**MINUTES, OCONEE COUNTY COUNCIL MEETING**

The regular meeting of the Oconee County Council was held Tuesday, February 7, 1995 at 7:00 pm in Council Chambers with all Council Members except Mrs. Burrell present. Mr. Cain, County Attorney was also present.

Members of the press notified (by mail):  
Journal/Tribune, Keowee Courier, Westminster News, Anderson Independent, Greenville News, WGOG Radio, WBFM Radio, WCCP Radio, WZLI/WLET Radio, WYFF TV, WLOS TV & SC Black Media Group.

Press

Members of the press present: Ashton Hester - Keowee Courier, Dick Mangrum - WGOG Radio, Jennifer Barnett - Anderson Independent & Alan Adams - Journal/Tribune.

The meeting was called to order by Supervisor -Chairman Crain who welcomed the guests and media.

Call to Order

The invocation was given by Mr. Strickland.

Invocation

Mr. Orr made a motion, seconded by Mr. Strickland, approved 4 - 0 (Ms. Burrell absent) that the minutes of the January 17, 1995 be adopted as printed.

Minutes

Mr. Cain, County Attorney, informed Council that the matter of Eagle Ridge (formerly known as Hidden Glenn) was scheduled to be heard by Judges Eppes Wednesday, February 8, 1995 at 2:30 pm in the main courtroom.

Eagle Ridge

Dr. Ed Byars informed Council that he hoped the matter would be laid to rest on Wednesday and the Judge would see fit to sign the consent order.

Mr. Strickland stated that the private airstrip was built without permission, Mr. Wulff who retired from the FAA after thirty (30) years, had informed Council that on a scale from 1 - 10, 10 being the highest, the safety of the airport would rate a level of five (5) and if Eagle Ridge was allowed to fly the safety level would drop to a level of two (2). He further stated that if the Judge signs the consent order he has no other choice but to go along with the Judge's decision.

To Mr. Strickland's inquiry, Dr. Byars replied that he had been fined by the FAA.

Mr. Cain further informed Council that Counsel for Dr. Byars had been in touch with the Chief Administrative Judge and he is in agreement for Judge Eppes to hear the matter.

At the request of Mr. Bob Busch, Law Enforcement Director, and Mr. Blake Taylor, Jr., Division Director, Inspections, Safety, and Inmate Affairs, Mr. Hamilton made a motion, seconded by Mr. Strickland, approved 4 - 0 (Ms. Burrell absent) that the SC Department of Corrections conduct a study to determine the number of personnel required to provide twenty-four (24) hour supervision and processing of inmates and to arrange full coverage of all designated security posts.

LEC

Upon request of Mr. Robert Winchester, Sewer Commission Director and Mr. Robert Gaillard, Planning Commission Director, Mr. Strickland made a motion, seconded by Mr. Hamilton, approved 4 - 0 (Ms. Burrell absent) that the County apply for CDBG & ARC Grants in the approximate amount of \$618,850 for the expansion of a sewer line to serve Greenfield Industries. There are no local funds involved in these grants.

CDBG & ARC  
Sewer  
Grants

Upon recommendation of Mr. Robert Winchester, Sewer Commission Director, Mr. Lamar Bailes, Sewer Commission Finance Chairman, and Mr. Tommy Crumpton, Sewer Commission Member, Mr. Strickland made a motion, seconded by Mr. Orr, approved 4 - 0 (Ms. Burrell absent) that the attached Amendment to Agreement and Consent Order by and between the Oconee County Sewer Commission and Beacon Manufacturing Company, Westminster, Oconee County, South Carolina, Oconee County Sewer Permit No. OC-000008 be adopted.

Beacon  
Mfg.

After considerable discussion, Mr. Hamilton made a motion, seconded by Mr. Williams, approved 4 - 0 (Ms. Burrell absent) that it be clarified and affirmed that Council's approval of the purchase of the sludge drying machine is made with the understanding and is expressly contingent upon Council's right to acquire this sludge at any point in the future without cost to Oconee County if deemed needed for any governmental purpose.

Sewer  
Commission

Ms. Linda Martin of A Community for an Alternative Waste Site, informed Council that they would like to re-schedule addressing Council as Dr. David L. Barkley and Dr. Kerry R. Brooks had been unable to attend the meeting.

Regional  
Landfill

Upon recommendation of Mr. Michael Willimon, Aeronautics Commission Chairman, & Mr. Barry Wood, Aeronautics Director, Mr. Strickland made a motion, seconded by Mr. Hamilton, approved 4 - 0 (Ms. Burrell absent) that approximately \$3,000 be taken from the local funds budgeted for a terminal building and a purchase order be issued to Talbert & Bright for a Preliminary Engineer's Report for the purposes of obtaining a grant for the proposed terminal building at the airport.

Aeronautics

Also at the request of Mr. Willimon & Mr. Wood, Mr. Orr made a motion, seconded by Mr. Strickland, approved 4 - 0 (Ms. Burrell absent) that \$1,750 be transferred from line item 10 009 00150 00064 into line item 10 009 00150 00850 (from fertilizer & lime into building) for the Aeronautics Department to construct a temporary traffic control tower at the airport in anticipation of the traffic flow when the Panthers start using the Clemson football field. See attached letter to Mr. Gene Barnett, Air Traffic Manager, Greer, SC requesting personnel to man this tower.

Aeronautics

Mr. Orr made a motion, seconded by Mr. Williams, approved 4 - 0 (Ms. Burrell absent) that Resolution 95-1, "A Resolution Urging the Continuation of Funding of the Appalachian Regional Commission" by US Congress be adopted on first and final reading.

Res. 95-1

Mr. Orr made a motion, seconded by Mr. Strickland, approved 4 - 0 (Ms. Burrell absent) that Resolution 95-2, "A Resolution Declaring the Month of April, 1995 "Fair Housing Month in the County of Oconee" be adopted on first and final reading.

Res. 95-2

Upon request of Mr. Dillard Medford, Chief Magistrate, Mr. Williams made a motion, seconded by Mr. Hamilton, approved 4 - 0 (Ms. Burrell absent) that employees in the Magistrate's Office be reimbursed for out of county mileage rather than using the county vehicle assigned to their department.

Magistrate

Upon request of Mr. Alan Horn, Emergency Preparedness Director, Mr. Strickland made a motion, seconded by Mr. Hamilton, approved 4 - 0 (Ms. Burrell absent) that Emergency Preparedness be allowed to use up to \$3,500 from their capital expenditures account to replace stolen/lost emergency response equipment.

Emergency  
Prep.

Upon request of Mr. Alex James, PRT Director, Mr. Williams made a motion, seconded by Mr. Orr, approved 4 - 0 (Ms. Burrell absent) that PRT be allowed to file for: (1) County Fish & Game Funds in the amount of \$25,000 for bridge and trails project at Chau Ram and (2) Watercraft Recreation Funds in the amount of \$10,000 for a rest room at South Cove.

PRT

Upon recommendation of Mr. James & Ms. Marianne Dillard, Purchasing Director, Mr. Strickland made a motion, seconded by Mr. Williams, approved 4 - 0 (Ms. Burrell absent) that the bid for removal of trees at South Cove be awarded to Pete Riggins as per attached bid.

Upon recommendation of Ms. Dillard, Mr. Orr made a motion, seconded by Mr. Strickland, approved 4 - 0 (Ms. Burrell absent) that the unresolved issues stated in the attached letters from HDR Engineering be added to those delineated in the minutes of January 17, 1995 before Manned Convenience Centers Package A (Metromont, Pine Grove & Salem sites) and Package B (Richland & Mt. Rest sites) are conditionally accepted by the County.

Solid Waste

Mr. Hamilton made a motion, seconded by Mr. Strickland, approved 4 - 0 (Ms. Burrell absent) that the bid for tires for vehicles and county equipment be awarded to W. N. Watson Supply Co. as delineated on attached bid sheet. These are approximate needs for the six (6) month period.

Tire Bid

Mr. Williams made a motion, seconded by Mr. Strickland, approved 4 - 0 (Ms. Burrell absent) that the excess county vehicles be disposed of by an auction rather than sealed bids.

Auction

Upon request of Ms. Dillard, Purchasing Director, Mr. Strickland made a motion, seconded by Mr. Williams, approved 4 - 0 (Ms. Burrell absent) that the county be allowed to purchase uniforms, as needed, for new county personnel as per the bid awarded November 15, 1994.

Uniforms

Mr. Orr made a motion, seconded by Mr. Strickland, approved 4 - 0 (Ms. Burrell absent) that until the Purchasing Manual can be reviewed and updated that all requisitions be brought before Council for final determination when the required number of quotes cannot be secured.

Purchasing

Mr. Orr made a motion, seconded by Mr. Strickland, approved 4 - 0 (Ms. Burrell absent) that PRT be allowed to secure Clements Electric to complete the wiring at South Cove and Chau Ram Parks at a cost of \$4,446. See attached letter where Mr. James has unsuccessfully attempted to secure the required number of quotes for this project.

PRT

Mr. Williams made a motion, seconded by Mr. Hamilton, approved 4 - 0 (Ms. Burrell absent) that \$1,001.98 plus fringe be taken from contingency for back wages for certain correctional personnel.

Back Wages

Mr. Orr, Chairman of the Roads & Transportation Committee, informed Council of the following recommendations from the committee:

Roads

The committee is waiting for further information before making a recommendation regarding the bridges.

The county try one (1) more time to obtain rights-of-ways for Bonner Roadway, if this is not possible, then pave up to the line of the property owner who will not give a right-of-way or construct a cul-de-sac prior to his property line and abandon the remaining dirt portion of the roadway.

On Whippoorwill Hollow the committee recommends the Right-of-Way Technician take the names of the property owners and research to determine if the roadway will qualify for maintenance.

On Lake Becky Roadway, the committee has determined the cave in is far enough away from the spillway for the roadway to be safe.

The recommendation of the Roads & Transportation Committee were adopted 4 - 0 (Ms. Burrell absent).

Mr. Orr made a motion, seconded by Mr. Williams, approved 4 - 0 (Ms. Burrell absent) that Resolution 95-3, "A Resolution in Support of Continued Federal Funding and Operation of the Walhalla National Fish Hatchery Located in Oconee County, South Carolina" be adopted on first and final reading and a copy be sent to the Congressional Delegations of South Carolina, North Carolina & Georgia.

Res. 95-3

Mr. Orr read the attached letter from Mr. John Brock, Chairman, Oconee County Board of Assessment Appeals, regarding a meeting place for their board to Council.

Appeals Board

Mr. Crain assigned the request to change the name of Williams Lane to Childers Lane and the request to change Johnny Hightower Circle to Hidden Acres or anything else to the Roads & Transportation Committee.

Road Names

The Roads & Transportation Committee scheduled a meeting Tuesday, February 21, 1995 at 2:00 pm in Council Chambers for the purpose of discussing the above referenced requests.

Council directed the Council Clerk to send Ms. Lillian Rochester a letter of appreciation for having served on the Anderson-Oconee Alcohol & Drug Abuse Commission. Ms. Rochester resigned from this commission, effective January, 1995.

Dear Mr. Crain:

On December 21, 1994, a follow-up inspection of the Oconee County Detention Center was conducted by Mr. Dewey E. Michelin, Correctional Facilities Consultant, from this office. The violation listed below has not been corrected since the annual inspection of May 11, 1994:

1031 - Number of Personnel: (a) Each facility shall have sufficient personnel to provide twenty-four (24) hour supervision and processing of inmates, to arrange full coverage of all designated security posts, and to accomplish support functions.

If we can be of further assistance, or provide additional information, please contact me.

Sincerely,

**AMENDMENT TO  
AGREEMENT and CONSENT ORDER**

**WHEREAS**, Oconee County, by and through the Oconee County Sewer Commission (the "Commission") and Beacon Manufacturing Company (the "Company") entered into an Agreement and Consent Order (the "Order") by the execution of the Order by the Commission (Oconee County and the Oconee County Sewer Commission) on December 6, 1994, and by the Company's execution of the Order dated November 30, 1994; and

**WHEREAS**, the Commission and the Company drafted the Order in a form such that it provided for the approval of the South Carolina Department of Health and Environmental Control ("SCDHEC"); and

**WHEREAS**, the manufacturing facility in Oconee County, South Carolina which is an industrial user of the System and which is the subject of the Order (the "Facility") was acquired from the Company, now known as Acon Corporation, by Be-Ac, Inc., now known as Beacon Manufacturing Company ("Beacon"); and

**WHEREAS**, the Commission, the Company and Beacon desire to amend the Order to reflect this change.

**NOW THEREFORE**, the Commission hereby orders and the Company and Beacon hereby agree to the following:

1. Paragraph 4 of the Order shall be deleted in its entirety and the following shall be inserted in its place:
  4. The Company's obligation to construct and operate the basin is contingent upon the issuance of permits to Beacon for construction and operation of the basin by S.C. DHEC; and
2. Paragraph 5 of the Order shall be deleted in its entirety and the following shall be inserted in its place:

5. In consideration of the Company's and/or Beacon's adherence to the compliance schedule set forth in Item 3 above, as well as the Company's and/or Beacon's performance of all other terms and provisions hereof, it is agreed that from the date of execution of this Amendment to Agreement and Order by the Commission, the Company and Beacon, until the earlier of (a) four hundred twenty (420) days from the date of such execution, or (b) the completion of construction of the flow equalization basin, the Commission hereby establishes and grants unto the Company and/or Beacon an interim permit discharge limitation of 600,000 gallons per day for which discharge amounts no surcharge shall be assessed by the Commission. This provision shall not be construed as a waiver of any surcharges which may have occurred prior to the date of execution of the Order. There shall be no rebate of surcharges accrued and paid by the Company prior to the effective date of the Order.
3. Paragraph 10 of the Order shall be deleted in its entirety and the following shall be inserted in its place:
  10. By agreement of the parties, except as otherwise provided, this Order shall be considered final and effective, and the effective date shall be, upon approval by the Commission, the Company and Beacon, and shall not be appealable by any party.
4. The following Paragraph 16 shall be added:
  16. The Commission, the Company and Beacon acknowledge and consent to the transfer from the Company to Beacon and the assumption by Beacon, of all the Company's rights and obligations as set forth in the Agreement and Consent Order and this Amendment to Agreement and Consent Order.
5. All remaining terms, conditions and provisions of the original Agreement and Order by and between the parties shall be binding upon the parties to such Agreement and Order and to this Amendment thereto and continue in full force and effect upon the parties to this Amendment to Agreement and Order.

Mr. Norman D. Crain  
Supervisor-Chairman, Oconee County Council

Walhalla, SC 29691

Dear Mr. Crain:

On Thursday, January 12, 1995, I called your office to request that our organization, A Community for an Alternative Waste Site (ACAWS), meet with Oconee County Council on February 7, 1995, at 7:00 PM. Your administrative assistant suggested that I follow up my telephone call with a letter giving details as to the nature of our request.

We have information which we have shared with Pickens and Anderson county councils, and would like to share with Oconee. Our subject is the proposed tri-county landfill and solid waste recovery facility. The presentation will take 20-25 minutes. We would like to have a few additional minutes at the end to answer questions from council members.

There are two parts to our presentation. The first is by Dr. David L. Barkley, Professor and Economic Development Specialist, Clemson University. He has worked with several counties in the state in developing plans for municipal solid waste disposal. He will discuss the economic advantages and disadvantages associated with various methods of disposing of municipal solid waste.

Dr. Kerry R. Brooks, Associate Professor, Department of Planning & Landscape Architecture, Clemson University, will discuss the population density of the proposed landfill site in Pickens County. Dr. Brooks' area of expertise include land use planning and development and use of Geographic Information Systems (GIS).

We will need an overhead projector for our charts and maps. Do you have one that we may use? If not, we will arrange to bring one with us. I believe that you will find the presentation informative and interesting. We look forward to meeting with you on the seventh.

Sincerely,

Linda W. Martin

Dear Mr. Barnett:

As the Clemson-Oconee County Airport looks ahead to Fall of 1995, there are certain concerns that need to be addressed. This letter is directed to you about one of those concerns--a potentially significant change in the level of flight operations during the Fall. A professional football team, the Carolina Panthers, is scheduled to use the Clemson University stadium for approximately 10 home games starting in August. This airport anticipates a very heavy influx of air traffic for these home games.

This letter is a request for air traffic control personnel assistance. The airport is prepared to provide a suitable tower structure with appropriate electrical power and a phone line to the site. Thank you for your attention to this request.

Requesting to use Personal Vehicle for Out of County Travel

Dear Mr. Medford & Ms. Earle:

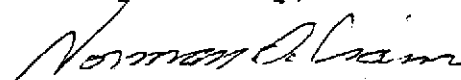

The purpose of this correspondence is to inform you that the Oconee County Motor Pool indicates that in their opinion the vehicle assigned to the Magistrate's Office is a dependable vehicle to use for in county and out of county travel.

I am going to approve this one request of Ms. Earle to use her personal vehicle to drive to Columbia January 20, 1995, although I am uncertain of having the authority to do so. This will give you the opportunity to request to be on the next County Council agenda to ask Council's approval to use private vehicles for out of county travel.

Thank you for your cooperation in this matter.

With warm regards, I am

Respectfully,

Re: Staffed Convenience Centers - Package A  
HDR Project No. 07488-001-018

Dear Mr. Crain:

This letter is a follow-up to our letter dated January 13, 1995 regarding the Package A Construction Contract. As I have discussed with Marianne Dillard, Zorn Company has made a follow-up request for an additional \$5800 for earthwork at the Salem site. I denied their request in correspondence dated October 12, 1994. They have followed up with their second request. I do not know at this time if Zorn will pursue this matter directly with the County. We are working to get a release of all claims and liens from Zorn Company to ensure that claim is not made against the Contract. However, it is our opinion that to take occupancy of the sites does not risk the County's position should a claim be filed. We are continuing to discuss the matter with Zorn and would like to meet with Zorn and the County the week of February 6 to make final determination.

Sincerely,

Re: Staffed Convenience Centers - Package B  
HDR Project No. 07488-001-018

Dear Mr. Crain:

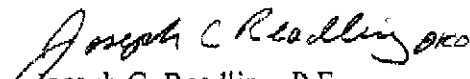

This letter is a follow-up to our letter dated January 16, 1995 regarding the Package B Construction Contract. Per our discussion with Marianne Dillard, we are executing a letter with Justice General Contractors which will extend the warranty of the concrete slab which holds the recycling containers at the Mountain Rest site from the contractual period of one year to five years. This warranty change is to compensate for the fact that the compressive strength of the concrete is less than that specified. The specifications require 4,000 psi concrete and the initial cylinders indicate a strength of about 3,000 psi. Zupan and Smith, the concrete supplier, has done extensive additional testing of the slab including taking core samples and using other empirical investigative methods to determine the strength. They also measured the thickness of the slab which has ranged from 7.23 and 7.76 inches thick, which is thicker than the six-inch contractual requirement.

The two options available are to require removal and replacement of the slab or to get an extended warranty. Because the recycling slab is not a critical structural component and the slab does have moderate strength at 3,000 psi, we have opted to execute the extended warranty as opposed to making Justice tear out the slab.

As with Package A, the Contract cannot be totally closed out until the paving is completed, unless a separate contractual agreement is executed between Justice and the County. We see no reason to execute such an agreement and again suggest that the County pay Justice the balance of the contract except for the remaining cost of the asphalt plus an additional 20 percent retainage as agreed to. The Contract would then be on hold until the paving is completed. After the paving is completed, the Final Pay Request would be executed and the contract closed.

Sincerely,

Dear Mr. Crain:

The purpose of this letter is to recommend that the County take occupancy of the three staffed convenience centers in Package A (Metromont, Pine Grove, and Salem Sites).

The following is a brief summary of the recent past activities regarding the project and the issues remaining to fully close out the contracts.

HDR performed a final inspection on November 21, 1994, and related punch list correction items to Zorn Company, Inc. under letter dated December 6, 1994. Zorn Company, Inc. indicated via letter dated January 5, 1995, that the punch list items had been completed as of December 28, 1994.

- There have been concerns over the stability of the gravel parking lots. Mr. Hirst of your staff has operated vehicles at each site to verify that they are acceptable at this time.
- As you know, by joint agreement we have deferred the paving of the Metromont and Salem Sites until a time mutually agreed to, anticipated to be in the spring or early summer of 1995.

HDR recommends that the County take occupancy of the sites and open the sites to the public at which time you choose. HDR continues to complete the final contractual paperwork as indicated below.

- HDR will execute a change order which will address changes that have been made to the site by Zorn Company which were improvements to the sites, including some drainage work at Salem, extending a driveway at Metromont, running the phone service underground at each site, and modifying the site lighting at Salem. HDR will prepare and execute a change order for these items for the contractor's and County's signature.

- Zorn Company, Inc. will prepare the Final Partial Pay Request indicating that the County will hold 120 percent of the paving cost of Metromont and Salem Sites. As stated above, at a time mutually agreed to by all parties, Zorn will proceed with the paving of the Metromont and Salem Sites and will be paid the balance of their contract.
- The one-year warranty period will expire December 28, 1995, which coincides with the letter received from Zorn indicating that the punch list items were completed on December 28, 1994.
- The one-year warranty period for the paving at the Metromont and Salem Sites will extend one year from the date of acceptance of the paving.
- As mutually agreed between HDR Engineering and Zorn Company, in the event the gravel parking areas become a serious problem over the next few months indicating poor performance on Zorn's part, we will meet to discuss necessary actions and Zorn will make necessary improvements. Oconee County will be responsible for normal wear and tear of the sites during the interim period before the sites are paved.

We appreciate the opportunity to provide services to the County and look forward to the opening of the first three convenience center sites. If you have any questions regarding this information, please contact me.

Respectfully submitted,

Re: Staffed Convenience Centers - Package B  
HDR Project No. 7488-001-018

Dear Mr. Crain:

The purpose of this letter is to bring you up to date on the current activities regarding Package B of the Staffed Convenience Centers and to advise you on the probable completion dates for the Richland and Mountain Rest sites.

The Mountain Rest site is substantially complete and as of January 12 all that remained was to place mulch in some areas. Per our agreement, Justice will pave the Mountain Rest site when weather conditions are more appropriate.

As you know, some of the areas of the paved parking lot at the Richland site do not drain properly. Also, some of the removable handrails sections were difficult to take out because the pipe sleeves Justice used were too small in diameter. We have worked jointly with Justice to resolve both problems in the following way:

- Justice will pour a new concrete curb at the retaining wall which will increase the height of the curb to allow additional pavement to be placed which will direct the water away from the wall as originally intended. The new curb will have new larger pipe sleeves to facilitate removal of the removable handrail.
- Justice will install two temporary area drains in the two low spots of the asphalt which at this time retain water.
- Justice will come back when weather conditions are favorable and place the additional asphalt required to make the drainage right, at which time the temporary drains will be paved over.

Justice is proceeding with placement of the new curb and installation of the area drains. We anticipate that this work will be completed prior to your next council meeting and HDR will prepare a letter recommending the County take occupancy of both the Mountain Rest and Richland sites prior to the next Council meeting. At a time agreed to by all parties (expected to be late spring or early summer) Justice will pave the Mountain Rest site and place the additional pavement at the Richland site.

The additional paving and placement of the curb at the Richland site will be done at no additional cost to the contract. As with Package A, we will retain 120 percent of the paving cost on Justice's contract with the additional monies being paid after the pavement has been accepted.

If you have any questions regarding the status of these projects, please contact me.

Sincerely,

## OCONEE COUNTY PARKS, RECREATION & TOURISM

P.O. BOX 188 WALHALLA, SC 29691 (803) 638-4212

DATE: February 2, 1995  
TO: Mrs. Marianne Dillard, Purchasing Agent  
SUBJECT: Quotes for Office Renovation and Campground Rewiring

We are currently trying to renovate the interior of the PRT Office in Walhalla. Thus far, two quotes have been received, one from Dawson Brothers and one from Kellum Building and Remodeling. K-Mac was also contacted, but after repeated attempts to get a quote from them we have been unsuccessful. Calls were made on Monday, Tuesday and Wednesday of this week alone trying to talk to Mr. Buddy King, all without success.

I am also trying to rewire several campsites at South Cove and Chau Ram Parks. I have solicited quotes from Clements Electric, Upstate Electric, Taylor Electric, Davis Electric, Atlas Services, Carolina Custom Electrical and Blue Ridge Machine. So far, the only quote I have been able to get has been from Clements Electric. I have tried repeatedly during the months of November and December to contact the others with varying degrees of success. Some have not returned any calls at all. Others went as far as to set appointments, but not show or call back.

I am running out of time to complete these projects before our season begins with the warmer weather. I am requesting permission to accept the low quotes currently received on both projects. The office renovation project would be done by Dawson Brothers and the electrical project would go to Clements Electric. Both have done prior work for Oconee County and both projects are under \$5,000.00 each.

Thank you for your consideration of this request. If I can answer any questions, or be of any assistance, please do not hesitate to contact me.

Sincerely,

Alex James

Subject: FLSA Minimum Wage and Overtime Violations - Oconee County  
Law Enforcement

Dear Mr. Crain:

The recent investigation of your firm conducted by Investigator May under the Fair Labor Standards Act (FLSA) covered the period November 1992 to November 1994. The investigation disclosed that your employees are subject to the requirements of the Act.

The investigation disclosed violations of FLSA section 6, resulting from the failure to pay employees at least the applicable minimum wage for all hours worked and FLSA Section 7, resulting from the failure to pay statutory overtime pay for hours worked in excess of 40 hours per week. These violations resulted in underpayments totalling \$1,001.98 to 10 employees.

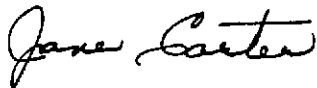

Investigator May has advised me that you have agreed to comply fully with all the provisions of the FLSA in the future and that you have agreed to pay the above-described back wages in full within 30 days after receipt of this letter, and upon approval by the Oconee County Council.

We would like to direct your attention to section 16(e) of the FLSA and Regulations, Part 578. As you will note, section 16(e) provides for the assessment of a civil money penalty for any repeated or willful violations of section 6 or 7, in an amount not to exceed \$1,000 for each such violation. No penalty is being assessed as a result of this investigation. If at any time in the future your firm is found to have violated the monetary provisions of the FLSA, it will be subject to such penalties.

## RESOLUTION 95-3

A RESOLUTION IN SUPPORT OF CONTINUED FEDERAL FUNDING AND OPERATION OF THE WALHALLA NATIONAL FISH HATCHERY LOCATED IN OCONEE COUNTY, SOUTH CAROLINA.

WHEREAS, the Walhalla National Fish Hatchery (the fish hatchery) located in Oconee County, South Carolina, is operated by the United States Fish And Wildlife Service, Department of the Interior; and

WHEREAS, the fish hatchery is located near the borders of Georgia and North Carolina; and

WHEREAS, the fish hatchery has produced trout for federal waters in South Carolina, Georgia, and North Carolina since its construction in or about 1937; and

WHEREAS, the fish hatchery produces approximately 1 million rainbow and brown trout annually, and as such provides an essential natural resource for the mitigation of fishery resources adversely affected by Federal Water Development Projects; and

WHEREAS, approximately 40,000 people visit the fish hatchery annually for education and public use projects, including programs for children, youth and disabled veterans; and

WHEREAS, the fish hatchery provides for thousands of hours of recreational fishing, as well as an essential component of the southeastern ecosystem;

NOW THEREFORE, be it resolved by the Oconee County Council, in session duly assembled:

That the President of the United States, the United States Congress, and the United States Fish And Wildlife Service, Department of Interior, are hereby urged to continue full federal funding and support for the Walhalla National Fish Hatchery.

Approved this \_\_\_\_\_ day of February, 1995 by a vote of

To whom It may Concern:

We have recently moved, and purchased property in Oconee County, on the Flat Shoals Rd.

The Address of this property is now 525 Williams Lane - we are requesting a Change of the Name - would like it to be 525 Childers Lane - as we are the only family living on this property -

please advise us what steps to take - I was given your address by Linda from the 911 office -

I understand there is a \$25.<sup>00</sup> Charge which is no problem - we do have a disabled person in our household, and would like the name changed as soon as possible - in case of an ambulance call -

Thank you very much, I am

## INVENTORY & EVALUATION OF LAND, WATER, AND RELATED RESOURCES

REQUESTED BY OCONEE County LOCATION TAMMASSEE Creek Rd. TAMMASSEE Bridge

ASSISTED BY Dennis Bauknight DATE 1/30/95

\*  INDIVIDUAL  GROUP  UNIT OF GOVERNMENT

(30X14) SITUATION: Drainage area is 3437 acres and flooding occurs frequently in bottom (temporarily) - An old bridge is currently in place but has been declared unsafe due to piers (support) being damaged by Tropical Storm Beulah -  
The 25 year storm discharge is 3451 CFS -

SUGGESTED SOLUTION(S) Oconee County plans to install a 9' x 142" FLAT bottom pipe and crown the pipe with 3' fill - The creek depth from top of creek bank to floor of creek is approx. 1' - The flood water will use the entrance & exit to road as spillway -  
Approximately 300 tons of rip-rap will be needed to stabilize pipe and creek -  
Formula used for tonnage (rock) is

$$L \times W \times D (\frac{27}{27}) \times 1.5 = \text{TONS dumped riprap}$$

# TERMS FOR ASSURED PERFORMANCE PLAN

1. For a period not to exceed 5 years from the date of original sale, Dictaphone Corporation ("Seller") will maintain, for the original purchaser, the equipment covered hereby in an efficient operating condition, including shop repairs or overhauls if deemed necessary by Seller, or a year-to-year basis at the prevailing maintenance rate each year provided that the equipment is placed under this agreement within one year from date of original sale and the agreement is continued in force without lapse. During said five (5) year period used equipment or equipment which has not been continuously covered under this plan shall be eligible for coverage if Seller determines after inspection that the equipment is in good operating condition. If the equipment is not in such condition, the customer will be charged a separate charge for necessary overhauling or rebuilding of such equipment. Equipment more than 5 years old may be included at the discretion of Seller.

2. All necessary replacement parts will be furnished without charge, except when replacement is required because of fire, flood or other casualty, accident, abuse, power line fluctuations, or use of recording media, disks, platters, ribbons or print wheels other than type recommended by Seller are used. The labor cost for repair or replacement of record or reproducible assemblies associated with multi-channel recording and reproducing equipment is covered by this agreement. Parts for repair or replacement of record or reproducible assemblies will be billed at current list prices.

3. No charges will be made for necessary service calls during normal working hours, except when caused by fire, flood or other casualty, accident, abuse, power line fluctuations, or use of recording media, disks, ribbons, platters, or print wheels other than type recommended by Seller are used. Seller shall not be obligated to provide service outside of normal working hours. Service calls, if needed after normal working hours, will be charged at Seller's standard hourly overtime rates.

4. expendable batteries, recording media, disks, platters, ribbons, platters and accessories not used on the face of the unit are not included under this agreement.

5. The Assured Performance Plan rates to be charged or stated on the face of the agreement are subject to change if the product is moved.

6. This agreement is for one year, and will automatically be renewed each year until expiration of the appropriate ten year period unless cancelled by either party at the annual renewal date by thirty day's prior written notice. Notices will be rendered yearly in advance, at the rate established by Seller at the time and the payable upon receipt. The customer hereby agrees to pay any sales tax or other tax imposed with respect to this agreement. This agreement may be assigned with prior written consent of Seller.

7. Machines operative in excess of ten hours per working day may be subject to a higher annual rate.

8. Additional Dictaphone equipment purchased by you from Seller's store automatically added to this agreement at the above rates, unless otherwise specified at the time of purchase. The agreement will be terminated automatically with respect to equipment traded in for new Dictaphone equipment.

9. This agreement is subject to approval by Seller, and may be cancelled by Seller if recording media, disks, ribbons, platters, accessories and attachments other than type recommended by Seller are used, or if unauthorized modifications are made to the equipment.

Re: Computer Desk for Family Court Office

Dear Mr. Crain:

Recently, Court Administration purchased computers for Judges' Offices throughout the State but did not include computer desks for this equipment. Upon requesting a desk from them, they informed us that it would be the responsibility of each county to supply a desk for the computers.

Our computer is currently sitting on a narrow table with wires hanging out which is hazardous and certainly could be dangerous. We have our keyboard sitting on three law books which is very unattractive.

Please advise as to what steps we need to take to secure a computer desk for our office. We will certainly appreciate any help you could give us.

Thank you very much. We look forward to hearing from you in the near future.

Very truly yours,

Dear Chairman Crain:

As you are aware, Sunbelt Human Advancement Resources, Inc. (SHARE) began to operate the low-income federal block grant programs in Anderson County, effective January 1994, as a part of our expanded opportunities as the local Community Action Agency (CAA).

The SHARE Board felt that this would be a good time to realign its membership by county as it relates to the demographic overview (Appendix A) and financial overview (Appendix B) of SHARE's Service Area (Greenville, Anderson, Oconee and Pickens Counties) for FY '94.

In this connection, I want to confirm that the SHARE Board adopted a plan on November 30, 1993 and reaffirmed on January 20, 1994 which will allocate four (4) representatives from each of the three sectors (public, poor, and private) to Greenville County and one (1) representative from each of these sectors to Anderson, Oconee and Pickens. We had not informed Oconee County Council of these specific plans pending resolution of all concerns addressed by the Division of Economic Opportunity (DEO), Office of the Governor.

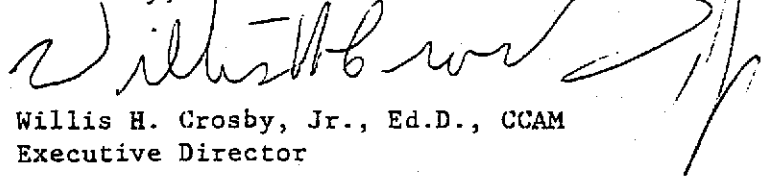

In particular, Oconee County will be allocated one (1) representative from each of the three sectors (public, poor and private) for a total of three (3) representatives on the SHARE Board. The poor (client) and private sector representatives will be determined in the appropriate manner prior to our next regular Board meeting in March 1994. The public sector of the SHARE Board currently has its allotted number of public sector representatives. In order not to have more than one-third of the Board being from the public sector, the Board is hereby committed to a goodwill transition whereby all public representatives of the Board will be appropriately appointed with term expiration dates, subject to reappointment effective January 1995. Vacancies in this sector will be filled first by Anderson County and then by Oconee County should any occur prior to full Board transition in January 1995. Public representatives are appointed by County Council in each of the respective counties in accordance with SHARE's By-Laws.

January 27, 1994

In order not to force current members of the public sector to vacate their seats prior to January 1995, SHARE approved a motion on January 20, 1994 whereby the public sector representative to the SHARE Board may be appointed by Oconee County now to attend meetings and be seated and/or granted voting privileges as appropriate seats are vacated by public sector representatives in Greenville and Pickens Counties during 1994.

We want you to know that SHARE wants to strengthen its partnership with Oconee County. We look forward to receiving the name of Oconee County Council's representative to the SHARE Board. A statement issued by the Division of Economic Opportunity (DEO), Office of the Governor, is enclosed to clarify requirements regarding public sector appointments to CAA Boards (Appendix C). If you have any questions, you may reach me at (803) 269-0700, ext. 212.

Sincerely,

Willis H. Crosby, Jr., Ed.D., CCAM
