

Directors Report: Directors Report: March 17, 2016

Airfield:

We had our annual safety inspection by the South Carolina Aeronautics inspector and overall had a good report. A few issues to address include: (This is a recommendation)

- Millings pile needs to be moved (County)
- Fencing needed to secure ramp area from parking lot
- A few cracks need to be sealed on ramp area, getting Quote (state to help)

Safety/Security:

We performed an airfield fence check this week and found only one spot that may pose a wildlife threat to the airfield. We addressed this issue.

FBO Financials:

<u>February 2015</u>		<u>February 2016</u>	
Avgas:	\$6,865.62 Gallons: 1,533.71	\$12,713.16	Gallons: 3,048.62

	\$9,460.00
	\$325.00
	\$85.00
	\$0
	\$ 720.00
	\$ 550.00

Capital Projects:

I introduced the new hangar project to Mr. Moulder at our bi-weekly meeting. He wanted this to be presented to the **Capital Project Advisory Committee**.

A capital projects advisory committee project Criteria questionnaire was answered prior to the March 10th meeting.

WK Dickson, Mr. Renz and I met with the Committee on March 10th. I presented a PowerPoint presentation which included a cost analysis, projected revenue and site plans. This project will be scored by the committee for consideration and recommendation to County Council.

Much thanks to Randy and Melinda for all their help with the questionnaire and the presentation.

Terminal/ Facilities:

The trim paint around the building is complete.

Two new computers have been installed in the flight planning room.

Personnel:

N/A
