## **Discussion Items**

Lengthy discussion followed regarding the topics indicated below, with various opinions expressed, to include but not limited to:

### **Discussion regarding litter clean-up and education programs, including incentivized initiatives, and intergovernmental and public-private solutions**

Ms. Brock addressed the Committee utilizing a handout entitled “Pick up Pickens” [copy filed with backup materials] and noted this would be used as a guiding document. She noted the idea is to choose eligible, non-profit organizations to compete in litter pickups annually. She noted organizations that would be eligible include non-profit organizations, schools, businesses, or civic groups, must have been in existence at least one year, must have letter from Department of Revenue, must have a 501c3, must submit their latest audit and a w-9 to the County, must have liability insurance, must agree to sign waivers to participate in the pickup program, and cannot be affiliated with any local political party. She continued to note the applicants would apply for a certain number of miles and the applications would be forwarded to the appropriate personnel. She further noted that the County is responsible for the evaluation of the application process to notify the applicants if it was approved, to designate the specific area of pickup, and receive all liability waivers for the organizations. Additionally, she noted the verification process is where all the segments will be cleaned up one time annually and may be picked up by this volunteer organization at least quarterly throughout the year and within a 12-month period, their pickup weight would be recorded and kept by the County and at the end of the period, you would have a winner that would get a designated amount more than the others and each of the organizations are eligible to receive funding from the County for their pickups. Discussion continued.

**Mr. Cain made a motion, seconded by Mr. Elliott, approved 2 – 0, to direct staff to begin implementation of the program and bring back to full Council for presentation.**
