COUNCIL OF GOVERNMENTS

30 Century Circle • PO Drawer 6668
Greenville, SC 29606 • (864) 242-9733

March 27, 2000

Mr. Harrison Ott
County Supervisor
Oconee County
415 South Pine Street
Walhalla, SC 29691

Dear Mr. Ott:

Once again, the Council of Governments would like to request that Oconee County serve as the lead county for the annual Appalachian Regional Planning Grant. This is a \$ 50,000 funding source that the SC Department of Commerce allocates to the COG to provide technical assistance in the areas of planning and economic development. Over the past year, we have been able to use this funding to provide technical assistance to Oconee County on a wide range of issues, including the Community Facilities Plan, Development Standards Ordinance, and adult entertainment regulations. We look forward to working with the county on similar issues into the next year.

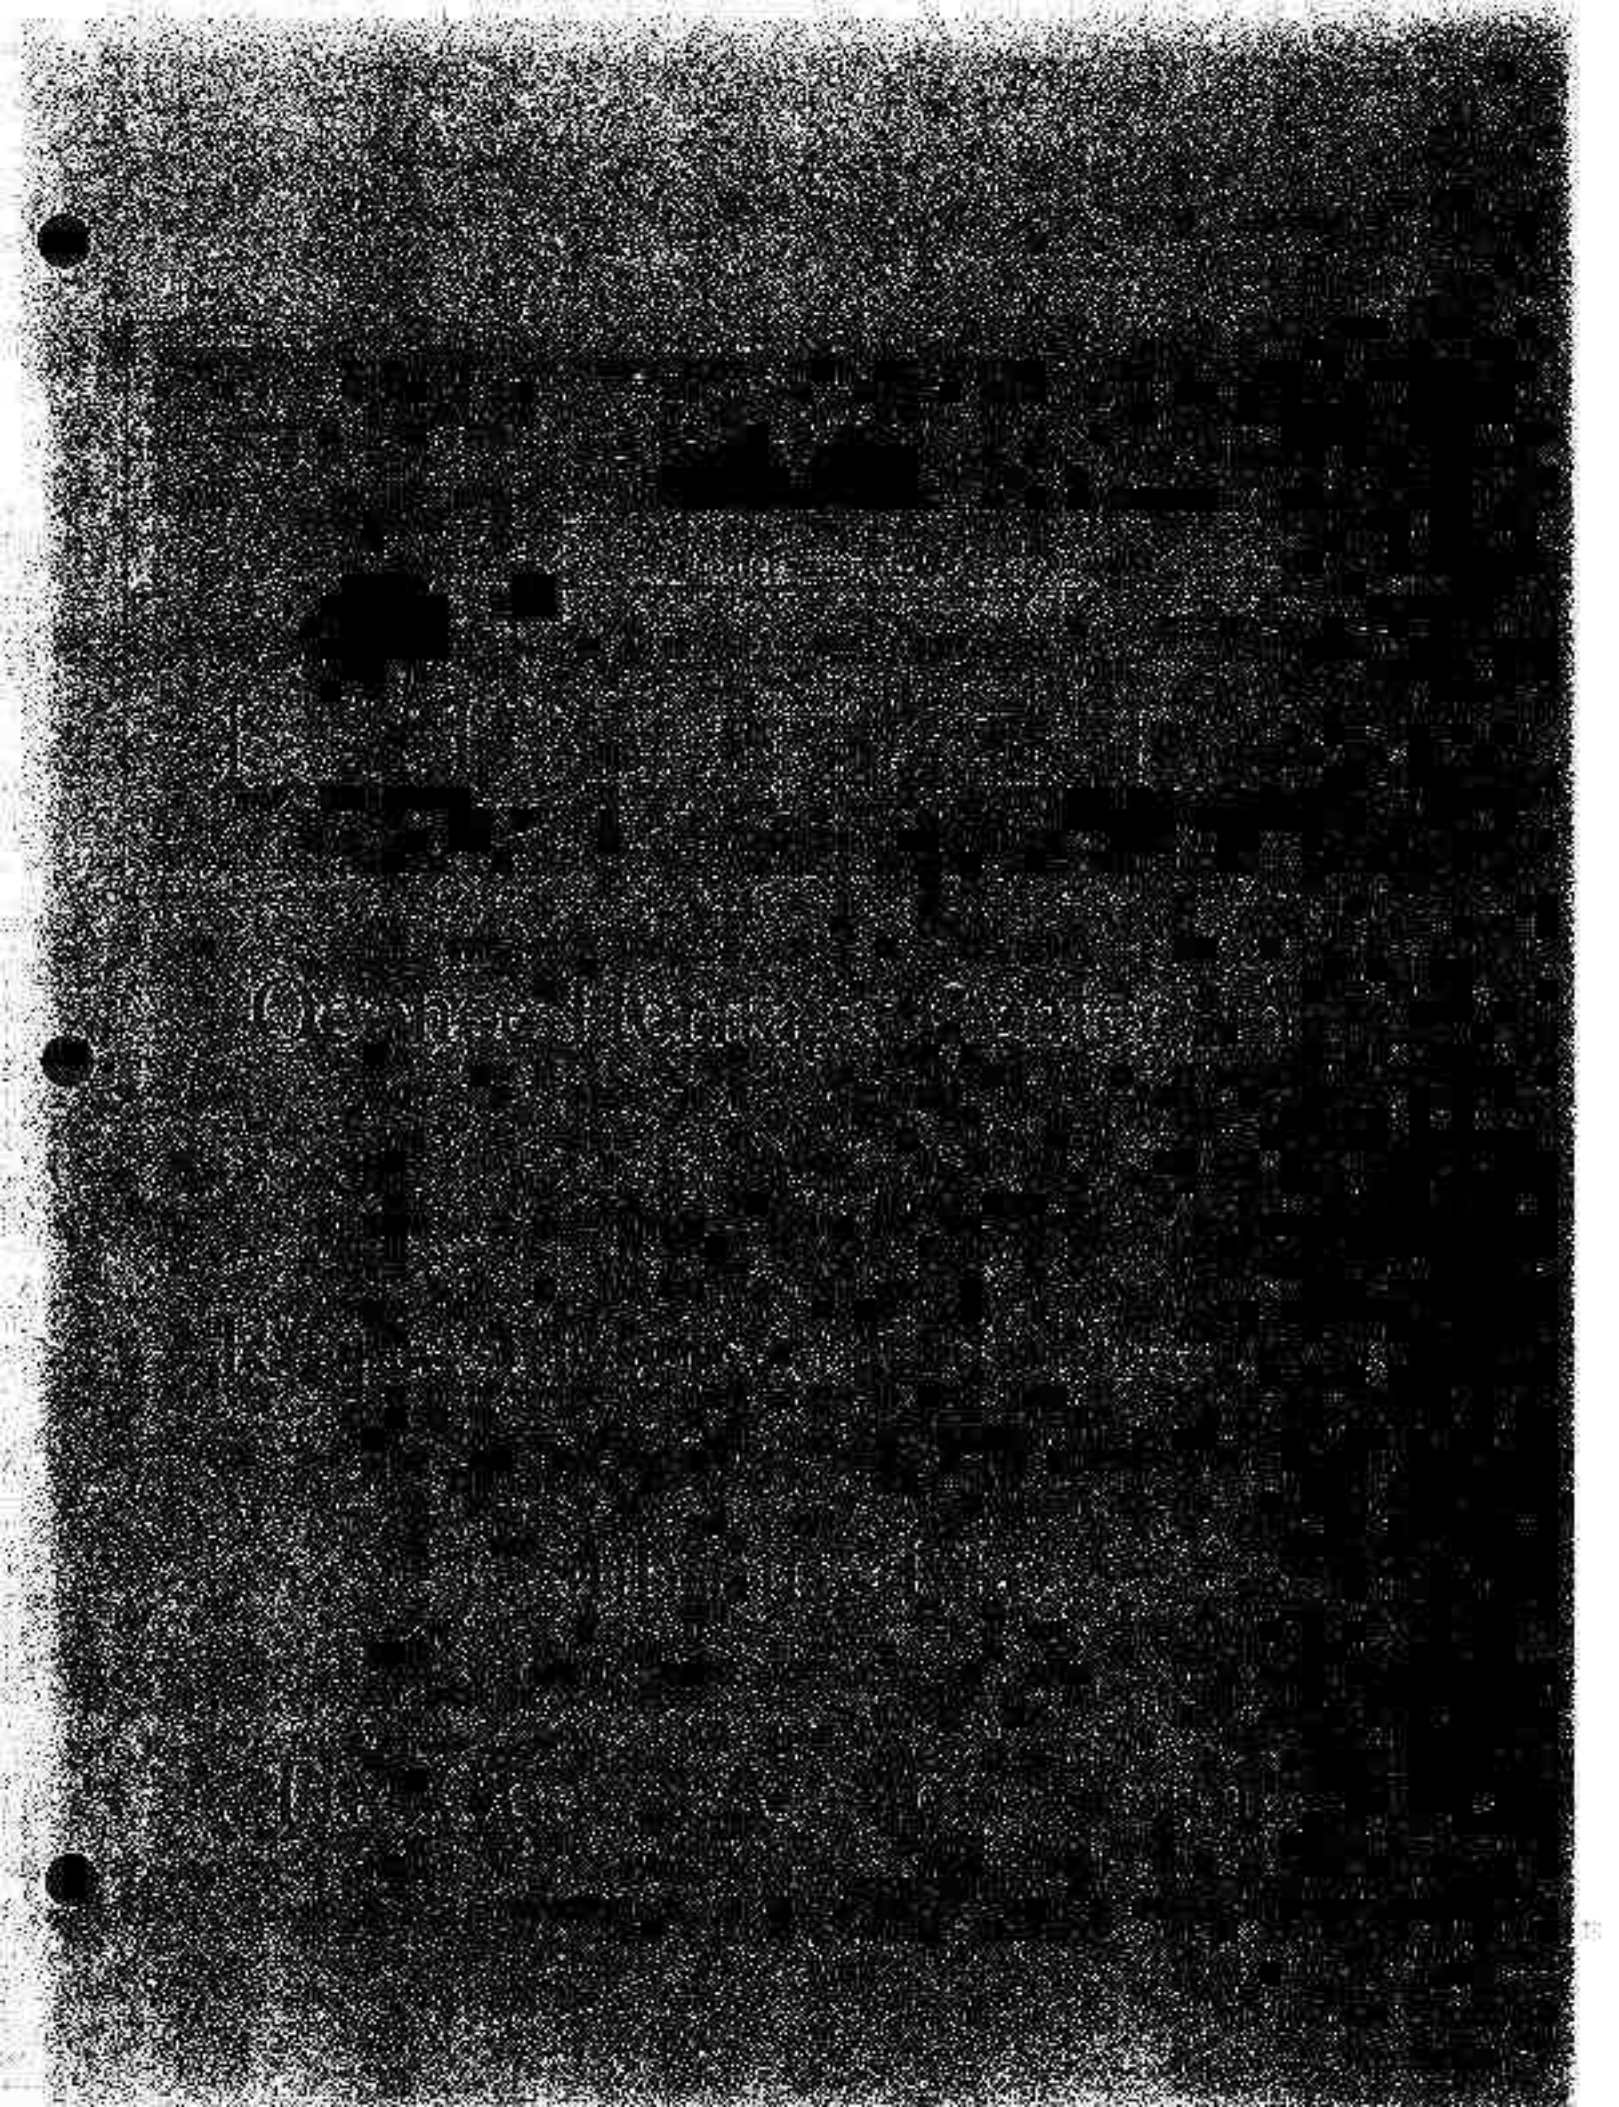

Federal regulations require the COG to designate one of our six counties as the lead entity for this grant. Oconee has agreed to serve in this capacity for each of the past eleven years. By accepting this request, you do take on some minimal administrative responsibilities, which Ms. Green has always performed flawlessly. There is no cost or financial responsibility imposed on the county.

The deadline for submitting the grant application is May 5, 2000. I would be glad to attend your April 4th Council meeting to formally present this request, if you think that would be helpful..

Thank you for your consideration of this letter. We look forward to continuing our work with Oconee County. Should you have any questions regarding this material, please do not hesitate to contact me.

With Regards,

Steve Pelissier

**To: Oconee County Supervisor and County Council
From: Board of Directors, Oconee Heritage Center, Inc.**

The Oconee County Heritage Center Steering Committee was formed in 1999. The Committee has established goals, has been chartered by the State of South Carolina as an eleemosynary organization and has received a 501(c)(3) tax exempt status from the United States Internal Revenue Service.

The initial goal of the Committee is to find a structure to provide a teaching tool for the enlightenment and edification of the general public and to house a comprehensive display of the history, heritage, and culture important to the area.

In pursuit of a building to facilitate this goal the former motor pool building on Main Street of Walhalla was found to be adequate for the purpose.

To enable the County to have a facility to meet the above-mentioned goal the Oconee Heritage Center, Inc. Board of Directors respectfully requests that the Oconee County Council facilitate our dream for the benefit of the citizens of Oconee County and make the former motor pool building available in perpetuity for use as a cultural center.

We appeal also to Council to appropriate \$150,000 seed money toward adapting the above-mentioned structure for use as a Heritage Center.

As the Board of Directors for the Oconee Heritage Center, Inc. we commit ourselves to being good stewards of your trust.

The Oconee Heritage Center, Inc. Board of Directors feel this request to be consistent with Oconee County Council's desire to act in the best interest of the citizens of Oconee County with the future of the County in mind, and consistent also with the County Council's role of leadership in the region and state.

Respectfully Submitted,

Honorable members of
Oconee County Council
Walhalla, S.C.

Dear ladies and gentlemen: With your kind permission I would take this opportunity to voice my support for a true countywide museum to showcase Oconee County's exceptional history to all who would come.

As you know, Oconee County has some of the richest history, alongside neighboring Pickens County, in the state of South Carolina. In fact, there were probably more Cherokee Indian towns and villages in Oconee County than in any other county of our state.

The capital of the Cherokee's Lower Nation was at the town of Keowee near today's Keowee Key on the Keowee River in Oconee. I am inclosing a hand-drawn map showing where several of those towns actually were, as well as several feature stories I have written over the years depicting some of our early history.

We in Oconee desperately need a museum located where visitors can easily find it, preferably on a main street. It needs to be large enough from the outset to handle all the tremendous amount of exhibits and artifacts that tell the story of our people who settled this great county.

Such a museum represents the very culture of a people. It stands out like a colorful necktie does for a conservative business suit. It will "make our image" as a county of people proud of our heritage more than any other one thing.

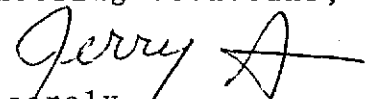

Just as newcomers who wish to buy homes or industrial prospects who want to locate here look at our educational institutions, our clean water, our beautiful mountains, they also look at our heritage and how we choose to showcase it.

This is where a proper museum can truly be an extension of the people and their struggles from those very early years to the present and in a manner which reflects the pride Oconeeans have for those who have gone on before us.

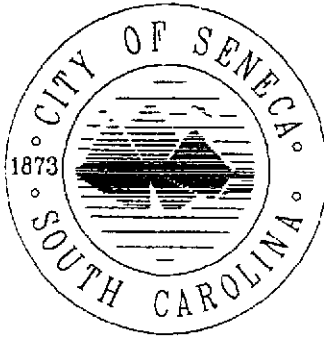

Other neighboring counties right now are doing exactly that. They are proudly showcasing their history for all to see in a manner proudly done.

Surely, we as descendants of those pioneering Oconeeans, can do no less...

Sincerely,

Jerry Alexander

Mr. Harrison Orr
Oconee County Supervisor
415 South Pine Street
Walhalla, SC 29691

Dear Harrison,

I would like to take an opportunity to express my support for a museum in Oconee County where citizens and visitors can learn about our ancestors and our history. As you are aware, the City of Seneca and Oconee County are rich in local history. From the Indian tribes that once settled this region to our present citizens, our community has seen dramatic changes and accomplishments over the years. The Revolutionary and Civil Wars, location of a major railroad line, cotton mills, and the recent influx of new industry have played a major impact in the development of our county.

It is important that each of our citizens know the history of their community. History teaches us valuable lessons, and past mistakes learned through history enable us not to make the same mistakes again.

The newfound popularity of Oconee County has resulted in numerous families and individuals moving to this area from all over the world. Our climate, industries, and beautiful lakes and mountains have made this area one of the fastest growing areas in the state. Our new neighbors have a desire to learn about our history and how we have progressed over the years. Discovering the history of an area can be quite a challenge. Without proper resources to rely on, individuals are forced to obtain historical information from whatever source they can find. Often, these sources are not totally accurate. The

solution is to provide a source of accurate historical information that can be used by persons who desire to know the truth about the area. One of the best ways to document and present the accurate history of an area is through a local historical museum. I feel that Oconee County should have such a museum. A place where citizens and visitors can learn about our ancestors and our history. A place where we can reflect on our tragedies and triumphs. A place where we can learn from the past and set a course for the future.

It is my desire that the Oconee County Council seriously consider funding for an Oconee County Historical Museum.

Thank you for your consideration of this request. If I can be of assistance to you in the days ahead, please do not hesitate to contact me.

Sincerely,

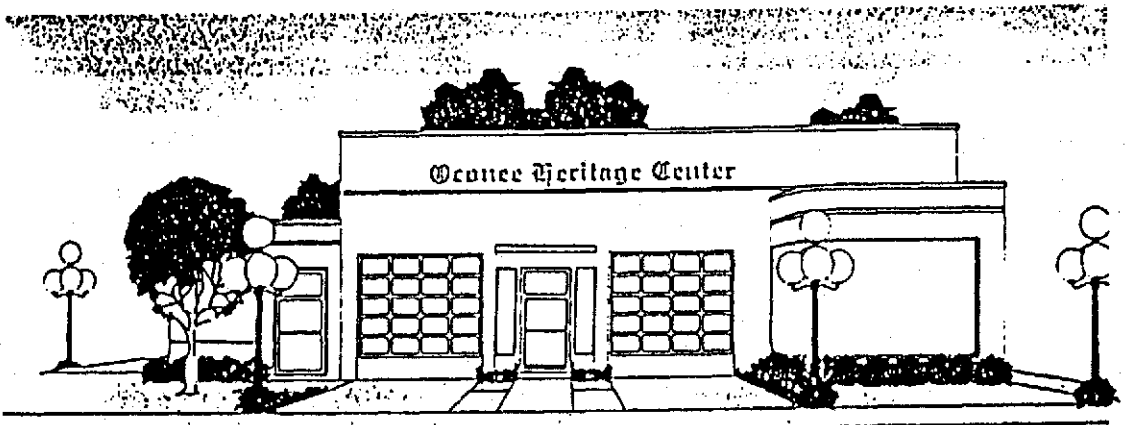

**Daniel W. Alexander

Does your organization perform an independent audit?
The Seneca Chamber of Commerce is currently in the process of making arrangements to have an audit performed.

I have read the guidelines for the Oconee County Accommodations Tax Committee and do hereby agree to comply with all rules and requirements. I understand failure to comply may result in a loss of funding for the project.

In addition to the actual participants, numerous individuals who follow professional fishing also attend the weigh-in of the tournament each day. (These individuals come from the local area and do not require motel accommodations.)

Fishermen are allowed to practice fish the lake a few days ahead of the tournament so most are in the area for the better part of the week.

IN RE: Matching Grant

Ms. McSwain:

The Foothills Chorale proposes a benefit performance for the public this fall for the children of the Collins Home, and would very much appreciate funding from the Oconee County Accommodations Tax fund to offset the expenses involved in such an endeavor.

Part of the mission of the Foothills Chorale is to bring children into the choral circle by introducing them to choral music and musical performances, and allowing them to perform with larger, more professional groups such as the Foothills Chorale. We strive to involve high school choruses, groups of young adults, and other ensembles by asking them, whenever appropriate, to participate in our two major concerts performed yearly at the Brooks Center for the Performing Arts on the Clemson University campus. The benefit we are proposing would give us an opportunity to expose younger children to choral music while doing a project that would also benefit the Collins Home.

At this proposed concert, we would perform a short program which would include selections by the chorale, vignettes of music performed by individual choral members, and perhaps, if agreed to by the Collins Home, would also include a short program by the selected Collins Home children. Refreshments would be provided at the performance end. It is anticipated that this performance would take place in the clubroom at Keowee Key. All profits generated would be given to the Collins Home.

From both points of view, the major components of interest in providing a performance such as this are: the financial gift to the Collins Home, exposure of the Foothills Chorale to Oconee County residents, an opportunity for Oconee County to support the arts of surrounding communities, and an opportunity for Oconee County to "showcase" generosity to the Collins Home.

The Foothills Chorale has among its participants many individuals who live in the Oconee area. Approximately one-half to two-thirds of our audience live in Oconee county. Many concertgoers have families and supporters that come into our area solely to hear our concerts. While they are here, they eat in local establishments, and spend the evening in local motels. While it is impossible for us to calculate that number, we can validate that we always have between 800-1000 people in attendance at our concerts. It is for these reasons that the

Mr. Harrison Orr
County Supervisor, Oconee County

Walhalla, SC 29691

Dear Mr. Orr:

Foothills Rape Crisis Center is proud to serve Oconee County. As our mission states, we are working to "lead the community in preventing sexual assault through education and to empower survivors of sexual assault from crisis to healing".

April is National Sexual Assault Awareness Month. Sexual assault is an unfortunate reality in Oconee County. Last year, we served 71 survivors/families in Oconee County. In addition, our proactive prevention initiatives resulted in 4040 persons in Oconee County being better informed in 1999.

It is essential for us to have the support of our community leaders in order to be able to carry out our mission most effectively. In an effort to promote a supportive environment for survivors of sexual assault and to promote community awareness and prevention, we would like to request that the Oconee County Council formally recognize April as "Sexual Assault Awareness Month". We feel that if this message were reinforced on a local level, it would promote healthy attitudes and recognition in the fight against sexual assault.

Thank you, in advance, for your consideration of this request. If you have any questions, please feel free to contact us at 231-7273.

Sincerely,
