To: Transportation Committee
From: Mack Kelly
County Engineer
Date: April 10, 2012
Subject: Road Improvement Projects List with Priority

Recommendations

Transportation Committee recommend to County Council that the attached Tentative Road Improvement Projects List be considered for projects as funding may allow.

Also, please note that in the very near future, as may be appropriate, County Council may be requested to approve a change order to the existing road paving contract (ITB 11-17) or a request for approval of a separate contract may be submitted for consideration.
