

Oconee County Regional Airport Directors Report: February 15, 2018

AIRFIELD:

- We have completed all the clearing of our storm water ponds and the approach end of runway 07. Thanks to the county for helping with this!!!

The only pond we could not complete is behind the Clemson Club Building. I have received a quote for this that includes clearing the spot of our new apron area. I have gotten an approval from the State for 75% funding. I will ask Mr. Moulder for our portion to complete this project. (Quote Review)

Operations:

- The 2018 football schedule has been posted and we have picked five games for a tower. I have submitted a request to the State for help with funding this activity.
- Note: Discuss call out fee change.
- Note: Discuss Powered paraglider operations.

SAFETY/SECURITY:

- N/A

FBO FINANCIALS:

- See attached

CAPITAL PROJECTS:

- I have been asked by the FAA to get an Independent Fee Estimate on the work to be accomplished FY 2018. This is a positive forward move in our design this year. With the help of a Kimley-Horn, a company located in Georgia, this process is in motion. This is due to the FAA by July 1st 2018. (Explain)
- We have completed and signed our pre-application for 2019, WK Dickson has submitted this to the FAA.

TERMINAL/FACILITIES:

- Check out our rocking chairs, we restored them.
- Hangar E office space update.

PERSONNEL:

- Jim Moats has about 150 working days until his retirement; it will be very hard to replace him. I hope to start the hiring process very soon.
