#### Radio Communications Committee Report:

- The plan is to begin utilizing the assigned operational channels beginning in January. The radio team is still working on reprogramming radios. All units will be dispatched on the main channel and will then be assigned an operations channel. This should free up traffic on the channels.
- Commissioner Brock stated that some stations in their area do not have Motorola or Kenwoods but have another brand of radio that they use for exterior operations only. Bruce will talk to Favion about this because he also has some of these.

#### Director Scott Krein's Report:

- Not present, no report.

#### County Fire Chief Report: Chief Chris Smith

- Awards Nominations and Dinner
  - We are seeking nominations for volunteer firefighter of the year, volunteer fire officer of the year, rescuer of the year, and rescue officer of the year awards. If you have nominations for these or any other nominations for life-saving awards,

etc, please get those turned in. We need to receive all nominations by December so we have time to get the awards and plaques made.

- For life-saving awards, the incident date should be prior to December 31<sup>st</sup> 2025. If nominations are received for incidents dated after the first of the new year, those will be kept until the following years awards ceremony.
- Awards Dinner will be February the 26<sup>th</sup> at Walhalla High School.
- Received a lot of comments about the meal at last years awards dinner. We will try to rectify that and figure out a good dinner for next year while following the county's procurement guidelines.
- It has taken a lot of time to compile information this year for incentives because we have information in two systems, ERS and RedNMX. Hopefully in the next week or two, Chief Smith will be able to send out a list to the individual departments of who is missing what so there is time to get the required documentation turned in.
