This past Saturday a newspaper ran an editorial "Our View" which stated that I think the county should get into the sewer business. Nothing could be further from the truth.

What I was stating is that by creating another 208 agency, Oconee County could have more options. After all, Anderson and Pickens counties have multiple 208 agencies. More options provide for more choices, but for some reason the author of the editorial is opposed to more choices and believes the one choice is sufficient.

As I stated at the last council meeting, I was not critical of the sewer authority. I am trying to be realistic. After all, if you sat on the sewer commission and were faced with a company wanting to locate in Oconee County, where would you like them to locate, in the cities or the unincorporated parts of the county? The answer would most likely be the cities. Not only would you collect user fees but you would also generate additional city revenues through municipal taxes. Of course, most of the sewers are located in the cities. A study of sewer outside of the cities will show that expansion was also connected to annexation. Recently expansion outside of the cities has been connected to the \$610,000 per year that the county gives to the sewer authority.

As far as the other editorial comments, it is suggested I sit down and have a chat with a sewer authority member. I do that every Sunday. As to the simple analogy the editorial writer finds so complicated, I'll be happy to sit down and explain it to him.

The referendum of 1976 is a topic council needs to discuss.

The newspaper likes to print a quote from a famous person. On Saturday they quoted Mark Twain. I would also like to quote Mr. Twain. "If you don't read the newspaper, you are uninformed; if you do read the newspaper you are misinformed."

Comments to Council

Re: Ordinance 2011-14

Good evening Mr. Chairman and County Council members. Thank you for the opportunity to address you regarding Ordinance 2011-14.

I would like to thank the Planning Department, the Planning Commission and you for your work in reviewing all the details for this ordinance. As you know this area in Oconee County is largely residential in nature, but also has an area of supporting services that are recommended by the Planning Department and Planning Commission to be Community Commercial.

I recommend your approval of the third reading of Ordinance 2011-14, as recommended by the Planning Commission.

Since the second reading (on September 6) of Ordinance 2011-14, there have been additional zoning petitions submitted that contain large parcels similar to the parcel adjacent to the Estates of Riverstone on the Stamp Creek/Keowee Key map. The obvious concern is that large parcels, with literally hundreds of feet of shoreline, present a future concern for the protection of the water. I presented a recommendation to you on September 6 that we significantly improve the residential performance standards within the Lake Overlay. I also recommended that language be added to the overlay that would allow a provision for a non-residential property to be submitted for a special exception within the overlay.

While there has been a lot of discussion about this issue, we still are waiting for a modification to be recommended and approved by you for the lake overlay. I also know that the Planning Commission and Planning Department are very supportive of this in concept are working on the language to be submitted for your approval.

I believe this situation has presented an interesting opportunity for solving the “large parcel on the lake” issue going forward. I respectfully request that the County Council expedite the strengthening of the lake overlay to include lake residential zoning performance measures. As lake residential standards would restrict commercial enterprise in such areas, I also request that County Council establish appropriate commercial standards to serve as “special exceptions” within the lake residential designation. With such specifications in place, large parcel owners would not have to be “either/or” but could zone their land in concert with their land use while the lake overlay would protect the 750’ of land adjacent to the shoreline. I believe all parties would see this as a “win/win” scenario from a zoning perspective.

With these recommendations in mind, please approve Ordinance 2011-14 for third and final reading.

Comments to Oconee County Council - Ordinance 2011-14

Good evening, Mr. Chairman and Council Members. My name is Kevin Minton, and I'm the President of the Wynward Pointe Homeowners Association.

Wynward Pointe has a total of 119 properties. It is located in the southern section of the Stamp Creek/Keowee Key zoning map. At the time that petitions were circulated and signed, there were 85 petitions signed supporting Lake Residential zoning. That is a very solid 71.4% of our owners.

We recommend your approval of Ordinance 2011-14, as recommended by the Planning Commission.

We strongly support the Zoning Ordinance implemented by the Planning Commission and County Council in 2009, as a proper way to protect property uses in the total area. We would also request that the County Council expedite the strengthening of the lake overlay to include lake residential zoning standards to protect the 750 feet of land adjacent to the shoreline.

We would urge you to approve 2011-14 for the third reading without delay.

Thank you for your consideration.

Good evening Mr Chairman and County Council members. My name is Edna Turnure, a resident of Keowee Key and Vice President of the Keowee Key Property Owners Association. I am here to support the Planning Commission 's recommendation of Ordinance 2011-14 Stamp Creek/ Keowee Key Zoning Petition.

Keowee Key has approximately 2,000 of the 2,858 tax parcels within the purposed Zoning Petition representing 70% of the area involved and 70% of Keowee Key parcels signed the zoning petition. Even though Keowee Key owners have some very strong restrictive covenants within our Community, we want you to know that Keowee Key is very committed to this request to be included in the lake residential designation and believes that zoning within Oconee County is vital.

We recommend your approval of the third reading of Ordinance 2011-14 as recommended by the Planning Commission. In addition we also support the Community Commercial district designation along route 130 directly across from Keowee Key. The commercial businesses which are currently there are light service and retail which are of service to many near by property owners. This designation would allow a continuation of this type of business without concern for industrial development.

We strongly support the Zoning Ordinance implemented by the Planning Commission and County Council in 2009, as a proper way to protect property uses in the total area. We would also request that the County Council expedite the strengthening of the lake overlay to include lake residential zoning standards to protect the 750 feet of land adjacent to the shoreline.

We would urge you to approve 2011-14 in the third reading.

Thank you.

Topic: Mandatory Zoning

Mr. Gadsby,

I received notification on October 5, 2011 that Oconee County was intending on changing the zoning of my property (099-00-04-001) located on State Highway 130 to Residential District. I disagree with this decision.

I purchased the property on February 29, 2000 with the intentions to build an office on the property with maybe some boat storage units. I knew that there was not an adequate sewer system to handle any industry of a large magnitude. I feel property owners located some distance away from my property made the zoning decision. When I purchased the property, I was told that Keowee Keys had built a buffer zone to protect and allow this property to be developed for commercial use. If I had wanted to purchase residential property, I would have purchased property in a subdivision with protective covenants. I feel that I have owned this property long enough to have some input in this decision. I don't see anyone wanting to build a home on this main highway. The value of the property would be worth much less if the county changed the zoning to Residential. I feel that the property defined, as Community Commercial District would be worth \$300,000 and defined, as Residential District would be worth \$50,000. If my next-door neighbor wanted to build a trailer park or a junkyard, I would be the first one leading the fight to keep them out. I know that if this is passed, that it will be hard to change this in the future because of the 1,000 property owners in Keowee Keys.

I will not be available to attend Tuesday night, since I have already have plans to attend a Greenville Tech Board Meeting. I am Vice President and the President is not attending. My son in law, Eric Newton will be attending on my behalf. I might add that I am a Realtor and that Eric is also.

Thank you for your attention on this matter.

Sincerely,

Michael A. Beeco

ARTICLE 20 - HOLDOVER

20.1. In the event Tenant shall remain in the Demised Premises after the Term has expired and Tenant shall have failed to give notice to Landlord of Tenant's intent to extend this Lease in accordance with subparagraph 2.1 hereof, Tenant shall be deemed to be a tenant from month to month and Tenant shall continue to pay the Basic Rent in effect for the Term until either Landlord or Tenant, by sixty (60) days written notice to the other, shall terminate this Lease, whereupon the Basic Rent and all other charges payable by Tenant hereunder shall be apportioned as of such date of termination.

ARTICLE 21 - MISCELLANEOUS

21.1. If any provision of the Lease or any application thereof shall be invalid or unenforceable, the remainder of this Lease and any other application of such provision shall not be affected thereby.

21.2. This Lease shall be binding upon and inure to the benefit of and be enforceable by the respective successors and assigns of the parties hereto.

In order to induce Purchaser to enter into this Agreement and to purchase the Property, in addition to warranties, representations, covenants, and undertakings contained elsewhere in this Agreement, Seller hereby makes the following representations, warranties and covenants, each of which is material and is relied upon by Purchaser:

2.1. Title to Property. Seller is the sole owner of good, marketable and insurable fee simple title to the Property.

2.2. Authority of Seller. Seller has the right, power and authority to enter into this Agreement and to sell the Property in accordance with the terms and conditions hereof, and this Agreement, is a valid and binding obligation of Seller as of the date first set forth above. As of the Closing, all necessary action shall have been taken by Seller authorizing the execution and delivery of all documents and instruments to be executed and delivered by Seller at Closing. This Agreement, when executed and delivered by Seller, will be a valid and binding obligation of Seller in accordance with its terms.

2.3. Taxes. The Property is not subject to special taxes or assessments for roadway, sewer, or water improvements or other public improvements and the Property is free and clear of any tax liens except for ad valorem tax liens that are not yet due and payable.

2.8. No Defaults. Neither the execution of this Agreement nor the consummation of the transactions contemplated hereby will:

(b) Violate any restriction to which Seller is subject, or

(c) Constitute a violation of any applicable code, resolution, law, statute, regulation, ordinance, rule, judgment, decree, or order, or

(e) Result in the creation of any lien, charge or encumbrance upon any of the properties or assets to be sold or assigned to Purchaser pursuant to the provisions of this Agreement.

2.9. Events Prior to Closing. Seller will not cause or permit any action to be taken which would cause any of Seller's representations or warranties to be untrue as of the Closing. Seller agrees immediately to notify Purchaser in writing of any event or condition which occurs prior to Closing hereunder, which causes a change in the facts related to, or the truth of, any of Seller's representations.

2.10. Further Acts of Seller. On or before the Closing, Seller will do, make, execute and deliver all such additional and further acts, deeds, instruments and documents as may reasonably be required by Purchaser or Purchaser's title insurance company to vest in and assure to Purchaser full rights in or to the Property.

2.11. Maintenance of Property. Between the date of this Agreement and Closing, Seller will continue to maintain the Property as it currently is maintained and exists; and Seller shall not make or enter into any lease or other agreement for the use, occupancy or possession of all or any part of the Property without Purchaser's prior written approval.

2.12. PURCHASER AGREES THAT NO SUCH REPRESENTATIONS, WARRANTIES OR PROMISES HAVE BEEN MADE AND AGREES TO TAKE THE PROPERTY "AS IS." PURCHASER REPRESENTS TO SELLER THAT PURCHASER HAS CONDUCTED, OR WILL CONDUCT PRIOR TO CLOSING, SUCH INVESTIGATIONS OF THE PROPERTY AS ARE DESIRED BY PURCHASER, INCLUDING BUT NOT LIMITED TO, THE PHYSICAL AND ENVIRONMENTAL CONDITIONS THEREOF, AND WILL RELY SOLELY UPON SAME AND NOT UPON ANY INFORMATION PROVIDED BY OR ON BEHALF OF SELLER OR ITS AGENTS OR EMPLOYEES WITH RESPECT THERETO, OTHER THAN SUCH REPRESENTATIONS, WARRANTIES AND COVENANTS OF SELLER AS ARE EXPRESSLY SET FORTH IN THIS AGREEMENT. THIS PROVISION SHALL SURVIVE CLOSING.~~

3. CONDITIONS PRECEDENT TO PURCHASER'S OBLIGATIONS.

3.1. Purchaser's Review Period. Purchaser shall have a period (the "Review Period") commencing on the date hereof and expiring one hundred twenty (120) days thereafter to do the following, each of which shall be a condition precedent to Purchaser's obligations hereunder:

(a) To conduct, at Purchaser's cost, any and all inspections, engineering and feasibility studies, including, but not limited to environmental inspections and studies, which Purchaser deems necessary, in an effort to determine whether or not to proceed

with the Closing of this transaction. Without limitation of the generality of the foregoing, it is agreed that Purchaser's inspection of the Property may include soil borings, surface water and groundwater testing and analysis, boundary, structural, topographical, and other surveys and any other studies and/or tests desirable for Purchaser to determine that the Property is suitable for its intended purpose. In this regard, Seller hereby agrees that Purchaser, and/or Purchaser's agents or employees, may have unlimited access to the Property during such Review Period to conduct such studies and inspections. Upon completion of such inspections, Purchaser shall restore the surface of the Property to substantially the same condition of the surface on the date hereof after all such tests and inspections are completed.

(b) To obtain a commitment for owner's title insurance (issued by a title insurance company acceptable to Purchaser) on standard ALTA Owner's Policy Form (2006) (together with copies of all instruments and plats evidencing exceptions stated therein), by which commitment the title insurance company agrees to insure the fee simple title to the Property in Purchaser in an amount equal to the purchase price of the Property subject only to exceptions acceptable to Purchaser and Purchaser's lender, if applicable.

(c) To obtain a survey of the Property, such survey disclosing rights-of-way, easements, encroachments or other encumbrances upon the Property acceptable to Purchaser.

(d) To obtain such assurances or approvals from the appropriate governmental authorities as Purchaser deems necessary in relation to Purchaser's intended use of the Property or the environmental condition of the Property. In connection therewith, within Ten (10) days from the Date of this Agreement, Seller shall deliver or make available to Purchaser true and correct copies of all contracts, leases, documents, agreements or other information which affects the use, condition (including environmental condition), operation or ownership of the Property. Seller agrees to use its best efforts to cooperate with Purchaser so that Seller shall deliver to Purchaser any item in the possession or control of Seller which Purchaser would like to receive and inspect.

3.2. Termination of Agreement. Prior to the expiration of the Review Period, Purchaser shall have the right to terminate this Agreement in its sole discretion based on Purchaser's findings during the Review Period, in which event this Agreement shall be void, and neither party shall have any further obligation hereunder.

3.3. Status of Title. At Closing (as defined below) Seller shall deliver the Closing Documents (as such term is defined below) to Purchaser as provided by Section 6.2 below, and shall be capable of conveying, and the Closing Documents will purport to convey, good and marketable fee simple title to the Property to Purchaser subject only to encumbrances and title exceptions acceptable to Purchaser. Seller shall not create, cause or permit any encumbrance, impairment or transfer of title to the Property, other than as specifically provided herein; provided, however, that Seller shall have no obligation to cure, have the Property released from or terminate any encumbrance on, impairment of, or lien against the Property caused by Purchaser or related to Purchaser's activity on or use of the Property.

ARTICLE II

REGULATION OF IMPROVEMENTS

Section 2.01 Approval of Plans and Specifications. No Improvements shall be constructed, erected, placed, altered, maintained or permitted on any Building Site until plans and specifications therefore have been approved by the Architectural Review Board as required by this Declaration, or which, when constructed, do not conform to the requirements set forth herein, except as otherwise provided herein.

Section 2.02 Pre-Construction Meeting. Prior to the commencement of construction on any Building Site, including site grading, a pre-construction meeting shall be conducted. The

meeting shall include the Architectural Review Board's representative, the Owner or Owner's representative, and the contractor, including the site-grading contractor.

Section 2.03 Construction Vehicular Traffic. The Architectural Review Board shall have the right to control construction traffic during construction as well as access to the Building Site.

Section 2.04 Completion of Construction. After commencement of construction of an Improvement on any Building Site, the Owner thereof shall diligently prosecute the work thereon to the end that the Improvements shall not remain in a partly finished condition any longer than reasonably necessary for completion thereof. During construction, the Owner shall cause the Building Site to remain in a reasonably neat and orderly condition, preventing the accumulation of trash and shall prevent runoff of surface water from the Building Site onto adjacent property or streets. The Owner shall implement plans for approval by the Architectural Review Board to contain all sediment, including washed, windblown and gravity, within the boundaries of the Building Site and ensure that all areas of the Building Site to be exposed for longer than thirty (30) days be grassed. If, at the end of a twelve (12) month period from the closing date on the Building Site, construction of any Improvement is not being diligently pursued by the Owner, then the Association shall have the option to proceed with such construction or remove such incomplete construction. Costs incurred by the Association relative to such construction shall be paid by the Owner.

Section 2.05 Excavation. No excavation shall be made on any Building Site except in connection with construction of Improvements thereon. Upon completion of construction of Improvements on the Building Site exposed openings shall be backfilled and disturbed ground shall be smoothly graded and landscaped.

Section 2.06 Storm drainage. All Owners shall provide details of proposed storm drainage system to the Architectural Review Board for approval. These plans and specifications shall show locations concerning all applicable storm drainage Improvements, including but not limited to size and location of underground piping, catch basins, headwalls, ditches, and swales from each Building Site to any designated easements within the Property.

Soil reinforcement matting shall be installed across the bottom and up each side and the entire length of all exposed or open drainage swales, ditches, or channels. Grassing or appropriate ground cover shall be seeded within all such swales, ditches, or channels. Riprap shall be installed where appropriate including all storm drainage pipe openings.

The Architectural Review Board may require that Owners constructing new Improvements provide on-site water retention and detention facilities. All storm drainage shall be carried to designated easements and in no case shall any storm drainage from the Building Site be carried across the Owner's property line onto another Building Site except when confined within the drainage easements or in order to access a drainage easement. No drainage of the Building Site shall be constructed which would prohibit or unduly restrict the proper drainage of the Building Sites within the property. In no case shall any storm drainage from the Building Site be allowed to flow directly on any interior roads within the Property.

All Owners shall at all times manage and maintain all drainage facilities, including but not limited to retention/detention ponds within their respective Building Sites, in a safe, clean, orderly, neat and operable condition. All Owners are always, and shall remain, subject to ordinances and resolutions of Oconee County, and all other applicable local, state and federal laws, rules and regulations, which may be more stringent than this Declaration.

Section 2.07 Landscaping. It is required that all Building Sites be landscaped and that plans and specifications therefor be submitted to the Architectural Review Board for approval prior to installation. Such plans should indicate the location, size, type and height of each planting and an irrigation plan must be noted thereon. Such plans should reflect and take into account any landscaping which exists in the Property either within beautification easements or on adjacent property. All plans and specifications must reflect efforts to retain existing trees if any are on the Building Site.

The area between the building walls and the applicable Building Site's property lines shall be used exclusively for the planting and growing of trees, shrubs, lawn, and other ground covering or material as approved by the Architectural Review Board, except for such portions thereof as may be reasonably required for service access either to the building or for parking and loading areas constructed on the site.

All landscaping shall be installed within sixty (60) days after substantial completion of construction, weather and season permitting.

Landscaped areas shall be perpetually maintained in a sightly and well kept condition including such replanting and replacement as is, from time to time, required by the Architectural Review Board.

Section 2.08 Signage. It is required that all sign design and locations, including identification, directional, regulatory, temporary, and informational, located within the setback areas, parking facilities, on loading docks, buildings, storage areas, etc., be submitted to the Architectural Review Board for written approval prior to fabrication and installation. Submittals shall include but not be limited to location plans, sign elevations and specifications for each sign denoting location on the site, power requirements, all sign dimensions, materials, type of illumination, color(s), and other characteristics. No sign shall be erected, substituted, changed, or modified on the property without the prior written approval by the Architectural Review Board.

One wall-mounted sign, with logotype and symbol, is allowed on each building wall having street frontage. The intent of this sign is to identify the occupant of the building to vehicular traffic. The overall size of the sign shall not exceed 20% of the wall area, to a maximum area of three hundred fifty (350') square feet. The sign shall mount to the face of the building with no portion of the sign projecting above the roofline.

The following general design guidelines should be considered prior to developing and/or budgeting for signage for any Building Site:

- a. Materials are an important component of signage, and should be compatible with the design of the face of the façade where they are placed. Elected

materials should contribute to the legibility of the sign. Following is a list of recommended materials for signage:

- i. Metal (formed, etched, cast, engraved, and properly primed and painted to protect against corrosion).
- ii. High density pre-formed foam or similar material, painted or otherwise finished to compliment the architecture.
- iii. Glass (formed, etched, cast or sandblasted).
- iv. Wood signs are discouraged because they require more frequent ongoing maintenance. Furthermore, they are inconsistent with the technology identity of this project. Cloth signs are prohibited.

b. Illumination of signage should be considered carefully, as it is valuable for visual communication of an identity. Back-lighted solid letters are a preferred alternative to internally illuminated letter signs for building mounted signage. Indirect front illumination, or combination lights, of freestanding signage is preferred as it produces a more sophisticated ambiance consistent with the identity of the project. Whenever indirect lighting fixtures are used (fluorescent or incandescent), care should be taken to properly shield the light source to prevent glare from spilling over into any public right-of-ways.

c. Signage must conform to the following standards:

i. Signs for single tenant buildings shall be restricted to identification only of the person, firm, company, or corporation operating the use conducted on the site or the product sold or produced thereon. Promotional advertisement of services and/or products will not be permitted.

ii. For multi-tenant buildings, only one identification sign per building will be approved. This sign shall include the building address used for identification of individual tenants in a multi-tenant building. Listings and/or identification of individual tenants must be uniform both with regard to sign panel design and lettering style. Preferably a directory, which conforms to the standards approved by the Architectural Review Board, will be used in such instances.

iii. All informational signage, including instruction to visitors, vendors, and customers; directional signage; designated parking areas; driveway entrance signs; or any sign other than building identification sign must be uniform both with regard to sign panel design and lettering style. Directional, informational, regulatory and temporary signage may be required by the Architectural Review Board.

iv. All temporary signs, including construction signs, "For Lease" or "For Sale" signs shall be approved by the Architectural Review Board.

- v. Signs may be illuminated but will be non-flashing and non-animated.
- vi. Signs may not project above the roofline of a building.
- vii. Signs may not be located within dedicated easements.

The above notwithstanding, the Architectural Review Board, at its sole discretion, may approve/refuse all requests for variances to this paragraph on a case by case basis.

- viii. Strip lighting rather than floodlights shall be used for sign lighting.

Section 2.09 Loading, Service and Outside Storage. All loading and receiving shall be conducted entirely on the Building Site and loading/receiving areas shall not be permitted in the front yard of any Building Site or in the side yard that fronts on any interior Common Area. Loading and receiving areas shall be located and screened so as to minimize their visibility from any street or other right of way. Landscaped visual barriers, including earth mounding, shall be erected so as to screen loading and receiving areas from any street or other right of way. Outside storage of all material, supplies or equipment shall be limited to designated storage areas, which shall not be located in the front yard of any Building Site, or in a side yard that fronts any interior Common Area. Outdoor storage areas shall be located and screened so as to minimize their visibility from any street or other right of way. Waste, rubbish, and garbage storage facilities shall be properly screened, and the inspection and construction thereof shall be subject to the review and approval of the Architectural Review Board.

Section 2.10 Parking.

- a. No parking shall be permitted on any street or any place other than on the paved parking spaces provided for and described herein below.
- b. No parking shall be permitted within dedicated easement areas.
- c. All parking areas and drives shall be paved with an impervious surface (asphalt or concrete).
- d. All parking areas located between the building and a public street shall be suitably landscaped with either berms or other landscaping treatments, which may include ground cover.
- e. Each Owner shall provide adequate off-street parking for employees, tenants, occupant, customers, and visitors on the Building Site. The location, number and size of parking spaces shall be subject to review and approval by the Architectural Review Board.

Section 2.11 Curb Cuts and Driveways. No curb cuts or driveway access shall be allowed on any external highway or right of way abutting the Property from any Building Site without prior consent of the Architectural Review Board, and all Building Site access to such

highways or right of ways shall be across paved Common Area roadways. No access to any other roads outside the boundaries of the Property will be allowed except as may be approved by the Architectural Review Board, in its sole discretion, provided such approval or refusal is not in violation of applicable ordinances or other governmental regulations.

Section 2.12 Utility Connections. Except as otherwise approved by the Architectural Review Board, all utility connections, including all electrical and telephone connections and installation of wires to Improvements, shall be made underground from the nearest available source. Boring is required to access all utility sources which may be located within a public road or which may require crossing a public road. No transformer, electric, gas or other meter of any type of other apparatus shall be located on any power pole or hung on the outside of any building or other Improvements, but the same shall be placed at or below ground level, and where placed at ground level, shall be adequately screened. All such installations shall be subject to the prior written approval of the Architectural Review Board. The above notwithstanding, overhead electrical and telephone connections shall be permitted during the construction period of Improvements.

Section 2.13 Utility Easements. Declarant hereby reserves and is given a perpetual, alienable and releasable easements(s) in the Property for the installation of utilities, including water, electric, telephone, gas, sewer and communication and emergency service lines, as well as in and to all easements for water, electricity, telephone, gas, sewer and drainage as specifically shown on any recorded plat or plats depicting the Property or as otherwise reserved in this Declaration. Declarant shall have the unrestricted and sole right and power of alienating, conveying and releasing the easements reserved under the terms of this paragraph. All such easements, including those designed on any recorded plat, shall remain private easements and the sole and exclusive property of Declarant, its successors and assigns, unless conveyed and or alienated to third parties for the purpose of providing utility services. Except as otherwise approved by the Declarant or Architectural Review Board, all utilities within such easements shall be installed underground.

Section 2.14 Fences. No fence, wall, hedge or mass planting shall be erected, installed or permitted to remain without prior written approval of the Architectural Review Board. All fences and walls shall be landscaped according to specifications approved by the Architectural Review Board.

Section 2.15 Exterior Lighting. All exterior lighting of any nature on any Building Site shall be designed, erected, altered and maintained in accordance with plan and specifications approved by the Architectural Review Board. Exterior lighting on all Building Sites shall be limited to signs and security and safety illumination of driveways, parking lots, walks, building entrances, loading and service areas and exterior lighting of overall building surfaces.

Section 2.16 Maintenance of Building and Landscaped Areas.

a. Each Owner of any Building Site shall keep all Improvements thereon in a safe, clean, maintained, neat condition and shall comply in all regards with all governmental statutes, ordinances, regulations and health, police and fire requirements.

Each such Owner shall remove at its own expense, on a regular basis, any rubbish or trash of any type which may accumulate on its Building Site.

b. Rubbish, trash, garbage or other waste shall be kept only in sanitary containers. All equipment for the storage or disposal of such materials shall be kept in a clean and sanitary condition, and, when maintained outdoors on the Building Site, shall be protected from the view of any street or other right of way by appropriate buffering. Rubbish and trash shall not be permitted to accumulate or be disposed of on the Property by burning or burial.

c. All signs permitted will be maintained in a neat and orderly manner and repainted or repaired promptly as required.

d. All paved areas, driveways and concrete aprons on a Building Site shall be kept in good repair, and swept clean for dirt and silt. Broken or cracked curbing shall be replaced as required in an expedient manner.

e. All steep banks or slopes shall be maintained with suitable grasses, trees and shrubs to prevent erosion, exposure of dirt and clay, and an unsightly appearance. Where grass is used to control erosion on a steep bank or slope, such grass shall be planted and maintained so as not to exceed a height of twelve (12") inches.

f. No improvements on any Building Site shall be permitted by the Owner of such Building Site to fall into disrepair, and each such Improvements shall at all times be kept in good condition and repair, properly maintained and adequately painted or otherwise finished.

g. All planted grasses, trees, shrubs or other plantings shall consistently be maintained in a neat, orderly and healthy condition. All plantings and grass shall be kept free of weeds and debris, and shall be adequately fertilized and maintained. A maintenance program must be established by the Owner, and approved by the Architectural Review Board.

h. If any Building Site or landscaped area is not maintained by the Owner in a neat, safe, clean condition, the Architectural Review Board shall have the option to proceed with such maintenance. The Owner shall pay costs incurred by the Architectural Review Board relative to such maintenance. Costs not timely paid for the maintenance of any landscaped area by the Owner shall constitute a lien against the Building Site, which lien shall include all collection costs, including but not limited to, attorney's fees.

Section 2.17 Height Restrictions. No building or appurtenance, including, but not limited to, water towers, standpipes, penthouses, elevators or elevator equipment, stairways, ventilation fans or similar equipment required to operate and maintain any building, fire or parapet walls, skylights, tanks, cooling or other towers, wireless radio or television masts, or flagpoles shall exceed a height of sixty-five (65') feet above the finished building grade without the prior written approval of the Architectural Review Board.

Section 2.18 Building Materials; Exterior Walls. The exterior walls of all buildings shall be of such materials, design and colors as may be approved in writing by the Architectural Review Board. Metal siding shall not be permitted unless specifically approved by the Architectural Review Board and in no case shall it be used for a wall facing the roadway. All concrete masonry units or concrete panels shall be finished in stone, textured, or coated in a manner to be approved by the Architectural Review Board.

a. **Canopies.** No canopies with visible wall-hangers will be permitted. Design of canopies shall be in keeping with the design of buildings including color coordination, and must be approved in writing by the Architectural Review Board.

b. **Coverage.** Unless otherwise approved by the Architectural Review Board, the ratio of building square footage to the total square footage of any Building Site within the Property shall not exceed fifty (50%) percent.

Section 2.19 Setbacks. No building or structure or any part thereof from or projection therefrom, shall be erected nearer than one hundred (100') feet from the property line running parallel to any exterior public roadway or highway bordering the Property, nor nearer than fifty (50') feet from any interior side or rear property line.

Section 2.20 Right to Repurchase. If, after the expiration of one (1) year from the date of execution of the sale agreement for any Building Site within the Property, any Owner shall not have begun in good faith the construction of acceptable and approved Improvements upon said Building Site, or shall fail to diligently continue and complete the construction of such improvements, in compliance and in all respects with the provisions hereof, the Declarant may, at its option, require the Owner to re-convey the Building Site to Declarant, free and clear from all liens and encumbrances except this Declaration; and at such time, Declarant shall refund to the Owner the original purchase price, as the total, full, and complete repurchase price, and enter into possession of said Building Site.

If a certificate of occupancy or letter of completion for any shell building is not issued within one (1) year of the date of commencement of construction of such Improvement or construction of any Improvement is not being diligently pursued by the Owner, then such event(s) shall be a violation of this Declaration, and the Association shall have the option to proceed with such construction or remove such incomplete Improvement(s). Costs incurred by the Association in connection with such removal or construction shall be paid by the Owner of the Building Site. In the event the Association elects to remove such incomplete Improvement(s), then the Declarant shall have the right, but not the duty, to repurchase the Building Site at the original sales price (less Declarant's costs incurred in said removal if the same have not been paid) at any time within sixty (60) days of such removal by giving not less than thirty (30) days' prior written notice to Owner of Declarant's exercise of its right to repurchase. Upon request of a construction or permanent mortgagee, provided there is a written loan agreement requiring construction of Improvements meeting the requirements of this Declaration, Declarant shall subordinate its repurchase rights to a construction mortgage (and a later permanent mortgage, if any), to be used for the purpose of construction of Improvements on Building Site.

Section 2.21 Right to Re-subdivide. Once a Building Site has been purchased from the Declarant, such parcel of land may be combined with other Building Sites, but shall not be subdivided, or any portion of the land sold, leased, or rented, unless prior written approval is given by the Architectural Review Board.

Section 2.22 Easements.

a. The Declarant reserves an easement and right of way over, under and along a thirty (30') foot strip of land bordering all roadways (exterior and interior) and a twenty-five (25') foot strip of land along all other property lines.

b. The Declarant reserves an easement over, under and along a fifteen (15') foot strip of land along all lot lines for storm drainage purposes. This easement may run concurrent with other easements as delineated.

c. These easements are for the installation and maintenance of lines, conduits, pipes and other equipment necessary for furnishing water, and sanitary sewage and/or drainage facilities, and landscaping and other plantings existing on the Property or to be planted by the Declarant, or designed and platted by the Owner and approved by the Architectural Review Board. This reservation for easements shall not prevent the construction of driveways at locations approved by the Architectural Review Board over such easements provided that applicable setback requirements are maintained at all times.

ARTICLE III
OPERATION STANDARDS

Section 3.01 Permitted Uses. Building Sites shall be utilized only for industrial uses, office, warehousing, distribution, engineering, research facilities, laboratories and such other uses as shall be approved by the Architectural Review Board or permitted by applicable zoning codes or other governmental regulations except the following shall not be permitted:

a. Uses determined by the Architectural Review Board to be unsafe or dangerous, such as those creating explosion or radiation hazards.

b. Uses determined by the Architectural Review Board to be objectionable or which constitute a nuisance which include, but shall not be limited to, odor, dust, fumes, smoke, noise, glare, heat, vibration, electromechanical disturbance, refuse matter or water carried waste.

c. Uses determined by the Architectural Review Board to be objectionable by reason of their adverse effects on adjoining property. The Architectural Review Board shall review all proposed uses for control and regulation of odor, noise, fumes, waste, disposal and other problems affecting the property. Owners or Lessees shall not be permitted to maintain any nuisance or waste upon the premises.

Section 3.02 Damage to or Destruction of Improvements. Any Improvements on any Building Site damaged in whole or in part by fire, windstorm, tornado, vandalism, strike or civil disorder, or the like, shall be repaired and restored or replaced immediately, including the

removal of debris, or should it be determined by the Owner thereof not to repair or replace such Improvements, then the Owner, at its expense, shall demolish and remove the damaged Improvement from its Building Site and thereafter maintain the Building Site in a graded, maintained condition until the Building Site is again improved in accordance with the provisions hereof. In no instance shall any damaged Improvement remain on the Building Site unrepaired or unremoved for a period in excess of ninety (90) days from the date of said casualty.

If any damaged Improvements remain on the Building Site for a period in excess of ninety (90) days, the Association shall have the option to proceed with work as needed to remove such damaged Improvement. The Owner shall pay costs incurred by the Association relative to such work. Costs not timely paid for the removal of any damaged Improvements by the Owner shall constitute a lien against the Building Site which lien shall include all collection costs including but not limited to, attorney's fees.

Section 3.03 Right to Enter. During reasonable business hours, the Association or its authorized representatives, shall have the right to enter any Building Site, but not the insides of buildings, for the purpose of ascertaining whether the restrictions provided herein may have been violated. Any such entry shall constitute an authorized entry, and the Association or its authorized representatives shall not be deemed guilty of trespass or constructive eviction by reason thereof.

ARTICLE IV

ASSOCIATION PURPOSE, RESPONSIBILITIES AND ASSESSMENT

Section 4.01 The Association: Powers and Duties. The Declarant may at any time, but shall not be required to, establish and create the Association. Once established by the Declarant, the Association shall provide for the effective and efficient administration of the Common Areas. The Association shall administer and enforce all provisions of this Declaration, and is empowered to levy and collect assessments as needed to perform Association functions. It shall have all powers necessary to undertake and perform all acts necessary and incident to its duties, in accordance with the provisions of this Declaration and the powers and the duties to be set forth, consistent herewith, in the articles of incorporation and bylaws of the Association. Until such time as the Association is established by the Declarant, all functions of the Association pursuant to this Declaration shall be carried out by the Declarant. All Owners shall be members of the Association. Notwithstanding anything in this Declaration to the contrary, Declarant and Association reserve the right to dedicate all or a portion of the Common Areas to any appropriate governmental entity.

Section 4.02 Association Membership and Voting Rights. Every Owner shall be a member of the Association. Membership shall be appurtenant to and shall pass with the title to each Building Site, and it may not be separated from the ownership thereof. The number of votes to which each member of the Association is entitled shall be determined as follows:

Each Owner (member) shall be entitled to one vote for each whole acre of its Building Site plus one additional vote for any additional portion of an acre greater than one-half (1/2) acre in size; provided, however, that in no event shall an Owner be entitled to less than one vote.

When more than one party or entity holds an interest in a Building Site, all such parties and/or entities shall collectively constitute the Owner of such Building Site, and the one vote with respect to such Building Site for each acre owned, as determined above, shall be exercised as such parties or entities may collectively determine. The foregoing shall also apply in the event a building or buildings are developed or owned under the condominium form of ownership.

Notwithstanding the foregoing, to the extent Declarant elects to organize the Association, Declarant shall have a majority vote on the Board of Directors of the Association, shall be entitled to elect officers of the Association, and shall be entitled to designate the members of the Association's Architectural Review Board, until such time as Declarant has conveyed all Building Sites to other Owners, and no longer holds title to any of the Property, or such earlier time as Declarant releases and waives its right to such majority vote and additional rights by written waiver recorded in the office of the Register of Deeds for Oconee County, South Carolina. The Articles and Bylaws of the Association may contain further provisions and interpretations, consistent herewith, concerning membership and voting.

Section 4.03 Creation of Lien and Personal Obligation. Declarant and its successors and assigns for each Building Site owned within the Property, hereby covenant, and each purchaser of a Building Site, by acceptance of a deed or other instrument of conveyance therefor, is deemed to covenant and agree, to promptly pay to the Association all regular assessments and any special assessments when due. The assessments shall be set and collected from time to time as hereinafter provided. The regular and special assessments shall be a charge on the Building Site against which the assessment is made. Assessments shall be paid in advance on a schedule to be set by the Association's Board of Directors. Each assessment, together with interest, costs of collection and reasonable attorney's fees shall also be the personal obligation of each party or entity that was an Owner of the assessed Building Site at the time the assessment first became due and payable. The personal obligation for delinquent assessments shall not pass to an Owner's successor in title unless expressly assumed by the successor; however, the lien thereof against the Building Site shall continue even though the ownership is changed. Liens may also be imposed in favor of Declarant or the Association for reasonable expenditures required to cure defaults or violations under this Declaration (including but not limited to failure to mow and maintain a Building Site as herein required). Declarant or the Association, after ten (10) days prior written notice (subject to extension for a reasonable time if curative action is begun by an Owner but cannot reasonably be completed within ten (10) days) shall be entitled to take curative action and the defaulting Owner shall reimburse Declarant or Association for the reasonable expenses thereof promptly upon invoice. In default of reimbursement within twenty (20) days of delivery of notice of amounts due to such an Owner, a Statement of Lien may be filed for such amounts as hereinafter provided, in which event the lien shall also secure courts costs, expenses and reasonable attorney's fees involved in enforcement of the lien.

Section 4.04 Purpose of Assessments. The assessments shall be levied by the Board of Directors of the Association solely for the care, maintenance, improvement, repair and operation of Association properties, including the landscaped entrances, the road and rights of way and drainage systems, a street lighting system and other Common Areas. Assessments by the Association shall be used to support services which the Association is authorized or required to provide, including but not limited to, the payment of taxes and governmental assessments on

Common Areas, the purchase of insurance, providing security for the Property, the operation and maintenance of street lights and a drainage system where provided, the construction of Common Area Improvements, the enforcement of the provisions of this Declaration, the ownership, operation and maintenance of the private portions of the road system, the cutting of grass on Association properties, and the payment of the costs to obtain labor, professional services, equipment, materials, management and supervision necessary to carry out the functions of the Association. Notwithstanding any provision of this Declaration to the contrary, the Association's funds shall not exceed its expected expenses and reasonable reserves to such an extent as to cause the Association to lose its non-profit status.

Section 4.05 Levy of Assessments. The Board of Directors shall annually adopt a budget for funding the Association's activities in furtherance of the purposes set forth herein. Assessments shall be levied annually, and special assessments for particular purposes and furtherance of the objections of this Declaration, including emergency repairs and restoration, are also authorized. Assessments shall be levied for the purpose of financing the annual budget of the Association. Annual and special assessments shall be assessed against the Building Sites within the Property, on an acreage basis, and shall include lands owned by the Declarant, except for Common Areas.

The Owner of each Building Site shall pay that Building Site's share of each aggregate annual, and, if imposed, special assessment. This share shall be determined by multiplying the total amount of the assessment by a fraction, the numerator of which is the number of acres and fractional acres in that Building Site, and the denominator of which shall be the total acreage of all Building Sites as shown on the site plan for the Property, as amended or modified from time to time. Annual assessments may be on the basis of a calendar year or any other twelve (12) month period as determined by the Board of Directors of the Association. Assessments shall be collected on a quarterly or on an annual basis, as the Board of Directors of the Association may decide.

Section 4.06 Effect of Nonpayment of Assessments and Other Amounts Due; Remedies of the Association. Any assessment or installment thereto or any other amount due under the provisions of this Declaration which is not paid within thirty (30) days after the due date shall bear interest from the due date at a rate to be fixed from time to time by the Association's Board of Directors, but in any event not less than ten (10%) percent per annum or more than eighteen (18%) percent per annum. The Association by action of its Board of Directors is hereby empowered to file a statement of lien against the affected Building Site for delinquent assessments and any other amounts due under the provisions of this Declaration and may bring an action at law or in equity against the Owner of the Building Site and/or may foreclose the lien against the Building Site under legal or equitable proceedings in the courts of South Carolina. Recovery shall include expenses, court costs and reasonable attorney's fees. Any statement of lien shall be filed in the Office of the Register of Deeds for Oconee County or such other location as hereafter may be designated for the recording of public records of real estate mortgages. The Association (or the Declarant, until such time as the Association is formed) or its successors and assigns, is hereby designated as attorney-in-fact for each Owner for the purposes of executing and recording a statement of lien for any assessment or other amount not paid when due. Each Owner, by purchasing a Building Site subject to this Declaration, irrevocably consents for itself and its heirs, successors, or assigns to the filing of a statement of

lien by the Association or the Declarant and consents to the recording and indexing of such Statement of Lien against the Owner and the Building Site in the public records of Oconee County, South Carolina. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of Common Areas.

Section 4.07 Subordination of Assessment Lien to Mortgages. The liens of the regular and special assessments and all other lien rights provided for herein are declared hereby to be subordinate to the lien of any first mortgage and, where approved in writing by the Declarant, any second mortgage, held by an Institutional Lender (as defined in Section 7.2 hereof) on any Building Site or improvement thereon. The sale or transfer of any Building Site pursuant to mortgage foreclosure (or deed in lieu thereof) shall extinguish the lien of any assessment of claim which became due prior to the effective date of the sale or transfer, but shall not terminate personal liability of persons or entities liable thereof. The sale or transfer of any Building Site not pursuant to mortgage foreclosure or proceedings in lieu thereof shall not affect the assessment lien.

Section 4.08 Declarant Powers and Duties. To the extent the Association has not been created or established, or has been created or established but has subsequently been terminated or ceased to exist for any reason, Declarant shall have and hold all rights, duties, obligations and powers reserved or granted to the Association as set forth in this Declaration.

ARTICLE V

APPROVAL OF PLANS; VARIANCES; EASEMENTS

Section 5.01 Approval. An Architectural Review Board may be established and members appointed by the Declarant or the Board of Directors of the Association (to the extent the Association is organized and established by the Declarant), in such number and having such term as is determined by the Declarant or the Board of Directors, as applicable. The Architectural Review Board will be responsible for review and approval of plans and specifications. The required plans and specifications shall be as established from time to time by the Architectural Review Board. No Improvements shall be erected, placed, replaced, altered, maintained or permitted to remain on any Building Site until plans and specifications showing a site plan, drainage plan, and all exterior elevations, with materials and colors therefor including signs and landscaping plans, shall have been submitted to and approved in writing by the Architectural Review Board. Such plans and specifications shall be submitted in writing in triplicate over the signature of the Owner of the Building Site or his authorized agent. Submission of plans and specifications may include, as determined by the Architectural Review Board, a plan review fee not to exceed one-half of one percent (0.5%) of the total cost of the Building Site.

Section 5.02 Basis of Approval. Approval shall be based on consideration of the following criteria: adequacy of structural design; conformity and harmony of exterior design with neighboring structures; effect of location and use of Improvements on adjacent Building Sites; relation of topography, grade and finished ground elevations of the Building Site being improved to that of neighboring Building Site; proper facing of main elevation with respect to nearby streets, and conformity of the plans and specifications to the purpose and general plan

and intent of this Declaration. The decision of the Architectural Review Board as to such matters shall be conclusive and final.

Section 5.03 Time for Approval. If the Architectural Review Board fails to either approve or disapprove such plans and specifications within thirty (30) days after a complete package of the same has been received by the Architectural Review Board, the Architectural Review Board shall be conclusively presumed to have approved said plans and specifications unless within the first fifteen (15) days of that period the Architectural Review Board shall have notified the applicant that the submission is insufficient, such notice to specify the deficiencies with particularity. In that event, the thirty (30) day period shall run from receipt of additional items needed to constitute a complete submission; provided, however, that in all events such plans and specifications and the Improvements in all events based thereon must comply in all other respects with the requirements set forth herein and all County regulations, including, without limitation, building code and zoning standards, unless specifically provided otherwise.

Section 5.04 No Liability. Neither the Declarant, nor the Association, nor the Architectural Review Board, nor any member or director thereof, nor their agents, nor any of their successors or assigns, shall be liable in damages or otherwise to anyone submitting plans for approval, or to any Owner affected by this Declaration, for any claims or damages arising out of or in connection with the approval, disapproval or failure to approve such plans and specifications. Every person or entity which submits plans and specifications for approval agrees, by submission of such plans and specifications, and every Owner of any Building Site agrees, by acquiring title thereto or interest therein, that it will not bring any action or suit against the Declarant, the Association or Architectural Review Board to recover any such damages or any other relief based upon the aforesaid causes.

Section 5.05 Variances. Declarant, and its successors and assigns, and/or Architectural Review Board, are hereby authorized and empowered to grant reasonable variances from the provisions of this Declaration in order to overcome practical difficulties and unnecessary hardships in the application of the provisions contained herein; provided, however, that such variances shall be reasonably consistent with the purposes hereof and shall not materially adversely affect any existing Improvements on the Property. The variance granted pursuant to the authority granted herein shall constitute a waiver of provisions of this Declaration by all Owners of Building Sites, and all Owners hereby irrevocably and unconditionally appoint the Declarant, its successors and assigns, and/or Architectural Review Board as their true and lawful attorney-in-fact for the limited purpose of consenting to the aforesaid variances.

Section 5.06 Easements. Declarant shall have the right, in its reasonable discretion, to grant easements over, through, across and under any of the Property for the purposes of all electric, water, sewer, storm drainage, gas, telephone, cable television, security systems and all other utilities necessary or desirable, whether for the benefit of any Building Site or for the Common Area; provided such easements do not interfere with existing Improvements constructed, or in the process of being constructed on Building Sites.

Section 5.07 Declarant Powers and Duties. To the extent an Architectural Review Board has not been created or established, or has been created or established but has subsequently been terminated or ceased to exist for any reason, Declarant shall have and hold all

rights, duties, obligations and powers reserved or granted to an Architectural Review Board as set forth in this Declaration.

ARTICLE VI
TRANSFER OF UNIMPROVED LOTS

Section 6.01 Declarant's Right of First Refusal. No Building Site and no interest therein, upon which a building has not been constructed (and a certificate of occupancy issued therefor) shall be sold or transferred unless and until the Owner of such Building Site shall have first offered to sell such Building Site to Declarant and Declarant has waived its right to purchase said Building Site.

a. Notice to Declarant. Any Owner(s) intending to make a bona fide sale of a Building Site or any part thereof or interest therein, upon which a building has not been constructed (and a certificate of occupancy issued therefor), shall give to Declarant written notice of such intention, together with a fully executed copy of the proposed contract for sale (the "Proposed Contract"). Within fifteen (15) days of receipt of such notice and information, Declarant shall either exercise or waive exercise of its right of first refusal. If the Declarant elects to exercise its right of refusal, it shall, within thirty (30) days after receipt of such notice and information, deliver to Owner an agreement to purchase the Building site upon the following terms:

i. The price to be paid, and their terms of payment, shall be that stated in the Proposed Contract;

ii. The sale shall be closed within thirty (30) days after execution of said agreement to purchase. If Declarant shall fail to exercise or waive the exercise of its right of first refusal within the said thirty (30) days of receipt of the Proposed Contract, the Declarant's right of first refusal shall be deemed to have been waived and Declarant shall furnish a certificate of waiver as hereinafter provided.

b. Certificate of Waiver. If Declarant shall elect to waive its right of first refusal, or shall fail to exercise said right within thirty (30) days of receipt of the proposed contract, Declarant's action or non-action shall be evidenced by a certificate executed by the Declarant in recordable form which shall be delivered to the Proposed Contract purchaser and shall be recorded in the public records of Oconee County, South Carolina. The certificate of waiver will expire six (6) months from the date of execution of the sale of the property if the sale has not been completed in that time.

c. Unauthorized Transactions. Any sale of a Building Site or any part thereof or interest therein, upon which a building has not been constructed (and a certificate of occupancy issued therefor) without notice to Declarant and waiver of Declarant's right of first refusal as aforesaid, shall be void.

Section 6.02 Exceptions. This Article VI shall not apply to a transfer to or sale by any bank, life insurance company, federal or state savings and loan association or real estate investment trust (Institutional Lenders) which acquires its title as a result of owning a mortgage upon the Building Site concerned, and this shall be so whether the title is acquired by deed from the mortgagor or its successors in title or through foreclosure proceedings; nor shall this Article VI apply to a sale by any such institution which so acquires title. No waiver by the Declarant shall be required as to any transfer of title to a Building Site at a duly advertised public sale with open bidding which is provided by law, such as, but not limited to, execution sale, foreclosure sale, judicial sale, or tax sale, or as to any transfer of title to a Building Site upon which a building has been constructed and for which a certificate of occupancy has been issued therefor.

ARTICLE VII **ENFORCEMENT**

Section 7.01 Responsibility of Owner. Each Owner shall be responsible for compliance with the terms, provisions and conditions of this instrument by its employees, agents, independent contractors, tenants, building occupants, customers and visitors.

Section 7.02 Abatement and Suit. Violation or breach of any restriction herein contained shall give to the Declarant, the Association and every Owner, subject to this Declaration, the right to prosecute a proceeding at law or in equity against the Owner who has violated, is attempting to violate or is permitting the violation on its Building Site of any of these restrictions, including, without limitation, actions to enjoin or prevent such Owner for doing so, to cause said violation to be remedied, or to recover damages for said violation.

Section 7.03 Deemed to Constitute a Nuisance. Any action or omission whereby any restriction herein contained is violated in whole or in part is hereby declared to be and to constitute a nuisance, and every remedy allowed by law or equity against the Owner, either public or private, shall be applicable against every such action or omission and may be exercised by the Declarant or by any Owner.

Section 7.04 Attorney Fees. If any legal or equitable proceeding for the enforcement of this Declaration of any provision hereof, the losing Owner shall pay the attorney's fees of the Declarant and/or prevailing Owner or Owners or Association, in such amounts as may be fixed by the court in such proceedings. All remedies provided herein or at law or in equity shall be cumulative and not exclusive of any other remedies.

Section 7.05 Failure to Enforce Not a Waiver of Rights. The failure of the Declarant, Association or any other Owner to enforce any restrictions herein contained shall in no event be deemed to be a waiver of the right to do so, nor of the right to enforce any other restriction. No suit shall lie against the Declarant or Association for any failure, refusal or omission to institute or join in any action or proceeding for the enforcement hereof or to restrain the violation of any of the provisions hereof.

ARTICLE VIII
TERM, TERMINATION, MODIFICATION,
ASSIGNMENT AND ANNEXATION

Section 8.01 Termination and Modification. This Declaration, or any provision hereof, or any covenant, condition, restriction contained herein, may only be terminated, extended, modified or amended with the written consent of the Owners of a majority of the total acreage of the Property; provided, however, that no such termination, extension, modification or amendment shall be effective without the written approval of the Declarant thereto for so long as Declarant owns any part of the Property. Declarant reserves the right to amend this Declaration without approval of any Owner for a period of one year from the date hereof, provided that such amendment does not adversely affect the character and quality of Echo Hills Business and Industrial Park and does not materially adversely affect the rights of any Owner. No amendment to this Declaration shall be effective with respect to Building Sites sold prior to the date of the amendment unless such amendment is consented to by the Owner of such Building Site.

Section 8.02 Assignment of Funds, Rights and Duties. The rights, powers, privileges, obligations and duties hereby specifically granted to or imposed upon the Declarant (as opposed to those rights, powers, privileges, obligations and duties hereby granted to or imposed upon Owners) may be transferred to any successor or assign of the Declarant which succeeds to the Declarant's interest in the Common Area, including the Association. The Declarant shall have the absolute right to make such a transfer, without any obligation to seek or obtain consent of approval of such a transfer from any Owner or Owners. Provided that any such successor or assign of the Declarant shall, in written recordable form, expressly assume the obligations and duties of the Declarant hereunder. From and after the date of such written assumption, the Declarant shall be released and excused from further liability hereunder and from the exercise of all rights, powers, privileges, obligations and duties hereby granted to or imposed upon the Declarant (as opposed to those rights, powers, privileges, obligations and duties granted to or imposed hereby upon the Declarant as Owner), and the successor or assign of the Declarant shall possess and may exercise all rights, powers and privileges (and shall be subject to all duties and obligations) formerly specifically granted to or imposed upon the Declarant.

Section 8.03 Assignment of Owner's Rights and Duties. The rights, powers, privileges, obligations and duties hereby granted to or imposed upon any Owner may not be assigned or delegated except to an entity acquiring the Owner's interest in a Building Site or any lessee or sub-lessee of such Owner. The instrument by which the interest of any Owner in a Building Site is acquired shall recite that it is subject to this Declaration and shall contain an agreement by the transferee to be bound by all of the terms and conditions hereof.

Section 8.04 Annexation. Declarant may at any time make subject to this Declaration other properties now or hereafter owned by the Declarant or the Association by executing an instrument in writing applying this Declaration to such other properties and by recording the same in the office of the Register of Deeds for Oconee County. Upon such recordation (1) this Declaration shall run with the Property already subject thereto and with such additional property as if such Declaration had always applied to all of said land from the date of its inception; and (2) wherever thereafter in construing this Declaration reference is made to "Property" said term shall mean and include not only the property described in Exhibit A hereto, but also such

additional properties as may be made subject to this Declaration. When extending this Declaration to cover additional properties, Declarant may specifically alter or amend any provision of this Declaration with respect to such additional properties if, in Declarant's sole judgment, such alteration or amendment is necessary for the proper use and development of the additional properties and consistent with the overall intent and purpose of this Declaration. Except as specifically set forth above, additional property and Common Area may be annexed to the Property only with the consent of Owners holding a majority of the voting rights in the Association.

ARTICLE IX **MISCELLANEOUS PROVISIONS.**

Section 9.01 Construction Notice and Acceptance. Every Owner that now or hereafter owns or acquires any rights, title or interest in or to any portion of the Property is and shall be conclusively deemed to have consented and agreed to and assumed every covenant, conditions and restriction contained herein, whether or not any reference to this Declaration is contained in the instrument by which such entity acquired an interest in the Property.

Section 9.02 Mutuality, Reciprocity, Running with the Land. All restrictions, conditions, covenants and agreements contained herein are made for the direct, mutual and reciprocal benefit of each and every part and parcel of the Property; shall create a mutual, equitable servitude upon each Building Site in favor of every other Building Site; shall create reciprocal rights and in favor of every other Building Site; shall create reciprocal rights and obligations between the respective Owners of all Building Sites; and shall, as to the Owner of each Building Site, its heirs, successors and assigns, operate as covenants running with the land for the benefit of the rest of the Property.

Section 9.03 Inurement. This instrument shall bind and inure to the benefit of the Declarant and all Owners, and their respective successors, assigns, heirs and legal representatives.

Section 9.04 Paragraph Headings. Paragraph headings, where used herein, are inserted for convenience only and are not intended to be a part of this Declaration or in any way to define, limit or describe the scope and intent of the particular paragraphs to which they refer.

Section 9.05 Effect of Invalidation. If any provision of this Declaration is held to be invalid by any court, the invalidity of such provision shall not affect the validity of the remaining provisions hereof.

Section 9.06 Notice. Any and all notices or other communications required or permitted by this Declaration or by law to be served on or given to any party subject to the terms and provisions hereof, shall be in writing and shall be deemed duly served and given when personally delivered to the person to whom it is addressed or in lieu of such personal delivery, when deposited in the United States mail, first class, certified or registered mail, postage prepaid.

**STATE OF SOUTH CAROLINA
OCONEE COUNTY
RESOLUTION R2011-15**

ADOPTED BY THE OCONEE COUNTY COUNCIL ON NOVEMBE 1. 2011, TO SUPPORT AND JOIN THE SOUTH CAROLINA ASSOCIATION OF COUNTIES IN FILING AN AMICUS CURIE BRIEF IN SUPPORT OF THE COMPLAINT FILED BY GREENVILLE, SPARTANBURG, BEAUFORT AND CHESTER COUNTIES IN A CIVIL ACTION CAPTIONED BEAUFORT COUNTY ET AL, PETITIONERS, VS THE SOUTH CAROLINA ELECTION COMMISSION ET AL, RESPONDENTS.

BE IT RESOLVED, by the County of Oconee, South Carolina, by vote of the County Council duly and lawfully assembled on November 1, 2011, that the County supports and joins with the South Carolina Association of Counties in filing an Amicus Curie Brief to support the civil action filed by Greenville, Spartanburg, Beaufort and Chester Counties against the South Carolina Election Commission and other named Respondents filed with the South Carolina Supreme Court on October 17, 2011 challenging the legal authority of the South Carolina Election Commission and the State to mandate the County Election Commission to conduct a Presidential Preference Primary;

BE IT FURTHER RESOLVED, that the County of Oconee opposes such action because it is an illegal unfunded mandate imposed by an Executive Agency of State Government to force a County Legislative Body to use public funds raised through taxes imposed on the residents and citizens of this County to pay for a private entity's function, a political party primary. Such action is a dangerous violation of the Separation of Powers Doctrine which would subject a county government to levy taxes to pay for programs never approved by the local legislative body but imposed by the State. One level of government (the State) cannot and should not force another level of government (a County) to raise taxes to benefit a program adopted by the State. There can be no accountability for the actions of government if this is permitted and people will lose faith in their governmental institutions.

APPROVED AND ADOPTED this 1st day of November, 2011.

RE: Amicus Curie Brief regarding county funding of 2012 Presidential Preference
Primary

On Monday October 17, 2011 four counties (Beaufort, Chester, Greenville & Spartanburg) filed a lawsuit in the original jurisdiction of the South Carolina Supreme Court asking the court to hold that there is no legal or statutory authority for the South Carolina Election Commission to mandate that the counties conduct and fund the 2012 Presidential preference primary. On September 21, 2011, the Association of Counties' Board of Directors directed the legal staff to assist the plaintiff counties by filing an Amicus Curie brief in support of the plaintiffs' legal position.

Those counties that are not named parties to this suit may still join the Association of Counties as a named party to the Amicus brief, at no cost to the county. Any county interested in joining the Association in the amicus brief will need to pass a resolution before county council approving the joining of this lawsuit. The plaintiffs have requested that the court hear and decide this case, on an emergency basis, before November 21, 2011. This date is important because the counties must make decisions regarding voting machines, polling places, and publish public notice and advertising by this date if a presidential preference primary is to be held, as expected on January 21, 2012. At this time the Court has not accepted this case, nor issued a time line for briefing and oral arguments. However, the court has accepted similar time sensitive cases and fast tracked them to hold arguments within two or three weeks after filing. Therefore, introduction and passage of the resolution in a short time frame is critical if you wish your county to join the Association's amicus brief.

Please fax a copy of the enacted resolution to Bob Lyon, SCAC General Counsel at (803) 252-0379. Should you have any questions please call SCAC staff at (803) 252-7255 or toll free 1-800-922-6081.
