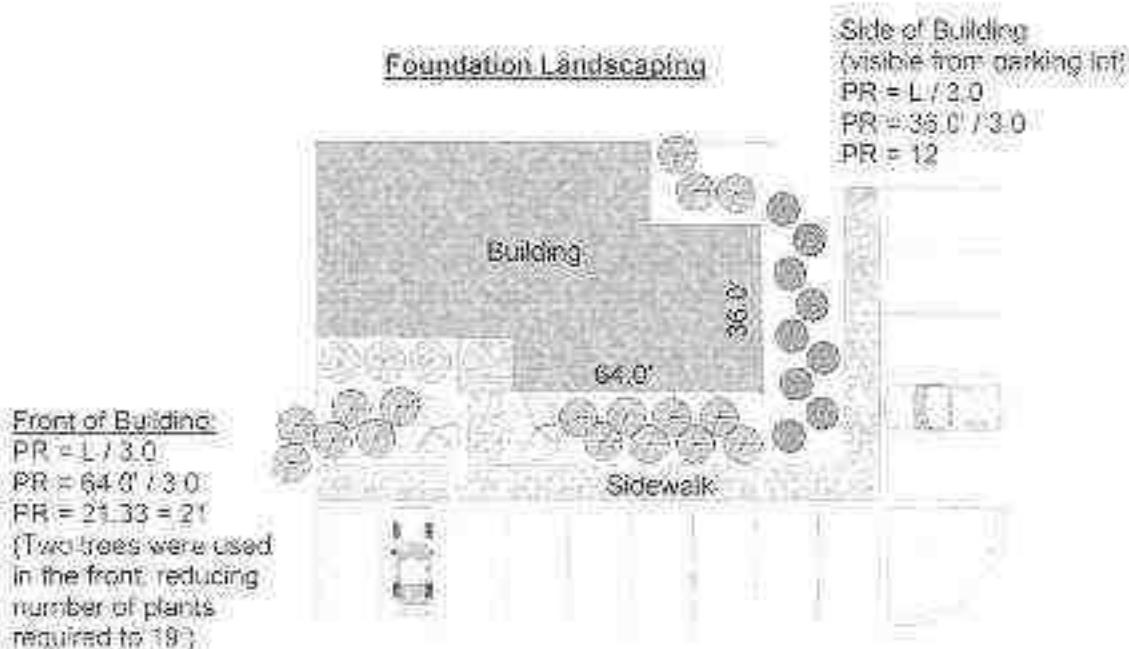

Landscaping shall be provided around the foundation of structures visible from any parking area. Plant material, as defined in this ordinance, shall be located in a planting area adjacent to the building in the following quantities:

$PR = L / 3.0$  where:

PR = number of plants required

L = building length, in feet, visible from any parking area

Each tree provided counts as a total of two (2) required plants.

### G. Street Front Yard

Street front yards shall be located along property adjacent to all street rights-of-way. Street front yards must be located on private property and not within the street right-of-way. Portions of the property needed for driveways are exempted from these requirements. Street front yards shall be a minimum of ten (10) feet in width, measured from the street(s) right-of-way abutting the property. Each street front yard shall contain at least one (1) large maturing shade tree every forty (40) linear feet or fraction thereof. No street front yard shall contain less than one (1) shade tree. Shrubs, groundcover, understory, and/or turf shall cover the remaining area within the street front yard.

### H. Interior Parking

Whenever the impervious parking cover equals or exceeds 10,000 square feet, a planting area equal to ten percent of the total impervious surface must be provided as islands within the interior of the parking area. One (1) large maturing shade tree and fifteen (15) shrubs must be planted for each 500 square feet of required interior landscape area. Plantings in landscape islands referenced under the *Parking Islands* section may not be used to satisfy this requirement. However, existing trees preserved in appropriately sized islands may be counted as outlined in the *Existing Trees* section.

#### Interior Parking

Note: Edge islands and islands required per every 50 spaces do not count as interior parking areas.

1,000 sq. ft. of interior parking island area

If Parking Lot area equals or exceeds 10,000 sq. ft.  
 $10,000 \text{ sq. ft.} \times 10\% = 1,000 \text{ sq. ft. of interior islands}$   
 To calculate required plantings within the interior islands:  
 $1,000 \text{ sq. ft.} / 500 \text{ sq. ft.} = 2.0$   
 (1) large-maturing shade tree per 500 sq. ft. = 2 trees  
 (15) shrubs per 500 sq. ft. = 30 shrubs

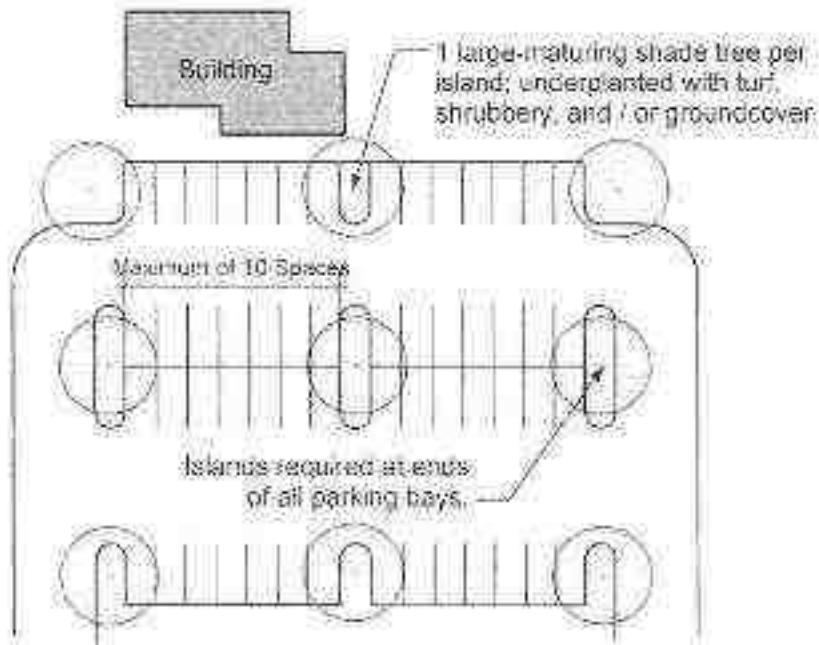

#### **I. Existing Trees**

Existing trees that have a minimum caliper size of 4 inches may be counted towards satisfying interior landscaping and street front yard requirements if such trees are preserved and adequately protected through all phases of construction. Credited trees shall be uniformly encircled by a fenced protection area of sufficient size (a circle whose center is the trunk and outer edge is the dripline) to insure tree health. Each four (4) caliper inches of an existing tree shall be deemed the equivalent of one required two (2) inch caliper tree. If any preserved tree used for credit dies or fails to thrive, the owner shall plant new trees equal to the number of credited trees.

#### **J. Parking Islands**

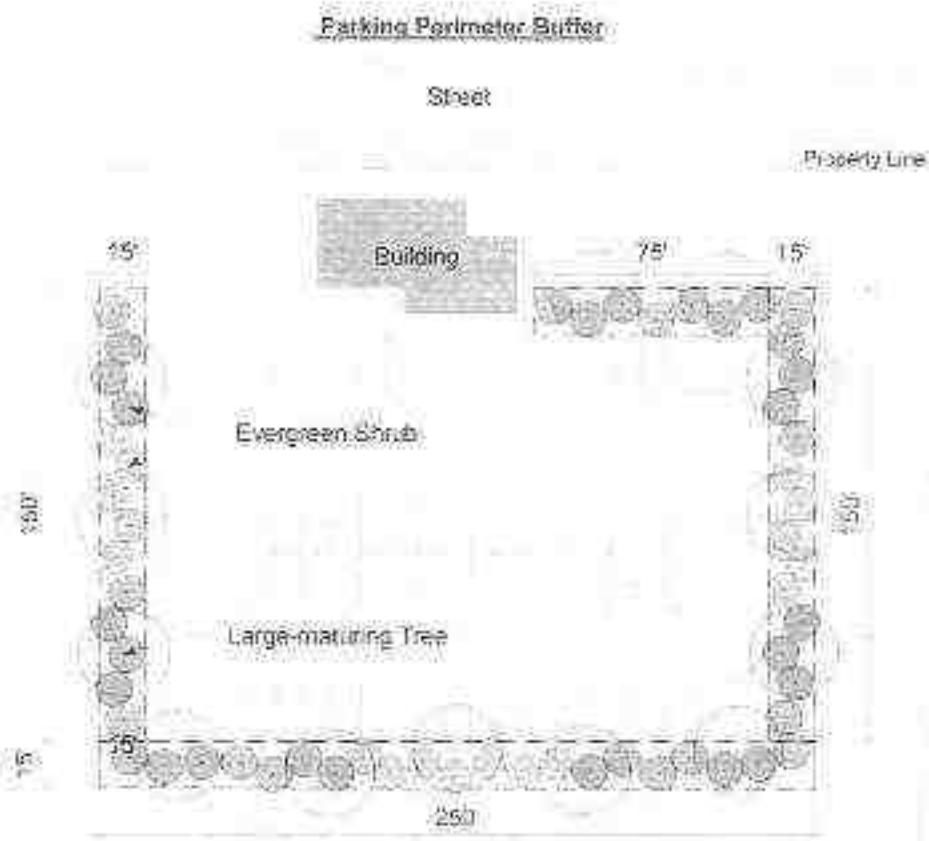

A planted parking island shall be provided for every ten (10) parking spaces in a continuous row. Planting islands are also required at the beginning and end of all parking bays. Refer to the *Parking Standards* section for parking island design standards. Planter islands shall contain at least one (1) large maturing shade tree, having a minimum clear trunk of six (6) feet. Shrubbery, groundcover, and / or turf shall be used in the remainder of the island.

**Parking Islands**

#### **K. Perimeter Parking Buffer**

All parking lots and vehicular use areas shall be screened from all abutting properties or rights-of-way. The landscaped area shall be directly adjacent to the parking lot edge, and shall be a minimum width of fifteen (15) feet. The perimeter shall contain at a minimum, one (1) large maturing tree for every fifty (50) linear feet, and evergreen shrub in sufficient quantity to provide screening with a minimum mature height of four (4) feet. If parking is located in the front of the building, buffer requirements will be increased by thirty (30%) percent in terms of width and planting quantities.

- \* Buffer must be 15' in width.
  - \* 1 large-maturing tree required for every 50 linear feet of buffer.
  - \* Evergreen shrubs as required to create a screen with a final mature height of 4'.
- 150' buffer / 50' = 3 large-maturing trees  
 250' buffer / 50' = 5 large-maturing trees  
 75' buffer / 50' = 1.5 = 2 large-maturing trees

#### **L. Buffering Adjacent Uses**

In the event that non-residential development borders residential areas or industrial development bordering non-industrial development, a twenty-five (25) foot wide landscape buffer shall be required along the common property boundary. The following mixture of plants per one hundred (.00) feet of property boundary shall be required:

- (3) large-maturing shade trees, equally spaced
- (3) understory trees, equally spaced
- (6) small evergreen trees
- (20) shrubs

If an abutting parcel contains a required buffer or screen, it shall count towards the buffer requirements.

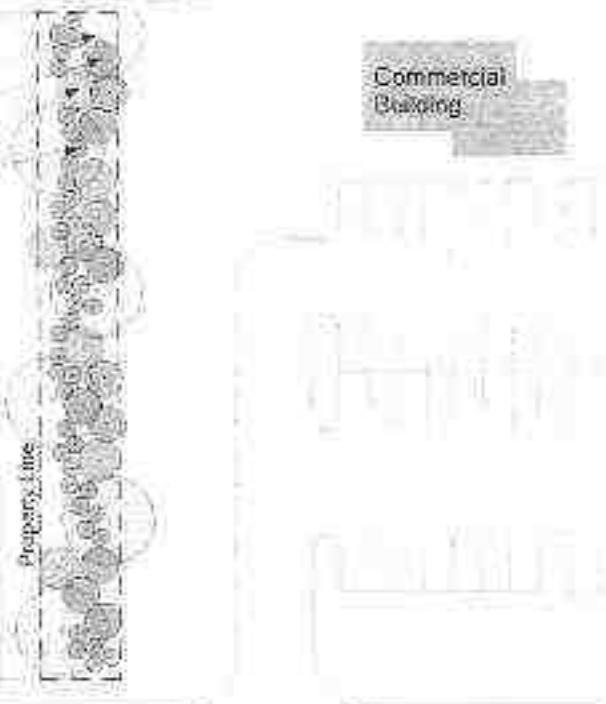

**Buffering Adjacent Uses**

25'

- Large-maturing Shade Tree
- Small Evergreen Tree
- Understory Tree
- Shrub

**Residence****Commercial  
Building**

Required Buffer = 25' wide  
 200' long (property line)  
 Per 100' of length, plants required =  
 (3) large maturing shade trees  
 (3) understory trees  
 (6) small evergreen trees  
 (20) shrubs  
 At a 200' length, buffer requires 2 times the  
 above required plant materials.

**M. Existing Natural Buffers**

When a natural, undisturbed buffer is retained along a property boundary where a buffer is required, a waiver (in whole or part) of the required landscaping may be granted. The existing buffer must achieve the same screening effects as the required buffer materials and adhere to the requirements for protection and size outlined in the *Buffering Adjacent Users* section.

**N. Screening of Collection Areas**

Screening of loading and trash collection areas must be accomplished with an opaque wall of masonry, rot-resistant wood, or evergreen shrubs that are one foot taller than the object to be screened. If evergreen shrubs are used, they must achieve the required screening at the time of planting.

**O. Sight Triangles**

- R. The placement of any material shall not obstruct the view between access drives and streets, or the intersecting streets of a corner lot. No fence, building, wall or other structure, (excepting single trunk trees less than 12" in diameter, pruned to a height of eight (8) feet, and poles and support structures less than 12" in diameter), shall exist between a height of two and one-half (2.5) feet and eight (8) feet above the upper face of the nearest curb (or street centerline if no curb exists).

and the sight triangle. For a corner lot, the sight triangle area is the area bounded on two sides by the street right-of-way lines, each having a length of 25 feet, and a third side connecting the two right-of-way sides. For an intersecting street and driveway, the sight triangle is formed by measuring from the point of intersection of the right-of-way and the edge of drive the distance of twenty-five (25) feet and connecting the points so established to form a triangle on the area of the lot adjacent to the street. Note that road design criteria concerning sight distances is governed by the standards in Chapter 32, Unified Performance Standards of the Oconee County Code of Ordinances.

AGENDA ITEM SUMMARY  
OCONEE COUNTY, SC

COUNCIL MEETING DATE: September 23, 2008  
COUNCIL MEETING TIME: 6:00 PM

**ITEM TITLE OR DESCRIPTION:**

Project Boomer  
Second Reading Ordinance No. 2008-16  
Second Reading Ordinance No. 2008-17

**BACKGROUND OR HISTORY:**

Project Boomer is requesting the extension of a PILOT and the addition of an Infrastructure Credit of 1% for 10 years on the new investment of at least \$10.0M.

**SPECIAL CONSIDERATIONS OR CONCERNs:**

This company has invested at least \$9.0M of prior committed \$13.0M PILOT Agreement. This request will hopefully allow them to capture a new project that will bring another \$10.0+M investment and the possible creation of 50+ jobs.

**STAFF RECOMMENDATION:**

Approve the PILOT extension and the Infrastructure Credit requested. It is also recommended that you amend Ordinance 2006-27 to allow Project Boomer to be placed in a Multi-County Park with Pickens County.

**FINANCIAL IMPACT:**

Preliminary estimates indicate the new investment will bring approximately \$1.167M in fees to the County over the next 20 years. Although new jobs are not required to approve a PILOT agreement this investment could bring the creation of 50 plus jobs that will earn approximately \$14.85/hr or \$32,670 annually. These 50+ new jobs are estimated to add \$1,633,500 in new wages to the County each year.

WHEREAS, Oconee County, South Carolina (the "County") acting by and through its County Council is empowered under and pursuant to the provisions of the Code of Laws of South Carolina 1976, Title 4, Chapter 1 and Chapter 29 and Title 12, Chapter 44, as amended, (jointly the "Act") to acquire, own, pay for, lease and dispose of infrastructure in order to enhance the economic development of the State of South Carolina (the "State") by inducing manufacturing and commercial enterprises to locate or expand in and remain in the State, and thus utilize and employ the manpower, agricultural products and natural resources of the State; and

WHEREAS, the County is authorized by Sections 4-1-175 and 4-29-68 of the Act to grant an infrastructure tax credit, which is a credit solely against payments in lieu of taxes pursuant to Article VIII, Section 13 of the South Carolina Constitution for the purpose of defraying a portion of the cost of designing, acquiring, constructing, improving or expanding infrastructure in order to enhance the economic development of the County; capitalized interest on the infrastructure tax credit (as described in the Act) and the costs of issuance of said credit; and

WHEREAS, the Project Boomer (the "Company") and the County entered into a fee agreement dated as of December 1, 2007 (the "Fee Agreement") by which the Company agreed to invest not less than \$15,000,000; and

WHEREAS, in accordance with the provisions of an Inducement Agreement dated September 9, 2008, by and between the Company and the County, the Company has determined that it desires to expand its manufacturing facility (the "Project"), which facility will include certain infrastructure to be owned, leased or used by the Company and to be located on the real property described in *Exhibit A* attached hereto (the "Infrastructure"); and

WHEREAS, the Company has the opportunity to invest in and expand its facility (the "Facility") in the County by an investment additional to that agreed to in the Fee Agreement of not less than \$10,000,000 and desires the County to amend the Fee Agreement and provide for an additional five (5) years to invest in the project as provided in Section 12-44-30(13) of the Act (the "Amended Fee Agreement"); and

Section 3. Pursuant to the authority of the Act, there is hereby authorized to be issued, and granted, an Infrastructure Credit of the County in the amount equal to Fifteen (15%) percent of the Fee Payments for the Project for each of the first ten (10) years of payments in lieu of tax for the Project, for the purpose of defraying the cost of the Infrastructure, so as to induce the Company to locate a facility in the County.

Section 4. The Chairman of the County Council is hereby authorized, empowered and directed to execute and deliver the Amended Fee Agreement. The Clerk to the County Council is hereby authorized and directed to affix the corporate seal of the County to the Amended Fee Agreement and to attest the same. The Agreement is to be in substantially the form now before this meeting and hereby approved, or with such changes, insertions and omissions therein as do not impose liability upon the County and as shall be approved by the Chairman of the County Council executing the same, with the advice of counsel, said execution to constitute conclusive evidence of such approval.

Section 5. The Infrastructure Credit shall be chargeable solely against the Fee Payments for the Project. The Infrastructure Credit does not and shall never constitute an indebtedness of the County within the meaning of any State constitutional provision or statutory limitation and shall never constitute or give rise to a pecuniary liability of the County or a charge against its general credit or taxing power. Such limitation shall be plainly stated on the face of the Amended Fee Agreement. Nothing in this Ordinance or the Amended Fee Agreement shall be construed as an obligation or commitment by the County to expend any of its funds other than the Infrastructure Credit against the Fee Payments for the Project.

Section 6. The Amended Fee Agreement shall be executed in the name of the County with the manual or facsimile signatures of the Chairman of the County Council and shall be attested by the manual or facsimile signature of the Clerk to the County Council of the County. In case the officers whose signature shall appear on the Amended Fee Agreement shall cease to be such officers before the delivery of the Amended Fee Agreement, such signatures shall nevertheless be valid and sufficient for all purposes, the same as if such officers had remained in office until delivery.

Section 7. The Chairman of the County Council and the Clerk of the County Council and any other proper officer of the County, he and each of them is hereby authorized and directed to execute and deliver any and all documents and instruments and to do and to cause to be done any and all acts and things necessary or proper for carrying out the transactions contemplated by this Ordinance.

Section 8. The provisions of this Ordinance are hereby declared to be separable and if any section, phrase or provision shall for any reason be declared by a court of competent jurisdiction to be invalid or unenforceable, such declaration shall not affect the validity of the remainder of the sections, phrases and provisions hereunder.

FOR DEVELOPMENT FOR JOINT  
INDUSTRIAL PARK

THIS AGREEMENT for the first amendment of an agreement for the development of a joint county industrial/business park located both within Oconee County, South Carolina and Pickens County, South Carolina, dated January 16, 2007, by and between the County of Oconee and the County of Pickens both political subdivisions of the State of South Carolina (the "Agreement"), is made and entered into as of this \_\_\_\_ day of November, 2008 but with an effective date of July 25, 2014 by and between the parties hereto (the "First Amended Agreement").

**RECITALS**

WHEREAS, pursuant to the Agreement, Oconee County, South Carolina ("Oconee County"), and Pickens County, South Carolina ("Pickens County") in order to promote economic development and thus provide additional employment opportunities within both of said counties, there has been established in Oconee County and Pickens County a Joint County Industrial and Business Park (the "Park"); and

WHEREAS, as a consequence of the establishment of the Park, property therein is exempt from ad valorem taxation, but the owners or lessees of such property are required to pay annual fees in an amount equal to that amount for which such owner or lessee would be liable except for such exemption; and

NOW, THEREFORE, in consideration of the mutual agreement, representations and benefits contained in this Agreement and for other good and valuable consideration, the receipt of which is hereby acknowledged, the parties hereby agree as follows:

**1. Binding Agreement.** This First Amended Agreement serves as a written instrument amending the entire Agreement between the parties and shall be binding on Oconee County and Pickens County, their successors and assigns.

**2. Authorization.** Article VIII, Section 13(d), of the Constitution of South Carolina (the "Constitution") provides that counties may jointly develop an industrial or business park with other counties within the geographical boundaries of one or more of the member counties, provided that certain conditions specified therein are met and further provided that the General Assembly of the State of South Carolina provides by law a means by which the value of property in such park will be considered for purposes of bonded indebtedness of political subdivisions and school districts and for purposes of computing the index of taxpaying ability for school districts. Section 4-1-170, Code of Laws of South Carolina, 1976, as amended ("Section 4-1-170"), satisfies the conditions imposed by Article VIII, Section 13(d), of the Constitution and provides the statutory vehicle whereby a joint county industrial park may be created.

**AGENDA ITEM SUMMARY  
OCONEE COUNTY, SC**

COUNCIL MEETING DATE: September 23, 2008  
COUNCIL MEETING TIME: 6:00 PM

**ITEM TITLE OR DESCRIPTION:**

Second reading of Ordinance 2008-18, "The 2008-2009 Supplemental Budget Appropriations Ordinance for Oconee County".

## **BACKGROUND OR HISTORY:**

Section 4-9-130 of the South Carolina Code of Laws requires that the county budget ordinance be approved like any other ordinance, which includes three (3) public readings and a public hearing which we typically conduct at the 2<sup>nd</sup> reading of the ordinance. This section specifically refers to annual operating and capital budgets.

Section 4-3-340 of the South Carolina Code of Laws also contains the following budget requirement:

- Supplemental or Amended appropriations must be apprved in the same manner as the initial budget. These include appropriations (revenues or expenditures) received and approved following adoption of the initial budget from unanticipated revenue sources.

#### Budget Modification

- It was determined by the County Auditor that the value of a county mill would generate more money than estimated during the budget process. This would cause the millage rate of 216.7 to generate an additional \$407,614 of revenue. The desire of council is to use the un-budgeted dollars for the following purpose (also shown on Exhibit A):
    1. Decrease the transfer from general fund balance carry forward by \$295,044
    2. The State of South Carolina has notified the county that the state aid will be cut \$112,579.

**SPECIAL CONSIDERATIONS OR CONCERN:**

First reading in title only was passed on September 9<sup>th</sup>, 2008.

Second reading is scheduled for September 23, 2008.

A public Hearing is scheduled for October 21, 2018.

First and final reading is also scheduled for October 23<sup>rd</sup>, 2008.

**STAFF RECOMMENDATION:**

Start recommends that Ordinance 2008-18 be approved for second reading.

#### **FINANCIAL IMPACT:**

The modifications set forth on Exhibit A to Ordinance 2008-18 (attachment 2) are reflected below. In the aggregate, the adopted fiscal year 2008-2009 Capital Budget currently stands at:

County General Operations \$42,166,936

If the recommended budget amendments are adopted, the new County Council-amended F.Y. 2008-2009 budget totals will be:

County General Operations \$42,166,936

We will not make any payments to You unless all premiums due hereunder are paid on a current basis.

B. **Specific Excess Loss Reinsurance:** The Reinsurer will reimburse You a percentage of Covered Benefits paid under Your Plan, subject to all terms and conditions of this Treaty, to the extent such payments are incurred during the Expense Incurral Period, paid during the Expense Payment Period and exceed the Specific Retention Amount. The Expense Incurral Period, Expense Payment Period, Specific Retention Amount, Specific Maximum Limit, and the percentage that the Reinsurer will reimburse You are shown in the Schedule. We will not make any payments to You unless all premiums due hereunder are paid on a current basis.

## 2. DEFINITIONS

A. **ACTIVELY AT WORK** (or "Active Work," or "Active Service") -

The performance of all the regular duties of employment for the Employer on a full-time (at least 30 hours per week), at normal pay, at the Employer's normal place of business. An Employee will be considered Actively at Work on each day of a regular paid vacation or a regular non-working day on which he is not disabled. He was Actively at Work on his last scheduled work day.

If an employee eligible under Your Benefit Plan is not Actively at Work (or if an eligible dependent is hospitalized or totally disabled, i.e., unable to perform the normal functions and activities of a person of like sex and age in good health) when such person's coverage under Your Plan or this Treaty (whichever is later) would otherwise take effect, coverage under this Treaty will not become effective until the day next following: 1) The employee's return to Active Service; or 2) The end of the dependent's hospital confinement or total disability. The employee or dependent must continue to meet the eligibility

requirements of Your Plan in order for such deferred coverage to become effective under this Treaty. No benefits shall be provided under this Treaty for any expenses incurred during such non-covered period(s), nor shall any such expenses apply toward the Specific Retention Amount or be considered a Covered Benefit for Aggregate Excess Loss Reinsurance hereunder.

B. **AGGREGATE RETENTION AMOUNT**, as shown in the Schedule, is the total amount of eligible expenses incurred and paid with respect to all persons covered under Your Plan, and will be determined at the end of the Treaty Period by use of the following formula:

- i. The total number of employees and their dependent units who are covered under Your Plan at the beginning of each month during the Treaty Period will be multiplied by the appropriate Retention Factor stated in the Schedule;
- ii. The sum of the monthly amounts computed as described in (i) above will be the Aggregate Retention Account, except that the Aggregate Retention Account will never be less than the Minimum Aggregate Retention Amount stated in the Schedule;
- iii. This aggregate amount does not include any payments You made to a Covered Person that were reimbursable under the Specific Excess Loss Reinsurance, or were in excess of the Maximum Amount Per Covered Person chargeable to the aggregate as stated in the Schedule of Excess Loss Reinsurance. The aggregate also does not include: Plan benefits; Plan reinsurance; expenses of claims not covered under the terms of the Plan (including expenses reimbursable from any other source); or costs of claim administration or litigation;
- iv. If this Treaty terminates prior to the end of Treaty Period, the Minimum Aggregate Retention Amount will not be pro-rated.

C. **AGGREGATE RETENTION AMOUNT FACTOR:**

- i. **EMPLOYEE ONLY RETENTION FACTOR:** The amount specified in the Schedule of Excess Loss Reinsurance that is multiplied by the number of Covered Employees when determining the Aggregate Retention Amount;
- ii. **FAMILY RETENTION FACTOR:** The amount specified in the Schedule of Excess Loss Reinsurance that is multiplied by the number of Covered Employees with Covered Dependents when determining the Aggregate Retention Amount;
- iii. **COMBINED RETENTION FACTOR:** The amount specified in the Schedule of Excess Loss Reinsurance which is multiplied by the number of Covered Employees with or without Covered Dependents when determining the Aggregate Retention Amount.

D. CLAIMS ADMINISTRATOR means the individual or entity named in the Schedule of Expenses Loss Reinsurance to perform claim processing under Your Plan on Your behalf and which has been approved to do so by the Reinsurer.

- I. covered under the terms of Your Plan, taking into account all of the exclusions and limitations in Your Plan; and
- II. incurred during the Expense Incurred Period; and
- III. paid during the Expense Payment Period; and
- IV. in clause in the Covered Benefits shown in the Schedule; and
- V. not otherwise limited or excluded by this Treaty.

It should be noted that Covered Benefits may not always be the same for Specific and Aggregate coverage, see Schedule for details. Covered Benefits do not include claim administrative fees, consulting fees, claim investigative expenses, legal fees, or other expenses related to litigation issues.

## F. COVERED PERSON

- (a) Means an employee or an employee's dependent who meets the eligibility requirements as set forth under Your Plan. - (b) If the Actively At Work provision applies as shown in Schedule, then the Covered Person must be Actively At Work on the effective date of this Treaty. If the employee is not Actively At Work on the effective date and the Actively At Work provision applies, then coverage will not be effective until the employee or dependent satisfies the Actively At Work provisions.
- (c) If the Actively At Work provision is waived on the Schedule page, then the Covered Person must satisfy (a) above.

G. ELIGIBLE EXPENSE means a charge that is covered and payable under Your Plan.

This amount is specified in the Schedule as Aggregate Excess Loss Reinsurance, and the full amount will apply even if coverage terminates during the Treaty Period.
- L. PAID CLAIM means charges that are covered and payable under Your Plan, that have been adjudicated and approved, with check or draft issued and placed in the U.S. mail, for which sufficient funds are on deposit on the date said check or draft is issued, and which said check or draft is paid upon presentation.

  - ii. The Regimens have not received the approval or endorsement of the American Medical Association (AMA) for the specific injury or illness to be treated; or

4. PREMIUM: "Specific Excess Loss Premium." Premiums are payable by You on an installmant basis. Each monthly premium shall be computed by multiplying the Specific Premium rate stated in the Schedule by the number of respective employees and dependent(s) who are covered under Your Plan at the beginning of each month during the Treaty Period. The first premium is due on the inception date of the Treaty, and subsequent premiums are due on the first day of each month thereafter. The Reinsurer reserves the right to adjust premium rates under monthly factors if: a) there is a change in Your Plan's benefits; b) the Employer's location changes; c) the number of employees varies by more than 20%; d) the nature of the Employer's business changes; or e) prior claims experience submitted by You or Your agent as a basis for determining the retention factors under this Treaty is inaccurate.

Aggregate Excess Loss Premium: The Deposit Premium shown in the Schedule is payable by You on the Inception Date of the Treaty Period. Premiums are payable at the beginning of each month during the Treaty Period, or portion thereof. Premiums will not be prorated for any partial month of coverage; a full month's premium will be payable for any such period. The final earned aggregate premium, at the end of each Treaty Period, or portion thereof, if the coverage terminates sooner, will be either the aggregate premium paid to date including the Deposit Premium, or the Minimum Premium stated in the Schedule, whichever is greater. The Minimum Premium will be aplicable regardless of how long coverage remains in force during the Treaty Period. Any balance due Us after deducting the Deposit Premium from final earned premiums will be payable by You within 30 days after the expiration date of the Treaty Period, or portion thereof, if coverage terminates sooner. If the Deposit Premium exceeds the larger of the final earned premium and the Minimum Premium, the excess will be payable to You within 30 days after the expiration date of the Treaty Period, or portion thereof, if coverage terminates sooner.

5. RENEWAL: This Treaty may be renewed only if renewal is mutually agreeable to both You and the Reinsurer. If the Reinsurer refuses to renew, it must give written notice to You at least 21 days prior to the anniversary date. If this Treaty is renewed, a new Schedule will be issued to reflect any changes agreed upon by You and the Reinsurer.

## **6. GENERAL PROVISIONS:**

### **E. Claims Administration:**

While this Treaty is in force, You shall employ, at Your own expense, the services of the Claims Administrator stated in the Schedule. The Claims Administrator will be Your agent and will not be considered an agent of the Reinsurer. The services of the Claims Administrator cannot be terminated without the advance written consent of the Reinsurer. Such consent shall only be granted in the event that the Claims Administrator is to be replaced by another acceptable to the Reinsurer.

- vi. the date that any of the changes specified in General Provision "G" are made, except as otherwise provided therein.

## **C. Group Specifications - Changes**

You shall notify the Reinsurer in writing not less than 30 days in advance of any change(s) of the following nature and will consent to any adjustments to this Treaty that are required by the Reinsurer as a consequence of such change(s):

- ii. A change in the nature of business in which You are engaged; or
- iii. An increase or decrease of twenty (20) percent or more in the number of employees covered under Your Plan on any premium due date hereunder.

## **D. Records - Information to be Furnished**

You shall forward or cause the Claims Administrator to forward all information required by the Reinsurer in connection with the administration of this Treaty and the determination of premiums and payments. You shall forward or cause the Claims Administrator to forward or make available to the Reinsurer for inspection all records that have a bearing on the Reinsurance hereunder. Such records shall be maintained and open to the Reinsurer for inspection at any time for up to three years after termination of this Treaty.

The Reinsurer shall not be liable for the fulfillment of any obligation dependent upon information to be furnished by You or the Claims Administrator until such information is received in a form satisfactory to the Reinsurer. The Reinsurer reserves the right to amend the terms and conditions of this Treaty if incorrect information is furnished and the Reinsurer acted to its prejudice by relying upon it.

#### I. Loss Provisions

In the event of any reimbursement being claimed under this Treaty, accounting records and other written proof of the basis upon which reimbursement is claimed must be furnished to the Reinsurer, in a form acceptable to the Reinsurer, within 90 days.

#### J. Subrogation

You may be entitled to recover from third parties for payments made to or on behalf of persons covered under Your Plan. If You recover from a third party, the recovered amount shall not be used to satisfy any retention requirement under this Treaty.

The Reinsurer may subrogate all Your rights if You fail to prosecute any valid claims against third parties and the Reinsurer, as a result, becomes liable to make payments under this Treaty. The remaining amount, if any, will be paid to You.

#### K. Legal Action

No action at law or in equity shall be brought to recover on this Treaty prior to the expiration of 60 days after written proof of loss has been furnished in accordance with the requirements of this Treaty. No such action shall be brought after the expiration of three years after the time written proof of loss is required to be furnished.

If any time limitation of this Treaty with respect to bringing an action at law or in equity to recover on this Treaty is less than that permitted by the law of the jurisdiction of issue, that limitation is hereby extended to agree with the minimum period permitted by that law.

#### L. Workers' Compensation Insurance

Re: Oconee County Committee Center Pond Modifications  
Goldie & Associates Project No. 22-35-8

Dear Ms. Spearman,

Enclosed please find the bid tabulation for the above referenced project. Fowler Corporation was the low bidder on the project. We have reviewed their bid and it appears to be complete and balanced. We have reviewed their current work schedule and it appears that they will have sufficient crews available to promptly begin the project and complete it on schedule.

We have worked with Fowler Corporation on a variety of projects and they have demonstrated they are able and capable to do the work specified. Therefore, it is our recommendation that the bid be awarded to Fowler Corporation.

## **NACo Prescription Drug Discount Card Program**

### **Summary**

- Caremark was chosen as the program provider after a two-year process that involved the NACo Membership Committee, a consulting firm and a special evaluation committee appointed by the NACo President (Karen Miller was President at the time).
- The Caremark program was chosen not only for its price savings, but also for its ease of use and understanding.
- The program provides great flexibility for participating counties. The discount cards can be used by anyone - senior citizens, the elderly, or the uninsured. Some counties may use the cards for their jail populations or their employees if they do not have a prescription drug insurance program.
- There is no cost to NACo, no cost to the counties participating in the program and no cost to the citizens using the discount card.
- Citizens do not have to fill out any forms to participate and, therefore, the counties do not have to maintain any database of who has the cards. The card will be given to citizens with a brochure and can be used immediately by anyone who needs it.
- The discount cards are accepted at more than 57,000 pharmacies nationwide. The overall average savings is about 20 percent. The savings range from 13 percent to 35 percent on purchases of drugs at a local pharmacy and up to 50 percent on mail order purchases. Savings differences are based on brand-named prescriptions vs. generic.
- Only NACo member counties can participate.
