**Press**

The meeting was called to order by Supervisor-Chairman Crain who welcomed the guests and media.

**Call to Order**

The invocation was given by Mr. Orr.

**Invocation**

Mr. Williams made a motion, seconded by Ms. Burrell, approved 4 - 0 (Mr. Strickland not present) that the minutes of the regular meeting held June 18, 1996 be adopted as printed.

**Minutes  
(6/18/96)**

Mr. Williams made a motion, seconded by Mr. Orr, approved 3 - 0 (Mr. Strickland not present, Ms. Burrell abstaining) that the minutes of the special meeting held July 5, 1996 be adopted as printed.

**Minutes  
(7/5/96)**

Mr. Ken Johns, Mayor, City of Walhalla, addressed Council regarding the Sheriff's Department overseeing dispatch for Walhalla on the second shift. Mr. Johns informed Council they had asked for this service since 1989 and they did not feel they, as county citizens, were getting what they paid for.

**City of Walhalla Request**

Mr. Johns further informed Council he did not feel the convenience center in the Ebenezer Community was in a good location, the City of Walhalla had plenty of room and they would be willing to have one inside the city limits.

Mr. Steve Pruitt, Chief Deputy, responded to Mr. Johns' request by informing Council if the Sheriff's Department had received the city's request before the budgets were submitted they could have asked for additional dispatchers to handle second shift calls for Walhalla. The Sheriff's Department is presently handling dispatch for the city on the third shift as well as checking tags and licenses for them.

Mr. Pruitt also informed Council that it might be possible for the Sheriff's Department to handle dispatch on the second shift for the City of Walhalla after the new dispatchers are trained.

**Request  
Cont'd**

Mr. Cain, County Attorney, informed Council that the Sheriff is a duly elected constitutional officer and they have no jurisdiction to dictate what he will or will not do.

The request of Mrs. Mona Towe, Delinquent Tax Collector to re-advertise for a Part Time Account Clerk I position was denied upon motion by Ms. Burrell, seconded by Mr. Strickland, approved 5 - 0.

**Tax  
Collector**

Upon request of Mr. Steve Pruitt, Chief Deputy, and Mr. Buddy Hawk, 911 Coordinator, Mr. Strickland made a motion, seconded by Mr. Williams, approved 4 - 0 (Mr. Orr acting as Chairman, Mr. Crain temporarily out of room) that a back up tape recorder for Communications be purchased using a portion of the \$.48 tariff that is charged to phone customers each month. The cost of the equipment is approximately \$25,000.

**Dispatch  
Equipment**

Mr. Steve Blackwell addressed Council regarding the site of the manned convenience center in the Ebenezer Community. Mr. Blackwell stated his concerns were:

**Solid Waste**

- (1) Inappropriate location
- (2) Ineffectiveness of location
- (3) Ill sited, low usage will occur or there will be danger from adequate usage
- (4) There is no logic in the green boxes it replaces
- (5) The site is contrary to the recommendations of the leaders of Walhalla & West Union

Mr. Blackwell further recommended that construction be stopped, the situation be re-evaluated and the site be remediated.

Mr. Mike Evatt stated a site on Highway 188 would be a more ideal location.

After further discussion, Council informed them they had tried to secure several sites other than the one that was chosen, but they were unsuitable or unavailable.

At this time Supervisor-Chairman Crain had to leave the meeting and Vice Chairman Orr presided over the remainder of the meeting.

**Crain Left Meeting**

(See attached bid sheet)

**Cover Dirt**

Mr. Strickland made a motion, seconded by Mr. Hamilton, approved 4 - 0 (Mr. Orr acting as Chairman) that Mr. Buddy Hawk negotiate the cost of cover dirt to close the Seneca Landfill under Subtitle "D" regulations.

Mr. Hamilton made a motion, seconded by Ms. Burrell, approved 4 - 0 (Mr. Orr acting as Chairman) that Resolution 96-34, "A RESOLUTION AUTHORIZING THE FIRST INTEREST PAYMENT DATE TO BE MARCH 1, 1997 WITH RESPECT TO THE \$2,800,000 OCONEE COUNTY, SOUTH CAROLINA GENERAL OBLIGATION BONDS, SERIES 1996 HERETOFORE AUTHORIZED BY AN ORDINANCE ADOPTED BY THE COUNTY COUNCIL ON JUNE 4, 1996 AND OTHER MATTERS WITH RESPECT THERETO" be adopted on first and final reading.

BID NO. 95-51

The Blanchard Machinery Company takes the following exceptions (or explanations)  
(Bidder)

- Our quotation assumes that we will receive your machine in a running and operable (good) condition; therefore, we did not include any major castings (such as block, crankshaft, camshaft, heads, or transmission case) in our price. We also assume that internal engine and drive train parts are genuine Caterpillar parts; all non-Caterpillar parts would be to be replaced and additional charges would result. Our quotation does not include the replacement of any missing parts. No machining is included throughout our bid. Radiator repairs as quoted are required to enforce engine warranty.
- Concerning the center pins and bottom bucket pins, our quotation does not include any boring or reworking of the holes. We could not provide a warranty if bores do not meet Caterpillar specifications.
- Our rebuild of the brakes would be per Caterpillar specifications and would include normal wear items; items such as piston housings, etc. (if needed) would be extra.
- Hydraulic/steering system would be thoroughly inspected (pumps, valves, hoses and other related parts); those items which do not meet Caterpillar specifications would be repaired or replaced.
- Any applicable taxes are not included in our quotation.
- Oconee County will receive free oil sample bottles and supplies upon completion of the repairs. To receive the full twelve-month warranty, Oconee County is required to perform Scheduled Oil Sampling (SOS) on all powertrain components at 250 hour intervals.

SIGNATURE: [Signature]

- Differential re-bearing and re-seal does include only the replacement of bearing and seals; other parts would be at additional cost.
- Quotation is based on receiving total job. We reserve the right to figure our quotation if individual line items are awarded by the County; however, we would welcome a line item award approach (i.e. delete hydraulic system/steering section, etc.) if the budget doesn't allow for the total job.  
(MVP)

We would also work with you to reduce cost  
(ie - delete gears from final drive spec).

We have estimated the clay available at the Pruitt sites as follows:

Pruitt Site #1 (site with house):	60,600 yards
Pruitt Site #2 (site with trailer):	27,000 yards

We recommend that the County pursue obtaining this soil at a reasonable cost. These figures represent approximately half of the amount of clay needed to cap both the permitted and unpermitted areas at the Seneca Landfill, including the vertical expansion area (not including C&D area).

Please note that these figures are estimates and actual quantities may be considerably more or less. Actual quantities will not be known until the site is excavated during construction.

If you have any questions or comments, please call.
